INTERNATIONAL EDITION

CONTENTS

CHAPTER 1

THE INFORMATION AGE IN WHICH YOU LIVE 3

Changing the Face of Business

Managing Customer Relations in an Electronic World 3

INTRODUCTION 4

THE MANAGEMENT INFORMATION SYSTEMS CHALLENGE 4

What Businesses Do 4

Customer Moment of Value 5

Team Work—Defining Customers and Their Moment of Value 6

The Role of Information Technology 6

The Global Perspective—Warehousing Customer Moment of Value 7

CHARACTERISTICS OF TODAY'S NEW BUSINESS 8

Globalization 8

The Global Perspective—Sony Wants to Be in Every Room of Your Home 9

Information as a Key Resource 9

Team Work—I Want It! 10

Electronic Commerce 10

Knowledge Worker Computing 12

INFORMATION TECHNOLOGY 12

Supporting Information-Processing Tasks 12

Supporting Decision-Making Tasks 13

Supporting Shared Information through Decentralized Computing 14

Supporting Innovation 14

INFORMATION 14

Industry Perspective (Financial Services)—Shedding Pen and Paper for Decentralized Information 15

On Your Own—Redefining Business Operations through IT Innovation 15

Industry Perspective ("com")—Free Long-Distance Phone Calls on the Internet 16

For Customer Moment of Value 16

The Flows of Information in an Organization 17

Industry Perspective (Health Care)—Intranet Telephone Directory Saves Children's Healthcare \$15,000 per Year 18

What Information Describes 18

KNOWLEDGE WORKERS 19

Being an Information-Literate Knowledge Worker 19

Being a Socially Responsible Knowledge Worker 20

Industry Perspective (Entertainment & Publishing)—Internet + Entertainment = Entertainment 21

On Your Own—E-Mail: Electronic Mail or Expensive Mail? 23

Closing Case Study: How Much of Your Personal Information Do You Want Businesses to Know?	23
Knowledge Worker's Checklist	24
Real HOT: Electronic Commerce—Using the Internet as a Tool to Find a Job	26

EXTENDED LEARNING MODULE A: IT SYSTEMS IN YOUR ORGANIZATION 33

INTRODUCTION 33

ORGANIZATIONS, INFORMATION, AND INFORMATION TECHNOLOGY 34

Organizations 34

Information 34

Information Technology 35

TRANSACTION PROCESSING SYSTEMS (TPS) 36

CUSTOMER INTEGRATED SYSTEMS (CIS) 37

MANAGEMENT INFORMATION SYSTEMS (MIS) 38

WORKGROUP SUPPORT SYSTEMS (WSS) 40

Team Dynamics 40

Document Management 41

Applications Development 41

DECISION SUPPORT SYSTEMS (DSS) AND ARTIFICIAL INTELLIGENCE (AI) 42

EXECUTIVE INFORMATION SYSTEMS (EIS) 43

INTERORGANIZATIONAL SYSTEMS (IOS) 44

BUSINESS REVIEWS 45

CHAPTER 2

STRATEGIC AND COMPETITIVE OPPORTUNITIES 47

Using IT for Competitive Advantage

CAD Preps AmericaOne for the America's Cup	47
--	----

INTRODUCTION	48
COMPETITIVE ADVANTAGE EXAMPLES	48
Federal Express	48
UPS and Fender Guitar	49
Dell Computer	50
Cisco Systems	50
On Your Own—Looking for Opportunities Close to Home	50
HOW SMART COMPANIES GET A COMPETITIVE ADVANTAGE FROM IT	52
The CEO's Attitude toward Information Technology	52
Bridging the Gap between Business People and Technical People	52
Industry Perspective (Manufacturing)—GE Leadership Leads the Way in Competitive IT	53
Viewing the Business Problem from Another Perspective	53
Demanding a Creative Design	54
The Global Perspective—Even Nations Can Gain a Competitive Advantage with IT	55
Looking beyond the Four Walls of the Company	56
TOOLS THAT CAN HELP	57
Industry Perspective (Health Care)—Just-in-Time Surgery	58
The Five Forces Model	58
The Three Generic Strategies	59
Using the Five Forces Model	59
Industry Perspective (Entertainment & Publishing)—Here Comes Electronic Ink	60
Team Work—Finding the Best IT Strategy for Your Industry	61
Industry Perspective (.com)—Keeping an Eye on the Competition	62
Using the Three Generic Strategies	62
On Your Own—Building on the State of the Art	63
The Value Chain	63
Identifying Processes That Add Value	64
Identifying Processes That Reduce Value	64
WHAT'S DIFFERENT WITH E-COMMERCE?	65
Mass Customization and Personalization	65
Disintermediation	67
Global Reach	68
New Technologies That Work with the Internet	68
THE U.S. AIRLINE INDUSTRY: A GREAT EXAMPLE	69
Airline Reservation Systems	69
Team Work—Helping the Little Guy Compete	70
Frequent Flyer Programs	70
Yield Management Systems	70
Disintermediating the Travel Agent	71
Knowledge Worker's Checklist	72
The Global Perspective—Paperless Payments	72
SUMMING IT UP	73
Closing Case Study: GM Tries to Lure Customers with OnStar	74
Real HOT Electronic Commerce—Ordering Products on the Internet	75

CHAPTER 3

DATABASES AND DATA WAREHOUSES	81
A Gold Mine of Information	
We Make Green Bay Packer "Cheesehead" Hats	81
INTRODUCTION	82
INFORMATION IN AN ORGANIZATION REVISITED	82
Processing Information in the Form of Transactions	82
Using Information to Make a Decision	82
The Global Perspective—Floating Databases Aboard Royal Caribbean Cruise Ships	84
Managing Information while It Is Used	84
THE DATABASE AND DATABASE MANAGEMENT SYSTEM ENVIRONMENT	86
What Is a Database?	86
Industry Perspective (Financial Services)—Should You Have Access to Medical Malpractice Databases?	88
What Is a Database Management System?	89
Industry Perspective (.com)—Making the Move to .com	91
Team Work—Defining Information Privileges during University Registration	95
On Your Own—DBMS Support for OLTP, OLAP, and Information Management	96
THE RELATIONAL DATABASE MODEL	96
THE OBJECT-ORIENTED DATABASE MODEL	99
DATA WAREHOUSING AND DATA MINING	100
What Is a Data Warehouse?	100
Team Work—Politically Correct Data Mining	101
What Are Data Mining Tools?	102
Important Considerations in Using a Data Warehouse	103
On Your Own—How Up-to-Date Should Data Warehouse Information Be?	103
Industry Perspective (Entertainment & Publishing)—We Want to Know Our Customers	105
The Global Perspective—How Many Customers Do You Really Have?	106
MANAGING THE INFORMATION RESOURCE IN AN ORGANIZATION	106
How Will Changes in Technology Affect Organizing and Managing Information?	106
What Types of Database Models and Databases Are Most Appropriate?	107
Who Should Oversee the Organization's Information?	107
Industry Perspective (Health Care)—Cracking the Human Genetic Code	108
Is Information Ownership a Consideration?	108

What Are the Ethics Involved in Organizing and Managing Information?	108
How Should Databases and Database Applications Be Developed and Maintained?	109
Closing Case Study: Mining Dining Data	109
Knowledge Worker's Checklist	110
Real HOT Electronic Commerce—Searching Online Databases and Information Repositories	112

EXTENDED LEARNING MODULE B: BUILDING A DATABASE AND ENTITY- RELATIONSHIP DIAGRAMMING

117

INTRODUCTION

117

DESIGNING AND BUILDING A RELATIONAL DATABASE

118

Step 1: Defining Entity Classes and Primary Keys	118
Step 2: Defining Relationships among Entity Classes	118
Step 3: Defining Information (Fields) for each Relation	121
Step 4: Using a Data Definition Language to Create Your Database	123

CHAPTER 4

DECISION SUPPORT AND ARTIFICIAL INTELLIGENCE

127

Brainpower for Your Business

Continental Airlines Flies High with Decision Support	127
---	-----

INTRODUCTION

128

DECISIONS, DECISIONS, DECISIONS

128

Types of Decisions You Face	128
How You Make a Decision	130

DECISION SUPPORT SYSTEMS

130

Components of a Decision Support System	131
Industry Perspective (Health Care)—Doctor's Little Helper Is Just a Click Away	134
Ethical Questions in Decision Support Systems	134

GROUP DECISION SUPPORT SYSTEMS

135

The Team Decision-Making Process and You	136
Key Components in a Group Decision Support System	136
Meetings: A Fact of Life in Business	137
Industry Perspective (Manufacturing)—Finding What to Fix at IBM	137
Meetings When and Where You Want to Be	138

Team Work—Hold Virtual Meetings to Complete a Project	139
The Global Perspective—GIS Put South Africans on an Election Map	140

GEOGRAPHIC INFORMATION SYSTEMS

140

ARTIFICIAL INTELLIGENCE

143

EXPERT SYSTEMS

144

The Global Perspective—Expert System Gets Goods Safely across the Border	144
Components of an Expert System	146
Industry Perspective (".com")—Look Ma, No Hands!	148
What Expert Systems Can and Can't Do	148
Ethical Questions in Expert Systems	149
Team Work—Traffic Lights Revisited	150

NEURAL NETWORKS

150

Training a Neural Network	150
Ethical Questions in Neural Networks	151

GENETIC ALGORITHMS

151

INTELLIGENT AGENTS

152

Find-and-Retrieve Agents	152
On Your Own—Go Bargain Hunting Online	153
User Agents	153
Monitoring and Surveillance Agents	153
Industry Perspective (Financial Services)—Just How Good Is Your Web Site?	154
Data-Mining Agents	154
Components of an Intelligent Agent	154
On Your Own—Which AI Software Should You Use?	155
Knowledge Worker's Checklist	156
Closing Case Study: Are You Green, Yellow, or Red on Your Bank's Computer?	157
Real HOT Electronic Commerce—Finding Investment Opportunities on the Internet	159

EXTENDED LEARNING MODULE C: NETWORK BASICS

165

HOME NETWORKS

165

Connecting to the Internet—The King of Networks	165
A Simple Home Network—Peer to Peer	167

BUSINESS NETWORKS

171

Client/Server—A Business View	171
Client/Server—A Physical View	175

COMMUNICATIONS SERVICE PROVIDERS

176

Public Network	178
Private Network	178
Value-Added Network	178
Virtual Private Network	179

NETWORK TECHNOLOGIES	179
Types of Networks by Distance and by Topology	179
Telecommunications Media—The Paths over Which Information Travels	181
Processors	185
Protocols	186
This Is Really Only the "Basics"	186

CHAPTER 5

ELECTRONIC COMMERCE 189 **The End of the Beginning**

Buying Pepsi Online	189
---------------------	-----

INTRODUCTION 190

THE GROWTH OF GLOBAL E-COMMERCE 190

Global E-Commerce Growth Projections	191
The Digital Divide	191

BUSINESS TO CONSUMER E-COMMERCE 192

The Advantages of B2C E-Commerce	192
Industry Perspective (Retail)—The Right Tool for Ace Hardware	194
On Your Own—B2C Services	195
Team Work—Broadband Services: Where Do You Place Your Bets?	195
The End of the Beginning in B2C E-Commerce	196
Industry Perspective (Manufacturing)—Toyota Gets Moving on Web Initiatives	198
Lessons Learned: What Works and What Doesn't Work	198
The Global Perspective—Europe to Lead World in Online Grocery Sales	199

BUSINESS TO BUSINESS E-COMMERCE 205

Corporate Purchasing Segments	206
Purchasing of Direct Materials	206
Industry Perspective ("com")—Dairy Industry Gets Set for B2B Exchange	207
Team Work—What Should Allright Distributors Do?	208
Purchasing of Indirect Materials (MRO)	211
On Your Own—A Range of Possibilities for New EDI	211
Industry Perspective (Transportation)—BNSF: Making the Trains Run on Time	212
B2B Marketplaces	212
Intranets and Extranets	213

THE ROLE OF GOVERNMENT IN PROMOTING E-COMMERCE 214

E-COMMERCE PAYMENT SYSTEMS AND DIGITAL CASH 215

Traditional and Next-Generation EDI	215
Credit Cards and Smart Cards	215

Electronic Bill Presentment and Payment	216
---	-----

SECURITY AND PRIVACY ISSUES 216

Security	216
Privacy	218
The Global Perspective—European Privacy Laws	219
Knowledge Worker's Checklist	220
Closing Case Study: Who Needs Disappearing Inc.?	220
Real HOT Electronic Commerce—Getting Your Business on the Internet	222

CHAPTER 6

EMERGING TECHNOLOGIES 231 **Innovations for Tomorrow**

High-Tech Hollywood Creates High-Quality Films	231
--	-----

INTRODUCTION 232

EMERGING TECHNOLOGIES FOR ALL THE SENSES 233

3-D	233
Automatic Speech Recognition	234
Industry Perspective (Retail)—Growing Up with Speech Recognition	237
Virtual Reality	237
On Your Own—Understanding the Speed of Automatic Speech Recognition	238
Industry Perspective (Health Care)—Virtual Reality for the Betterment of People and Society	239
Biometrics	241
Some Final Thoughts about Emerging Technologies for All the Senses	241

THE INTERNET EXPLOSION 241

Electronic Cash	242
Team Work—Finding Electronic Cash on the Internet	244
Free Internet Telephone Use	244
Industry Perspective (IT & Telecommunications)—EZfone Makes Internet Phone-Calling "EZ"	245
High-Speed Internet Access	245
Internet Appliances	246
Industry Perspective ("com")—Storage Space and Software for Rent/Free on the Internet	247

THE WIRELESS REVOLUTION 248

The Global Perspective—Buy Soft Drinks with Your Phone? They Do in Finland	249
On Your Own—Which Internet Appliance Is Right for You?	249
Global Positioning System	250
Industry Perspective (Manufacturing)—OnStar Is Always Onboard while You Drive	250

Wireless Local Area Networks	251
Addressing the "Ility" Issue of Wireless Technologies	252

EMERGING TECHNOLOGIES FOR YOUR PERSONAL LIFE 252

Smart Cards	252
Intelligent Home Appliances	253
Team Work—Finding Home Appliances with a Brain	253
The Global Perspective—Staying in Touch with Your Home from Around the World	254
Your Internet-Connected Home	254

Closing Case Study: Self-Scanning, Multimedia, and Wireless Grocery Shopping	255
Knowledge Worker's Checklist	256
Real HOT Electronic Commerce—Finding Freeware and Shareware on the Internet	257

CHAPTER 7

DEVELOPING IT SYSTEMS 265

Bringing IT Systems to Life

HomeBase Buys Software to Move beyond EDI	265
---	-----

INTRODUCTION 266

IT SYSTEMS 266

Gathering All Proposed IT Systems	267
Considering Proposed IT Systems in Light of Organizational Goals	267
Evaluating Proposed IT Systems	267
Planning for What You Can't Live Without	268
The Goal—The IT Systems Plan	269

SYSTEMS DEVELOPMENT IS A QUESTION-AND-ANSWER SESSION 269

Why Is Your Participation Important?	269
Industry Perspective (Financial Services)—Disaster Recovery Plans Are More than One Plan	270
Systems Development	271

INSOURCING AND THE TRADITIONAL SYSTEMS DEVELOPMENT LIFE CYCLE 272

Industry Perspective (Retail)—For Sears, Planning for the Future Was Essential	273
Step 1: Planning	274
Step 2: Scoping	274
Photo Essay 7-1—ITW Enterprises at Work	276
Step 3: Analysis	278
Step 4: Design	280
Step 5: Implementation	282
Step 6: Support	283
The Global Perspective—Hiring Programmers from around the World	284
Team Work—Your Responsibilities during Each Step of the SDLC	284

SELF-SOURCING AND PROTOTYPING 286

Prototyping	286
-------------	-----

Industry Perspective (Manufacturing)—Prototyping with Software Is a Must in Manufacturing	287
The Selfsourcing Process	289
On Your Own—How Have You Selfsourced?	291

OUTSOURCING 292

The Outsourcing Process	293
On Your Own—A Request for Proposal and the Systems Development Life Cycle	295
The Advantages and Disadvantages of Outsourcing	295
The Global Perspective—Outsourcing at a Global Level	296

ENTERPRISE RESOURCE PLANNING AND ENTERPRISE SOFTWARE 297

The Reality of Enterprise Resource Planning and Enterprise Software	298
Industry Perspective ("com")—JD Edwards' OneWorld Enterprise Software Prepares Your Organization for the Web	299
Team Work—Matching IT Systems to the Who of Systems Development	299

Knowledge Worker's Checklist	300
Closing Case Study: Codeveloping Enterprisewide Systems in the Medical Field	302
Real HOT Electronic Commerce—Building the Perfect Web Page	303

CHAPTER 8

PROTECTING INFORMATION AND PEOPLE 311

Threats and Safeguards

Payless—Shoes with Information behind Them	311
--	-----

INTRODUCTION 312

PEOPLE 312

Ethics	312
Team Work—What Would You Do?	314
Intellectual Property	315
Privacy	316
Industry Perspective (Manufacturing)—Don't Send Suggestive E-Mail from Your Place of Work!	317
Industry Perspective (Health Care)—Employee Monitoring That Makes People Happy	318
On Your Own—Who Knows about You?	319
The Global Perspective—Britain's E-Mail Privacy—RIP	321
Cultural Diversity	321
On Your Own—Is Your Computer a Health Hazard?	323
Ergonomics	323
The Global Perspective—Going to College without Going to College	324

INFORMATION 324

The Role of Information	324
-------------------------	-----

Team Work—Could You Work a Help Desk?	325
Security	325
Industry Perspective (Entertainment & Publishing)—Bounce and Toy Story 2: Playing Digitally at a Cinema Near You	326
Industry Perspective (" .com")—eCampus is Security Conscious	333
Disaster Recovery	333
Industry Perspective (Financial Services)—The Bank Was in Danger of Collapse	335
Knowledge Worker's Checklist	336
Closing Case Study: Arriving for Work in Your Fuzzy Slippers	336
Real HOT Electronic Commerce—Making Travel Arrangements on the Internet	338

CHAPTER 9

PREPARING FOR THE FUTURE 345

It's Your World

Will You Allow History to Repeat Itself?	345
--	-----

INTRODUCTION 346

WHAT ARE THE JOBS OF THE FUTURE? 346

On Your Own—What's Your Future Job and the Skills You Need?	347
---	-----

WILL B2C DOT-COMS SURVIVE? 348

WHEN WILL WE ACHIEVE TRANSPARENCY? 348

The Unreliability of Technology	349
---------------------------------	-----

Industry Perspective (" .com")—Who's Afraid of the Big, Bad Dot-Coms?	350
---	-----

Industry Perspective (Hospitality & Leisure)—Backup Servers Serve Up Domino's Pizza	350
---	-----

The Last-Mile Bottleneck Problem	351
----------------------------------	-----

Industry Perspective (IT & Telecommunications)—Using Wireless Fiber Optics to Solve the Last-Mile Bottleneck Problem	352
--	-----

ANY LAST PREDICTIONS? 352

Will We Close the Digital Divide?	352
Will Technology Truly Become "Intelligent"?	352
Will Coins and Cash Disappear?	352
Will Wireless Be the Only Way?	352
Team Work—Gaze into Your Crystal Ball	352

WHAT WILL THE KEY FUTURE BUSINESS RESOURCE BE? 352

Knowledge Worker's Checklist	354
Closing Case Study: You and Your Information	354
Real HOT Electronic Commerce—Continuing Your Education Through the Internet	356

REAL HOT GROUP PROJECTS 362

CASE 1 ASSESSING THE VALUE OF INFORMATION: TREVOR TOY AUTO MECHANICS 362

CASE 2 ASSESSING THE VALUE OF INFORMATION: AFFORDABLE HOMES REAL ESTATE 363

CASE 3 EXECUTIVE INFORMATION SYSTEM REPORTING: B&B TRAVEL CONSULTANTS 364

CASE 4 BUILDING VALUE CHAINS: STARLIGHT'S CUSTOMERS DEFINE VALUE 365

CASE 5 USING RELATIONAL TECHNOLOGY TO TRACK TECHNOLOGY: REMO FASHIONS 367

CASE 6 BUILDING A DECISION SUPPORT SYSTEM: CREATING AN INVESTMENT PORTFOLIO 368

CASE 7 ADVERTISING WITH BANNER ADS: HIGHWAYSANDBYWAYS.COM 369

CASE 8 EVALUATING REQUESTS FOR PROPOSALS: ITW ENTERPRISES 370

CASE 9 DEMONSTRATING HOW TO BUILD WEB SITES: WITH HTML 372

CASE 10 MAKING THE CASE WITH PRESENTATION GRAPHICS SOFTWARE: INFORMATION TECHNOLOGY ETHICS 372

EXTENDED LEARNING MODULE D: HARDWARE AND SOFTWARE 375

COMPUTER HARDWARE: PHYSICAL DEVICES 376

Capturing Information: Input Technologies	376
Photo Essay: Input Technology Tools	378
Conveying Information: Output Technologies	381
Photo Essay: Output Technology Tools	382
Creating Information: Computer Brain	384
Cradling Information: Storage Technology	385
Photo Essay: Storage Technologies	386
Communicating Information: Telecommunications Technology	389

COMPUTER SOFTWARE: INTELLECTUAL INTERFACES 390

System Software: Technology Management	390
Application Software: Your Productivity	391

**HARDWARE AND SOFTWARE
WORKING TOGETHER: PERFECT
HARMONY 393**

**BUYING YOUR PERSONAL
COMPUTER SYSTEM: WHAT DO
YOU REALLY NEED? 397**

Buy as Much RAM as You Can	397
Buy as Fast a CPU as You Can	397
Buying Personal Productivity Software in a Suite	397
Standard Input Devices Are Usually Enough	397
Consider the Quality of Your Printer	397
Buy the Fastest Modem You Can	397
Desktop versus Laptop—Who Knows?	397
Buying a Used Computer—Beware	398
Consider Ergonomics	398
Questions and Projects	398

**EXTENDED LEARNING
MODULE E: THE INTERNET
AND THE WORLD WIDE WEB 399**

**PHOTO ESSAY: A TOUR OF
THE INTERNET 400**

Types of Computers on the Internet	401
------------------------------------	-----

THE WORLD WIDE WEB 402

Interpreting Addresses	403
------------------------	-----

**NAVIGATING THE WEB WITH WEB
BROWSER SOFTWARE 404**

**FINDING SITES WITH A
SEARCH ENGINE 406**

SCAVENGER HUNTS 408

**EXTENDED LEARNING
MODULE F: OBJECT-ORIENTED
TECHNOLOGIES 411**

Photo Essay: What Does It Mean to Be Object-Oriented?	412
Photo Essay: Why Are Object-Oriented Concepts and Techniques Becoming So Popular?	414

**SO WHY ARE OBJECT-ORIENTED
CONCEPTS AND TECHNIQUES
IMPORTANT TO YOU? 416**

GLOSSARY 417
