Chapter 1: Seeing Life – The book will begin with learning force and how it creates rhythm and balance in the body. The roller coaster of force will be our bridge into mass.	1
The awareness of force	1
The main idea in the figure	2
<i>Directional force: a beginning, middle, and end</i>	2
Applied force	12
The road of rhythm	23
The roller coaster of rhythm	44
Force pointers	53
Chapter 2: Forceful Form – This will talk about form and how to explain it through force. This chapter will touch upon perspective one, two, three, and four points and different spatial concepts.	55
Perspective: the drama of angles	55
One, two, and three points	56
Four-point perspective	60
Structure	67
Surface lines	67
Sculpting force	72
Spatial concepts	82
Overlap and tangents	82
Size and foreshortening	88
Forceful form exercises	95
Chapter 3: Forceful Shape – Shape is what will evolve from the combination of force and form and will be the topic of this chapter. Here we will see how entire shapes move with force and rhythm.	97

Chapter 4: Clothing – This chapter will start with the texture of line. Then I will talk about the clothed figure. We will see force’s affect on clothing. Also we will learn about how to use clothing to assist us in understanding the pose.	141
The texture of line revealed	141
The function and form of fabric	150
Fun with shapes	164
Forceful texture pointers	168
Chapter 5: On Location, Reportage – This chapter is about drawing on location. We go out into the world and “people watch.” Let’s enjoy the wide variety of characters and real situations that occur every day around us.	169
Tell stories with life	169
Inner thoughts, outer reaction	170
Staging, single person	173
Multiple moments	176
Relationships	182
Crowds	188
Reportage pointers	192
Chapter 6: Animals – This chapter is about drawing animals. We start with comparing their anatomies to ours in order to liberate ourselves from anatomical problems. This will aid us in understanding their stories. We talk about the different types of animal anatomy that exist and finding character within our observations.	193
Comparative anatomy	193
