

Heart Disease and the Surgical Patient

EDITED BY
SIMON HOWELL
CHRIS PEPPER
DONAT R. SPAHN

Contents

Preface iii
Contributors ix

- 1. Epidemiology of Perioperative Cardiac Complications 1**
Simon Howell
- 2. Pathophysiology of Ischemic Heart Disease 15**
Allison C. Morton and David C. Crossman
- 3. Management of Ischemic Heart Disease 25**
William H. T. Smith and Chris Pepper
- 4. Mechanisms of Perioperative Myocardial Injury 39**
Hans-Joachim Priebe
- 5. Stunning, Hibernation, Preconditioning, Postconditioning,
and the Effects of Anesthetic Drugs 63**
Pierre Foëx and Bruce Biccard
- 6. Preoperative Assessment 87**
Pierre-Guy Chassot and Donat R. Spahn
- 7. Cardioprotection by Modulation of the Adrenergic System 117**
Johannes Wacker, Marcus C. Schaub, and Michael Zaugg
- 8. Intraoperative Management of the Patient with Ischemic
Heart Disease 151**
J. Berridge
- 9. Diagnosis of Perioperative Ischemia and Infarction 161**
George D. Lappas and Mark Stafford-Smith
- 10. Management of Perioperative Ischemia and Infarction 197**
Micha Dorsch and Jim McLenachan
- 11. Arrhythmias and the Surgical Patient 219**
Andrew D. McGavigan and Andrew C. Rankin
- 12. Heart Failure and the Surgical Patient 237**
Karl Skarvan
- 13. Adult Congenital Heart Disease and the Surgical Patient 269**
Matthew Barnard
- 14. Management of Concomitant Carotid and Coronary Disease 293**
Demosthenes Dellagrammaticas and Michael J. Gough

- 15. Urgent or Semiurgent Surgery in Patients with Severe Coronary Artery Disease** 305
Pierre-Guy Chassot, Carlo Marcucci, and Donat R. Spahn
- 16. Anesthetic Management of Patients with Valvular Heart Disease in Noncardiac Surgery** 335
Kim A. Boost and Bernhard Zwissler
- 17. Primary and Secondary Prevention of Coronary Heart Disease** 349
Deoraj Zamvar and Alistair S. Hall
- 18. Conclusions and the Future** 371
Simon Howell, Chris Pepper, and Donat R. Spahn
- Index* 379
