<b>Message from the Director-General</b>	<b>xiii</b>
<b>Overview</b>	<b>xv</b>
<b>Why the workforce is important</b>	<b>xv</b>
Picture of the global workforce	xvi
Driving forces: past and future	xvii
<b>Strategies: working lifespan of entry–workforce–exit</b>	<b>xx</b>
Entry: preparing the workforce	xx
Workforce: enhancing performance	xxii
Exit: managing migration and attrition	xxii
<b>Moving forward together</b>	<b>xxiii</b>
An imperative for action	xxiii
National leadership	xxiii
Global solidarity	xxiv
Plan of action	xxv
Moving forward together	xxvi
<b>Chapter 1</b>	
<b>Health workers: a global profile</b>	<b>1</b>
<b>Who are the health workers?</b>	<b>1</b>
<b>How many health workers are there?</b>	<b>4</b>
Public and private sector workers	5
Sex and age of health workers	6
<b>How much is spent on the health workforce?</b>	<b>7</b>
<b>Where are the health workers?</b>	<b>8</b>
Uneven distribution across the globe	8
Uneven spread within countries	8
<b>Are there enough health workers?</b>	<b>9</b>
Needs-based sufficiency	11
<b>Addressing the shortage – how much will it cost?</b>	<b>13</b>
<b>Conclusion</b>	<b>15</b>

Chapter 2	
<b>Responding to urgent health needs</b>	<b>19</b>
<b>High priority services: human resources for health and the MDGs</b>	<b>19</b>
Epidemics of in-service training	20
Overburdened district staff	21
Two tiers of salaries	21
Strategy 2.1 Scale up workforce planning	22
Strategy 2.2 Capitalize on synergies across priority programmes	23
Strategy 2.3 Simplify services and delegate appropriately	23
Strategy 2.4 Secure the health and safety of health workers	24
<b>Preparing the workforce for the growing burden of chronic diseases and injuries</b>	<b>24</b>
New paradigms of care require a workforce response	25
Strategy 2.5 Deploy towards a continuum of care	25
Strategy 2.6 Foster collaboration	27
Strategy 2.7 Promote continuous learning for patient safety	28
<b>Mobilizing for emergency needs: natural disasters and outbreaks</b>	<b>29</b>
Preparedness plans can help	29
Strategy 2.8 Take a “command and control” approach	30
Strategy 2.9 Help remove sector boundaries	30
Strategy 2.10 Train appropriate health staff for emergency response	31
Strategy 2.11 Develop an emergency deployment strategy for different kinds of health workers	32
Strategy 2.12 Ensure adequate support for front-line workers	32
<b>Working in conflict and post-conflict environments</b>	<b>34</b>
Strategy 2.13 Obtain and maintain strategic information	34
Strategy 2.14 Invest in advanced planning and focused interventions	34
Strategy 2.15 Protect what works	35
Strategy 2.16 Repair and prepare	35
Strategy 2.17 Rehabilitate when stability begins	35
<b>Conclusion</b>	<b>36</b>
Chapter 3	
<b>Preparing the health workforce</b>	<b>41</b>
<b>Workforce entry: the right mix</b>	<b>41</b>
The “pipeline” for recruitment	42
<b>Training: the right institutions to produce the right workers</b>	<b>43</b>
Governance	44
<i>Getting the right balance of schools and graduates</i>	44
Strategy 3.1 Encourage training across the health care spectrum	45
<i>Accreditation: promoting competence and trust</i>	46
<i>Managing admissions to enhance diversity</i>	46
Strategy 3.2 Develop admissions policies to reflect diversities	47
<i>Retaining students through to graduation</i>	47
Educational services	47
Strategy 3.3 Ensure quality and responsive curricula	47
<i>Acquiring competencies to learn</i>	48
Workforce of teachers	48

Strategy 3.4 Encourage and support teaching excellence	50
Financing	50
Infrastructure and technology	52
Strategy 3.5 Find innovative ways to access teaching expertise and materials	54
Information for policy-making	54
Strategy 3.6 Evaluate institutional performance, policy options and actions	54
<b>Rethinking recruitment: gateway to the workforce</b>	<b>54</b>
Imperfect labour markets	56
Strategy 3.7 Improve recruitment performance	58
<b>Conclusion</b>	<b>59</b>
<b>Chapter 4</b>	
<b>Making the most of existing health workers</b>	<b>67</b>
What is a well-performing health workforce?	67
What determines how health workers perform?	70
What influences health workers' performance?	71
<i>Job-specific levers</i>	72
Strategy 4.1 Develop clear job descriptions	72
Strategy 4.2 Support norms and codes of conduct	72
Strategy 4.3 Match skills to tasks	73
Strategy 4.4 Exercise supportive supervision	75
<i>Basic support systems</i>	75
Strategy 4.5 Ensure appropriate remuneration	75
Strategy 4.6 Ensure adequate information and communication	80
Strategy 4.7 Improve infrastructure and supplies	81
<i>An enabling work environment</i>	82
Strategy 4.8 Promote lifelong learning	82
Strategy 4.9 Establish effective team management	84
Strategy 4.10 Combine responsibility with accountability	86
<b>How are levers linked to the four dimensions of health workforce performance?</b>	<b>86</b>
Availability	86
Competence	87
Responsiveness	87
Productivity	88
<b>Conclusion</b>	<b>89</b>
<b>Chapter 5</b>	
<b>Managing exits from the workforce</b>	<b>97</b>
<b>Ebbs and flows of migration</b>	<b>98</b>
Why are health workers moving?	99
Impacts of migration	101
Strategies to manage migration	101
<i>Source country strategies</i>	102
Strategy 5.1 Adjust training to need and demands	102
Strategy 5.2 Improve local conditions	103
<i>Receiving country strategies</i>	103

Strategy 5.3 Ensure fair treatment of migrant workers	103
Strategy 5.4 Adopt responsible recruitment policies	103
Strategy 5.5 Provide support to human resources in source countries	104
<i>International instruments</i>	104
<b>Occupational risks to health workers</b>	<b>105</b>
Violence	105
Strategy 5.6 Develop and implement tactics against violence	106
Other risks	106
Strategy 5.7 Initiate and reinforce a safe work environment	107
Illness and death from HIV/AIDS	107
<b>Change of occupation or work status</b>	<b>107</b>
Choosing a reduced work week	107
Strategy 5.8 Accommodate workers' needs and expectations	107
Health workers not employed in their field	108
Strategy 5.9 Target health workers outside the health sector	108
Absentees and ghost workers	108
Strategy 5.10 Keep track of the workforce	109
<b>Retirement</b>	<b>109</b>
Retirement rates and the risk of shortages	109
Health workforce ageing	110
Strategy 5.11 Develop the capacity and policy tools to manage retirement	111
The need for knowledge transfer	111
Strategy 5.12 Develop succession planning	111
<b>Conclusion</b>	<b>112</b>
Chapter 6	
<b>Formulating national health workforce strategies</b>	<b>119</b>
<b>Building trust and managing expectations</b>	<b>120</b>
Strategy 6.1 Design and implement a workforce strategy that fosters trust	120
<b>Fair and cooperative governing</b>	<b>121</b>
Self-regulation	121
"Muddling through" and command-and-control	122
Watchdogs and advocates	123
A model for effective governance	123
Strategy 6.2 Ensure cooperative governance of national workforce policies	124
<b>Strong leadership</b>	<b>125</b>
<b>Strengthening strategic intelligence</b>	<b>126</b>
Strategy 6.3 Obtain better intelligence on the health workforce in national situations	126
Extent and nature of the national workforce problem	126
Action taken and further options	126
National politics around the health workforce	126
Reactions of health workers and their employers	127
<b>Investing in workforce institutions</b>	<b>127</b>
Learning from microinnovations	128
Scenario building and planning	129
<b>Conclusion</b>	<b>129</b>

Chapter 7	
<b>Working together, within and across countries</b>	<b>135</b>
<b>Catalysing knowledge and learning</b>	<b>135</b>
A firm foundation for information	136
Generation and management of knowledge	139
Pooling of expertise	141
<b>Striking cooperative agreements</b>	<b>143</b>
<b>Responding to the health workforce crisis</b>	<b>143</b>
An extraordinary global response is needed	144
<i>Coalitions around emergency plans</i>	144
<i>Towards more worker-friendly practices</i>	144
<i>The imperative of sufficient, sustained financing</i>	145
A global guideline for financing	146
<b>Moving forward together</b>	<b>147</b>
National leadership	148
Global solidarity	149
Plan of action	150
<b>Joint steps to the future</b>	<b>151</b>
