Airport Planning & Management

FOURTH EDITION

Contents

Acknowledgments xi

Preface xiii

Part I: Introduction

1. The airport-airway system 3

The formative period 4

The National Airport Plan 8

Postwar federal aid to airports 12

Airport and Airway Development Act of 1970 17

Airport development in the 1980s and 1990s 25

Concluding remarks 36

2. The airport system 45

Introduction 45

Classification of airports 49

The economic role of airports 56

Current issues in airport system development 59

Airport information sources 74

3. Airport system planning 81

Introduction 81

The planning process 83

The need for integration among plans 96

Part II: Planning and funding the airport

- 4. Airport requirements and site selection 101**
- Introduction 102
 - Inventories 103
 - Forecasting 109
 - Demand/capacity analysis 118
 - Environmental impact study 120
 - Site selection 124
- 5. Airport layout and land use plans 133**
- Introduction: Phase three of the master plan 134
 - Airport layout plan 135
 - Approach and clear zone layout 155
 - Land use plan 160
- 6. Terminal area and airport access plans 169**
- Introduction: Continuation of phase three 170
 - Terminal area plans 170
 - Airport access plans 200
- 7. Financial planning 209**
- Financial plan 210
 - Financing methods 215
 - Completing the financial plan 233

Part III: Managing growth

- 8. Airport capacity and delay 239**
- Introduction 240
 - Capacity, demand, and delay 242
 - Factors affecting capacity and delay 245
 - Measuring delay 248
 - Approaches to reducing delay 249

9. Airside technological improvements 273

- Introduction 274
- Airport and airspace technology 276
- Airport surface utilization 303

10. Landslide technological improvements 315

- Introduction 316
- Terminal facilities and services 317
- Landslide access 339
- Applications of technology to airport problems 354

Part IV: The management process

11. Financial management 361

- Airport accounting 362
- Planning and budgeting 366
- Approaches to financial management at commercial airports 369
- Pricing of airport facilities and services 375
- Trends in airport financial management since deregulation 384

12. Organization and administration 391

- Airport ownership and operation 392
- The airport organization chart 394
- Airport management as a career 405
- The airport manager and public relations 409

13. Airport operations 417

- Pavement maintenance 418
- Snow removal 427
- Safety inspection program 433
- Bird hazards 436
- Aircraft rescue, fire fighting 439
- Security 445
- Ground support equipment 451

**14. Airport relations with tenants
and the public 461**

The airport as landlord 462

Liability insurance 469

Aircraft noise 471

Glossary 483

Abbreviations 523

Index 529
