PREFACE	XI
----------------------	-----------

CHAPTER 1	THE MULTIMEDIA DEVELOPMENT PROCESS	1
	The Importance of Planning	1
	Why Director is Popular	5
	Installing Director	7
	Viewing the Completed Version of The Billionaire's Shop	8
	About the Help Window	15
	Viewing the Planning Files for The Billionaire's Shop	16
	Concept Development and Scripting the Project	17
	Script for Interactive Multimedia on CD-ROM:	20
	Scene 1: Internet Connection Confirmation	20
	Scene 2: Opening Animation	20
	Scene 3: Interactive Browsing Area of The Billionaire's Shop	20
	Scene 4: E-Mail Screen	21
	Scene 5: Quit Screen	22
	Storyboarding	22
	Logic Flowchart	32
	Inventory	33
	Programming	34
	Development of Graphics and Other Media	36
	Testing and Delivery	37
	Technical Documentation	40
	Summary	41
	Questions	43
	Exercises	44

CHAPTER 2	OVERVIEW OF DIRECTOR'S INTERFACE	47
	Viewing The Billionaire's Shop	48
	Creating a Directory for Your Work	48
	Copying the Completed Version of The Billionaire's Shop to the New Directory	49
	Review of The Billionaire's Shop Project	51
	Previewing The Billionaire's Shop and Introducing the Stage	53
	The Cast	55
	About the Library Palette	60
	The Score	61
	Examining the Stage and Working with Sprite Objects	66
	The Stage	66

Changing Director's Movie Properties	66
Resetting the Stage for The Billionaire's Shop Project	71
More on the Movie Properties Dialog Box	73
The Fontmap Buttons	73
Remap Palettes When Needed	74
Creating a New Cast Member	75
Using the Paint Window	75
Creating a Sprite Object	78
Changing the Sprite's Ink Effect	80
The Sprite Inspector	82
The Sprite Overlay	84
About Customizing the Thumbnail Graphic for a Cast Member	88
Setting Sprite Preferences	89
Modifying the Duration of a Sprite	90
Introduction to a Sprite's Path and Animating a Sprite Object	92
Alternative Methods for Playing a Director Presentation	93
Creating a New File and Importing Media for The Billionaire's Shop	95
Summary	103
Questions	105
Exercises	105

CHAPTER 3 BASIC ANIMATION AND EDITING THE SCORE. 109

Viewing the Completed File	110
Opening the Partly Completed File	111
Extending a Sprite's Path	111
Editing the Sprite's Path	116
Using the Insert Keyframe Command	118
Using Sprite Tweening Options	120
Editing the Keyframe Positions and the Duration of a Sprite Object (Includes Animation Behavior)	122
Animating a Sprite's Rotation and Skew Angle Using the Sprite Inspector	127
Step Recording	130
Real-Time Recording	134
Creating a Rotating Animation and Using Cast-To-Time	137
Rearranging the Cast	142
Building the Film Loop	143
Animating the Film Loop	146
Resetting the Movie Properties for The Billionaire's Shop	148
Adding the Sprites for The Billionaire's Shop Opening Animation to the Stage	149
Changing the Ink Effects for the Sprites to Background Transparent	152
Animating the Sprite Paths	153
Making a Tempo Setting	155

Moving the Endpoints of the Animation Paths off the Stage	157
Changing the Exit Points for the Icons of Wealth Sprites	159
Extending the Background Sprite Object	161
Changing the Entry Points for the Icons of Wealth Sprites	162
Duplicating the Animation	163
Scrolling and Zooming in the Score	166
Changing the Entry Points for the Duplicate Sprites	167
Adding the Background to the Duplicate Animation	168
Animating the Sprites Along Curved Paths	169
Creating a Looped Path	172
Adding a Marker to the Score	174
Introducing the Behavior Inspector to Loop the Animation	175
Summary	181
Questions	182
Exercises	182

CHAPTER 4**USING SOUND AND SYNCHRONIZING**

ANIMATION TO AUDIO	185
Viewing the Completed File	187
Opening the Partly Completed File	188
Shockwave Audio	189
Adding Sound to the Opening Animation	189
Extending the Intro Sound to the End of the Animation	191
Adding the Billionaire Animation	192
Extending the Background and Sound Sprite Objects	193
Adding the Billionaire Animation	194
Using the Selected Frames Only Setting	196
Extending the Billionaire Sprite's Path	197
Animating the Billionaire Sprite's Size	198
Reversing the Billionaire Animation	200
Adding a Loop Behavior to the Billionaire Animation	203
Adding the Icons of Wealth to the Billionaire Scene Animation	207
Opening the Intermediate Lesson File and Synchronizing the Animation Using a Cue Point	210
Adding the Cue Point Behavior to the Script in the Last Frame of the Icons of Wealth Animation	214
What Does "Me" Mean After the Handler's Name?	216
About the Colors in the Script Text	216
Adding a Transition to the Billionaire Animation	219
Removing the Billionaire Sprite from the Frame That Contains the Transition	222
Summary	223
Questions	224
Exercises	224

CHAPTER 5	ADDING DIGITAL VIDEO TO THE BILLIONAIRE'S SHOP . 227
	Installing QuickTime 231
	Viewing the Completed File 232
	Placing the Digital Video File on Your Hard Drive 233
	Opening the Partly Completed File 235
	Importing the Digital Video File and the Title Image 235
	Previewing the New Video File 237
	Adding the Digital Video to the Score 238
	Adding the Title marker 238
	Adding the Background, Billionaire, and Icons of Wealth
	Sprite Objects to the Title Area of the Score 239
	Placing the Video Cast Member on the Stage 242
	Using a Tempo Channel Setting to Control the Playback Head 244
	Previewing the Title 245
	Adding the Wink 247
	Adding the Wink Image 247
	Adding a Sound to the Wink Animation 249
	Adding a Tempo Channel Setting to Synchronize the
	Wink Animation and Sound 249
	Delaying the Playback Head Using a Behavior and a Tempo Setting . 250
	Adding the Title.pct Image to the Score 253
	Linking the Billionaire Animation to the Title and Wink Animations . 255
	Summary 259
	Questions 260
	Exercises 261
 CHAPTER 6	 DRAG AND DROP BEHAVIORS AND USING
	EXTERNAL CASTS 265
	Viewing the Completed File 266
	Preparing Files for this Lesson 269
	Opening the Partly Completed File 269
	Linking the New Cast Files to The Billionaire's Shop 270
	Viewing the New Cast Windows 271
	Viewing Both the Name and Number of the Cast Members 275
	Setting Up the Billionaire's Shop Screen 275
	Adding the Shop Marker 276
	Placing the Shop Background and Buttons 276
	Repositioning the Endpoints of the Shop Area Sprites
	and Setting Their Ink Effects Simultaneously 279
	Controlling the Position of the Playback Head 281
	Using a Drag-and-Drop Behavior 282
	Placing the Button Behavior on the Buttons of
	The Billionaire's Shop 285

Adding the Quit Screen	286
Repositioning the Endpoints for the Sprite Objects in the Quit area of the Score	289
Placing the Loop in Frame Behavior into the Quit Area of the Score	290
Placing the Button Behavior on the Quit Screen Buttons	291
Extending the Selected Frames Only Setting	292
Programming the Quit Button	294
Programming the Yes and No Buttons	297
Activating the Help Feature	301
Testing the New Help Feature	304
Adding the Non-Button Screen Elements to the Main Shop Screen ..	304
Testing the New Help Additions	308
Adding Finishing Touches to this Lesson and Linking the Opening Animation to the Shop Area of the Score	309
Summary	310
Questions	311
Exercises	311

CHAPTER 7 USING LINGO 315

The Structure of Lingo	316
Adding Products to The Billionaire's Shop	318
Viewing the Completed File	318
Preparing the Files for this Lesson	319
Adding the Products Cast to The Billionaire's Shop	319
Placing a Product in The Billionaire's Shop	320
Moving the Products Sprite into a Lower-Numbered Channel	322
Programming the Next Product Arrow Button	324
Using Lingo Commands	327
Enhancing the Next Product Behavior	329
Setting a Limit Using an If...Then Statement	332
Using the Divider Member to Detect the Number of Members in a Cast File	334
Programming the Previous Product Button	336
Adding Product Descriptions to The Billionaire's Shop	340
Programming the Next Product and Previous Product Arrow Buttons to Change the Product Description	342
Using a Global Variable to Remember Which Product Was Last Displayed	347
About the Dot Operator	355
Summary	355
Questions	356
Exercises	357

CHAPTER 8	CONTROLLING SOUND VOLUME AND MORE LINGO	361
	Viewing the Completed File	362
	Preparing the Files for this Lesson	362
	Adding the Volume Control Slider	363
	Programming the Slider's Movement	367
	Using a Repeat Loop and <code>updateStage</code>	368
	Setting the Constraint of a Sprite	371
	Adding a Background Sound to The Billionaire's Shop	374
	Controlling the Volume of the Background Sound	377
	Adding the Volume Control Script to the Volume Behavior	380
	Examining the New Script	381
	Setting an Initial Volume Setting for the Background Sound	385
	Programming the Volume Slider to Remember the Last Volume Setting	388
	Activating the Help Feature for the Volume Slider	391
	Using Puppet Sounds	393
	Adding a Puppet Sound to The Billionaire's Shop	394
	Summary	398
	Questions	399
	Exercises	399
 CHAPTER 9	 RETRIEVING TEXT FROM THE INTERNET WITH DIRECTOR	 403
	Viewing the Completed Example File	404
	Using the Watcher Window	406
	Preparing the Files for this Lesson	409
	Adding Text Display Fields to the Interface	409
	Adding the <code>getNetText()</code> Command to the Sample File	423
	Testing the <code>getNetText()</code> and <code>netTextResult()</code> Scripts	428
	Using <code>NetError()</code>	429
	Using <code>NetAbort()</code> and Adding a Timer to the <code>getNetText()</code> Sample Movie	434
	Resetting the Display Areas	445
	Adding the <code>getNetText()</code> Command to The Billionaire's Shop	446
	Viewing the Completed File	446
	Preparing the Files for this Lesson	447
	Reminding the User to Connect to the Internet	447
	Programming the New Screen	454
	Programming the New Buttons and Using the <code>ClearCache</code> and <code>NetAbort()</code> Commands	456
	Adding a Transition to the New Screen	458
	Adding the <code>netTextResult()</code> Script to The Billionaire's Shop	459
	Enhancing the <code>netTextResult()</code> and <code>netError()</code> Commands	463

Adding the Connection Field to The Billionaire's Shop	466
Testing the Network Lingo that has Been Added to The Billionaire's Shop	473
Programming the Update Button	475
Adding the netTextResult() Command for the Update Button	477
Summary	481
Questions	482
Exercises	482

CHAPTER 10 DOWNLOADING FILES FROM THE INTERNET 485

Viewing the Completed Example File	486
Building the Example File	490
Adding the downloadNetThing() Command	491
Adding the Script to Track the Download of the Sample.bmp File	494
Using the importFileInto Command	498
Playing the Completed Version of this Lesson	499
Preparing Files for this Lesson	500
Using a Global Variable to Store the Results of the Downloaded Billshop.txt File	501
Creating a User-Defined Handler to Compare Versions of The Billionaire's Shop and Adding the downloadNetThing() Command	504
Adding the downloadNetThing() Command	510
Setting Up the Download Screen	512
Writing the Script to Track the Download of the New Inventory	515
Completing the Update Button	517
Displaying a Temporary Image While the Inventory Updates	521
Adding startMovie and stopMovie Handlers to The Billionaire's Shop	527
Expanding the Scripts to Download Multiple Files	539
Using the preloadNetThing Command	544
Summary	545
Questions	546
Exercises	547

CHAPTER 11 PACKAGING AND DELIVERY 551

Using a Stub Projector	552
Creating the Projector	554
About the Shockwave Player	559
Testing the New Projector	559
Accelerating Download Times Using Shockwave	561
Testing for Accelerated Download Times	567

Adding an Email Function to The Billionaire's Shop	568
Adding the Email Cast File	569
Creating the Email Area of the Score	570
Adding the Logo Button	578
Testing the New Email Feature	582
Preparing The Billionaire's Shop for Final Delivery	583
Protecting Movie and Cast Files	587
Playing the Protected Version of The Billionaire's Shop	594
More on the runMode Function	594
About Script Comments	595
Using Shockwave	596
What Is Streaming Shockwave?	597
What Is Shockwave Audio?	598
Shockwave Tutorial	598
Adding the Shockwave Plug-Ins to Your Browser	599
Viewing the Completed File	600
Creating the Shocked Web Page	602
Creating a Shockwave Movie	602
Creating an HTML Document that Will Display the Shockwave Movie	603
Viewing the New Web Page	605
Download Times for Shockwave Files	605
Lingo for Shockwave Files	606
Summary	608
Questions	609
Exercises	610
