

Chemical and Functional Properties  
of Food Components Series

***Food  
Colorants  
Chemical and  
Functional  
Properties***

EDITED BY  
**Carmen Socaciu**

CRC Press  
Taylor & Francis Group

---

# Table of Contents

## **SECTION 1**

- 1 Physics of Color.....3  
*Horst A. Diehl*

## **SECTION 2 Biochemistry of Color: Pigments**

- 2.1 Chlorophylls: Properties, Biosynthesis, Degradation and Functions.....25  
*Ursula Maria Lanfer Marquez and Patrícia Sinnecker*
- 2.2 Carotenoids as Natural Colorants.....51  
*Semih Ötles and Özlem Çagindi*
- 2.3 Stability and Analysis of Phenolic Pigments .....71  
*Pierre Brat, Franck Tourniaire, and Marie Josèphe Amiot-Carlin*
- 2.4 N-Heterocyclic Pigments: Betalains.....87  
*Florian C. Stintzing and Reinhold Carle*
- 2.5 Other Natural Pigments .....101  
*Adela M. Pintea*

## **SECTION 3 Pigment Stability, Bioavailability, and Impacts on Human Health**

- 3.1 Plant Pigments as Bioactive Substances.....127  
*Marie Josèphe Amiot-Carlin, Caroline Babot-Laurent, and Franck Tourniaire*

|            |   |     |
|------------|---|-----|
| <b>3.2</b> | Bioavailability of Natural Pigments.....  | 147 |
|            | <i>Alexandrine During</i>   |     |
| <b>3.3</b> | Antioxidant and Prooxidant Actions and Stabilities of Carotenoids<br><i>In Vitro</i> and <i>In Vivo</i> and Carotenoid Oxidation Products ..... | 177 |
|            | <i>Catherine Caris-Veyrat</i>   |     |

## **SECTION 4 Food Pigments: Major Sources and Stability during Storage and Processing**

|            |  |     |
|------------|--|-----|
| <b>4.1</b> | Chlorophylls in Foods: Sources and Stability .....                                 | 195 |
|            | <i>Ursula Maria Lanfer Marquez and Patrícia Sinnecker</i>                          |     |
| <b>4.2</b> | Carotenoids in Foods: Sources and Stability during Processing<br>and Storage ..... | 213 |
|            | <i>Adriana Z. Mercadante</i>   |     |
| <b>4.3</b> | Anthocyanins in Foods: Occurrence and Physicochemical<br>Properties.....           | 241 |
|            | <i>Adriana Z. Mercadante and Florinda O. Bobbio</i>                                |     |
| <b>4.4</b> | Betalains in Food: Occurrence, Stability, and Postharvest<br>Modifications.....    | 277 |
|            | <i>Florian C. Stintzing and Reinhold Carle</i>                                     |     |

## **SECTION 5 Food Colorant Production**

|            |   |     |
|------------|---|-----|
| <b>5.1</b> | Updated Technologies for Extracting and Formulating Food<br>Colorants ..... | 303 |
|            | <i>Carmen Socaciu</i>   |     |
| <b>5.2</b> | Food Colorants Derived from Natural Sources by Processing .....             | 329 |
|            | <i>Adela M. Pintea</i>  |     |

|            |   |     |
|------------|---|-----|
| <b>5.3</b> | Biotechnology of Food Colorant Production .....                                 | 347 |
|            | <i>Paul D. Matthews and Eleanore T. Wurtzel</i>                                 |     |
| <b>5.4</b> | Pigments from Microalgae and Microorganisms: Sources of<br>Food Colorants ..... | 399 |
|            | <i>Laurent Dufossé</i>  |     |

## **SECTION 6 Analysis of Pigments and Colorants**

|            |   |     |
|------------|---|-----|
| <b>6.1</b> | Analysis of Chlorophylls .....                            | 429 |
|            | <i>Ursula Maria Lanfer Marquez and Patricia Sinnecker</i> |     |
| <b>6.2</b> | Analysis of Carotenoids .....                             | 447 |
|            | <i>Adriana Z. Mercadante</i>                              |     |
| <b>6.3</b> | Analysis of Anthocyanins .....                            | 479 |
|            | <i>M. Mónica Giusti and Pu Jing</i>                       |     |
| <b>6.4</b> | Analysis of Betalains .....                               | 507 |
|            | <i>Florian C. Stintzing and Reinhold Carle</i>            |     |
| <b>6.5</b> | Analysis of Other Natural Food Colorants.....             | 521 |
|            | <i>Carmen Socaciu</i>                                     |     |
| <b>6.6</b> | Analysis of Synthetic Food Colorants.....                 | 533 |
|            | <i>Carmen Socaciu</i>                                     |     |

## **SECTION 7 Quality and Safety of Food Colorants**

|            |   |     |
|------------|---|-----|
| <b>7.1</b> | Colorants and Food Quality Management.....                                      | 551 |
|            | <i>Pieterneel Luning, Marjolein Van der Spiegel,<br/>and Willem J. Marcelis</i> |     |

|              |  |     |
|--------------|--|-----|
| <b>7.2</b>   | Natural Pigments as Food Colorants ..... | 583 |
|              | <i>Carmen Socaciu</i>                    |     |
| <b>7.3</b>   | Synthetic Colorants .....                | 603 |
|              | <i>Adela M. Pintea</i>                   |     |
| <b>Index</b> | .....                                    | 617 |
