<b>1. RFID: An Innovative Technology in Libraries</b>	<b>1</b>
Introduction	1
Defining RFID	1
Adopting Technology in Libraries	2
Addressing the Image of “Big Brother”	4
Exploring the Beginning of a New Technology	4
Integrating RFID into Consumer Culture	8
Enhancing Library Technology with RFID	14
References	14
Additional Resources	15
<b>2. Understanding RFID Systems and Standards</b>	<b>17</b>
Introduction	17
The Power Source	18

Radio Frequency	19
Smart Tags	20
Chips and Data Programming	20
Security Bits	24
Label Application	25
Audiovisual Material Tags	25
Electronic Production Code (EPC)	28
Integration Standards	29
Readers	36
Software and Servers	38
Network Security	38
References	40
Additional Resources	40
<b>3. RFID Library Applications</b>	<b>43</b>
Introduction	43
Item Management Security	44
Modify Circulation Desk Tasks	46
Install Self-Checkout Stations	47
Streamline Shelf Management with Handheld RFID Readers	49
Improve Inventory Control	50
Trace Missing Materials	53
Track Audiovisual Materials	54
RFID Patron Cards	59
Consider Patron Self-Checkin	60
Automated Material Handling and Sorting	61
Store and Retrieve Select Materials	62
Government Documents Management	64
Special and Archival Collections	64
Historical Artifacts and Rare Books	65
Review of RFID and Library Applications	66
References	66

<b>4. Determining the Return on Investment (ROI) of RFID</b>	<b>69</b>
Introduction	69
Separating Myths from Reality	70
Comparing Implementation by Public Libraries and Academic Libraries	72
Calculating an Accurate Return on Investment (ROI)	75
Surveying Patron Satisfaction, Time Savings, and Cost	76
Estimating Costs of an RFID System	77
Interviewing Early Adopters of RFID	83
Exploring the Administrative and Collection Management Benefits	88
Liberating Patrons from Long Lines	93
Freeing Staff from Tedious Tasks	96
Reducing Repetitive Stress Injuries	97
Cutting Down on Work-Related Injuries	100
References	101
 <b>5. Deciding to Put RFID into Operation</b>	 <b>105</b>
Introduction	105
Striving for Service Excellence	106
Gathering Feedback from Library Associations and Interest Groups	106
Balancing the Tangible and Intangible Benefits	109
Commissioning a Library Planning Committee	113
Determining the Rate of Implementation	115
Solving Problems with Circulation and Security	118
Brainstorming Seven Key Areas of Consideration	121
References	133
 <b>6. Designing Your RFID Solution: RFP</b>	 <b>135</b>
Introduction	135
Drafting a Request for Proposal	135
Finding the Right Price	137
Crafting Sample Questions for the RFP	138
References	149

<b>7. Selecting Vendors</b>	<b>151</b>
Introduction	151
Finding Reputable Vendors for Libraries	152
Comparing the Eight Top Vendors	158
References	179
<b>8. Installing and Maintaining the Complete RFID System</b>	<b>181</b>
Introduction	181
Anticipating the Top Five Vendor Needs and Expectations	181
Drafting the Conversion Plan	184
Staffing the Collection Conversion	187
Managing Technical Services Workflow	191
Exploring RFID and Consortium Libraries	192
Considering RFID and Integrated Library Systems	194
Establishing Technical Support	197
Continuing Maintenance Procedures	199
References	199
<b>9. Protecting Staff and Patron Privacy within an RFID System</b>	<b>201</b>
Introduction	201
Guarding Privacy in Libraries	201
Realizing Technical Limitations of RFID	202
Exploring RFID in Real-World Libraries	205
Responding to Library Organizations, RFID, and Privacy Issues	207
Relating the History of Privacy Rights Issues to RFID Technology	209
Legislating RFID	211
Understanding Privacy Rights Advocacy Groups	212
Tabling RFID	217
Judging Patron Privacy and Staff Concerns	218
Enhancing Patron Privacy with RFID	221
Addressing Staff Concerns	221
RFID-Enabled Patron Cards	222

References	222
Additional Resources	224
<b>10. Public Relations and Patron Education</b>	<b>225</b>
Introduction	225
Successful Integration Starts with an RFID-Literacy Campaign	226
Health Concerns Associated with RFID	227
Training the Patron on Self-Check	229
Best Practices	233
References	234
<b>RFID Pocket Guides</b>	<b>235</b>
<b>Pocket Guide A: Acronyms</b>	<b>237</b>
<b>Pocket Guide B: Library of Congress Subject Headings for     RFID and Related Topics</b>	<b>239</b>
<b>Pocket Guide C: Ward's 2006 Survey of RFID Libraries and     RFID Vendors, Survey Methodology</b>	<b>240</b>
<b>Pocket Guide D: Recommended Resources: Books, Web Sites,     Blogs, Discussion Boards, Organization News, and Vendors</b>	<b>248</b>
