

LEAN SIX SIGMA FOR SERVICE

**Conquer complexity
and achieve major
cost reductions in
less than a year**

6 σ

**How to Use Lean Speed & Six Sigma Quality
to Improve Services and Transactions**

MICHAEL L. GEORGE

**With case studies from Lockheed-Martin, Bank One, Stanford
University Hospital, and The City of Fort Wayne, Indiana**

PART I

Using Lean Six Sigma for Strategic Advantage in Service

Chapter 1 The ROI of Lean Six Sigma for Services.....	3
What Does Lean Six Sigma Mean for Services?.....	6
Applying Lean Six Sigma to Services	8
Why Services Are Full of Waste—and Ripe for Lean Six Sigma	12
The Strategic Imperative of Investing in Lean Six Sigma	13
Revenue Growth Drives Shareholder Value	16
Conclusion	17
Chapter 2 Getting Faster to Get Better (Why You Need Both Lean and Six Sigma)	19
Defect-free Service: What Six Sigma has to offer	21
Speed & Low Cost: What Lean can contribute	24
A Lean Primer	26
Basic Lean Lessons	28
Service Example of “Hard” Lean Tools	42
Why Does Lean <i>Need</i> Six Sigma?.....	46
Why Does Six Sigma <i>Need</i> Lean?.....	50
Blending Lean and Six Sigma to Optimize Service	54
Success Story #1 Lockheed Martin	57

Chapter 3 Seeing Services Through Your Customers’ Eyes	69
VOC Use #1: Strategic business decisions.....	70
VOC Use #2: Product/service evaluation and design	73
VOC Use #3: Process improvement and problem-solving	80

VOC Use #4: Shaping job descriptions & skill sets
around customer needs80
Conclusion82

Success Story #2 Bank One85

**Chapter 4 Executing Corporate Strategy
with Lean Six Sigma.....101**

Applying Value-Based Management to Project Selection 102
Stage 1: Identifying the Burning Platform of shareholder
value creation 103
Stage 2: Mapping the value streams 106
Stage 3: Prioritizing projects (finding the Time Traps) 111
Value Creation Through Acquisitions and Divestitures 128
Conclusion 131

Success Story #3 City of Fort Wayne, Indiana133

Chapter 5 The Value in Conquering Complexity.....143

Face-to-Face with the Cost of Complexity 145
The Forces Driving Increased Service/Product Complexity 151
Strategies for Reducing Complexity 156
Calculating the Cost of Complexity 164
Conclusion 167

Success Story #4 Stanford Hospital and Clinics169

**Part II
Deploying Lean Six Sigma
in Service Organizations**

Introduction181

Chapter 6 Phase 1: Readiness Assessment185

Readiness Step 1: Select the Champion 187
Readiness Step 2: Establish a baseline snapshot 189

Readiness Step 3: Interviews with top management 189
 Readiness Step 4: Engaging key influencers 190
 Readiness Step 5: Assessing the impact 192
 Conclusion 196

Chapter 7 Phase 2: Engagement (Creating Pull) .. 197

Examples of Engagement Strategies 200
 Education, Communication, and Involvement 202
 Rules of Engagement 203
 Conclusion: Starting off on the right foot 207

Chapter 8 Phase 3: Mobilization209

Mobilization Goal #1: Commission an executive team 210
 Mobilization Goal #2: Create the infrastructure 213
 Mobilization Goal #3: Develop training 231
 Mobilization Goal #4: Select and charter first-wave projects 234
 Mobilization Goal #5: Reach consensus on common metrics 235
 Conclusion 237

Chapter 9 Phase 4: Performance & Control239

Planning Ahead 239
 Avoiding the Pitfalls in Lean Six Sigma Deployment 242
 Vigilance: Warning signals and decelerators 247
 Conclusion: Achieving transformational change 250

**Part III
 Improving Services**

Chapter 10 Service Process Challenges255

Process Challenges in Service 255
 The Biggest Challenge in Service: Learning to recognize waste 259
 Running Projects in a Service Environment 262
 Conclusion 272

**Chapter 11 Using DMAIC to Improve
 Service Processes273**

Project Chartering: The transition into Define 273
 Basic Elements of Define 275

Basic Elements of Measure	281
Basic Elements of Analyze	289
Basic Elements of Improve.....	292
Basic Elements of Control.....	303
Improving Your Improvements	308
Conclusion.....	310
Chapter 12 First Wave Service Projects	311
Case #1: Understanding the process.....	313
Case #2: Blaming the visible part of the process.....	318
Case #3: Turning a customer hassle into a delighter	323
Case #4: Getting rid of backlog.....	328
Case #5: It's not just WIP piling up.....	332
Lessons We Can Learn	334
Chapter 13 Raising the Stakes in Service Process Improvement	335
Case #6: Gaining control over process complexity [a service Kaizen project].....	337
Case #7: Collaborating with internal customers	342
Case #8: Improving response time on signature services.....	346
Case #9: Cleaning up your workspace (a 5S+1 project).....	350
Case #10: Knowing what's here (and where it is).....	353
Case #11: Changing professional practice.....	358
Case #12: Developing supplier relationships through Lean Six Sigma.....	358
Lessons We Can Learn	360
Chapter 14 Designing World-Class Services (Design for Lean Six Sigma)	361
Designing Services with DMEDI	362
Define.....	364
Measure.....	366
Explore.....	372
Develop	376
Implement.....	379
Conclusion.....	379
Index.....	381
