

Sustainable Energy Systems in Architectural Design

A Blueprint for Green Building

Dr. Peter Gevorkian, Ph.D., PE

Contents

Introduction *vii*
Acknowledgments *xi*

- Chapter 1** Solar Power Technology *1*
- Chapter 2** Solar Power Generation Design *39*
- Chapter 3** Economics of Solar Power Systems *77*
- Chapter 4** Alternative Renewable Energy Technologies *91*
- Chapter 5** California Energy Commission Rebate Incentive Plans *155*
- Chapter 6** Photo Galleries *169*
- Appendix A** Glossary of Renewable Energy Power Systems *187*
Glossary of Meteorological Terms *195*
- Appendix B** Renewable Energy Tables and Important Solar Power Facts *197*
- Appendix C** Solar Power Systems Design and Installation Companies *217*

Index *243*
