

Introductory Maternity & Pediatric Nursing

N. JAYNE KLOSSNER & NANCY HATFIELD

LIPPINCOTT WILLIAMS & WILKINS

Contents

UNIT 1

Overview of Maternal and Pediatric Nursing Care 1

1 The Nurse's Role in a Changing Maternal-Child Health Care Environment 3

Changing Concepts in Maternal-Child Health Care	4
<i>Development of Maternity Care</i>	4
<i>Development of Pediatric Care</i>	5
Current Trends in Maternal-Child Health Care	7
<i>Family-Centered Care</i>	7
<i>Regionalized Care</i>	7
<i>Advances in Research</i>	8
<i>Bioethical Issues</i>	8
<i>Demographic Trends</i>	9
<i>Poverty</i>	9
<i>Cost Containment</i>	9
Payment for Health Services	11
<i>Private Insurance</i>	11
<i>Federally Funded Services</i>	12
<i>Specialized Services</i>	12
Maternal-Child Health Today	13
<i>Maternal-Infant Health Status</i>	14
<i>Child and Adolescent Health Status</i>	15
<i>Addressing Maternal-Child Health Status</i>	16
The Nurse's Changing Role in Maternal-Child Health Care	19
Critical Thinking	20
The Nursing Process	20
<i>Assessment</i>	20
<i>Nursing Diagnosis</i>	21
<i>Outcome Identification and Planning</i>	21
<i>Implementation</i>	21
<i>Evaluation</i>	21
Documentation	22

2 Family-Centered and Community-Based Maternal and Pediatric Nursing 25

The Family as a Social Unit	26
<i>Family Function</i>	26
<i>Family Structure</i>	27
<i>Family Factors That Influence Childbearing and Child Rearing</i>	29
Health Care Shift: From Hospital to Community	31
<i>Community-Based Nursing</i>	31
<i>Community Care Settings for the Maternity Client</i>	32

<i>Community Care Settings for the Child</i>	34
<i>Skills of the Community-Based Nurse</i>	37
<i>The Challenge of Community-Based Nursing</i>	38

UNIT 2

Foundations of Maternity Nursing 45

3 Structure and Function of the Reproductive System 47

Male Reproductive System	48
<i>External Genitalia</i>	48
<i>Internal Reproductive Organs</i>	50
Female Reproductive System	53
<i>External Genitalia (Vulva)</i>	53
<i>Internal Reproductive Organs</i>	55
<i>Blood Supply for the Pelvic Organs</i>	57
Reproductive Function	58
<i>Puberty</i>	58
<i>Menstruation</i>	59
<i>Menstrual cycle</i>	59
<i>Cervical Mucus Changes</i>	60
<i>Menopause</i>	61
Sexual Response Cycle	61

4 Special Issues of Reproduction and Women's Health Care 64

WOMEN'S HEALTH ISSUES	65
Health Screening for Women	65
<i>Breast Cancer Screening</i>	65
<i>Pelvic Examination and Pap Smear</i>	66
<i>Vulvar Self-Examination</i>	66
Common Disorders of the Female Reproductive Tract	67
<i>Menstrual Disturbances</i>	67
<i>Infectious Disorders</i>	70
<i>Disorders of the Uterus and Ovaries</i>	71
<i>Pelvic Support Disorders</i>	72
REPRODUCTIVE LIFE CYCLE ISSUES	73
Family Planning	73
<i>Planning Pregnancy</i>	74
<i>Nursing Care</i>	74
<i>Preventing Pregnancy</i>	75
Nursing Process for Assisting the Couple to Choose a Contraceptive Method	85
Induced Abortion	88
Infertility	88
<i>Causes of Infertility</i>	88

Initial Evaluation of Infertility	90
Comprehensive Evaluation and Diagnostic Testing	91
Management of Infertility	92
Psychological Aspects of Infertility	93
Nursing Care	93
Menopause	94
Clinical Manifestations	94
Treatment	94
Nursing Care	95

UNIT 3

Pregnancy 101

5 Fetal Development	103
Cellular Processes	104
Types of Cells	104
Cellular Division	104
Developmental Stages of Pregnancy	105
Pre-embryonic Stage	106
Embryonic Stage	107
Fetal Stage	109
Development of Supportive Structures	109
Fetal Membranes	109
Amniotic Fluid	111
Placenta	112
Umbilical Cord	113
Fetal and Placental Circulation	113
Fetal Circulation	113
Placental Circulation	114
Special Considerations of Fetal Development	114
Teratogens and the Fetus	114
Ectopic Pregnancy	117
Multifetal Pregnancy	117
6 Maternal Adaptation During Pregnancy	122
Signs of Pregnancy	123
Presumptive (Possible) Signs	123
Probable Signs	123
Positive Signs	124
Physiologic Adaptation to Pregnancy	124
Reproductive Changes	124
Endocrine Changes	126
Hematologic Changes	126
Cardiovascular Changes	127
Respiratory Changes	127
Musculoskeletal Changes	127
Gastrointestinal Changes	128
Urinary Changes	128
Integumentary Changes	129
Psychological Adaptation to Pregnancy	129
First Trimester Task: Accept the Pregnancy	129
Second Trimester Task: Accept the Baby	130
Third Trimester Task: Prepare for Parenthood	130
Changing Nutritional Requirements of Pregnancy	131
Energy Requirements and Weight Gain	131
Protein Requirements	131
Mineral Requirements	131
Vitamin Requirements	135
Dietary Supplementation During Pregnancy	135
Special Nutritional Considerations	136

7 Prenatal Care	140
Assessment of Maternal Well-Being During Pregnancy	141
First Prenatal Visit	141
Subsequent Prenatal Visits	145
Assessment of Fetal Well-Being During Pregnancy	146
Fetal Kick Counts	146
Ultrasonography	146
Doppler Flow Studies	148
Maternal Serum Alpha-fetoprotein Screening	148
Triple-Marker (or Multiple-Marker) Screening	148
Amniocentesis	148
Chorionic Villus Sampling	149
Percutaneous Umbilical Blood Sampling	150
Nonstress Test	150
Vibroacoustic Stimulation	151
Contraction Stress Test	151
Biophysical Profile	151
The Nursing Process for Prenatal Care	152

UNIT 4

Labor and Birth 173

8 Labor Process	175
The Four Essential Components of Labor	176
Passageway	176
Passenger	178
Powers	182
Psyche	183
The Process of Labor	183
The Onset of Labor	183
Mechanisms of a Spontaneous Vaginal Delivery	185
Stages and Duration of Labor	187
Maternal and Fetal Adaptation to Labor	188
Maternal Physiologic Adaptation	188
Maternal Psychological Adaptation	189
Fetal Adaptation to Labor	189
9 Pain Management During Labor and Birth	194
The Pain of Labor and Childbirth	195
Uniqueness of Labor and Birth Pain	195
Physiology and Characteristics of Labor Pain	195
Factors Influencing Labor Pain	195
Principles of Pain Relief During Labor	196
Pain Management Techniques	196
Nonpharmacologic Interventions	196
Pharmacologic Interventions	201
10 Nursing Care During Labor and Birth	213
THE NURSE'S ROLE DURING ADMISSION	214
Immediate Assessments	214
Birth Imminence	214
Fetal Status	215
Risk Assessment	216
Maternal Status	216
Additional Assessments	216
Maternal Health History and Physical Assessment	216
Labor Status	216
Labor and Birth Preferences	220
Performing Routine Admission Orders	220

THE NURSE'S ROLE: ONGOING ASSESSMENT OF UTERINE CONTRACTIONS AND FHR 221

- Monitoring Uterine Contractions 221
 - External Methods* 221
 - Internal Method* 221
- Monitoring FHR 221
 - Intermittent Auscultation of FHR* 223
 - Continuous EFM* 223
 - Evaluating FHR Patterns* 225
 - Measures Used to Clarify Nonreassuring FHR Patterns* 229

THE NURSE'S ROLE DURING EACH STAGE OF LABOR 230

- The Nursing Process During the First Stage of Labor (Dilation) 230
- The Nursing Process During the Second Stage of Labor: Expulsion of the Fetus 238
- The Nursing Process During the Third Stage of Labor: Delivery of Placenta 243
- The Nursing Process During the Fourth Stage of Labor 246

11 Assisted Delivery and Cesarean Birth 253

- Version 254
 - External Version* 254
 - Internal Version* 254
- Induction of Labor 255
 - Indications* 255
 - Contraindications* 255
 - Labor Readiness* 255
 - Cervical Ripening* 256
 - Artificial Rupture of Membranes* 257
 - Oxytocin Induction* 257
 - Nursing Care* 257
- Amnioinfusion 258
 - Contraindications and Possible Complications* 258
 - Nursing Care* 258
- Assisted Delivery 258
 - Episiotomy* 258
 - Vacuum-Assisted Delivery* 259
 - Forceps-Assisted Delivery* 260
 - Nursing Care* 260
- Cesarean Birth 261
 - Indications* 261
 - Incidence* 261
 - Risks* 261
 - Incision Types* 262
 - Steps of a Cesarean Delivery* 263
 - Nursing Care* 266
- Vaginal Birth After Cesarean 270
 - Prerequisites* 270
 - Contraindications* 270
 - Procedure* 270
 - Nursing Care* 270

UNIT 5**Postpartum and Newborn 275****12 The Postpartum Woman 277**

- Maternal Adaptation During the Postpartum Period 278
 - Physiologic Adaptation* 278
 - Psychological Adaptation* 282

Nursing Process for the Early Postpartum Period 284

Nursing Process for Postpartum Care After Cesarean Birth 292

Nursing Process for Preparing the Postpartum Woman for Discharge 295

13 Nursing Assessment of Newborn**Transition 303**

- Physiologic Adaptation 304
 - Respiratory Adaptation* 304
 - Cardiovascular Adaptation* 305
 - Thermoregulatory Adaptation* 305
 - Metabolic Adaptation* 306
 - Hepatic Adaptation* 306
 - Behavioral and Social Adaptation* 307

Nursing Assessment of the Normal Newborn 307

- General Body Proportions and Posture* 308
- Vital Signs* 308
- Physical Measurements* 308
- Head-to-Toe Assessment* 310
- Neurologic Assessment* 317
- Behavioral Assessment* 319
- Gestational Age Assessment* 319

14 Newborn Nutrition 323

Choosing a Feeding Method 324

- Culture* 324
- Age and Education* 324
- Past Experience* 324
- Intent to Return to Work or School* 324

Breast-feeding 325

- Advantages and Disadvantages of Breast-feeding* 325
- Physiology of Breast-feeding* 326
- Composition of Breast Milk* 327
- Nutritional Needs of the Breast-feeding Woman* 327

Nursing Care of the Breast-feeding Woman 328

Formula Feeding 334

- Advantages and Disadvantages of Formula Feeding* 334

Composition of Formula 335

Nursing Care of the Formula Feeding Woman 335

15 The Normal Newborn 343

The Nursing Process in Immediate Stabilization and Transition of the Newborn 344

The Nursing Process in Providing Care to the Normal Newborn 351

The Nursing Process in Preparing the Newborn for Discharge 356

UNIT 6**Childbearing at Risk 369****16 Pregnancy at Risk: Conditions That Complicate****Pregnancy 371**

Pregnancy Complicated by Medical Conditions 372

- Diabetes Mellitus* 372

Nursing Process for the Pregnant Woman
 With DM 376
 Cardiovascular Disease 379
 Anemia 381
 Asthma 383
 Epilepsy 384
 Infectious Diseases 385

Nursing Process for the Pregnant Woman With
 an STI 392

Pregnancy Complicated by Intimate Partner
 Violence 394
 Clinical Manifestations and Diagnosis 395
 Treatment 396
 Nursing Care 397

Pregnancy Complicated by Age-Related
 Concerns 398
 Adolescent Pregnancy 398
 Pregnancy in Later Life 400

**17 Pregnancy at Risk: Pregnancy-Related
 Complications 406**

Hyperemesis Gravidarum 407
 Clinical Presentation 407
 Treatment 407
 Nursing Care 408

Bleeding Disorders 408
 Ectopic Pregnancy 408
 Early Pregnancy Loss 410
 Incompetent Cervix 413
 Hydatidiform Mole 413
 Placenta Previa 415
 Abruptio Placentae 416

Nursing Process for the Woman With a Bleeding
 Disorder 418

Hypertensive Disorders in Pregnancy 420
 Gestational Hypertension 420
 Preeclampsia/Eclampsia 420
 *Chronic Hypertension and Preeclampsia Superimposed
 on Chronic Hypertension* 428

Multiple Gestation 429
 Clinical Presentation 430
 Treatment 430
 Nursing Care 430

Blood Incompatibilities 430
 Rh Incompatibility 430
 ABO Incompatibility 431

18 Labor at Risk 436

Dysfunctional Labor (Dystocia) 437
 Complications 437
 Clinical Manifestations and Diagnosis 437
 Causes of Labor Dysfunction 437
 Treatment 438
 Nursing Care 439

Premature Rupture of Membranes 439
 Clinical Manifestations and Diagnosis 440
 Treatment 440
 Nursing Care 440

Preterm Labor 441
 Clinical Manifestations and Diagnosis 441
 Treatment 441

Nursing Process for the Woman With Preterm
 Labor 443

Post-term Pregnancy and Labor 444
 Clinical Manifestations and Diagnosis 444

Treatment 445
 Nursing Care 445

Intrauterine Fetal Death 445
 Clinical Manifestations and Diagnosis 445
 Treatment 445
 Nursing Care 445

Emergencies Associated With Labor
 and Birth 446
 Amniotic Fluid Embolism 446
 Shoulder Dystocia 446
 Umbilical Cord Prolapse 448
 Uterine Rupture 448
 Placental and Umbilical Cord Abnormalities 450

19 Postpartum Woman At Risk 454

Postpartum Hemorrhage 455
 Early Postpartum Hemorrhage 455
 Nursing Process for the Woman With Early
 Postpartum Hemorrhage 457
 Late Postpartum Hemorrhage 461

Postpartum Infection 462
 Endometritis 462
 Wound Infection 464
 Mastitis 465
 Urinary Tract Infection 466

Thromboembolic Disorders 471
 Risk Factors 471
 Superficial and Deep Vein Thrombophlebitis 471
 Pulmonary Embolism 472

Postpartum Psychiatric Disorders 474
 Postpartum Depression 474
 Postpartum Psychosis 475

Special Postpartum Situations 476
 Grief in the Postpartal Period 476
 Malattachment in the Postpartal Period 477

**20 The Newborn at Risk: Gestational and Acquired
 Disorders 482**

**VARIATIONS IN SIZE AND GESTATIONAL
 AGE 483**

Gestational Age Assessment 483
 Physical Maturity 483
 Neuromuscular Maturity 483

The Small-for-Gestational-Age Newborn 484
 Contributing Factors 486
 Characteristics of the SGA Newborn 486
 Potential Complications 486
 Nursing Care 487

The Large-for-Gestational Age Newborn 487
 Contributing Factors 487
 Characteristics of the LGA Newborn 488
 Potential Complications 488
 Nursing Care 488

The Preterm Newborn 488
 Contributing Factors 489
 Characteristics of the Preterm Newborn 489
 Complications of the Preterm Newborn 489

Nursing Process for the Preterm Newborn 492

The Post-term Newborn 499
 Contributing Factors 499
 Characteristics of the Post-term Newborn 499
 Potential Complications 499
 Nursing Care 500

ACQUIRED DISORDERS 500

Respiratory Disorders 500

<i>Transient Tachypnea of the Newborn</i>	500
<i>Meconium Aspiration Syndrome</i>	501
<i>Sudden Infant Death Syndrome</i>	501
Hemolytic Disease of the Newborn	503
<i>Rh Incompatibility</i>	503
<i>ABO Incompatibility</i>	503
<i>Prevention</i>	503
<i>Clinical Manifestations</i>	503
<i>Treatment and Nursing Care</i>	504
Newborn of a Diabetic Mother	505
Newborn of a Chemically Dependent Mother	506
<i>Fetal Alcohol Syndrome</i>	506
<i>Newborn With Withdrawal Symptoms</i>	506
Newborn With a Congenitally Acquired Infection	507
21 The Newborn At Risk: Congenital Disorders	512
Congenital Malformations	513
<i>Cleft Lip and Palate</i>	514
Nursing Process in Caring for the Newborn With Cleft Lip and Palate	515
<i>Esophageal Atresia</i>	520
<i>Imperforate Anus</i>	521
<i>Hernias</i>	521
<i>Spina Bifida</i>	523
Nursing Process in Caring for the Newborn With Myelomeningocele	525
<i>Hydrocephalus</i>	526
Nursing Process in Caring for the Postoperative Newborn With Hydrocephalus	528
<i>Development of the Heart</i>	530
<i>Common Types of Congenital Heart Defects</i>	530
<i>Risk Factors</i>	534
<i>Clinical Presentation</i>	534
<i>Treatment and the Nurse's Role</i>	535
<i>Congenital Talipes Equinovarus</i>	536
<i>Congenital Hip Dysplasia</i>	537
Nursing Process in Caring for the Newborn in an Orthopedic Device or Cast	538
<i>Hypospadias and Epispadias</i>	540
<i>Exstrophy of the Bladder</i>	540
<i>Ambiguous Genitalia</i>	543
Inborn Errors of Metabolism	543
<i>Phenylketonuria</i>	543
<i>Galactosemia</i>	544
<i>Congenital Hypothyroidism</i>	544
<i>Maple Syrup Urine Disease</i>	545
Chromosomal Abnormalities	545
<i>Down Syndrome</i>	545
<i>Turner Syndrome</i>	546
<i>Klinefelter Syndrome</i>	547

UNIT 7

Health Promotion for Normal Growth and Development 551

22 Principles of Growth and Development	553
Principles of Growth and Development	554
<i>Foundations of growth and development</i>	554
<i>Factors related to growth and development</i>	554
Influences on Growth and Development	555
<i>Genetics</i>	555
<i>Nutrition</i>	556
<i>Environment</i>	557

The Nurse's Role Related to Growth and Development	560
Theories of Child Development	561
<i>Sigmund Freud</i>	561
<i>Erik Erikson</i>	563
<i>Jean Piaget</i>	565
<i>Lawrence Kohlberg</i>	565
<i>Other Theorists</i>	566

23 Growth and Development of the Infant: 28 Days to 1 Year 571

Physical Development	572
<i>Head and Skull</i>	572
<i>Skeletal Growth and Maturation</i>	573
<i>Eruption of Deciduous Teeth</i>	573
<i>Circulatory System</i>	573
<i>Body Temperature and Respiratory Rate</i>	574
<i>Neuromuscular Development</i>	574
Psychosocial Development	574
Nutrition	578
<i>Addition of Solid Foods</i>	579
<i>Weaning the Infant</i>	582
<i>Women, Infants, and Children Food Program</i>	582
Health Promotion and Maintenance	582
<i>Routine Checkups</i>	582
<i>Immunizations</i>	583
<i>Family Teaching</i>	584
<i>Accident Prevention</i>	586
The Infant in the Health Care Facility	587
<i>Parent–Nurse Relationship</i>	588

24 Growth and Development of the Toddler: 1 to 3 Years 592

Physical Development	593
Psychosocial Development	594
<i>Behavioral Characteristics</i>	594
<i>Play</i>	596
<i>Discipline</i>	596
<i>Sharing With a New Baby</i>	597
Nutrition	598
Health Promotion and Maintenance	598
<i>Routine Checkups</i>	599
<i>Family Teaching</i>	599
<i>Accident Prevention</i>	603
The Toddler in the Health Care Facility	605
<i>Special Considerations</i>	606

25 Growth and Development of the Preschool Child: 3 to 6 Years 611

Physical Development	612
<i>Growth Rate</i>	612
<i>Dentition</i>	612
<i>Visual Development</i>	612
<i>Skeletal Growth</i>	613
Psychosocial Development	614
<i>Language Development</i>	614
<i>Development of Imagination</i>	614
<i>Sexual Development</i>	615
<i>Social Development</i>	616
Nutrition	618
Health Promotion and Maintenance	619
<i>Routine Checkups</i>	619
<i>Family Teaching</i>	619
<i>Accident Prevention</i>	620

	<i>Infection Prevention</i>	621		
	The Preschooler in the Health Care Facility	622		
26	Growth and Development of the School-Age Child: 6 to 10 Years	626		
	Physical Development	627		
	<i>Growth</i>	627		
	<i>Dentition</i>	627		
	<i>Skeletal Growth</i>	627		
	Psychosocial Development	628		
	<i>The Child From Ages 6 to 7 Years</i>	630

	<i>Nose and Throat Specimen</i>	717		
	<i>Urine Specimens</i>	717		
	<i>Stool Specimens</i>	718		
	Assisting With Procedures Related to Collection of Blood and Spinal Fluid	718		
	<i>Blood Collection</i>	718		
	<i>Lumbar Puncture</i>	719		
	Assisting With Procedures Related to Diagnostic Tests and Studies	719		
31	Medication Administration and Intravenous Therapy	724		
	Medication Administration	725		
	<i>Computing Dosages</i>	727		
	<i>Oral Medication</i>	729		
	<i>Intramuscular Medication</i>	729		

Other Routes of Medication Administration	729
Intravenous Therapy	733
Fundamentals of Fluid Balance	733
Intravenous Fluid Administration	735
Intravenous Medication	735
Intravenous Sites	735
Infusion Control	736

32 The Child With a Chronic Health

Problem	741
Common Problems in Chronic Illness	742
Effects of Chronic Illness on the Family	742
Parents and Chronic Illness	742
The Child and Chronic Illness	743
Siblings and Chronic Illness	744
Nursing Process in Caring for a Child With a Chronic Illness	745

33 The Dying Child 754

The Nurse's Reaction to Death and Dying	755
The Child's Understanding of Death	756
Developmental Stage	756
Experience With Death and Loss	758
Awareness of Impending Death	759
The Family's Reaction to Dying and Death	760
Family Caregivers	761
The Child	762
Siblings	763
Settings for Care of the Dying Child	764
Hospice Care	764
Home Care	764
Hospital Care	764
Nursing Process for the Dying Child	765

UNIT 9

The Child With a Major Illness 773

34 The Child With Sensory/Neurologic

Disorders	775
Growth and Development of the Eyes, Ears, and Nervous System	776
The Nervous System	776
Sensory Organs	776
Vision Impairment	777
Types of Vision Impairment	777
Clinical Manifestations and Diagnosis	777
Treatment and Education	779
Nursing Care for the Visually Impaired Child	779
Eye Conditions	779
Cataracts	779
Glaucoma	779
Strabismus	780
Eye Injury and Foreign Objects in the Eye	780
Eye Infections	781
Nursing Care for the Child Undergoing Eye Surgery	781
Hearing Impairment	782
Types of Hearing Impairment	782
Clinical Manifestations	782
Diagnosis	782
Treatment and Education	783
Nursing Care for the Deaf Child	784
Otitis Media	784

Clinical Manifestations	784
Diagnosis	784
Treatment and Nursing Care	785
Insertion of Foreign Bodies Into the Ear or Nose	786
Reye Syndrome	786
Clinical Manifestations	786
Diagnosis	786
Treatment and Nursing Care	786
Haemophilus influenzae Meningitis	787
Clinical Manifestations	787
Diagnosis	787
Treatment	787
Nursing Process for the Child With Meningitis	788
Acute or Nonrecurrent Seizures	790
Clinical Manifestations	790
Diagnosis	790
Treatment	790
Nursing Process for the Child at Risk for Seizures	790
Seizure Disorders	791
Clinical Manifestations	791
Diagnosis	791
Treatment	792
Nursing Care	794
Cerebral Palsy	794
Causes	795
Prevention	795
Clinical Manifestations and Types	795
Diagnosis	796
Treatment and Special Aids	796
Nursing Care	797
Mental Retardation	798
Causes	798
Clinical Manifestations of the Mentally Retarded Child	799
Treatment and Education	799
Nursing Process for the Child With Cognitive Impairment	800
Head Injuries	803
Drowning	805

35 The Child With Respiratory Disorders 809

Growth and Development of the Respiratory System	810
Acute Nasopharyngitis (Common Cold)	810
Clinical Manifestations	811
Diagnosis	811
Treatment and Nursing Care	811
Allergic Rhinitis (Hay Fever)	811
Clinical Manifestations	811
Treatment and Nursing Care	812
Tonsillitis and Adenoiditis	812
Clinical Manifestations and Diagnosis	812
Treatment and Nursing Care	812
Nursing Process for the Child Having a Tonsillectomy	812
CROUP SYNDROMES	814
Spasmodic Laryngitis	814
Clinical Manifestations and Diagnosis	814
Treatment and Nursing Care	814
Acute Laryngotracheobronchitis	814
Clinical Manifestations and Diagnosis	815
Treatment and Nursing Care	815
Epiglottitis	815
Clinical Manifestations and Diagnosis	815

<i>Treatment and Nursing Care</i>	815
Acute Bronchiolitis/Respiratory Syncytial Virus Infection	816
<i>Clinical Manifestations</i>	816
<i>Diagnosis</i>	816
<i>Treatment and Nursing Care</i>	816
Asthma	816
<i>Clinical Manifestations</i>	817
<i>Diagnosis</i>	817
<i>Treatment</i>	817
Nursing Process for the Child With Asthma	821
Bacterial Pneumonia	823
<i>Clinical Manifestations</i>	824
<i>Diagnosis</i>	824
<i>Treatment</i>	824
Nursing Process for the Child With Pneumonia	824
Cystic Fibrosis	829
<i>Clinical Manifestations</i>	829
<i>Diagnosis</i>	830
<i>Treatment</i>	830
Nursing Process for the Child With Cystic Fibrosis	833
Pulmonary Tuberculosis	835
<i>Clinical Manifestations</i>	835
<i>Diagnosis</i>	835
<i>Treatment</i>	836
<i>Prevention</i>	836

36 The Child With Cardiovascular/Hematologic Disorders 840

Growth and Development of the Cardiovascular and Hematologic System	841
Differences Between the Child's and Adult's Cardiovascular and Hematologic Systems	841
Congestive Heart Failure	842
<i>Clinical Manifestations</i>	842
<i>Diagnosis</i>	842
<i>Treatment</i>	842
Nursing Process for the Child With Congestive Heart Failure	843
Rheumatic Fever	844
<i>Clinical Manifestations</i>	844
<i>Diagnosis</i>	844
<i>Treatment</i>	844
<i>Prevention</i>	846
Nursing Process for the Child With Rheumatic Fever	846
Kawasaki Disease	848
<i>Clinical Manifestations</i>	848
<i>Diagnosis</i>	848
<i>Treatment and Nursing Care</i>	849
Iron Deficiency Anemia	849
<i>Clinical Manifestations</i>	849
<i>Diagnosis</i>	849
<i>Treatment and Nursing Care</i>	849
Sickle Cell Disease	850
<i>Clinical Manifestations</i>	850
<i>Diagnosis</i>	851
<i>Treatment</i>	851
Nursing Process for the Child With Sickle Cell Crisis	851
Thalassemia	853
<i>Clinical Manifestations</i>	853
<i>Treatment and Nursing Care</i>	853
Hemophilia	853

<i>Mechanism of Clot Formation</i>	853
<i>Clinical Manifestations</i>	854
<i>Diagnosis</i>	854
<i>Common Types of Hemophilia</i>	854
<i>Treatment</i>	854
Nursing Process for the Child With Hemophilia	855
Idiopathic Thrombocytopenic Purpura	858
<i>Clinical Manifestations and Diagnosis</i>	858
<i>Treatment and Nursing Care</i>	858
Acute Leukemia	858
<i>Pathophysiology</i>	858
<i>Clinical Manifestations</i>	858
<i>Diagnosis</i>	858
<i>Treatment</i>	859
Nursing Process for the Child With Leukemia	859

37 The Child With Gastrointestinal/Endocrine Disorders 866

Growth and Development of the Gastrointestinal and Endocrine Systems	867
<i>Gastrointestinal System</i>	868
<i>Endocrine System and Hormonal Function</i>	868
GASTROINTESTINAL DISORDERS 868	
Pyloric Stenosis	868
<i>Clinical Manifestations</i>	869
<i>Diagnosis</i>	869
<i>Treatment</i>	869
Nursing Process for the Child With Pyloric Stenosis	869
Celiac Syndrome	872
<i>Clinical Manifestations</i>	872
<i>Diagnosis and Treatment</i>	872
<i>Nursing Care</i>	873
Congenital Aganglionic Megacolon	873
<i>Clinical Manifestations</i>	873
<i>Diagnosis</i>	874
<i>Treatment</i>	874
Nursing Process for the Child Undergoing Surgery for Congenital Aganglionic Megacolon	874
Intussusception	876
<i>Clinical Manifestations</i>	877
<i>Diagnosis</i>	877
<i>Treatment and Nursing Care</i>	877
Gastroesophageal Reflux	878
<i>Clinical Manifestations</i>	878
<i>Diagnosis and Treatment</i>	878
<i>Nursing Care</i>	878
Diarrhea and Gastroenteritis	878
<i>Clinical Manifestations</i>	878
<i>Diagnosis</i>	879
<i>Treatment</i>	879
Nursing Process for the Child With Diarrhea and Gastroenteritis	879
Colic	882
<i>Clinical Manifestations and Diagnosis</i>	882
<i>Treatment and Nursing Care</i>	883
Appendicitis	883
<i>Clinical Manifestations</i>	883
<i>Treatment</i>	883
Nursing Process for the Child With Appendicitis	883
Malnutrition and Nutritional Problems	885
<i>Protein Malnutrition</i>	885
<i>Vitamin Deficiency Diseases</i>	886
<i>Mineral Insufficiencies</i>	886

<i>Food Allergies</i>	886		
Nursing Process for the Child With Nutritional Problems	887		
Enterobiasis (Pinworm Infection)	889		
<i>Clinical Manifestations and Diagnosis</i>	889		
<i>Treatment and Nursing Care</i>	890		
Roundworms	890		
Hookworms	890		
<i>Clinical Manifestations and Diagnosis</i>	890		
<i>Treatment and Nursing Care</i>	890		
Giardiasis	891		
<i>Clinical Manifestations and Treatment</i>	891		
<i>Nursing Care</i>	891		
Ingestion of Toxic Substances	891		
<i>Emergency Treatment</i>	892		
Lead Poisoning (Plumbism)	892		
<i>Sources of Chronic Lead Poisoning</i>	892		
<i>Clinical Manifestations</i>	894		
<i>Diagnosis</i>	894		
<i>Treatment and Nursing Care</i>	894		
<i>Prognosis</i>	894		
Ingestion of Foreign Objects	895		
<i>Treatment and Nursing Care</i>	895		
ENDOCRINE DISORDERS	895		
Type 1 Diabetes Mellitus	895		
<i>Pathogenesis</i>	896		
<i>Clinical Manifestations</i>	896		
<i>Diagnosis</i>	897		
<i>Treatment</i>	897		
Nursing Process for the Child With Type 1 Diabetes Mellitus	899		
38 The Child With Genitourinary Disorders	910		
Growth and Development of the Genitourinary System	911		
Urinary Tract Infections	911		
<i>Clinical Manifestations</i>	912		
<i>Diagnosis</i>	912		
<i>Treatment</i>	912		
Nursing Process for the Child With a Urinary Tract Infection	912		
Enuresis	913		
Nephrotic Syndrome	914		
<i>Clinical Manifestations</i>	914		
<i>Diagnosis</i>	915		
<i>Treatment</i>	915		
Nursing Process for the Child With Nephrotic Syndrome	915		
Acute Glomerulonephritis	918		
<i>Clinical Manifestations</i>	918		
<i>Treatment</i>	918		
<i>Nursing Care</i>	918		
Wilms' Tumor (Nephroblastoma)	919		
Hydrocele	919		
Cryptorchidism	919		
Menstrual Disorders	919		
<i>Premenstrual Syndrome</i>	919		
<i>Dysmenorrhea</i>	920		
<i>Amenorrhea</i>	920		
Vaginitis	921		
39 The Child With Musculoskeletal Disorders	925		
Growth and Development of the Musculoskeletal System	926		
Fractures	926		
<i>Treatment and Nursing Care</i>	926		
Osteomyelitis	933		
<i>Clinical Manifestations and Diagnosis</i>	933		
<i>Treatment</i>	933		
<i>Nursing Care</i>	934		
Muscular Dystrophy	934		
<i>Clinical Manifestations and Diagnosis</i>	934		
<i>Treatment and Nursing Care</i>	935		
Legg-Calvé-Perthes Disease (Coxa Plana)	935		
<i>Clinical Manifestations and Diagnosis</i>	935		
<i>Treatment and Nursing Care</i>	935		
Osteosarcoma	936		
<i>Clinical Manifestations and Diagnosis</i>	936		
<i>Treatment and Nursing Care</i>	936		
Ewing's Sarcoma	936		
<i>Clinical Manifestations and Diagnosis</i>	936		
<i>Treatment and Nursing Care</i>	936		
Juvenile Rheumatoid Arthritis	936		
<i>Clinical Manifestations</i>	936		
<i>Treatment and Nursing Care</i>	936		
Scoliosis	938		
<i>Diagnosis</i>	938		
<i>Treatment</i>	939		
Nursing Process for the Child With Scoliosis Requiring a Brace	940		
40 The Child With Integumentary Disorders/Communicable Diseases	945		
Growth and Development of the Integumentary and Immune System	946		
Seborrheic Dermatitis	947		
Milliaria Rubra	947		
<i>Clinical Manifestations</i>	947		
<i>Treatment and Nursing Care</i>	947		
Diaper Rash	947		
<i>Treatment and Nursing Care</i>	947		
Candidiasis	948		
<i>Treatment and Nursing Care</i>	948		
Impetigo	948		
<i>Nursing Care</i>	948		
Acne Vulgaris	949		
<i>Clinical Manifestations</i>	949		
<i>Treatment and Nursing Care</i>	949		
Fungal Infections	950		
<i>Clinical Manifestations</i>	950		
<i>Treatment and Nursing Care</i>	950		
Parasitic Infections	951		
<i>Clinical Manifestations</i>	951		
<i>Treatment and Nursing Care</i>	951		
Scabies	952		
<i>Clinical Manifestations</i>	952		
<i>Treatment and Nursing Care</i>	952		
Allergic Disorders	952		
<i>Clinical Manifestations</i>	953		
<i>Diagnosis</i>	953		
<i>Treatment</i>	954		
Nursing Process for the Child With Eczema	954		
Skin Allergies	956		
<i>Clinical Manifestations</i>	956		
<i>Treatment</i>	956		
Bites	956		
Burns	957		
<i>Types of Burns</i>	958		
<i>Emergency Treatment</i>	959		

<i>Treatment of Moderate to Severe Burns: First Phase—</i>	
48 to 72 Hours	960
Complications	963
Long-term Care	963
Nursing Process for the Child With a Burn	963
Sexually Transmitted Diseases	968
Clinical Manifestations	970
Treatment	971
Nursing Process for the Child With AIDS	972
Infectious Mononucleosis	975
Clinical Manifestations	976
Diagnosis	976
Treatment and Nursing Care	976
Communicable Diseases of Childhood	976
Prevention	980
Nursing Care	980

41 The Child With Psychosocial

Disorders	986
Autism	987
Clinical Manifestations	987
Diagnosis	988
Treatment	988
Nursing Care	988
Suicide	988
Clinical Manifestations	989
Treatment and Nursing Care	989
SUBSTANCE ABUSE	990
Prevention and Treatment	990
Alcohol Abuse	990
Tobacco Abuse	992
Marijuana Abuse	992
Cocaine Abuse	992
Narcotic Abuse	993
Other Abused Drugs	993
Parents Addicted to Drugs or Alcohol	994
Effects on the Family	994
Children Coping With Parental Addiction	994
Attention Deficit Hyperactivity Disorder	995
Clinical Manifestations	995
Diagnosis	996
Treatment and Nursing Care	996
Enuresis and Encopresis	996
Nonorganic Failure to Thrive	996
Clinical Manifestations	997
Diagnosis	997
Treatment	997
Nursing Process for the Child With Nonorganic Failure to Thrive	998
EATING DISORDERS	999
Anorexia Nervosa	999

Characteristics	999
Clinical Manifestations and Diagnosis	999
Treatment and Nursing Care	1000
Bulimia	1000
Clinical Manifestations and Diagnosis	1000
Treatment	1001
Nursing Process for the Child With Anorexia Nervosa or Bulimia	1001
Obesity	1006
School Phobia	1006
Clinical Manifestations	1006
Treatment and Nursing Care	1006
CHILD ABUSE	1007
Physical Abuse	1008
Shaken Baby Syndrome	1009
Munchausen Syndrome by Proxy	1010
Emotional Abuse and Neglect	1010
Sexual Abuse	1011
Nursing Process for the Child Who Is Abused	1011
