Contents

Introduction	xi
---------------------------	-----------

Part I

Military, Terrorist, and Disaster Incidents

1 Military and Terrorist Incidents	3
Chemical Weapons	3
Agent Orange and Other Herbicides	8
Gulf War Syndrome	11
DEET	17
References	18
Additional Readings	23
Chemical Weapons	23
Agent Orange Exposure in Vietnam	24
Industrial Exposures to TCDD	24
Community/Environmental Exposures to TCDD	25
Gulf War Syndrome	25
2 Community and Individual Stress Reactions	27
Chronic Community Exposure	28
Acute Mass Disasters	29
Origins of Stress Responses to Chemical Exposures	30
Symptoms of Stress	33

Mass Hysteria	35
References	38
Additional Readings	42
Chronic Community Exposure	42
Acute Mass Disasters	43
Acute Individual Exposures	44
Mass Hysteria	44

3 Ionizing Radiation 47

Symptoms of Radiation Exposure	49
Diagnosis and Treatment of Radiation Exposure	53
References	54
Additional Readings	57
Irradiation of Tinea Capitis	57
Irradiation of Pregnant Women	57
Irradiation of Brain Tumors and Acute Lymphocytic Leukemia	57
Other Therapeutic Uses of Radiation	61
Hiroshima and Nagasaki	62
"Atomic Veterans"	63
Three Mile Island	63
Chernobyl	64
Other Accidental Radiation Exposures	65

Part II Pesticides

4 Insecticides 69

Epidemiology	69
Signs and Symptoms of Insecticide Poisoning	73
Psychiatric Signs and Symptoms Attributed to Insecticides	77
Diagnosis and Treatment of Insecticide Poisoning	81
References	83
Additional Readings	88
Dichlorodiphenyltrichloroethane (DDT)	88
Aldrin	88
Dieldrin	88
Chlordecone	88
Other Insecticides	88
Parathion	89
Miscellaneous Organophosphate Compounds	89
Unspecified Pesticides	92
Carbamates	93

5 Fumigants 95

Epidemiology of Methyl Bromide Poisoning	95
Symptoms of Methyl Bromide Poisoning	95
Summary of Clinical Studies of Methyl Bromide Poisoning	97
Other Fumigants	97

Diagnosis and Treatment of Methyl Bromide Poisoning	97
References	97
Additional Readings	98
Methyl Bromide	98
Other Fumigants	99

Part III Metals

6 Aluminum	103
Epidemiology	103
Neurological and Psychiatric Symptoms of Aluminum Poisoning	105
Diagnosis and Treatment of Aluminum Poisoning	106
References	107
Additional Readings	109
Positive Correlation of Aluminum With Alzheimer's Disease	109
No Correlation of Aluminum With Alzheimer's Disease	110
Dialysis Dementia	112
Infant Formulas	113
Occupational Exposures	114
Other	114
7 Arsenic	115
Epidemiology	115
Symptoms of Arsenic Poisoning	116
Diagnosis and Treatment of Arsenic Poisoning	118
References	118
Additional Readings	119
8 Lead	121
Epidemiology	121
Signs and Symptoms of Lead Poisoning	125
Psychiatric Signs and Symptoms Attributed to Lead Poisoning	127
Diagnosis and Treatment of Lead Poisoning	129
References	131
Additional Readings	134
Inorganic Lead—Adults	134
Inorganic Lead—Children: Blood and Tooth Levels	138
Organic Lead: Industrial and Accidental Sources	147
Lead Poisoning Associated With Inhalant Abuse	147
9 Manganese	149
Epidemiology	149
Signs and Symptoms of Manganese Poisoning	150
Psychiatric Signs and Symptoms Attributed to Manganese Poisoning	151

Diagnosis and Treatment of Manganese Poisoning	152
References	153
Additional Readings	154
10 Mercury	157
Epidemiology	157
Signs and Symptoms of Mercury Poisoning	160
Psychiatric Signs and Symptoms Attributed to Mercury Poisoning	161
Diagnosis and Treatment of Mercury Poisoning	164
References	165
Additional Readings	168
Epidemic Mercury Poisoning in Iraq	172
Mercury Poisoning in New Mexico	173
Minamata Disease	173
11 Thallium	175
Epidemiology	175
Signs and Symptoms of Thallium Poisoning	176
Psychiatric Signs and Symptoms Attributed to Thallium Poisoning	177
Diagnosis and Treatment of Thallium Poisoning	178
References	178
Additional Readings	179
12 Tin	181
Epidemiology	181
Signs and Symptoms of Tin Poisoning	182
Psychiatric Signs and Symptoms Attributed to Organotin Poisoning	182
Diagnosis and Treatment of Organotin Poisoning	182
References	183
Additional Readings	184

Part IV Solvents

13 Solvents	187
Epidemiology	187
Symptoms of Solvent Poisoning	193
Summary of Psychiatric Symptoms of Solvent Poisoning	197
Solvent Abuse	199
Anesthetics	203
Diagnosis and Treatment of Accidental and Intentional Solvent Exposure	205
References	207
Additional Readings	211
Carbon Disulfide	211
Methyl Chloride	213
Trichloroethylene	214
Benzene	215

Styrene	215
Toluene	216
Xylene	217
Mixtures	217
General	218
Miscellaneous	226
Solvent Abuse	228
Gasoline	228
Glue	229
Paint	229
Toluene	229
Trichloroethylene	231
Other	231
Anesthetics	232

Part V Toxic Gases

14 Carbon Monoxide	235
Epidemiology	235
Signs and Symptoms of Carbon Monoxide Poisoning	236
Psychiatric Signs and Symptoms Attributed to Carbon Monoxide Poisoning	236
Diagnosis and Treatment of Carbon Monoxide Poisoning	238
References	240
Additional Readings	242
15 Hydrogen Sulfide	245
Epidemiology	245
Symptoms of Hydrogen Sulfide Poisoning	245
Psychiatric Signs and Symptoms Attributed to Hydrogen Sulfide Poisoning	246
Diagnosis and Treatment of Hydrogen Sulfide Poisoning	247
References	247
Additional Readings	248

Part VI Other Chemicals and Syndromes

16 Polybrominated Biphenyls and Polychlorinated Biphenyls	251
Epidemiology	251
Signs and Symptoms of PBB and PCB Poisoning	253
Psychiatric Signs and Symptoms Attributed to PBB and PCB Poisoning	254

Diagnosis and Treatment of PBB and PCB Poisoning	255
References	256
Additional Readings	258
Polybrominated Biphenyls	258
Polychlorinated Biphenyls	258

17 Miscellaneous Elements, Chemicals, and Syndromes 261

Boron	261
Carbon Dioxide	262
Copper	263
Silicone	263
Vanadium	264
Vinyl Chloride	264
Other Chemicals or Elements	264
Geophagia	265
References	267
Additional Readings	269

18 Sensitivity Syndromes 271

Multiple Chemical Sensitivity	271
Food Additives and Childhood Behavior Disorders	276
Sick Building Syndrome	277
References	280
Additional Readings	284
Multiple Chemical Sensitivity—Generally Supportive of a Physiological Cause	284
Multiple Chemical Sensitivity—Generally Not Supportive of a Physiological Cause	285
Food Additives	286
Sick Building Syndrome	288
Formaldehyde	290

Index 291
