<b>PART I VISUAL DESIGN FOR THE WEB</b>	<b>1</b>
---	----------

---

<b>Chapter 1 Visual Design for the Web</b> .....	<b>5</b>
--	----------

About Graphic Design .....	5
Designers of the Web .....	7
Designing for the Web .....	8
Principles of Graphic Design .....	11
Balance .....	11
Proportion .....	12
Direction .....	12
Unity .....	13
Emphasis .....	14
The Grid .....	15
Type .....	17
Web Typography .....	17
Font Size .....	18
Type Style .....	19
Type Alignment .....	20
Line Breaks .....	22
About Color .....	22
Color Spaces .....	23
Graphics .....	24
Displaying Images on the Web .....	25
Up Next .....	26

<b>Chapter 2 Understanding Graphic User Interfaces</b> .....	<b>29</b>
--	-----------

Understanding GUIs .....	29
Creating Relationships .....	31
Serve Information in Appropriate Portions .....	32
Pay Attention to the Physical .....	32
Love Your Audience .....	33
Features of Interface Design .....	34
Metaphor .....	34
Clarity .....	35
Consistency .....	35
Orientation .....	37
Navigation .....	39
All the World's a Page .....	39
The Home Page .....	40
The About, or Profile, Page .....	41

Content Pages .....	42
Contact Page .....	43
Additional Content .....	44
Up Next .....	44
<b>Chapter 3 Interactive Design .....</b>	<b>49</b>
Interactive Theory .....	50
The Cycle of Interactivity .....	50
Understanding Web Site Structure .....	51
Linearity .....	53
Tier-Based Models .....	55
A Simple Tier Model .....	56
A Complex Tier Model .....	56
Shared, Complex Tiers .....	58
Types of Interactivity .....	59
Hardware and Software .....	59
Networked Hardware and Software .....	60
Computers, Networks, and People .....	60
Interactivity in Context .....	61
Functional Interactivity .....	62
Human Interactivity: Community .....	64
Up Next .....	65
<b>PART II UNDERSTANDING GOLIVE .....</b>	<b>67</b>
<b>Chapter 4 Setting Preferences and Navigating GoLive .....</b>	<b>71</b>
Working with GoLive for Windows and Mac .....	72
System Requirements for the Macintosh .....	72
System Requirements for Windows .....	75
Understanding GoLive's Data Distribution .....	75
Launching and Customizing GoLive .....	77
Setting At Launch Preferences .....	78
Specifying Font Preferences .....	81
Configuring the Document Window, Interface, and Inspectors .....	83
The Document Window .....	83
Working in the Interface .....	85
Becoming Familiar with the Inspectors .....	89
Making Room on the Desktop .....	91
Up Next .....	91
<b>Chapter 5 Working with Page Layout, Text, and Images .....</b>	<b>95</b>
Working in GoLive: A Basic Approach .....	96
Aligning Elements .....	97
Adding A Rule .....	98

Designer's Choice: The Layout Grid .....	99
Setting up the Layout Grid .....	100
The Grid Toolbar .....	103
The Multiselection Inspector .....	104
Managing Type and Paragraph Formats .....	105
The Style Menu .....	106
The Format Menu .....	110
Line Breaks and Paragraphs .....	114
The Text Toolbar .....	115
Working with Images .....	116
Importing Images .....	117
Sizing the Image .....	119
Low-Resolution Images .....	120
Aligning Images .....	120
Tiled Image Background .....	121
Creating Basic Tables .....	122
Inserting and Sizing Tables .....	123
Selecting and Editing Tables .....	126
Entering Data into a Cell .....	126
Nesting Tables .....	127
Creating Links .....	128
Text Links .....	128
Making an Image a Hyperlink .....	129
Inspecting and Repairing Links .....	129
Applying Color .....	130
Setting Custom-Colored Text, Links, and Backgrounds .....	131
Coloring Web Elements .....	132
Up Next .....	133

## **Chapter 6 Using Editing Environments and Specialty Tools . . . . .137**

About HTML .....	138
HTML Syntax .....	139
Source View: Getting Under the Hood .....	143
Setting Source Preferences .....	144
Using Source View Coding Methods .....	149
Checking Syntax .....	154
Outline View: A Hierarchical Approach .....	155
Getting around in Outline View .....	155
Editing in Outline View .....	156
Understanding the Web Database .....	162
Global Control .....	162
HTML Data .....	163
Special Characters .....	166
Other Tabs within the Web Database .....	168
About WebObjects .....	169
What Is WebObjects? .....	170
Up Next .....	171

<b>PART III</b>	<b>CREATING WEB PAGES WITH GOLIVE</b>	<b>171</b>
<hr/>		
<b>Chapter 7</b>	<b>Building a Web Page Step by Step</b>	<b>175</b>
	Choosing a Working Method	176
	Think before You Jump	177
	Creating a Default Page	179
	Building the Home Page	182
	Creating a Grid	182
	Specifying a Background Graphic	183
	Adding Images to the Page	184
	Working with Text	188
	Formatting a Line	190
	Adding Additional Text	191
	Creating a Template and Additional Pages	192
	All about Linking	194
	Adding Links to Your Pages	196
	Adding a Feedback Form	200
	Creating a Basic Form	201
	Adding Advanced Form Features	206
	Up Next	210
<b>Chapter 8</b>	<b>Creating a Web Site</b>	<b>213</b>
	Production Techniques	214
	Understanding Your Web Site	214
	Creating a Schedule	217
	Designing Content	218
	Producing Sites in GoLive	224
	Generating Site Graphics	224
	Starting the Site in GoLive	225
	Building a Site Hierarchy	233
	Creating Custom Data Sets for Your Site	236
	Building Your Site Page by Page	238
	Preparing Your Site for Publication	239
	Postproduction	239
	Up Next	240
<b>Chapter 9</b>	<b>Advanced Web Page Concepts</b>	<b>243</b>
	Creating Sites with Frames	243
	Frames: First Steps	245
	Building the Navigation Page	247
	Creating a Frameset	249
	Modifying Frame Borders	252
	Special Targeting Techniques	254

Adding Style with Style Sheets	256
Style Sheet Terms and Concepts	258
Using GoLive to Create Style Sheets	261
Building Dynamic Sites	269
JavaScript	269
Java	275
Adding Audio and Video Plug-Ins	276
About DHTML	278
Other Technologies of Interest	279
Up Next	282
<b>Special Insert</b>	
<b>GoLive Step By Step: Building A Real-Life Web Site . . .</b>	<b>284</b>
Planning and Organizing the Fuller Site	285
Getting Started on the Site	286
Adding the Background Color	287
Creating a Grid	288
Adding the Logo	289
Adding Text	289
Generating Text	290
Creating a Mail Link	292
Creating a Template	293
Adding Images to the Photo Index	295
Creating a Subject Page	296
Creating a Detail Photo Page	297
The Why Should I Hire Him Page	298
Where to Go from Here	299
<b>PART IV</b>	
<b>INTEGRATING GOLIVE WITH OTHER</b>	
<b>ADOBE SOFTWARE</b>	<b>301</b>
<b>Chapter 10</b>	
<b>Image Editing Foundations</b>	<b>305</b>
Graphics Past and Present	306
Imaging Technique and Technology	306
Vector Art	307
Raster Art	310
Working in an Integrated Software Environment	311
Calibrating Your Monitor	312
Photo Retouching and Color Correction	314
The Rubber Stamp Tool	316
Color Correction	318
Web File Formats and Optimization	322
JPEG	322
Indexed Color and GIFs	323
PNG	326
Up Next	327

<b>Chapter 11</b>	<b>Adobe Illustrator 8</b>	<b>331</b>
	About Adobe Illustrator	332
	Using Adobe Illustrator as a Web Tool	335
	Making an Illustrator Design Template	337
	Sketching, Scanning, and Saving	338
	Working with Bezier Curves	340
	Combining Paths	342
	Illustrator Techniques	344
	Adding Color to a Path	344
	Moving or Sizing an Object	345
	Adding Gradients	345
	Adding Type along a Curved Path	347
	Using Illustrator Actions	349
	Creating an Interactive Image	351
	Making an Image Map	353
	Up Next	354
<b>Chapter 12</b>	<b>Adobe Photoshop 5</b>	<b>357</b>
	Using Photoshop as a Layout Tool	358
	Photoshop Preliminaries	358
	Preferences	359
	Optimizing Photoshop's Performance	360
	Setting Custom Options	361
	Designing Your Page in Photoshop	361
	Creating a Margin-Style Background	361
	Creating a Seamless Background Pattern	364
	Creating a Typographic Header	365
	Optimizing the Images	367
	Indexed Color	367
	Exporting to GIF	368
	Creating a Transparency Mask	369
	Save For Web Dialog Box	374
	Making Thumbnails from Images	379
	Making the Contact Sheet	379
	Using Photoshop to Prepare Animations	380
	Up Next	382
<b>Chapter 13</b>	<b>Working with ImageReady</b>	<b>385</b>
	Optimizing Graphics	386
	Working with GIFs	388
	Working with JPEGs	391
	Transparency and Matting	393
	Creating Background Images	396
	Wallpaper Tiles	396
	Margin Tiles	402
	Splicing Graphics	406
	Adding Special Effects Using Filters	408

Creating a GIF Animation .....	409
Up Next .....	413
<b>Chapter 14 Getting in Style with ImageStyler .....</b>	<b>417</b>
Working with Objects .....	418
Drawing with ImageStyler .....	420
Working with Text .....	422
Importing and Placing Images .....	424
Working with ImageStyler Shapes .....	425
Texture, Dimension, and Distortion .....	426
Adding Texture .....	426
Gradients and Styles .....	427
3D and Distortion Effects .....	429
Creating Specialty Images and JavaScript Actions .....	432
Background Tiles .....	432
Creating Linked Images and Image Maps .....	434
Splicing Images .....	435
JavaScript Effects .....	437
Saving Files for the Web .....	440
General Saving Techniques .....	440
Importing Code and Images into Adobe GoLive .....	441
Up Next .....	444
<b>PART V MANAGING WEB SITES .....</b>	<b>445</b>
<b>Chapter 15 Site Testing .....</b>	<b>449</b>
Cleaning Up the Visual Design .....	450
Multi-Browser Testing .....	450
Using GoLive to Test Your Site .....	452
Link Verification .....	455
The Links Warning Feature .....	455
Using the Link Inspector .....	458
Using the Errors Tab .....	459
Cleaning Up Files .....	459
Tag Validation .....	462
Proofreading Your Pages .....	464
Checking Download Times .....	465
Up Next .....	466
<b>Chapter 16 Publishing Your Site to the Web .....</b>	<b>469</b>
Finding Server Space .....	470
Adding Keywords and Descriptions .....	471
Using GoLive's FTP Features .....	474
Setting General FTP Preferences .....	474

GoLive's Built-In FTP Tool .....	476
FTP Upload & Download .....	479
Using the Export Command .....	480
Using Other FTP Applications .....	483
Distributed Web Sites .....	485
Testing Files on the Live Site .....	486
Up Next .....	486
<b>Chapter 17 Promoting Your Site .....</b>	<b>489</b>
Registering a Domain .....	489
Registering with Search Engines .....	491
Simulating Search Engines (Mac Only) .....	492
Fine-Tuning Keywords on a PC .....	494
Other Forms of Promotion .....	494
Banner Advertising .....	495
Using Signature Lines to Promote Your Site .....	496
Compiling a Mailing List .....	497
Links and Web Rings .....	498
Offline Promotions .....	499
Keeping Your Site Fresh .....	499
Up Next .....	500
 <b>MASTER'S REFERENCE</b>	 <b>502</b>
 <i>Index</i> .....	 589
