

International Congress Series 1280

Assessment and Promotion of Work Ability, Health and Well-being of Ageing Workers

Editors

Giovanni Costa, Willem J.A. Goedhard and Juhani Ilmarinen

Contents

Preface	v
Ageing and work ability in the third millennium	1
New dimensions of work ability <i>J. Ilmarinen, K. Tuomi and J. Seitsamo</i>	3
The burden of chronic diseases in the elderly <i>C. Vergani</i>	8
How to improve the work ability of elderly workers: The European research project RESPECT <i>P. Knauth, D. Karl and C. Braedel-Kühner</i>	11
How do elderly workers face tight time constraints? <i>S. Volkoff and V. Pueyo</i>	17
Flexible work hours, ageing and well-being <i>G. Costa and S. Sartori</i>	23
Working until 70, government policy, economic need and the role of ergonomics and occupational health <i>J.O. Crawford</i>	29
Extended framework for older worker competence: Effects of cognitive complexity on performance <i>F. Winn and A. Bittner</i>	35
Factors affecting work ability and employability	41
Relationships between cognitive characteristics of the job, age, and cognitive efficiency <i>D. Ansiau, J.C. Marquié, A. Soubelet and S. Ramos</i>	43
Gender differences regarding perceived difficulties at work with age <i>N. Barbini, R. Squadroni and M. Andreani</i>	49
“This employee should stop working”, says the occupational physician <i>C. Buisset, M.C. Bardouillet and J.L. Pommier</i>	55

The role of job alienation in work ability deterioration and unhealthy ageing <i>D. Camerino, P.M. Conway, B.I.J.M. van der Heijden, E. van der Schoot, J. Pokorski, M. Estryin-Behar, H.M. Hasselhorn and the NEXT Group</i>	61
Some considerations about aging, shift work and work ability <i>G. Costa</i>	67
Promotion of work ability among French health care workers—value of the work ability index <i>M. Estryin-Behar, G. Kreutz, O. Le Nezet, L. Mouchot, D. Camerino, R.K. Salles, E. Ben-Brik, J.P. Meyer, J.F. Caillard, H.M. Hasselhorn and the NEXT study group</i>	73
Work ability and perceived work stress <i>R.G. Goedhard and W.J.A. Goedhard</i>	79
Perceived work ability and individual characteristics as predictors for early exit from working life in professional cleaners <i>L. Hopsu, A. Leppänen, R. Ranta and V. Louhevaara</i>	84
Remaining in nursing work with a sustainable health <i>M. Josephson and E. Vingård</i>	89
Shift plan reform in chemical plant POLYFELT as precondition knowledge management between generations <i>R. Karazman, I. Karazman-Morawetz, A. Faux and M. Lindorfer</i>	95
Workability and health of older academics <i>Ü. Kristjuhan and E. Taidre</i>	101
Occupational choice and vulnerability in late life: An example of women in the USA <i>R. McKnight, P. Teaster, J. Watkins and S. Lawrence</i>	106
Feeling capable of remaining in the same job until retirement? <i>A.-F. Molinié</i>	112
Chronoergonomics and WAI in Polish physicians <i>H. Oginska, J. Pokorski, J. Pokorska and E. Nitecka</i>	118
Ageing in nursing: A ten year follow up study <i>S. Salerno, M. Canulla and I. Figà Talamanca</i>	124
Psychosocial work environment, well being and emotional exhaustion. A study comparing five age groups of female workers within the human sector <i>N. Santavirta, C. Kovero and S. Solovieva</i>	130

Qualities of work, functioning and early retirement. A longitudinal study among Finnish ageing workers in 1981–1997 <i>J. Seitsamo</i>	136
The development and psychometric evaluation of a multi-dimensional measurement instrument of employability—and the impact of aging <i>C.M. van der Heijde and B.I.J.M. van der Heijden</i>	142
Evaluation of work related problems (health and performance) in elderly workers	149
Short-term relationships between working conditions, sleep and cognitive efficiency as a function of age <i>D. Ansiau, J.C. Marquié, P. Wild and I. Rouch</i>	151
Physical work capacity ($VO_{2\text{ max}}$) and work ability (WAI) of active employees (men and women) in Poland <i>J. Bugajska, T. Makowiec-Dąbrowska, A. Jegier and A. Marszałek</i>	156
Occupational categories and chronic degenerative diseases in elderly workers <i>U. Carbone, E. Della Valle, B. Boggia, G. Mancusi, S. Stranges, V. Pizzorusso and E. Farinaro</i>	161
Prevention of musculo-skeletal disorders in sedentary ageing workers by ergomotricity <i>A.M. Cirla, R. Fazioli, F. Santini and P.E. Cirla</i>	166
The health and well-being of older construction workers <i>C. Deacon, J. Smallwood and T. Haupt</i>	172
Immigrants with musculoskeletal disorders returning to work after a disability pension <i>L. Edén and G. Ejlertsson</i>	178
Effects of car-navigation display positioning on older drivers' visual search <i>N. Itoh, A. Yamashita and M. Kawakami</i>	184
Work activity and ability in ageing patients suffering from chronic cardiovascular diseases <i>A. Jędryka-Góral, J. Bugajska, E. Łastowiecka, J.M. Michalak, M. Kochmański and A. Najmiec</i>	190
Computerized dynamic visual tests for workplace applications: Effects of age and subsidiary issues <i>R.S. Kennedy, P.J. Rosopa, R.C. Kennedy, J.A. Smither and S.L. Kennedy</i>	196

Need for recovery in ageing workers <i>P. Kiss and M. De Meester</i>	202
Assessment of work ability in a hot environment of workers of different ages <i>A. Marszałek, M. Konarska and J. Bugajska</i>	208
Medical care and lost work day costs in musculoskeletal disorders: Older versus younger workers <i>P.B. Peele, Y. Xu and A. Colombi</i>	214
Task-based standards for lifeboat crew: Avoiding ageism <i>T. Reilly and M. Tipton</i>	219
Total work and leisure-time load in relation to sickness absences in the food industry <i>M. Savinainen, H. Arola, C.-H. Nygård, A. Siukola, T. Luukkaala, P. Virtanen and H. Taskinen</i>	224
Aging of physical therapists: From musculoskeletal complaints to self-protective behaviours <i>R. Squadroni and N. Barbini</i>	228
Employees' work ability and company performance: A follow-up study in the metal industry and in retail trade <i>K. Tuomi, S. Vanhala, M. Janhonen and E. Nykyri</i>	234
A physical model of muscle working to evaluate the work ability <i>G. Vermiglio, M.G. Tripepi, V. Vermiglio, C. Sansotta and B. Testagrossa</i>	238
Assessment of work ability in different work sectors	245
Life style, work environment factors and work ability in different occupations <i>J. Bugajska and E. Łastowiecka</i>	247
Work ability index in a cohort of railway construction workers <i>C. Capanni, S. Sartori, G. Carpentiero and G. Costa</i>	253
Why healthcare workers ask for early retirement at a central Portuguese hospital: Work ability preliminary results <i>T. Cotrim, A. Simões, F. Ramalho and A. Paes Duarte</i>	258
Work ability in health care workers <i>G. Costa, S. Sartori, B. Bertoldo, D. Olivato, G. Antonacci, V. Ciuffa and F. Mauli</i>	264

Assessment of work ability and vitality—a study of teachers of different age groups <i>G. Freude, R. Seibt, E. Pech and P. Ullsperger</i>	270
Managers' perceptions of older workers in the hotel and restaurant industry <i>T. Furunes and R.J. Mykletun</i>	275
Can the Work Ability Index also be used by non-medical professionals? A comparative study <i>H. Geissler, J. Tempel and B. Geissler-Gruber</i>	281
Work ability among health care workers in the United Kingdom: A pilot <i>N. Nachiappan and J. Harrison</i>	286
The Work Ability Index (WAI)—establishment of a German WAI-network <i>H.-M. Hasselhorn, B.H. Müller, G. Freude, J. Tempel and S. Kaluza</i>	292
Perceived work ability and certified sickness absence among workers in a food industry <i>C.-H. Nygård, H. Arola, A. Siukola, M. Savinainen, T. Luukkaala, H. Taskinen and P. Virtanen</i>	296
Predictive values of balance tests for physical work ability in fire and rescue work <i>A. Punakallio, S. Lusa and R. Luukkonen</i>	301
Psychometric properties of Work Ability Index in the light of comparative survey study <i>P. Radkiewicz, M. Widerszal-Bazyl and the NEXT-Study group</i>	304
Risk factors and resources of work ability in teachers and office workers <i>R. Seibt, L. Lützkendorf and M. Thinschmidt</i>	310
Working atmosphere, work demands and work ability of the workforce in successful retail markets <i>J. Tempel, I. Prause and R. Heinz</i>	316
Elderly workers in chemical, energetic, sanitary and public fields: Evaluation of work ability <i>L. Tobia, A. Giammaria, S. Pizzuti, F. Gioia, A. Lupi, G. Spera and A. Paoletti</i>	322
Experiences of WAI in a random sample of the Swedish working population <i>M. Torgén</i>	328
The effect of age and time of a 24-hour period on accidents at work in operators <i>K. Zuzewicz and M. Konarska</i>	333

Promotion of health and work ability: socio-economic issues and intervention studies	339
Age related work load—a work environment intervention with a life course perspective <i>L. Andersson-Felé</i>	341
Sociability, life satisfaction, and mental health according to age and (un)employment status <i>N. Burnay, P. Kiss and J. Malchaire</i>	347
Changes in life-style and function in 70–83-year-old subjects participating in a 1-year strength training programme <i>E.M. Capodaglio and P. Capodaglio</i>	353
Lifelong training: between theory and practice: The example of a French training agency <i>C. Gaudart and C. Delgoulet</i>	359
An action research approach to work ability, health and well-being of ageing workers <i>A.I. Hilsen and R. Ennals</i>	365
Wake up call—Human Resource Management (HRM): An orientation on company models anticipating ageing <i>B. Jonker and M. Ziekemeyer</i>	371
Can improvement of work and work process knowledge support well-being at work? <i>A. Leppänen, L. Hopsu and S. Klemola</i>	377
Method to evaluate the quality of work place health promotion in security organisations <i>S. Lusa, K. Saarinen and V. Louhevaara</i>	382
Promotion of work ability at company level: Intention and performance, dreams and realities <i>J. Nielsen, A. Andreassen and A. Alexander</i>	386
Can age management promote work ability among older workers? <i>B. Skoglund and C. Skoglund</i>	392
Work profiles of open surface mine employees in South Africa <i>P.J. Smit, G. VandenBerg and M. Surmon</i>	397

Promotion: Age matters <i>K. Smith and L. Webber</i>	403
Rewarding ageing employees—means used in the public sector <i>M. von Bonsdorff and R. Moilanen</i>	409
The value of work in younger and older adults' lives: An Australian perspective <i>L. Webber and K. Smith</i>	415
Age diverse management and a method for age proofing jobs <i>M. Ziekemeyer</i>	421
