Systems Analysis & Design Fundamentals

A Business Process Redesign Approach

Ned Kock

SAGE

Contents

Preface **vii**

Acknowledgments **xiii**

Chapter 1: Introduction 1

Part I: Emerging Trends in Business **13**

Part I Case: The FBI's Virtual Case File 13

Chapter 2: Data, Information, and Knowledge Flow in Business Processes 16

Chapter 3: Return on Investment in Technology 41

Part II: Understanding Business Processes **59**

Part II Case: DoD's Software Procurement From CSC 59

Chapter 4: The Past, Present, and Future of Business Process Redesign 62

Chapter 5: Business Process Modeling Approaches and Diagrams 79

Part III: Changing Business Processes **107**

Part III Case: IBM Global Financing's Credit Issuance Process 107

Chapter 6: Selecting a Target for Successful Business Process Redesign 110

Chapter 7: Representing Information and Knowledge in Business Processes 123

Chapter 8: Redesigning Business Processes 136

Part IV: Technology-Based Business Process Implementation **153**

Part IV Case: Investars, Inc.'s Outsourcing of Programming to Belarus 153

Chapter 9: Using IT to Enable New Process Designs 156

Chapter 10: Redesigning Little Italy Restaurants 176

Part V: Advanced Technology Issues **195**
Part V Case: Denver International Airport's Baggage Handling System 195
Chapter 11: Database Design Concepts and Issues 198
Chapter 12: Object-Oriented Design Concepts and Issues 215
Chapter 13: Business Process Automation With ASP 229
Chapter 14: Conclusion 251

Appendix A: Complete ASP Code Examples **263**

Appendix B: Answers to Review Questions **293**

Bibliography **299**

Index **313**

About the Author **321**
