Contents

Preface to the first edition	ix
Preface to the fifth edition	xi
Acknowledgements	xiii
About the authors	xv

Terminology	2
Terms used in describing movement	3

NERVOUS SYSTEM 5

Introduction	5
Cellular structure	5
Interneuronal connections	6
Myelination	6
Structure of a peripheral nerve	8
The peripheral nervous system	9

COMPONENTS OF THE MUSCULOSKELETAL SYSTEM 11

Connective tissue	11
Skeletal tissue	11
Muscular tissue	15
Joints	21
Spin, roll and slide	25
Levers	26

SKIN AND ITS APPENDAGES 27

Introduction	27
Structure	29

Appendages of the skin	32
Glands	33
Blood supply and lymphatic drainage of the skin	35
Nerves of the skin	35
Application	35

EARLY EMBRYOLOGY 36

Stages in development	36
-----------------------	----

2. The upper limb

43

Introduction	44
Development of the musculoskeletal system	45

BONES 49

Pectoral girdle	49
The humerus	52
The forearm	55
The carpus	59
The hand	62

MUSCLES 64

Movements of the pectoral (shoulder) girdle	64
Muscles retracting the pectoral (shoulder) girdle	64
Muscles protracting the pectoral (shoulder) girdle	67
Muscles elevating the pectoral (shoulder) girdle	69

- Muscles laterally rotating the pectoral (shoulder) girdle 71
- Muscles medially rotating the pectoral (shoulder) girdle 71
- Muscles stabilizing the clavicle 71
- Movements of the shoulder joint 72
- Muscles abducting the arm at the shoulder joint 72
- Muscles flexing the arm at the shoulder joint 75
- Muscles extending the arm at the shoulder joint 76
- Muscles adducting the arm at the shoulder joint 78
- Muscles medially rotating the arm at the shoulder joint 79
- Muscles laterally rotating the arm at the shoulder joint 80
- Muscles flexing the elbow joint 83
- Muscles extending the elbow joint 86
- Muscles supinating the forearm 89
- Muscles pronating the forearm 90
- Muscles flexing the wrist 92
- Muscles extending the wrist 94
- Muscles flexing the fingers 98
- Muscles flexing the thumb 101
- Muscles extending the fingers 103
- Muscles extending the thumb 105
- Muscles abducting/adducting/opposing the thumb 107
- Muscles abducting/adducting/opposing the fingers 110
- Fasciae of the upper limb 113
- Simple activities of the upper limb 116

JOINTS 121

- The pectoral girdle 121
 - The sternoclavicular joint 122
 - The acromioclavicular joint 128
- The shoulder joint 134
- The elbow joint 152
- Radioulnar articulations 164
 - The superior radioulnar joint 166
 - The inferior radioulnar joint 169
- The wrist 175
 - The radiocarpal joint 176
 - The intercarpal joints 178
 - The midcarpal joint 180
- Articulations within the hand 189

- The common carpometacarpal joint 191
- The intermetacarpal joints 194
- The joints of the thumb 194
- The joints of the fingers 200

NERVE SUPPLY 214

- The brachial plexus 214
- Dermatomes of the upper limb 226

BLOOD SUPPLY 226

- The arteries and pulses 226
- The veins 231

LYMPHATICS 232

- Introduction 236
- Development of the musculoskeletal system 238

BONES 241

- Pelvic girdle 241
- The innominate (hip) bone 243
- The sacrum 247
- The coccyx 248
- The femur 249
- The patella 252
- The tibia 253
- The fibula 255
- The bony structure of the foot 257
 - The tarsal bones 257
 - The metatarsals 260
 - The phalanges 261

MUSCLES 262

- Muscles around the hip joint 262
- Muscles extending the hip joint 263
- Muscles abducting the hip joint 268
- Muscles adducting the hip joint 270
- Muscles flexing the hip joint 274
- Muscles medially rotating the hip joint 277
- Muscles laterally rotating the hip joint 277
- Muscles producing movement of the knee joint 281
 - Muscles flexing the knee joint 281
 - Muscles extending the knee joint 284

- Muscles laterally rotating the tibia at the knee joint 288
 Muscles medially rotating the tibia at the knee joint 289
 Muscles plantarflexing the ankle joint 290
 Muscles dorsiflexing the ankle joint 293
 Muscles inverting the foot 295
 Muscles everting the foot 296
 Muscles extending the toes 300
 Muscles flexing the toes 304
 Abduction and adduction of the toes 309
 Muscles abducting the toes 309
 Muscles adducting the toes 311
 Fasciae of the lower limb 313
 Simple activities of the lower limb 317

JOINTS 323

- Joints of the pelvis 323
 The sacroiliac joint 325
 The symphysis pubis 330
 The lumbosacral joint 331
 The sacrococcygeal joint 334
 The hip joint 336
 The knee joint 356
 Tibiofibular articulations 395
 The superior tibiofibular joint 395
 The inferior tibiofibular joint 397
 The ankle joint 401
 Joints of the foot 416
 The intertarsal joints 420
 The subtalar joint 421
 The talocalcaneonavicular joint 423
 The calcaneocuboid joint 426
 The transverse (mid) tarsal joint 428
 The cuneonavicular joint 431
 The intercuneiform joints 431
 The cuneocuboid joint 432
 The tarsometatarsal joints 433
 The intermetatarsal joints 435
 The metatarsophalangeal joints 436
 The interphalangeal joints 438

NERVE SUPPLY 449

- Introduction 449
 The lumbar plexus 449
 The lumbosacral plexus 454
 The sacral plexus 462
 Dermatomes of the lower limb 462

BLOOD SUPPLY 463

- The arteries 463
 The veins 467

LYMPHATICS 469

The pelvis and legs 471

Introduction 472

BONES 480

- Lumbar vertebrae 480
 Thoracic vertebrae 480
 Cervical vertebrae 482
 The vertebral column 485
 The thoracic cage 488
 The ribs 488
 The sternum 491

MUSCLES 493

- Muscles producing movements of the trunk and thorax 493
 Muscles flexing the trunk 494
 Muscles extending the trunk 497
 Muscles rotating the trunk 500
 Muscles laterally flexing the trunk 501
 Muscles raising intra-abdominal pressure 501
 The inguinal canal 503
 Muscles of the pelvic floor 504
 Muscles producing inspiration 506
 Muscles producing expiration 510
 Fasciae of the trunk 511
 Simple activities of the trunk 512
 Muscles of the neck 513
 Muscles flexing the neck 514
 Muscles flexing the head and neck 515
 Muscles flexing the head on the neck 515
 Muscles laterally flexing the neck 516
 Muscles laterally flexing the head and neck 517
 Muscles laterally flexing the head on the neck 518
 Muscles extending the neck 518
 Muscles extending the head and neck 518
 Muscles extending the head on the neck 518
 Muscles rotating the neck 519
 Muscles rotating the head and neck 519
 Muscles rotating the head on the neck 519

JOINTS 520

-
- Articulations of the vertebral column 520
 - Joints between vertebral bodies 521
 - The uncovertebral joints 527
 - Joints between vertebral arches 527
 - The zygapophyseal joints 527
 - The atlantoaxial articulations 549
 - The lateral atlantoaxial joints 549
 - The median atlantoaxial joint 550
 - The atlanto-occipital joint 551
 - Joints of the thorax 562
 - Articulations of the ribs and their costal cartilages 564

NERVE SUPPLY 570

-
- The cervical plexus 570
 - The spinal cord 572
 - The autonomic nervous system 586

THE CARDIOVASCULAR SYSTEM 593

-
- Introduction 593
 - Development of the cardiovascular system 593
 - The heart 596
 - The great vessels 601

THE RESPIRATORY SYSTEM 602

-
- Introduction 602
 - Development of the respiratory system 603
 - Upper respiratory tract 603
 - The lungs and pleura 606

THE DIGESTIVE SYSTEM 610

-
- Introduction 610
 - Development of the digestive system 611
 - Oral cavity 611
 - Pharynx and oesophagus 615
 - Abdomen and pelvis 615
 - Abdominal regions 617
 - Chewing and swallowing 620

THE UROGENITAL SYSTEM 621

-
- Introduction 621
 - Development of the urinary system 621

- The urinary system 623
- Development of genital system 626
- Female reproductive system 628

THE ENDOCRINE SYSTEM 632

-
- Glands 632

**BONES 636**

-
- Introduction 636
 - The skull 636
 - The mandible 642
 - The hyoid bone 643

MUSCLES 644

-
- Muscles which change the shape of the face 644
 - Movements of the eyebrows 645
 - Muscles around the eye 646
 - Muscles around the nose 646
 - Muscles around the mouth 646
 - Muscles moving the mandible 648
 - Muscles elevating the mandible 649
 - Muscles retracting the mandible 650
 - Muscles protracting the mandible 650
 - Muscles depressing the mandible 651
 - Muscles depressing the hyoid bone 653
 - Muscles elevating the hyoid bone 654
 - Mastication and swallowing (deglutition) 654

JOINTS 655

-
- The temporomandibular joint 655

THE EAR, EYE AND BRAIN 662

-
- The ear 662
 - The eye 666
 - The brain 671

- Index 695
