## UNIT 1 INTRODUCTION TO AGRIBUSINESS

<b>CHAPTER 1</b>	<b>Agriculture and Agribusiness</b> . . . . .	<b>2</b>
	Introduction • What Is Agribusiness? • Is Farming an Agribusiness? • The Big Picture of Agribusiness • Agribusiness Affects Us Daily • Farming and Agriculture before Agribusiness • Life before Agriculture • Early Agricultural Development • Bronze Age • Iron Age • The Middle Ages (A.D. 400–1500) • The Evolvement of Farming and Agribusiness in America • The Era after the American Revolution • Agricultural and Industrial Revolution • First Half of the Twentieth Century • Latter Part of the Twentieth Century • Success of American Agribusiness • Conclusion • Summary	
<b>CHAPTER 2</b>	<b>The Size and Importance of Agribusiness</b> . . . . .	<b>17</b>
	Introduction • Size and Importance of Production Agriculture • Land • Products • Percent of Food Dollar to the Production Agriculturalist • Efficiency of Production Agriculture • Why Is Efficiency So Important? • Size and Importance of Agribusiness • The Agribusiness Input Sector • The Agribusiness Output Sector • Agriservices • Public Agriservices • Private Agriservices • Agribusiness and Foreign Trade • Agribusiness and Energy • Agriculture as a User of Energy • Energy Produced from Renewable, Agricultural Products • Agribusiness and the Environment • Environmentalists in Agribusiness • Natural Resources Conservation Service • Summary	
<b>CHAPTER 3</b>	<b>Emerging Agribusiness Technologies</b> . . . . .	<b>38</b>
	Introduction • Global Positioning • Purpose of Global Positioning and Field Management • Origin of the Global Positioning System • Global Positioning and the Environment • Precision Farming • Genetic Engineering • Advantages of Using Genetic Engineering • Gene Splicing • Cloning • Cloning Plants • Embryo Splitting • Embryo Transfer • Advantages of Embryo Transfers • Gender Selection • Sperm-Sexing Procedure • Advantages of Sperm Sexing • Sorting Embryos According to Sex • Modifying Gender in Fish by Ultraviolet Light • Production Hormones • Animal Growth Hormones • Heat Synchronization • Animal Research and Human Medicine • Swine Research for Human	

Health • Transplantation Technology • Pharmaceutical and Other Medical Products Made from Animal Products • Domestic Animals of the Future • Dairy Cattle • Beef Cattle • Swine • Poultry • Sheep • Catfish • Bees • Transgenic Animals • Computerized and Electronic Animal Management Technologies • Agricultural Computer Use • Electronic Animal Management Systems • Live Animal and Carcass Evaluation Devices • Emerging Mechanical Technologies in the Plant Industry • Tissue Culture • Special Skills Required • Advantages and Disadvantages of Tissue Culture • Emerging Plant Technologies • Frost-Protected Plants • Plant Growth Regulators • Salt-Tolerant Plants • Integrated Pest Management (IPM) • Rationale for IPM • Cultural Control of Pests • Mechanical Control of Pests • Biological Control of Pests • Pesticide Control of Pests • Hydroponics and Aquaculture as a Solution for Extended Space Travel • Aquaculture in Space • Hydroponic Plant Growth • Differences When Using Hydroponic Systems in Space and on Earth • Thirteen Essential Elements for Growing Plants Hydroponically • Keeping the Hydroponic Solution Fully Active • Technologies Used in Hydroponically Grown Plants • NASA Discoveries from the CELSS Project • Adoption of NASA Research • Hydroponics Projects • Aquaculture Projects • Conclusion • Summary

---

## **UNIT 2    STARTING AND RUNNING AN AGRIBUSINESS**

- CHAPTER 4    Planning and Organizing an Agribusiness . . . . . 80**  
 Introduction • Importance of Small Businesses • Small Businesses Are Not Really Small • Entrepreneur in Agribusiness—Is It for Me? • General Characteristics of Entrepreneurs • Personal Characteristics of Entrepreneurs • Challenges of Entrepreneurship • Total Responsibility • Long, Irregular Hours • Financial Risks • Why Agribusinesses Fail • Management • Labor • Financial Resources • Undercapitalization • Analyzing Your Agribusiness Venture • Recognizing a Need • Agribusiness Start-up Factors to Consider • Applying Business Fundamentals • Conducting a Business Survey • Preparing a Business Plan • Introduction • Company Description • Product and/or Service • Management Plan • Marketing Plan • Legal Plan • Location Analysis • Business Regulations • Capital Required • Financial Plan • Financing Arrangements • Competition • Operating Plan • Appendix • Goal Setting • Setting Your Agribusiness Goals • Reaching Your Goals • Example of Business Goals • Problem Solving and Decision Making • Skills Needed in Problem Solving and Decision Making • Various Styles of Decision Making • Steps in Problem Solving and Decision Making • Conclusion • Summary
- CHAPTER 5    Types of Agribusiness. . . . . 102**  
 Introduction • Comparison of Proprietorships, Partnerships, and Corporations • Single, or Sole, Proprietorship • Advantages of Sole Proprietorship • Disadvantages of Sole Proprietorship • Partnerships • Types of Partnerships • Advantages of Partnerships • Disadvantages of Partnerships • Written Partnership Agreements • Corporations • Characteristics of Corporations • Types of Corporations • Advantages of Corporations • Disadvantages of Corporations • Establishing a Corporation • Cooperatives • Kinds of

Cooperatives • Cooperative Statistics • Cooperatives and Membership • Cooperatives and Control • Distinguishing Characteristics of Cooperatives • Cooperatives and Taxes • Advantages of Cooperatives • Disadvantages of Cooperatives • Franchises • Characteristics of Franchises • Advantages of Franchises • Disadvantages of Franchises • Conclusion • Summary

**CHAPTER 6 Personal Financial Management . . . . . 123**

Introduction • Earning Money • Gross versus Net Pay • Mandatory Deductions • Employee Benefits • Taxes and Benefits Summary • Selecting a Financial Institution • Types of Institutions • Factors to Consider in Choosing a Financial Institution • Checking Accounts • Use Caution • Reasons for Writing Checks • Points to Remember When Writing Checks • Steps in Writing a Check • Keeping a Checkbook Register • Balancing (Reconciling) Your Checkbook • Where Your Money Goes • Handling Money Takes Discipline • Fixed Expenses • Variable Expenses • Planning and Preparing a Budget • Benefits of a Budget • Still Living at Home Budget • Living on Your Own Budget • Family Budgets • Financial Management and Security Tips • Limit Debt • Do Not Use Credit Cards • Save Big Money on Home Mortgages • Reduce Debt by Using the Debt Snowball Technique • Develop Power over Purchases • Live within and below Your Income • Paying Cash for a Car versus Going into Debt • Negotiate and Buy Only Big Bargains • Build an Emergency Fund • Manage Your Budget Bursters • Envelope System • Have Enough Insurance • Master the Magic of Compound Interest • Use an Automatic Savings Plan • Take Advantage of Matching Stock Purchases • Use Your Hobby to Make Money • Retiring as a Millionaire • Plan One—\$2,000 a Year for Six Years • Plan Two—Buy a Used Car Instead of a New One and Invest the Difference • Plan Three—The 25-plus-10 Plan • Plan Four—The 80-10-10 Plan • Key Factors to Making the Millionaire Plans Work • Manage Investments to Achieve a 12 Percent Interest Rate • The Rule of 72 • Invest in Mutual Funds to Achieve a 12 Percent Interest Rate • Tax-Deferred Savings • Financial Security • Financial Security Defined • Assumptions for Reaching Financial Security • Selecting Part-Time Agricultural Enterprises • Procedures for Potentially Achieving Financial Security by Age Thirty to Thirty-four • Invest Earnings in Tax-Free Bond Mutual Funds • Limitations on Potentially Achieving Financial Security through Avocational Enterprises • Levels of Financial Management • Conclusion • Summary

**CHAPTER 7 Agribusiness Record Keeping and Accounting . . . . . 168**

Introduction • Role of the Financial Manager • Accounting versus Bookkeeping • Bookkeeping • Accounting • The Six-Step Accounting Cycle • Budgets • The Operating Budget • The Cash Flow Budget • The Capital Expenditures Budget • Relationships between the Operating, Capital Expenditures, and Cash Flow Budgets • Single Entry Bookkeeping System • Separate Business Accounts from Personal Accounts • Sales Slips plus Checking Account • Double Entry Bookkeeping System • Recording the Transaction in Two Places • Keeping the Books Balanced • Journals and Ledgers • The Journal • The Ledger • Trial Balance • Limitations of the Trial Balance • Basic Accounting Considerations • Assets and Liabilities • Capital and Owner's Equity • Revenue, Cost of Sales, and Net Profit • Operating

and Incidental Expenses • Inventory • Depreciation • Profit and Loss • Preparing an Income Statement, Balance Sheet, and Statement of Cash Flows • Income Statement • Balance Sheet • Statement of Cash Flows • Statement of Owner Equity • Explanation of the Statement of Owner Equity Financial Statement • Analyzing Financial Statements • Compare All Financial Statements with Each Other • Objective of Financial Analysis • Methods of Financial Analysis • Computer Technology and Agribusiness Records • Filing Taxes with Computer Software • Conclusion • Summary

## UNIT 3 THE AGRIBUSINESS INPUT SECTOR

- CHAPTER 8 The Agribusiness Input (Supply) Sector . . . . . 204**  
 Introduction • Changes in the Agribusiness Input Sector • Size of the Agribusiness Input Sector • Types of Agribusiness Inputs • Major Agribusiness Inputs • Minor Agribusiness Inputs • Agribusiness Inputs That Are Often Overlooked • Feed Industry • Historical Development • Feed Production and Consumption • Types of Feed • Market Structure • Careers in the Feed Industry • Fertilizers • Fertilizer Analysis • Fertilizer Use • Interrelationships among Fertilizers, Pesticides, and Other Chemicals • Careers in the Fertilizer Industry • Pesticides • Types of Pesticides • Historical Background • Benefits of Pesticides • Concerns with Pesticides • Careers • Farm Supply Stores • Types of Farm Supply Store • Conclusion • Summary
- CHAPTER 9 The Agribusiness Input Sector: Farm Machinery and Equipment . . . . . 225**  
 Introduction • Historical Development • Beginning of Change • From Manpower to Horsepower • The Steam Era • Internal Combustion Engine • Fuels Used • The Beginning of *Internal Combustion Engines* • Farm Tractors • The First Gasoline-Powered Tractor • Effect of World War I on Tractor Production • Effect of the Depression Years on Tractor Production • Henry Ford and the Tractor • Power Take-off Units, Tricycle-type Tractors, and Rubber-tired Tractors • Effect of the Shift from Animal Power to Tractor Power • *Advent of Various Fuels* • *Modern Tractor Accessories* • *Increased Size and Four-Wheel Drive* • Market Structure • Full-Line Companies • Long-Line Companies • Short-Line Companies • Size of the Farm Machinery and Equipment Market • Diversification of Farm Machinery and Equipment Companies • Foreign Trade • Exports • Imports • Trends in the *Farm Machinery and Equipment Industry* • *Mergers* • *Products of the Farm Machinery and Equipment Manufacturers* • Careers in Farm Machinery and Equipment Manufacturing • Factory Jobs • Office and Professional Jobs • Farm Machinery and Equipment Wholesalers • Careers in Wholesaling • Dealerships • A Complex Business • *Dealership Careers* • *Farm Custom and Contracting Services* • *Custom Farming* • *Farm Contracting Services* • Conclusion • Summary
- CHAPTER 10 Private Agribusiness Services. . . . . 248**  
 Introduction • Resource Specialization • Private Agribusiness Services • General Farm Organizations • The National Grange • National Farmers Union (NFU) • American Farm Bureau Federation • National Farmers Organization (NFO) • American Agriculture

Movement (AAM) • Agricultural Commodity Organizations • Services Performed • Names of Selected Commodity Groups • Agricultural Research • Areas of Agricultural Research • Consulting • Crop Consulting • Livestock Consulting • Artificial Insemination • Historical Developments • Makeup of the Artificial Insemination Industry • Artificial-Breeding Companies • Veterinary Services • Father of Veterinary Medicine • First Veterinary Schools • First College of Veterinary Medicine • Present-Day Veterinarians • Agricultural Communications • Agricultural Cooperatives • History and Development of Cooperatives • Impact of Cooperatives • Types of Cooperatives • Conclusion • Summary

**CHAPTER 11 Public Agribusiness Services . . . . . 276**

Introduction • Historical Perspective • Reasons for Governmental Services • Production • Education • Services • Organizational Structure of the USDA • Food, Nutrition, and Consumer Services • Food and Consumer Service • Marketing and Regulatory Services • The Agricultural Marketing Service • Animal and Plant Health and Inspection Service • Grain Inspection, Packers, and Stockyards Administration • Farm and Foreign Agricultural Services • Farm Service Agency (FSA) • Commodity Credit Corporation • Foreign Agricultural Service • Risk Management • Rural Development • Rural Utilities Service • Rural Housing Service • Rural Business-Cooperative Service • Natural Resources and Environment • Forest Service • Natural Resources Conservation Service • Research, Education, and Economics • Agricultural Research Service • Cooperative State Research, Education, and Extension Service (CSRES) • Economic Research Service • National Agricultural Statistics Service • Food Safety and Inspection Service • USDA Summary • State Department of Agriculture • Mission • National Association of State Departments of Agriculture (NASDA) • Duties of NASDA • Land Grant System • History of Land Grant Systems • Colleges of 1890 • Agricultural Experiment Stations • Development of the Cooperative Extension Service • Non-Land Grant Agricultural Programs • Comparison of Land Grant and Non-Land Grant Universities • Sea Grant Program • Historical Development • Mission • Reason for the Sea Grant Name • Funding • International Mission of the Sea Grant Programs • Agricultural Education • Future Farmers of America (FFA) • Jobs in Agricultural Education • Conclusion • Summary

**CHAPTER 12 Agribusiness Input Services: Credit . . . . . 303**

Introduction • Importance of Farm Credit • Change in Credit Needs • Magnitude of Agricultural Credit • Average Debt per Farm • Three Fundamentals of Credit • Returns • Repayment Ability • Risk • Three Areas of Credit Needs • Fixed Expenses • Operating Expenses • Start-Up Expenses • Length of Financing • Short-Term Loans • Intermediate-Term Loans • Long-Term Credit • Components of a Credit Profile • Computing Interest • Interest Rates • Amortization Tables • Feasibility • Profitability Index • Agricultural Credit Sources for Real Estate and Non-Real Estate Loans • Non-Real Estate Loans • Real Estate Loans • Farm Credit System • Historical Beginning of Federal Land Banks • Historical Beginning of Production Credit Associations • Historical Beginning of the Bank for Cooperatives • Restructured and Present-Day Farm Credit Systems • Consolidated Farm Service Agency (FSA; Formerly FmHA) • Historical Beginning • Purpose • Change from

*FmHA to FSA • Commercial Banks • Organization of Commercial Banks • Agricultural Loans • Life Insurance • Size of Loans • Source of Funds • Commodity Credit Corporation (CCC) • Nonrecourse Loans • Limitations • Individual and Other Loans • Merchants • Farm Implement Dealers • Career Opportunities in Agribusiness Input Credit Services • Experience • Education • Potential Available Jobs • Conclusion • Summary*

## **UNIT 4 THE AGRIBUSINESS OUTPUT (MARKETING) SECTOR**

### **CHAPTER 13 Basic Principles of Agrimarketing ..... 332**

*Introduction • What Is Agrimarketing? • The Difference between Selling and Marketing • How Agrimarketing Developed • Supply and Demand • Prerequisites of an Efficient Economic System • A Free Market Economy • Prices That Reflect the Full Value of Market Resources • A High Degree of Interaction between Consumers and Production*  
*Agriculturists • Factors to Consider in a Consumer-Driven Market • Meeting Modern Demands • Predicting Consumer Demands Is Big Business • The Consumer Population • Farm Commodity Marketing • Marketing Strategies for Farm Commodities • Types of Livestock and Dairy Markets • Types of Grain Markets • Types of Fruit and Vegetable Markets • Specialty Markets • Marketing Agribusiness Products • Advertising • Price Promotions • Merchandising Promotions • Public Relations Activities • Coordination • The Four “P’s” of Agribusiness Marketing and the Marketing Mix • Value Adding • Commodity Research and Promotion Boards • Check-off Program • New Product Development by Commodity Boards • Market Analysis • Conclusion • Summary*

### **CHAPTER 14 Commodity (Futures) Marketing ..... 356**

*Introduction • History of Commodity (Futures) Markets • No Early Standards • Formation of the Chicago Board of Trade • Forward Contracts Increase in Popularity • Change from Forward Contracts to Futures Contracts • Standardized Agreements in Futures Contracts • Initiation of the Margining System • Commodity (Futures) Exchanges • Exchanges Do Not Trade Anything Physical • Commodities in Addition to Agricultural Commodities Are Also Traded • Purpose of Commodity (Futures) Markets • Buying Futures Contracts • What Does a Futures Contract Look Like? • Practice Reading a Price Quote • Determining the Value of One Futures Contract • Determining Profit or Loss on a Futures Contract • Hedgers and Speculators • Long (Buying) and Short (Selling) Hedgers • Speculators • Determining the Price of a Commodity • Price Discovery Trading on the Trading Floor • Forecasting Market Direction through Government Reports • Making the Futures Trading Transaction • Opening an Account • Margins • Placing Orders • Order Route • Action on the Trading Floor • Futures Options • Calls (Purchases) and Puts (Sells) • Premium Cost • The Most You Can Lose Is the Premium • Intrinsic Value • Time Value • Using Futures Options to Benefit Agribusiness • Ways to Exit a Futures Option Position • Regulations within the Commodity (Futures) Exchanges • Is Your Money Safe? • Protecting the Marketplace • Protecting Investors in U.S. Markets • Conclusion • Summary*

**CHAPTER 15 International Agriculture Marketing ..... 393**  
 Introduction • Importance of Trade • Economic Benefits • Quality of Life • Jobs • Consumer Benefit from International Trade • Basis for Trade • Absolute Advantage • Comparative Advantage • Importance of Specialization • Exporting Agricultural Products • Major Commodities That Are Exported • Major Buyers of U.S. Exports • Humanitarian Reasons for Exporting • Beneficial Side Effects of Exporting • Importing Agricultural Products • Agricultural Trade Balance • Free Trade or Protectionism? • Agricultural Trade Policy • General Economic Arguments for Free Trade • General Economic Arguments for Protectionism • Export and Import Trade Barriers • Import Controls • Export Controls • International and Regional Trade Agreements • International Approach to Trade Agreements • Regional Approach to Trade Agreements • Careers Related to International Agriculture • Export-Import Services • Foreign Agricultural Services • International Agricultural Research • The Peace Corps • Conclusion • Summary

**CHAPTER 16 Agrimarketing Channels ..... 414**  
 Introduction • Historical Evolvement of Agrimarketing Channels • Evolvement of Specialists • The Farmers' Share of the Consumer's Dollar Falls • Both Producer and Consumer Gain • Assemblers of Agricultural Products • Agricultural Commodity Processors and Food Manufacturers • Technology in Commodity Processing and Food Manufacturing • Size, Volume, and Structure • Processors • Food Manufacturers • Agribusiness Wholesaling • Size and Volume of Sales • Trend toward Wholesale-Retail Affiliation • Reasons Why Wholesalers Exist • Types of Wholesalers • Agribusiness Retailing • Chain Stores • Types of Grocery Stores • Other Agribusiness Retailing • Food Service Industry • Growth and Volume of the Food Service Industry • Percentage of Selected Foods Consumed in the Food Service Industry • Reasons for Growth in the Food Service Industry • Types of Food Service Establishments • Taste Trends and New Operating Styles • Future of the Food Service Industry • Related and Contributory Services • Standardization and Grading • Packaging • Storing • Order Processing • Inventory Control • Transportation • Market Communications • Financing • Product Development • Market Research • Merchandising • Advertising • Regulatory • Careers in Agrimarketing • Meat and Livestock Industry • Feed Industry • Fruits and Vegetables • Ornamental Horticulture • Cotton Industry • Dairy Industry • Conclusion • Summary

---

**UNIT 5 AGRICULTURAL ECONOMICS**

**CHAPTER 17 Agricultural Economics and the American Economy ..... 442**  
 Introduction • Definitions of Economics • Three Major Components of Economics • Scarcity • Types of Resources • Wants and Needs • Three Basic Economic Questions • What Goods, and How Much, to Produce • How to Produce the Goods • Who Should Get What? • Combining the Economic Ingredients • Economic Systems • Traditional System • Capitalism • Socialism • Fascism • Communism • Mixed Economic Systems • Economics—A Historical Perspective • The Father of Economics • Adam Smith's Proposed Economic

System • The Influence of David Ricardo and Thomas Malthus • The Role of Government versus the Role of Individuals • Economic Classification According to the Role of Government in Economic Decision Making • Competition • Individual Economic Freedom • Political Party Philosophy • Characteristics of the American Economy • The Role of Government • *Freedom of Enterprise* • *Freedom of Choice* • *Private Property* • *Profit Incentive* • Competition • Macroeconomics versus Microeconomics • Macroeconomics • Microeconomics • Agricultural Economics • Early Agricultural Economics Centered around Farm Production • Specialty Areas in Agricultural Economics • Conclusion • Summary

**CHAPTER 18 Economic Activity and Analysis . . . . . 462**

Introduction • Economic Activity in the United States • Purpose of the Economist • The Great Depression • Business Cycles and Patterns • Circular Flow of the Economy • Measuring Economic Activity via Economic Indicators • Gross Domestic Product • Inflation • Unemployment • Value of Economic Indicators • Money and Banks • Different Types of Money • Functions of Money • How Banks Create Money • The Federal Government and Economic Stability • Fiscal Policy • Monetary Policy • Basis of Economic Policy • Positive Economics • Normative Economics • The Nation's Economic Goals • Economic Growth • Economic Stability • Economic Justice • Economic Security • Economic Freedom • Types of Economic Analysis • Marginal Analysis • *Ceteris Paribus* ("All Else Held Constant") • Production Possibilities • Opportunity Cost • Law of Increasing Cost • Equal Product Curve • Productive Power of Advanced Technology and Innovations • Common Pitfalls in Economic Analysis • Attaining Economic Efficiency • Conclusion • Summary

**APPENDIX 487**

Laws of Supply and Demand • Factors Affecting Price • Law of Supply • Factors That Can Increase or Decrease the Supply of Products • Law of Demand • Factors That Can Increase or Decrease the Demand for Products

Glossary 491
