

Laboratory Biosecurity Handbook

Reynolds M. Salerno
Jennifer Gaudioso

CRC Press
Taylor & Francis Group

Contents

Preface	xi
About the Authors	xiii
Acknowledgments	xv
 Chapter 1 Introduction	 1
1.1 Laboratory Biosecurity and the Risks of Bioterrorism	2
1.2 Laboratory Biosecurity and International Obligations	4
1.3 Laboratory Biosecurity and National Regulations	6
1.4 Approach/Objectives of This Book	8
References	10
 Chapter 2 Risk Assessment	 13
2.1 Overview of Biosecurity Risk Assessment Methodology	15
2.2 Characterize Assets and Threats	16
2.2.1 Evaluate the Pathogens and Toxins	16
2.2.1.1 Ease or Difficulty of Malicious Use	16
2.2.1.2 Potential Consequences of Malicious Use	20
2.2.2 Evaluate the Potential Adversaries	22
2.2.2.1 Motive	24
2.2.2.2 Means	25
2.2.2.3 Opportunity	25
2.3 Evaluate Scenarios	26
2.3.1 Create Scenarios	26
2.3.2 Assess Vulnerabilities	27
2.4 Characterize the Risk	29
2.4.1 Evaluate Threat Potential and Consequences	29
2.4.2 Define Acceptable and Unacceptable Risks	29
2.5 Risk Reduction	32
References	35
 Chapter 3 Components of Biosecurity	 37
3.1 Physical Security	37
3.1.1 Objective and Principles of Physical Security	37
3.1.2 Physical Security Elements	38
3.1.2.1 Perimeters and Other Boundaries	38
3.1.2.2 Access Controls	39

3.1.2.3	Intrusion Detection.....	39
3.1.2.4	Alarm Assessment.....	40
3.1.3	Integration with Laboratory Biosafety.....	41
3.2	Personnel Security	42
3.2.1	Objective and Principles of Personnel Security	42
3.2.2	Personnel Security Elements.....	43
3.2.2.1	Employees	43
3.2.2.2	Employee Badges	46
3.2.2.3	Visitors	46
3.2.3	Integration with Laboratory Biosafety.....	48
3.3	Material Control and Accountability	48
3.3.1	Objective and Principles of MC&A	48
3.3.2	MC&A Elements.....	49
3.3.2.1	Material	49
3.3.2.2	Control.....	50
3.3.2.3	Accountability	51
3.3.3	Integration with Laboratory Biosafety.....	53
3.4	Transport Security.....	54
3.4.1	Objective and Principles of Transport Security	54
3.4.2	Transport Security Elements.....	54
3.4.2.1	Internal Transport.....	54
3.4.2.2	External Transport	56
3.4.3	Integration with Laboratory Biosafety	57
3.5	Information Security	57
3.5.1	Objective and Principles of Information Security	57
3.5.2	Information Security Elements	58
3.5.2.1	Sensitive Information	58
3.5.2.2	Electronic Information	59
3.5.3	Integration with Laboratory Biosafety	60
	References.....	60
Chapter 4	Program Management.....	61
4.1	Roles and Responsibilities	62
4.2	Biosecurity System Design	66
4.3	Response Force	69
4.4	Performance Testing	70
4.5	Documentation.....	71
4.5.1	Laboratory Biosecurity Plan	72
4.5.2	Security Incident Response Plans	73
4.6	Assessments and Audits.....	74
4.7	Training and Exercises.....	76
4.7.1	Specific Training Topics on Laboratory Biosecurity	77
4.7.2	Training for Supervisors	79
4.7.3	Response Force Training.....	80

Chapter 5	Specific Biosecurity Recommendations.....	83
5.1	Low-Risk Facility.....	83
5.1.1	Program Management.....	83
5.1.2	Physical Security.....	83
5.1.3	Personnel Security.....	83
5.1.4	Material Control and Accountability.....	84
5.1.5	Transport Security.....	84
5.1.6	Information Security.....	84
5.2	Moderate-Risk Facility.....	84
5.2.1	Program Management.....	84
5.2.2	Physical Security.....	85
5.2.3	Personnel Security.....	86
5.2.4	Material Control and Accountability.....	86
5.2.5	Transport Security.....	87
5.2.6	Information Security.....	87
5.3	High-Risk Facility.....	87
5.3.1	Program Management.....	88
5.3.2	Physical Security.....	88
5.3.3	Personnel Security.....	89
5.3.4	Material Control and Accountability.....	90
5.3.5	Transport Security.....	91
5.3.6	Information Security.....	91
5.4	Extreme-Risk Facility.....	91
5.4.1	Program Management.....	92
5.4.2	Physical Security.....	92
5.4.3	Personnel Security.....	92
5.4.4	Material Control and Accountability.....	93
5.4.5	Transport Security.....	93
5.4.6	Information Security.....	93
5.5	Summary of Specific Biosecurity Recommendations.....	94
5.5.1	Specific Biosecurity Recommendations — Low-Risk Facility.....	94
5.5.2	Specific Biosecurity Recommendations — Moderate-Risk Facility.....	94
5.5.3	Specific Biosecurity Recommendations — High-Risk Facility.....	95
5.5.4	Specific Biosecurity Recommendations — Extreme-Risk Facility.....	96
Reference		96
Chapter 6	Conclusions.....	97
References		101

List of Acronyms	103
Glossary	105
Appendix A Vulnerability Assessment Questionnaires.....	107
A.1 Site Evaluation Questionnaire.....	107
A.2 Law Enforcement Questionnaire	110
A.3 Guard Force Questionnaire.....	112
Appendix B Example Biosecurity Risk Assessment Methodology.....	115
B.1 Asset Assessment (Step 1A).....	116
B.2 Threat Assessment (Step 1B)	122
B.3 Creating Scenarios (Step 2A).....	125
B.4 Vulnerability Assessment (Step 2B)	126
B.5 Evaluate Threat Potential and Consequences of Scenarios (Step 3A) ...	130
Appendix C Biosecurity Plan Template.....	133
C.1 Introduction.....	133
C.2 Roles and Responsibilities	133
C.2.1 Responsible Official	133
C.2.2 Alternate Responsible Official	134
C.2.3 Select Agent Supervisor	134
C.2.4 Accountable Scientist.....	134
C.2.5 Security Force	134
C.2.6 Local Police.....	134
C.2.7 Specialty Personnel	134
C.2.8 Personnel Security.....	135
C.2.9 Badge Office.....	135
C.2.10 Information and Network Security	135
C.2.11 Individuals with Select Agent Access Authorization.....	135
C.3 Basis for Biosecurity Program	135
C.3.1 Risk Assessment.....	135
C.3.2 Graded Protection	136
C.3.3 Assets	136
C.3.3.1 Select Agents.....	136
C.3.3.2 Sensitive Information	136
C.3.3.3 Critical Operational Assets	138
C.3.4 Threat Definition	138
C.3.4.1 Insider.....	138
C.3.4.2 Outsider	138
C.3.5 Protection Strategy	138
C.3.5.1 Insider Protection	138
C.3.5.2 Outsider Protection.....	139

- C.4 Physical Security 139
 - C.4.1 Property Protection Areas 139
 - C.4.2 Limited Areas 139
 - C.4.3 Exclusion Areas 140
 - C.4.4 Long-Term Select Agent Storage 140
 - C.4.5 Security Operations 140
 - C.4.5.1 Access Hours 140
 - C.4.5.2 Visitor Logs 140
 - C.4.5.3 Vehicles 140
 - C.4.5.4 Tailgating 140
 - C.4.5.5 Access Changes 141
 - C.4.5.6 Package Inspections 141
- C.5 Personnel Security 142
 - C.5.1 Position Risk Categories 142
 - C.5.1.1 Low Risk 142
 - C.5.1.2 Moderate Risk 142
 - C.5.1.3 High Risk 142
 - C.5.2 Reinvestigations 143
 - C.5.3 Access Limitations 143
 - C.5.3.1 Employees 143
 - C.5.3.2 Visitors 143
 - C.5.4 Foreign Nationals 144
 - C.5.5 Badging 144
- C.6 Material Control and Accountability 144
 - C.6.1 Material Control 144
 - C.6.2 Accountability 145
 - C.6.3 Inventory Records 145
 - C.6.4 Reporting 146
- C.7 Material Transport Security 147
 - C.7.1 External Transport 147
 - C.7.2 Shipping and Receiving 148
 - C.7.3 Internal Transport 148
- C.8 Information and Network Security 148
 - C.8.1 Information Security 148
 - C.8.1.1 Sensitive but Unclassified 148
 - C.8.1.2 Access to Sensitive Information 149
 - C.8.1.3 Protection of Sensitive Information While in Use 149
 - C.8.1.4 Communicating Sensitive Information 149
 - C.8.1.5 Storage Rules for Sensitive Information 150
 - C.8.1.6 Destruction of Sensitive Information 150
 - C.8.1.7 Review and Approval Process 150
 - C.8.1.8 Operational Security 150
 - C.8.2 Network Security 150
 - C.8.2.1 Computer Processing 150
- C.9 Safety 151

C.10	Emergencies and Security Incidents	151
C.10.1	Loss or Compromise of Access-Control Devices or Information.....	151
C.10.2	Unauthorized Persons.....	151
C.10.3	Loss, Theft, or Release of Select Agents.....	151
C.10.4	Safety Incidents involving Select Agents	152
C.10.5	Emergency Management	152
C.10.6	Suspicious Packages in Exclusion Areas.....	152
C.11	Training.....	152
C.12	Incidence Response Plan.....	152

Appendix D	Example Memorandum of Understanding with Local Law Enforcement	155
I.	Introduction.....	156
II.	Purpose	156
III.	Authority	156
IV.	Response Guidelines	157
V.	Resolution.....	158
VI.	Funding and Liability.....	158
VII.	Amendment and Terms	158
VIII.	Acknowledgment.....	159
	Attachments	159

Appendix E	SOP for Testing Access Control Systems.....	161
E.1	Test Procedures	161
E.1.1	Level 1 Procedures.....	162
E.1.2	Level 2 Procedures.....	163
E.1.3	Level 3 Procedures.....	165
E.2.1	Example Test Data Sheet.....	166

Appendix F	Biosecurity Guidance and Regulations.....	171
	U.S. Legislation, Regulations, and Guidance	171
	Other Countries' Legislation, Regulations, and Guidance	172
	International Regulations and Guidance	172
	Other Laboratory Biosecurity Resources	173
	References.....	174

Index.....	175
