

PREMIER REFERENCE SOURCE

**Human, Social, and
Organizational Aspects of
Health Information Systems**

ANDRE W. KUSHNIRUK & ELIZABETH M. BORYCKI

Table of Contents

Foreword	xvi
Preface	xviii

Section I **Usability and Human-Computer Interaction in Healthcare**

Chapter I

Emerging Approaches to Evaluating the Usability of Health Information Systems	1
<i>Andre W. Kushmiruk, University of Victoria, Canada</i>	
<i>Elizabeth M. Borycki, University of Victoria, Canada</i>	
<i>Shige Kuwata, University of Victoria, Canada</i>	
<i>Francis Ho, Tottori University Hospital, Japan</i>	

Chapter II

A Bio-Psycho-Social Review of Usability Methods and their Applications in Healthcare	23
<i>Morgan Price, University of Victoria, Canada and University of British Columbia, Canada</i>	

Section II **Supporting Healthcare Work Practices**

Chapter III

Enhancing 'Fit' of Health Information Systems Design Through Practice Support.....	50
<i>Craig E. Kuziemsky, University of Ottawa, Canada</i>	

Chapter IV

Towards Computer Supported Clinical Activity: A Roadmap Based on Empirical Knowledge and some Theoretical Reflections.....	67
<i>Christian Nohr, Aalborg University, Denmark</i>	
<i>Niels Boye, Aalborg University, Denmark</i>	

Chapter V

- Pervasive Healthcare: Problems and Potentials..... 84
Niels Boye, University of Aalborg, Denmark

Section III

Organizational Aspects: Change Management, Best Practices, and Evaluation

Chapter VI

- The Human Aspects of Change in IT Projects..... 103
Karen Day, University of Auckland, New Zealand
Tony Norris, Massey University, New Zealand

Chapter VII

- Best Practices for Implementing Electronic Health Records and Information Systems 120
Beste Kucukyazici, McGill University, Canada
Karim Keshavjee, InfoClin Inc., Canada
John Bosomworth, University of Victoria, Canada
John Copen, University of Victoria, Canada
James Lai, University of British Columbia, Canada

Chapter VIII

- Health Informatics and Healthcare Redesign Using ICT to Move from an
Evolutionary to a Revolutionary Stage 139
Vivian Vimarlund, Linköping University, Sweden

Chapter IX

- Where do Technology Induced Errors Come From? Towards a Model for
Conceptualizing and Diagnosing Errors Caused by Technology..... 148
Elizabeth M. Borycki, University of Victoria, Canada
Andre W Kushniruk, University of Victoria, Canada

Chapter X

- Regional Patient Safety Initiatives: The Missing Element of Organizational Change..... 167
James G. Anderson, Purdue University, USA

Chapter XI

- Evaluation Methods to Monitor Success and Failure Factors in Health Information
System's Development 180
Jytte Brender, University of Aalborg and Virtual Center for Health Informatics, Denmark

Section IV
Strategic Approaches to Improving the Healthcare System

Chapter XII

- A Comparison of How Canada, England and Denmark are Managing their
Electronic Health Record Journeys 203
Denis Protti, University of Victoria, Canada

Chapter XIII

- Operationalizing the Science: Integrating Clinical Informatics into the
Daily Operations of the Medical Center 219
Joseph Kamry, Mt. Sinai Medical Center, USA

Chapter XIV

- Health Information Technology Economic Evaluation 240
Eric L. Eisenstein, Duke Clinical Research Institute, USA
Maqui Ortiz, Duke Clinical Research Institute, USA
Kevin J. Anstrom, Duke Clinical Research Institute, USA
David F. Lobach, Duke Clinical Research Institute, USA

Section V
Legal, Ethical, and Professional Issues

Chapter XV

- Legal Issues in Health Information and Electronic Health Records..... 260
Nola Ries, University of Alberta, Canada and University of Victoria, Canada

Chapter XVI

- Accountability, Beneficence, and Self Determination: Can Health Information Systems
Make Organizations “Nicer”? 274
Tina Saryeddine, University of Toronto, Canada

Chapter XVII

- Electronic Health Records: Why Does Ethics Count?..... 287
Eike-Henner W. Kluge, University of Victoria, Canada

Section VI
Knowledge Translation in Healthcare

Chapter XVIII

- Technology Enabled Knowledge Translation: Using Information and Communications
Technologies to Accelerate Evidence Based Health Practices..... 301
Kendall Ho, University of British Columbia, Canada

Chapter XIX

Knowledge Translation in Nursing Through Decision Support at the Point of Care 314
Diane Doran, University of Toronto, Canada
Tammie Di Pietro, University of Toronto, Canada

Chapter XX

Improving Internet-Based Health Knowledge Through Attention to Literacy 331
Jose F. Arocha, University of Waterloo, Canada
Laurie Hoffman-Goetz, University of Waterloo, Canada
