

A topographic map of China in shades of blue and grey, showing terrain features like mountains and rivers. The map is the background for the entire cover.

China's Engine Industry

SAE
Research
Report

Third Edition

Prepared under the auspices of
*North American Association of
Chinese Engine Engineers
and
Power and Energy International*

Contents

Preface	vii
Acknowledgments.....	ix
Chapter 1. Overview of China's Internal Combustion Engine Business	1
1.1 The Steady Growth of China's Engine Business	1
1.2 The Gradual Transformation of State Planning to a Market Economy	2
1.2.1 Consolidated Internal Combustion Engine Planning Office (CICEPO).....	3
1.2.2 Engine Societies and Trade Associations	3
1.3 The Growth of Engine and Related Industries.....	3
1.3.1 Production Statistics Since 1980.....	3
1.3.2 Engine Product Categories.....	4
1.3.3 1995 Vehicle Production	4
1.3.4 Technology Advancement	5
1.4 Engine Imports and Exports	6
1.5 The Dieselization Trend.....	6
1.6 Engine Trends and Prospects.....	7
1.7 Future Prospects.....	8
Chapter 2. Engines Produced by China's Aviation and Weapon Industry	9
2.1 Status.....	9
2.2 Suzuki and Subaru Mini-Vehicles	9
2.3 Isuzu Light-Duty Truck Engines	10
2.4 Motorbikes and Engines	11
2.5 Parts and Accessories.....	11
2.6 CAIC Planning for the 1995-2000 Period.....	12
2.7 China AeroSpace Industry Corporation (CASIC)	12
2.8 China North Industries Company (NORINCO)	12
2.8.1 1995 Production Summary	13
2.8.2 The Eight Major NORINCO Manufacturers	13
Chapter 3. Engines Produced for China's Construction Machinery Industry	15
3.1 Status.....	15
3.2 Planning	16
3.3 The General Growth Trend.....	17
3.4 Scope of New Product Development.....	17
3.5 Engine Supply for Construction Equipment.....	18

Chapter 4. Engines Produced by China's Shipbuilding Industry	21
4.1 Status.....	21
4.2 Production Data of the Ocean-Going Shipbuilding Industry	22
4.3 Marine Engine Production	22
4.3.1 Low-Speed Engines for Ships.....	22
4.3.2 Medium- and Medium-High-Speed Engines for Ships.....	23
4.3.3 High-Speed Marine Engines for Ships.....	23
4.3.4 1996-2000 Planning and Beyond	24
Chapter 5. Engines Produced by China's Rail and Locomotive Industry.....	25
5.1 Status.....	25
5.2 Engine Specifications.....	26
5.3 Development Activities	27
Chapter 6. Engines Produced by China's Agricultural, Forestry, and Fishing Equipment Industry	29
6.1 Status.....	29
6.2 DOAE Engine Companies	30
6.3 Types of Agricultural Machinery in Demand	30
6.4 Medium- and Large-Tractor Producers and Their Engine Production	31
6.4.1 Leading Manufacturers and Production Data	31
6.4.2 Engines Used in Medium Tractors	31
6.4.3 Small-Tractor Production.....	32
6.5 Agricultural Transporters.....	32
6.5.1 Four-Wheelers	33
6.5.2 Three-Wheelers.....	33
6.6 Self-Propelled Combines and Other Agricultural Machinery	33
6.6.1 Combines and Harvesters	33
6.6.2 Crop Protection Sprayers	34
6.6.3 Threshers.....	34
6.6.4 Feed Grinders and Silage Choppers.....	34
6.6.5 Forestry Machinery.....	34
6.7 Engines for Fishing Boats and Inland Waterway Transportation	35
6.7.1 Fishing Boat Engines	35
6.7.2 Outboard Diesels.....	36
6.8 Engines for Generator Sets	37
6.9 Application Forecast for the Year 2000	38
Chapter 7. China's Fuel Injection Industry	41
7.1 Status.....	41
7.2 Production Data	42
7.2.1 In-line Pumps.....	42
7.2.2 Small Unit Pumps for Single-Cylinder Diesels	42
7.2.3 Injection Components and Replacement Parts.....	43
7.3 Pump Applications.....	44
7.4 Development of Distributor Pumps	44
7.5 Summary of FIE Production Data in 1995.....	46

Chapter 8. China's Turbocharger Industry	47
8.1 Status.....	47
8.2 Production Data	47
8.2.1 Major Radial Flow Turbocharger Producers	47
8.2.2 Major Axial Flow Turbocharger Producers	48
8.3 Development Trend	48
Chapter 9. China's Small Gasoline Engine Industry	49
9.1 Status.....	49
9.2 Small Gasoline Engine Manufacturers	49
9.3 Application Data for Small Gasoline Engines	51
Chapter 10. Joint Venture Activities	53
10.1 Status.....	53
10.2 China's Trade Balance.....	53
10.3 Caterpillar Activities in China	54
10.4 Chrysler-Beijing Auto Joint Venture	55
10.5 Daimler-Benz Activities.....	55
10.6 General Motors in China.....	56
10.7 John Deere's First Joint Venture in China.....	56
10.8 Case Corporation in China.....	56
10.9 Cummins in China	57
10.10 Ford Motor Company Activities.....	57
10.11 Volkswagen's Success Story	58
10.12 Other U.S. Activities.....	58
Chapter 11. Gasoline Engine Production Statistics for 1995	61
11.1 The Ten Leading Car Manufacturers and 1995 Engine Production Summary	61
11.2 The Ten Leading Passenger Car and Mini-Vehicle Companies—Gasoline Engine Production Summary	61
11.3 The Ten Leading Vehicle Manufacturers and Their Engine Supply	62
11.3.1 First Auto Works (FAW) Engine Supply Situation.....	63
11.3.2 Dongfeng Motor (DFM) Supply Situation	63
11.4 The Ten Leading Automotive Gasoline Engine Manufacturers' Production Units.....	64
11.5 Light- and Medium-Vehicle Gasoline Engine Production Statistics	64
11.6 The Ten Leading Motorbike Manufacturers' Production Units	65
11.7 Motorbike and Mini-Industrial Engine 1995 Production Statistics	66
11.8 Automotive Trending.....	68
Chapter 12. Diesel Engine Production Statistics for 1995	69
12.1 Single-Cylinder Diesel Engines.....	69
12.1.1 Production Summary	69
12.1.2 The Ten Largest Manufacturers.....	70
12.1.3 Production Statistics	70
12.2 Small-Bore Multi-Cylinder Diesel Engines ($75 \leq B \leq 100$ mm).....	73
12.2.1 Production Summary	73
12.2.2 The Ten Leading Manufacturers.....	74
12.2.3 Production Statistics	75

12.3	Mid-Bore Multi-Cylinder Diesel Engines (100 mm < B ≤ 160 mm)	76
12.3.1	Production Summary and Major Manufacturers.....	76
12.3.2	Mid-Bore Engine Manufacturers' Profitability Picture	77
12.3.3	Production Statistics.....	78
12.4	Large-Bore Diesel Engines (B > 160 mm)	79
12.4.1	Classifications.....	79
12.4.2	High-Speed Engines (1200–2000 RPM Range)	80
12.4.3	Medium-/High-Speed Engines (750–1100 RPM Range)	80
12.4.4	Medium-Speed Engines (450–750 RPM Range).....	81
12.4.5	Low-Speed Engines (80–450 RPM Range).....	81
12.4.6	Production Statistics.....	82
	References.....	85
	Appendices: Lists of China's Engine and Parts Manufacturers	87
Appendix 1.	Beijing.....	89
Appendix 2.	Shanghai	93
Appendix 3.	Tianjin.....	97
Appendix 4.	Neimenggu.....	99
Appendix 5.	Shanxi Province	101
Appendix 6.	Hebei Province.....	103
Appendix 7.	Liaoning Province.....	105
Appendix 8.	Jilin Province	109
Appendix 9.	Heilongjiang Province	111
Appendix 10.	Jiangsu Province	113
Appendix 11.	Anhui Province	123
Appendix 12.	Shandong Province	127
Appendix 13.	Zhejiang Province.....	135
Appendix 14.	Jiangxi Province.....	141
Appendix 15.	Fujian Province.....	145
Appendix 16.	Hunan Province.....	147
