

INSIDE ArcView® GIS

3rd Edition

**Scott Hutchinson
and Larry Daniel**

Contents

INTRODUCTION xi

On the Current Status of Desktop Mapping and ArcView GIS	xi
Book Structure	xiii
Typographical Conventions	xiv
Companion CD-ROM	xv
On Directories and Operating Systems	xix

CHAPTER 1: INTRODUCING ARCVIEW GIS ... 1

The Origins of Desktop Mapping	2
Desktop Mapping Today	4
ArcView and Desktop Mapping	7
The INSIDE ArcView Perspective	8
Navigating Windows in ArcView	9
Windows, Icons, and Menus:	
The ArcView Interface	12

CHAPTER 2: THE WHIRLWIND TOUR 17

The Sample Project	18
Exercise 1: A Sample Application	19
View Navigation Basics	24
Cleaning TIGER Street Nets	36
Why An Event Theme?	39

CHAPTER 3: GETTING STARTED: PROJECTS AND VIEWS 49

The First Step: Opening a Project	50
Where To Get Data	53
Adding Data 5	4

Importing and Exporting	
ARC/INFO Data	57
What Is SDTS?	60
More About Themes	62
More About Views	65
Saving Your Work	67
Exercise 2: Opening a Project	68

CHAPTER 4: EXTENDING DATA 77

Defining a Common Ground:	
Dealing with Map Projections	77
Joining Tables	80
Join Versus Link	82
Event Themes	83
The Science of Geocoding	88
Primary Research	92
Exercise 3: Extending Project Data	93

CHAPTER 5: DISPLAYING DATA 105

Defining Symbolology	105
Classification	107
Classification Revisited	114
Identifying Features	118
Labeling Features	120
Adding Graphics to a View	122
Exercise 4: Thematic Classification	
and Graphics	128

CHAPTER 6: DATA QUERIES 135

Basic Table Operations	135
Using Tables with Views	137

Selecting Features with Shapes	140
Selecting Features by Query	141
The Undervalued GIS Skill of Database Management	143
Locating the Selected Set	143
Logical Queries on Themes	144
A Review of Logical Queries	145
Exercise 5: Making a Smarter Map	151

CHAPTER 7: CHARTS 171

Creating a Chart	171
Clarification of Data Markers, Series, and Groups	172
Making Changes to a Chart	174
Using Charts Interactively	175
More on Chart Characteristics	178
Exercise 6: Working with Charts	179

CHAPTER 8: LAYOUTS 197

What Is a Layout?	197
Why a Layout?	197
How To Make a Layout	198
Layout Frames in More Detail	199
Map Composition	208
Decomposing Map Legends	213
On Cartographic Design	216
Printing	220
Printing to PDF Files	222
Exercise 7: Working with Layouts	224

CHAPTER 9: CAD, IMAGE, AND VPF THEMES .235

Extensions	235
Cad Reader	238
Image Themes	247
What Is GeoTIFF?	251
Exercise 8: Working with CAD Themes	254
Exercise 9: Working with Image Themes	263

CHAPTER 10: EDITING SHAPEFILES 269

Heads-up Editing and Digitizing Compared	269
Getting Started	270
Theme Editing Properties	272
Using a Digitizer	287
Exercise 10: Editing Shapefiles	291
On Your Own	298

CHAPTER 11: BEYOND THE BASICS 299

Overlay Operations	299
Advanced Classification	315
Hot Links	323
Working with Shapefiles	325
More Work with Tables	331
Connecting to MS Access Databases Using ODBC	337
Exercise 11: Shapefiles and Hot Links	341

CHAPTER 12: ADVANCED FUNCTIONALITY .. 357

Network Analyst	358
Spatial Analyst	361
3D Analyst	363
Database Themes	365
Additional Extensions	366
Data Automation Kit	367

CHAPTER 13: OPTIMIZING PROJECT DESIGN 369

Data Organization	369
Project Organization	371
Project Optimization	371
Optimizing for Portability	378
Theme and Project Locking	379
Looking Ahead	380

CHAPTER 14: ARCVIEW CUSTOMIZATION .. 381

Why Customize?	381
Customizing the User Interface	381

Dialog Designer	384
Avenue	388
Creating an Avenue Script	393
Building Your Own with MapObjects ..	399
Communicating with	
Other Applications	399
Startup and Shutdown Scripts	400
System Environment Variables	402
The Finished Application	403
Extensions	403
In Summary	404

CHAPTER 15: ARCVIEW IN THE REAL WORLD 405

ArcView in Epidemiology	405
ArcView in Education	409
ArcView and Hydrography	413
ArcView and Environmental Analysis ..	417
ArcView and Commercial Products ..	418
Elsewhere	420

APPENDIX A: INSTALLATION AND CONFIGURATION421

APPENDIX B: FUNCTIONALITY QUICK REFERENCE425

APPENDIX C: ABOUT THE MICROVISION SEGMENTS459

APPENDIX D: MIGRATION FROM EARLIER VERSIONS OF ARCVIEW461

GLOSSARY465

INDEX477
