Contents

Acknowledgments / xi

Preface / xv

Chapter 1 Basic information skills / 1

Introduction / 1

Information literacy / 2

The 'big six' information skills / 4

Recorded information sources / 9

Information retrieval from electronic information sources / 13

About this book / 15

Chapter 2 Information services and subject study / 17

Information systems / 17

Information services / 18

Reference services / 22

Referral services / 22

The information search process / 23

The reference interview / 23

Subject study / 25

Summary / 27

Chapter 3 Basic search techniques and tools / 29

Introduction / 29

Basic search techniques / 29

Keyword and phrase search / 30

Boolean search / 31

Truncation / 32

Proximity search / 33

Field-specific search / 33

Limiting search / 34

Range search /	34
Search tools /	35
Summary /	40

Chapter 4 Common reference sources / 41

Introduction /	41
Evaluation of reference sources /	41
Evaluation of electronic reference sources /	43
Dictionaries /	44
Encyclopedias /	49
Almanacs, yearbooks, handbooks and directories /	54
General fact books	66
Biographical sources /	66
Geographical sources /	71
Bibliographic sources /	77
Indexes and abstracts /	83
Summary /	88

Chapter 5 Searching online public access catalogues / 89

Introduction /	89
OPACs /	89
OPAC search features /	90
Features of the selected OPACs /	92
Lessons for conducting an OPAC search /	97
Summary /	100

Chapter 6 Searching CD-ROM databases / 102

Introduction /	102
CD-ROM: common search features /	102
Sample reference and bibliographic databases on CD-ROM /	104
Search interfaces of the selected CD-ROM databases /	110
How to conduct searches on CD-ROMs /	112
Index and/or thesaurus support /	118
Search refinement /	121
Features of multimedia information sources on CD-ROM /	123
Summary /	127

Chapter 7 Searching online databases / 129

Introduction /	129
Development of online searching /	130

Online search services /	132
Basic steps for an online search /	133
Features of selected online search services /	134
Special features of the five chosen search services /	156
Summary /	158

Chapter 8 Science and technology information sources / 160

Introduction /	160
Searching CD-ROM and online information sources in science and technology /	161
Summary /	169

Chapter 9 Social sciences and humanities information sources / 170

Introduction /	170
How to search information sources on social sciences and humanities /	170
Features of selected CD-ROM sources on social sciences and humanities /	171
Summary /	177

Chapter 10 Business information sources / 179

Introduction /	179
How to search information sources on business /	179
Summary /	189

Chapter 11 Legal information sources / 191

Introduction /	191
Features of selected legal information sources /	192
Summary /	196

Chapter 12 Health information sources / 198

Introduction /	198
How to search health information sources /	198
Summary /	206

Chapter 13 Standard and patent information sources / 207

Introduction /	207
Standards /	207
Patents /	208
How to search standard and patent information sources /	208
Features of selected standard and patent information sources /	209
Summary /	216

Chapter 14 Government, institutional and miscellaneous information sources / 217

Introduction / 217

Government, regional, international and institutional information / 217

How to search government, regional, international and institutional information sources / 218

Miscellaneous information sources / 221

Features of some leisure information sources / 224

Summary / 226

Chapter 15 Trends in the electronic information sources and searching environment / 227

Introduction / 227

Information services online / 228

Subject directories, gateways and virtual libraries / 230

Development of e-journals and digital libraries / 231

The changing nature of reference and information services / 233

The future / 234

Appendices

Appendix 1: Selected CD-ROM and online information sources on science and technology / 239

Appendix 2: Selected CD-ROM and online information sources on social sciences and humanities / 252

Appendix 3: Selected CD-ROM and online business information sources / 263

Appendix 4: Selected CD-ROM and online legal information sources / 276

Appendix 5: Selected CD-ROM and online health information sources / 286

Appendix 6: Selected CD-ROM and online standard and patent information sources / 294

Appendix 7: Government, regional, international, statistical and leisure information sources / 302

References / 308

Index / 317
