Viral Transport in Plants

Springer

Contents

Virus Transmission—Getting Out and In	
S. Blanc	1
Tobacco Mosaic Virus – a Model for Macromolecular Cell-to-Cell Spread	
E. Waigmann · M. Curin · M. Heinlein	29
Tubule-Guided Movement of Plant Viruses	
C. Ritzenthaler · C. Hofmann	63
Spread Throughout the Plant: Systemic Transport of Viruses	
S. Ueki · V. Citovsky	85
Intracellular and Intercellular Transport of Viroids	
B. Ding · A. Itaya	119
Production and Transport of the Silencing Signal in Transgenic and Virus-Infected Plant Systems	
T. Hohn · R. Akbergenov · M. M. Pooggin	127
An Emerging Model System: <i>Arabidopsis</i> as a Viral Host Plant	
T. Carr · S. A. Whitham	159
Subject Index	185
