

Coastal Management

Integrating science, engineering
and management

Suranaree University of Technology

31051000629275

Edited by
C. A. Fleming

Contents

Keynote address		
Lord de Ramsey		1
Comparative coastal management		
1	Planning and implementation of coastal zone management in Sri Lanka	5
	S. S. L Hettiarachchi	
2	Coastal management issues for the Jumeirah Coastline, Dubai	18
	J. D. Pos, S. W. Young and Y. Eldeberky	
3	The Barbados Atlantic Coast Plan	28
	P. W. J. Barter, S. Gubbay and L. Brewster	
4	Economic evaluation of coastal management in Japan	39
	Y. Imamura	
Prediction and management of change		
5	Can land consolidation schemes used in Denmark provide a mechanism to facilitate managed realignment in the UK?	49
	D. E. Johnson	
6	Coping with dynamic change on the coast – do we have the right regulatory system?	58
	S. A. John and R. N. Leaf	
7	A sea defence strategy for Salthouse on the north Norfolk coast	66
	S. J. Hayman	
8	Analysis of the long-term variations in offshore sandbanks	77
	B. Li, D. E. Reeve and N. Thurston	
9	Predicting long-term coastal morphology	77
	H. N. Southgate, A. H. Brampton and B. Lopez de San Roman	
10	The contribution of technology in supporting data exchange in integrated coastal zone management	87
	K. Millard and A. Brady	
11	Maximising the use and exchange of coastal data: a guide to best practice	97
	P. Sayers, K. Millard and D. Leggett	

Management plans

- 12 **The development of a framework for estuary shoreline management plans**
N. I. Pontee and I. H. Townend 117
- 13 **Montrose Bay – coastal management in practice**
M. B. Mannion 127
- 14 **The legal and geomorphic impacts of engineering decisions on integrated coastal management**
D. J. McGlashan and G. R. Fisher 137
- 15 **Taking an integrated approach towards flood defence planning in estuaries**
R. A. Cottle, J. G. L Guthrie, N. Pettitt and W. Roberts 147
- 16 **Shoreline management – a strategic management plan for Scarborough town**
J. Riby 156
- 17 **The Bristol Channel Marine Aggregates Resources and Constraints Research Project: keeping the consultation process clear of murky waters!**
J. Brooke 168

Risk

- 18 **The changing flood risk requirements and the managed retreat policy – Dungeness nuclear power station and how it might be applied elsewhere**
R. J. Maddrell and B. Osmond 174
- 19 **Pitfalls on the path to risk-based coastal management, and how to avoid them**
J. W. Hall 189
- 20 **Managing risk and uncertainty in the design and construction of the Minehead sea defences**
M. S. West, M. Caporilli and P. Sedgwick 199

Into the next millennium

- 21 **Does coastal management require a European directive? The advantages and disadvantages of a non-statutory approach**
S. Jewell, H. Roberts and R. McInnes 209
- 22 **Tourism and resort action plans – identifying a methodology**
P. Lane 219
- 23 **Flood and coastal defence aims, objectives and targets**
R. G. Purnell and B. D. Richardson 228

Discussion on papers

233
