

SECOND EDITION

CYTOKINES

STRESS AND IMMUNITY

EDITED BY

Nicholas P. Plotnikoff, Robert E. Faith,
Anthony J. Murgo, and Robert A. Good

CRC Press
Taylor & Francis Group

Table of Contents

Chapter 1	Behavioral Effects of Cytokines: A Psychiatrist's Perspective	1
------------------	---	---

Ziad Kronfol

Chapter 2	Worried to Death? Stress, Worry, and Immune Dysregulation in Health and HIV	17
------------------	--	----

Suzanne C. Segerstrom and Margaret E. Kemeny

Chapter 3	Psychological Stress and Its Relationship to Cytokines and Inflammatory Diseases	29
------------------	---	----

Rama Murali, Margaret D. Hanson, and Edith Chen

Chapter 4	Role of Cytokines in Depression	51
------------------	---------------------------------------	----

Ghanshyam N. Pandey and Yogesh Dwivedi

Chapter 5	Loneliness, Dysphoria, Stress, and Immunity: A Role for Cytokines	67
------------------	--	----

*Louise C. Hawkey, Jos A. Bosch, Christopher G. Engeland,
Phillip T. Marucha, and John T. Cacioppo*

Chapter 6	Stress, Cytokines, and Peripheral Analgesia.....	87
------------------	--	----

Peter John Cabot

Chapter 7	Alexithymia, Stress, and Immunity.....	101
------------------	--	-----

Olivier Guilbaud, Maurice Corcos, and Philippe Jeammet

Chapter 8	Roles of Mu-Opioid Receptor and Endogenous Opiates in Stress-Induced Immunosuppression.....	111
------------------	--	-----

*Jennifer Kelschenbach, Horace H. Loh,
and Sabita Roy*

Chapter 9	Stress, Opioid Peptides, and Immune Response.....	125
------------------	---	-----

Javier Puente, Marion E. Wolf, M. Antonieta Valenzuela, and Aron D. Mosnaim

Chapter 10 Met-Enkephalin in Oxidative Stress.....	143
<i>Tihomir Balog, Sandra Sobočanec, Višnja Šverko, Helena Haberstock-Debić, and Tatjana Marotti</i>	
Chapter 11 Chronic Stress Induces Death of Lymphocytes	157
<i>Erwei Sun, Lixin Wei, Arthur I. Roberts, Catherine Liu, and Yufang Shi</i>	
Chapter 12 Interleukin-10 and the Hypothalamic–Pituitary–Adrenal Axis.....	169
<i>Eric M. Smith, Huolin Tu, and Thomas K. Hughes, Jr.</i>	
Chapter 13 Cytokines, Stress, and Depression.....	193
<i>Adrian J. Dunn</i>	
Chapter 14 Immunoconversion in Acute Phase Response	215
<i>Istvan Berczi, Andres Quintanar-Stephano, and Kalman Kovacs</i>	
Chapter 15 Interferon in Health and Disease.....	255
<i>Nachum Dafny, Pamela B. Yang, and Stanley A. Brod</i>	
Chapter 16 Neuropeptide Precursor Processing in Immunocytes: Involvement in Neuroimmune Communication	283
<i>Robert Day and Michel Salzet</i>	
Chapter 17 Clinical Relevance of Opioid-Induced Immunosuppression: Are All Drugs Similar?	299
<i>Paola Sacerdote, Sivia Franchi, and Cataldo Martucci</i>	
Chapter 18 Human Retroviruses and the Cytokine Network	311
<i>Massimo Alfano and Guido Poli</i>	
Chapter 19 Psychiatric Toxicity of Interferon- α : A Model for Understanding the Etiology of Major Depression and Chronic Fatigue Syndrome?	349
<i>Gopinath Ranjith and Carmine Pariante</i>	

Chapter 20	Role of Genetic Predisposition, Cytokines, and Neuroendocrine Response in Development of Thyroid Autoimmunity	359
-------------------	---	-----

Antonio Martocchia and Paolo Falaschi

Chapter 21	Gender Differences, Stress, and Immunity	371
-------------------	--	-----

Nicholas P. Plotnikoff and Robert E. Faith

Index	387
--------------------	-----
