

2004 UPDATE

NINTH EDITION

Core Concepts in Health

PAUL M. INSEL • WALTON T. ROTH

Contents

PART ONE

Establishing a Basis for Wellness

Chapter 1

TAKING CHARGE OF YOUR HEALTH 1

WELLNESS: THE NEW HEALTH GOAL 2

The Dimensions of Wellness 2

New Opportunities, New Responsibilities 3

National Wellness Goals: The Healthy People Initiative 5

Health Issues for Diverse Populations 6

CHOOSING WELLNESS 9

Factors That Influence Wellness 9

A Wellness Profile 9

HOW DO YOU REACH WELLNESS? 11

Getting Serious About Your Health 11

Building Motivation for Change 12

Enhancing Your Readiness to Change 17

Developing Skills for Change: Creating a Personalized Plan 19

Putting Your Plan into Action 22

Staying with It 22

BEING HEALTHY FOR LIFE 24

Making Changes in Your World 24

What Does the Future Hold? 24

Tips for Today 25

Summary 25

Take Action 26

Journal Entry 26

For More Information 26

Selected Bibliography 27

Chapter 2

STRESS: THE CONSTANT CHALLENGE 29

WHAT IS STRESS? 30

Physical Responses to Stressors 30

Emotional and Behavioral Responses to Stressors 33

The Stress Experience as a Whole 36

STRESS AND DISEASE 36

The General Adaptation Syndrome 36

Allostatic Load 36

Psychoneuroimmunology 37

Links Between Stress and Specific Conditions 37

COMMON SOURCES OF STRESS 39

Major Life Changes 39

Daily Hassles 39

College Stressors 40

Job-Related Stressors 40

Social Stressors 41

Environmental Stressors 41

Internal Stressors 41

TECHNIQUES FOR MANAGING STRESS 42

Social Support 42

Communication 42

Exercise 43

Nutrition 44

Sleep 44

Time Management 45

Cognitive Techniques 47

Relaxation Techniques 48

Counterproductive Coping Strategies 51

CREATING A PERSONAL PLAN FOR MANAGING STRESS 52

Identifying Stressors 53

Designing Your Plan 53

Getting Help 53

Tips for Today 53

Behavior Change Strategy: Dealing with Test Anxiety 54

Summary 54

Take Action 56

Journal Entry 56

For More Information 56

Selected Bibliography 57

Chapter 3

PSYCHOLOGICAL HEALTH 59

WHAT PSYCHOLOGICAL HEALTH IS NOT 60

DEFINING PSYCHOLOGICAL HEALTH 60

Realism 61

Acceptance 61
Autonomy 61
A Capacity for Intimacy 62
Creativity 62

MEETING LIFE'S CHALLENGES 62

Growing Up Psychologically 62
Achieving Healthy Self-Esteem 64
Being Less Defensive 66
Being Optimistic 66
Maintaining Honest Communication 67
Dealing with Loneliness 68
Dealing with Anger 69

PSYCHOLOGICAL DISORDERS 70

Anxiety Disorders 70
Mood Disorders 73
Schizophrenia 77

MODELS OF HUMAN NATURE AND THERAPEUTIC CHANGE 78

The Biological Model 78
The Behavioral Model 80
The Cognitive Model 80
The Psychodynamic Model 80
Evaluating the Models 81

GETTING HELP 81

Self-Help 81
Peer Counseling and Support Groups 81
Professional Help 82
Tips for Today 83
Summary 84
Take Action 84
*Behavior Change Strategy: Dealing with
Social Anxiety* 85
Journal Entry 86
For More Information 86
Selected Bibliography 87

PART TWO

Understanding Sexuality

Chapter 4

INTIMATE RELATIONSHIPS AND COMMUNICATION 89

DEVELOPING INTIMATE RELATIONSHIPS 90

Self-Concept and Self-Esteem 90
Friendship 91
Love, Sex, and Intimacy 92
Challenges in Relationships 93

Successful Relationships 95
Ending a Relationship 95

COMMUNICATION 96

Nonverbal Communication 96
Communication Skills 97
Gender and Communication 97
Conflict and Conflict Resolution 97

PAIRING AND SINGLEHOOD 99

Choosing a Partner 99
Dating 100
Living Together 101
Gay and Lesbian Partnerships 102
Singlehood 102

MARRIAGE 104

Benefits of Marriage 104
Issues in Marriage 104
The Role of Commitment 104
Separation and Divorce 105

FAMILY LIFE 105

Becoming a Parent 106
Parenting and the Family Life Cycle 106
Single Parents 106
Stepfamilies 107
Successful Families 108
Tips for Today 109
Summary 109
Take Action 110
Journal Entry 110
For More Information 110
Selected Bibliography 111

Varieties of Human Sexual Behavior	132
Atypical and Problematic Sexual Behaviors	133
Commercial Sex	133
Responsible Sexual Behavior	135
<i>Tips for Today</i>	136
<i>Summary</i>	137
<i>Take Action</i>	137
<i>Journal Entry</i>	137

Chapter 6

CONTRACEPTION 141

PRINCIPLES OF CONTRACEPTION 142

REVERSIBLE CONTRACEPTION 143

Oral Contraceptives: The Pill	143
Contraceptive Skin Patch	146
Vaginal Contraceptive Ring	147
Contraceptive Implants	148
Injectable Contraceptives	148
Emergency Contraception	149
The Intrauterine Device (IUD)	150
Male Condoms	151
Female Condoms	154
The Diaphragm with Spermicide	154
The Cervical Cap	156
The Contraceptive Sponge	156
Vaginal Spermicides	157
Abstinence, Fertility Awareness, and Withdrawal	158
Combining Methods	159

PERMANENT CONTRACEPTION: STERILIZATION 159

Male Sterilization: Vasectomy	160
Female Sterilization	161

ISSUES IN CONTRACEPTION 162

When Is It OK to Begin Having Sexual Relations?	162
Contraception and Gender Differences	164
Sexuality and Contraception Education for Teenagers	166

WHICH CONTRACEPTIVE METHOD IS RIGHT FOR YOU? 167

<i>Tips for Today</i>	168
<i>Summary</i>	169
<i>Take Action</i>	170
<i>Journal Entry</i>	170
<i>For More Information</i>	170
<i>Selected Bibliography</i>	171

Chapter 5

SEX AND YOUR BODY 113

SEXUAL ANATOMY 114

Female Sex Organs	114
Male Sex Organs	115

HORMONES AND THE REPRODUCTIVE LIFE CYCLE 117

Differentiation of the Embryo	117
Female Sexual Maturation	118
Male Sexual Maturation	120
Aging and Human Sexuality	121

SEXUAL FUNCTIONING 122

Sexual Stimulation	122
The Sexual Response Cycle	122
Sexual Problems	124

SEXUAL BEHAVIOR 126

The Development of Sexual Behavior	126
Sexual Orientation	130

Chapter 7

ABORTION 173

THE ABORTION ISSUE 174

- The History of Abortion in the United States 174
- Current Legal Status 174
- Moral Considerations 175
- Public Opinion 176
- Personal Considerations 179
- Current Trends 180

METHODS OF ABORTION 182

- Suction Curettage 182
- Manual Vacuum Aspiration 184
- Abortion After the First Trimester 184
- Medical Abortion 185

COMPLICATIONS OF ABORTION 186

- Possible Physical Effects 186
- Possible Psychological Effects 187

DECISION MAKING AND UNINTENDED PREGNANCY 188

- Tips for Today* 189
- Summary* 189
- Take Action* 190
- Journal Entry* 190
- For More Information* 190
- Selected Bibliography* 191

Chapter 8

PREGNANCY AND CHILDBIRTH 193

PREPARATION FOR PARENTHOOD 194

- Deciding to Become a Parent 194
- Preconception Care 195

UNDERSTANDING FERTILITY 197

- Conception 198
- Infertility 199

PREGNANCY 201

- Pregnancy Tests 201
- Changes in the Woman's Body 201
- Emotional Responses to Pregnancy 204
- Fetal Development 205
- The Importance of Prenatal Care 209
- Complications of Pregnancy and Pregnancy Loss 214

CHILDBIRTH 215

- Choices in Childbirth 215
- Labor and Delivery 216

The Postpartum Period 219

- Tips for Today* 220
- Summary* 220
- Take Action* 221
- Journal Entry* 221
- For More Information* 222
- Selected Bibliography* 223

PART THREE

Making Responsible Decisions: Substance Use and Abuse

Chapter 9

THE USE AND ABUSE OF PSYCHOACTIVE DRUGS 225

ADDICTIVE BEHAVIOR 226

- What Is Addiction? 226

<i>Tips for Today</i>	251
<i>Summary</i>	251
<i>Behavior Change Strategy: Changing Your Drug Habits</i>	252
<i>Take Action</i>	253
<i>Journal Entry</i>	253
<i>For More Information</i>	253
<i>Selected Bibliography</i>	254

Chapter 10

THE RESPONSIBLE USE OF ALCOHOL 257

THE NATURE OF ALCOHOL 258

The Chemistry of Alcohol	258
Absorption	259
Metabolism and Excretion	259
Alcohol Intake and Blood Alcohol Concentration	260

ALCOHOL AND HEALTH 260

The Immediate Effects of Alcohol	261
Drinking and Driving	263
The Effects of Chronic Use	265
The Effects of Alcohol Use During Pregnancy	266
Possible Health Benefits of Alcohol	267

ALCOHOL ABUSE AND DEPENDENCE 268

Alcohol Abuse	268
Binge Drinking	269
Alcoholism	271
Gender and Ethnic Differences	274
Helping Someone with an Alcohol Problem	275

DRINKING BEHAVIOR AND RESPONSIBILITY 275

Examine Your Attitudes About Alcohol Use	276
Examine Your Drinking Behavior	276
Drink Moderately and Responsibly	276
Promote Responsible Drinking in Others	277
<i>Tips for Today</i>	279
<i>Summary</i>	279
<i>Behavior Change Strategy: Developing Responsible Drinking Habits</i>	280
<i>Take Action</i>	281
<i>Journal Entry</i>	282
<i>For More Information</i>	282
<i>Selected Bibliography</i>	283

Chapter 11

TOWARD A TOBACCO-FREE SOCIETY 285

WHY PEOPLE USE TOBACCO 286

Nicotine Addiction	286
--------------------	-----

Characteristics of Addictive Behavior	227
The Development of Addiction	227
Characteristics of People with Addictions	227
Examples of Addictive Behaviors	227

DRUG USE, ABUSE, AND DEPENDENCE 229

The Drug Tradition	229
Drug Abuse and Dependence	230
Who Uses Drugs?	231
Why Do People Use Drugs?	232
Risk Factors for Dependence	233
Other Risks of Drug Use	234

HOW DRUGS AFFECT THE BODY 235

Changes in Brain Chemistry	235
Drug Factors	236
User Factors	237
Social Factors	237

REPRESENTATIVE PSYCHOACTIVE DRUGS 238

Opioids	238
Central Nervous System Depressants	238
Central Nervous System Stimulants	240
Marijuana and Other Cannabis Products	242
Hallucinogens	244
Inhalants	245

DRUG USE: THE DECADES AHEAD 246

Drugs, Society, and Families	246
Legalizing Drugs	246
Drug Testing	247
Treatment for Drug Dependence	248
Preventing Drug Abuse	250
The Role of Drugs in Your Life	250

Social and Psychological Factors 289
Why Start in the First Place? 289
Who Uses Tobacco? 291

HEALTH HAZARDS 292

Tobacco Smoke: A Poisonous Mix 292
The Immediate Effects of Smoking 293
The Long-Term Effects of Smoking 293
Other Forms of Tobacco Use 297

THE EFFECTS OF SMOKING ON THE NONSMOKER 299

Environmental Tobacco Smoke 299
Smoking and Pregnancy 301
The Cost of Tobacco Use to Society 301

WHAT CAN BE DONE? 302

Action at the Local Level 302
Action at the State and Federal Levels 302
International Action 303
Action in the Private Sector 303
Individual Action 304
Controlling the Tobacco Companies 305

HOW A TOBACCO USER CAN QUIT 305

The Benefits of Quitting 305
Options for Quitting 306
Tips for Today 306
Summary 307
Behavior Change Strategy: Kicking the Tobacco Habit 308
Take Action 310
Journal Entry 310
For More Information 310
Selected Bibliography 311

NUTRITIONAL GUIDELINES: PLANNING YOUR DIET 328

Dietary Reference Intakes (DRIs) 328
The Food Guide Pyramid 329
Dietary Guidelines for Americans 333
The Vegetarian Alternative 338
Dietary Challenges for Special Population Groups 340

A PERSONAL PLAN: MAKING INFORMED CHOICES ABOUT FOOD 342

Reading Food Labels 342
Reading Dietary Supplement Labels 342
Evaluating Functional Foods 345
Protecting Yourself Against Foodborne Illness 345
Environmental Contaminants and Organic Foods 347
Additives in Food 348
Food Irradiation 348
Genetically Modified Foods 349
Food Allergies and Food Intolerances 349
Staying Committed to a Healthy Diet 351
Tips for Today 351
Summary 351
Behavior Change Strategy: Improving Your Diet by Choosing Healthy Beverages 352
Take Action 353
Journal Entry 353
For More Information 353
Selected Bibliography 355

PART FOUR

Getting Fit

Chapter 12

NUTRITION BASICS 313

NUTRITIONAL REQUIREMENTS: COMPONENTS OF A HEALTHY DIET 314

Proteins—The Basis of Body Structure 315
Fats—Essential in Small Amounts 316
Carbohydrates—An Ideal Source of Energy 319
Fiber—A Closer Look 321
Vitamins—Organic Micronutrients 323
Minerals—Inorganic Micronutrients 325
Water—Vital but Often Ignored 325
Other Substances in Food 326

Flexibility Exercises 377
Training in Specific Skills 379
Putting It All Together 379

GETTING STARTED AND STAYING ON TRACK 379

Selecting Instructors, Equipment, and Facilities 379
Eating and Drinking for Exercise 383
Managing Your Fitness Program 383
Tips for Today 386
Summary 387
Behavior Change Strategy: Planning a Personal
Exercise Program 388
Take Action 388
Journal Entry 389
For More Information 390
Selected Bibliography 391

Chapter 14

WEIGHT MANAGEMENT 393

BASIC CONCEPTS OF WEIGHT MANAGEMENT 394

Body Composition 394
Energy Balance 395
Evaluating Body Weight and Body Composition 395
Excess Body Fat and Wellness 397
What Is the Right Weight for You? 401

FACTORS CONTRIBUTING TO EXCESS BODY FAT 401

Genetic Factors 401
Physiological Factors 402
Lifestyle Factors 403
Psychosocial Factors 404

ADOPTING A HEALTHY LIFESTYLE FOR SUCCESSFUL WEIGHT MANAGEMENT 404

Diet and Eating Habits 404
Physical Activity and Exercise 408
Thinking and Emotions 408
Coping Strategies 409

APPROACHES TO OVERCOMING A WEIGHT PROBLEM 409

Doing It Yourself 411
Diet Books 411
Dietary Supplements and Diet Aids 411
Weight-Loss Programs 411
Prescription Drugs 414
Surgery 415
Psychological Help 415
Acceptance and Change 415

Chapter 13

EXERCISE FOR HEALTH AND FITNESS 361

WHAT IS PHYSICAL FITNESS? 362

Cardiorespiratory Endurance 363
Muscular Strength 363
Muscular Endurance 363
Flexibility 364
Body Composition 364

THE BENEFITS OF EXERCISE 364

Improved Cardiorespiratory Functioning 364
More Efficient Metabolism 364
Improved Body Composition 364
Disease Prevention and Management 365
Improved Psychological and Emotional Wellness 366
Improved Immune Function 367
Prevention of Injuries and Low-Back Pain 368
Improved Wellness over the Life Span 368

DESIGNING YOUR EXERCISE PROGRAM 369

Physical Activity and Exercise for Health
and Fitness 369
First Steps 371
Cardiorespiratory Endurance Exercises 374
Developing Muscular Strength and Endurance 375

EATING DISORDERS 417

Factors in Developing an Eating Disorder 417

Anorexia Nervosa 417

Bulimia Nervosa 418

Binge-Eating Disorder 418

Treating Eating Disorders 419

Today's Challenge 419

Tips for Today 419

Summary 420

Take Action 420

Journal Entry 420

Behavior Change Strategy: A Weight-Management

Program 421

For More Information 422

Selected Bibliography 422

PART FIVE

Protecting Yourself From Disease

Chapter 15

CARDIOVASCULAR HEALTH 425

THE CARDIOVASCULAR SYSTEM 426

RISK FACTORS FOR CARDIOVASCULAR DISEASE 427

Major Risk Factors That Can Be Changed 428

Contributing Risk Factors That Can Be Changed 431

Major Risk Factors That Can't Be Changed 433

Possible Risk Factors Currently Being Studied 434

MAJOR FORMS OF CARDIOVASCULAR DISEASE 437

Hypertension 438

Atherosclerosis 439

Heart Disease and Heart Attack 440

Stroke 443

Congestive Heart Failure 445

Other Forms of Heart Disease 445

PROTECTING YOURSELF AGAINST CARDIOVASCULAR DISEASE 446

Eat Heart-Healthy 446

Exercise Regularly 449

Avoid Tobacco 450

Know and Manage Your Blood Pressure 450

Know and Manage Your Cholesterol Levels 450

Develop Effective Ways to Handle Stress and Anger 450

Manage Other Risk Factors and

Medical Conditions 451

Tips for Today 451

Behavior Change Strategy: Reducing the Saturated and

Trans Fats in Your Diet 452

Summary 452

Take Action 453

Journal Entry 454

For More Information 454

Selected Bibliography 455

Chapter 16

CANCER 457

WHAT IS CANCER? 458

Benign Versus Malignant Tumors 458

How Cancer Spreads: Metastasis 459

Types of Cancer 459

The Incidence of Cancer 460

COMMON CANCERS 461

Lung Cancer 461

Colon and Rectal Cancer 462

Breast Cancer 462

Prostate Cancer 465

Cancers of the Female Reproductive Tract 465

Skin Cancer 467

Oral Cancer 470

Testicular Cancer 470

Other Cancers 470

THE CAUSES OF CANCER 472

The Role of DNA 472

Dietary Factors 474

Inactivity and Obesity 476

Microbes 477

Carcinogens in the Environment 478

DETECTING, DIAGNOSING, AND TREATING CANCER 480

Detecting Cancer 480
Diagnosing Cancer 480
Treating Cancer 481
Living with Cancer 483

PREVENTING CANCER 483

Avoiding Tobacco 485
Controlling Diet and Weight 485
Regular Exercise 485
Protecting Skin from the Sun 485
Avoiding Environmental and Occupational
Carcinogens 485
Recommended Screening Tests 486
Tips for Today 486
Summary 486
*Behavior Change Strategy: Incorporating More Fruits
and Vegetables into Your Diet* 487
Take Action 487
Journal Entry 488
