

Pests of Fruit Crops

A Color Handbook

David V. Alford

Contents

Preface	7
Chapter 1 Introduction	9
Chapter 2 Smaller insect orders	23
Order Saltatoria (crickets, grasshoppers and locusts)	23
1. Family Tettigoniidae (bush crickets)	23
2. Family Gryllotalpidae (mole crickets)	24
3. Family Acrididae (grasshoppers and locusts)	25
Order Dermaptera (earwigs)	26
1. Family Forficulidae	26
Order Isoptera (termites)	27
1. Family Kalotermitidae	27
Order Thysanoptera (thrips)	27
1. Family Thripidae (thrips)	27
2. Family Phlaeothripidae	31
Chapter 3 True bugs	32
1. Family Acanthosomatidae (shield bugs)	32
2. Family Pentatomidae (shield bugs)	32
3. Family Lygaeidae (ground bugs)	34
4. Family Tingidae (lace bugs)	35
5. Family Miridae (capsids or mirids)	37
6. Family Cercopidae (froghoppers)	43
7. Family Flatidae (planthoppers)	45
8. Family Membracidae	46
9. Family Cicadellidae (leafhoppers)	47
10. Family Cixiidae	57
11. Family Psyllidae	57
12. Family Carsidaridae	62
13. Family Aleyrodidae (whiteflies)	63
14. Family Lachnidae	66
15. Family Callaphididae	67
16. Family Aphididae (aphids)	68
17. Family Pemphigidae	95
18. Family Phylloxeridae (phylloxeras)	97
19. Family Diaspididae (armoured scales)	99
20. Family Asterolecaniidae (pits scales)	109
21. Family Coccidae (soft scales, wax scales)	109
22. Family Pseudococcidae (mealybugs)	120
23. Family Margarodidae (giant scales)	122

Chapter 4 Beetles	124
1. Family Carabidae (ground beetles)	124
2. Family Scarabaeidae (chafers)	127
3. Family Buprestidae (jewel beetles)	130
4. Family Elateridae (click beetles)	133
5. Family Cantharidae	134
6. Family Bostrychidae	135
7. Family Nitidulidae	135
8. Family Byturidae	136
9. Family Tenebrionidae	138
10. Family Cerambycidae (longhorn beetles)	138
11. Family Chrysomelidae (leaf beetles)	140
12. Family Attelabidae (weevils)	145
13. Family Rhynchitidae (weevils)	146
14. Family Apionidae (weevils)	151
15. Family Curculionidae (true weevils)	152
16. Family Scolytidae (bark beetles)	171
Chapter 5 True flies	175
1. Family Tipulidae (crane flies)	175
2. Family Bibionidae (St. Mark's flies)	177
3. Family Cecidomyiidae (gall midges)	177
4. Family Tephritidae (large fruit flies)	187
5. Family Drosophilidae	190
6. Family Agromyzidae	191
7. Family Muscidae	193
8. Family Anthomyiidae	194
Chapter 6 Butterflies and moths	195
1. Family Hepialidae (swift moths)	195
2. Family Nepticulidae	197
3. Family Tischeriidae	200
4. Family Incurvariidae	202
5. Family Heliozelidae	203
6. Family Cossidae	204
7. Family Zygaenidae	206
8. Family Psychidae	208
9. Family Lyonetiidae	208
10. Family Gracillariidae	211
11. Family Phyllocnistidae	219
12. Family Sesiidae (clearwing moths)	222
13. Family Choreutidae	224
14. Family Yponomeutidae	227
15. Family Schreckensteiniidae	238
16. Family Coleophoridae (casebearer moths)	239
17. Family Oecophoridae	244
18. Family Gelechiidae	247
19. Family Blastobasidae	250
20. Family Momphidae	251
21. Family Cochylidae	252
22. Family Tortricidae (tortrix moths)	253
23. Family Pyralidae	295
24. Family Papilionidae	301
25. Family Pieridae	302

26. Family Lycaenidae	304
27. Family Nymphalidae	307
28. Family Lasiocampidae	309
29. Family Saturniidae	314
30. Family Thyatiridae	315
31. Family Geometridae (geometer moths)	315
32. Family Sphingidae (hawk moths)	335
33. Family Notodontidae	343
34. Family Dilobidae	344
35. Family Lymantriidae	345
36. Family Arctiidae (e.g. ermine moths and tiger moths)	351
37. Family Nolidae	354
38. Family Noctuidae	354
Chapter 7 Sawflies, ants and wasps	379
1. Family Pamphiliidae	379
2. Family Cephidae (stem sawflies)	380
3. Family Cimbicidae	381
4. Family Tenthredinidae	383
5. Family Cynipidae (gall wasps)	400
6. Family Eurytomidae (seed wasps)	401
7. Family Torymidae (e.g. seed wasps)	402
8. Family Formicidae (ants)	402
9. Family Vespidae (true wasps)	403
Chapter 8 Mites	405
Order Prostigmata	405
1. Family Phytoptidae (gall mites)	405
2. Family Eriophyidae (gall mites and rust mites)	406
3. Family Tarsonemidae (tarsonemid mites)	419
4. Family Tetranychidae (spider mites)	421
5. Family Tenuipalpidae (false spider mites)	427
Order Cryptostigmata	428
1. Family Mycobatidae	428
Wild or ornamental host plants cited in the text	429
Selected bibliography	433
Host plant index	435
General index	441
