Contents

Unit 1 Introduction to Community Health Nursing

1 Health: A Community View, 2

Melanie McEwen and Mary A. Nies

- Definitions of Health and Community, 3
 - Health, 3
 - Community, 4
- Determinants of Health and Disease, 5
- Indicators of Health and Illness, 5
- Definitions and Focus of Public Health and Community Health, 6
- Preventive Approach to Health, 7
 - Health Promotion and Levels of Prevention, 7
 - Prevention Versus Cure, 9
 - Healthy People 2010*, 9
- Definition and Focus of Public Health Nursing, Community Health Nursing, and Community-Based Nursing, 10
 - Public Health Nursing, 10
 - Community Health Nursing, 11
 - Community-Based Nursing, 11
 - Community and Public Health Nursing Practice, 11
- Population-Focused Practice and Community/Public Health Nursing Interventions, 12
 - Community Health Interventions, 12
 - The Public Health Intervention Wheel, 14
- Community Health Nursing and Managed Care, 15
- Summary, 17

2 Historical Factors: Community Health Nursing, 19

Tom H. Cook

- Evolution of Health in Western Populations, 19
 - Aggregate Impact on Health, 20
 - Evolution of Early Public Health Efforts, 21
- Advent of Modern Health Care, 24
 - Evolution of Modern Nursing, 24
 - Establishment of Modern Medical Care and Public Health Practice, 25
 - Establishment of Public Health Nursing, 28
- Consequences for the Health of Aggregates, 32
 - Twenty-First Century, 31
- Social Changes and Community Health Nursing, 32
- Challenges for Community and Public Health Nursing, 33
- Summary, 33

3 Thinking Upstream: Nursing Theories and Population-Focused Nursing Practice, 37

Patricia G. Butterfield

- Thinking Upstream: Examining the Root Causes of Poor Health, 38

- Historical Perspectives on Nursing Theory, 38
- How Theory Provides Direction to Nursing, 38
- Microscopic Versus Macroscopic Approaches to the Conceptualization of Community Health Problems, 39
- Assessing a Theory's Scope in Relation to Community Health Nursing, 40
- Review of Theoretical Approaches, 40
 - The Individual Is the Locus of Change, 40
 - The Upstream View: Society Is the Locus of Change, 43
- Healthy People 2010*, 46
- Summary, 46

Unit 2 The Art and Science of Community Health Nursing

4 Epidemiology, 50

Holly Cassells

- Use of Epidemiology in Disease Control and Prevention, 51
- Calculation of Rates, 53
 - Morbidity: Incidence and Prevalence Rates, 55
 - Other Rates, 56
- Concept of Risk, 58
- Use of Epidemiology in Disease Prevention, 60
 - Primary Prevention, 60
 - Secondary and Tertiary Prevention, 60
 - Establishing Causality, 60
 - Screening, 61
 - Surveillance, 62
- Use of Epidemiology in Health Services, 64
- Epidemiological Methods, 65
 - Descriptive Epidemiology, 65
 - Analytic Epidemiology, 65
- Summary, 70

5 Community Assessment, 74

Holly Cassells

- The Nature of Community, 75
 - Aggregate of People, 75
 - Location in Space and Time, 75
 - Social System, 76
- Healthy Communities, 76
- Assessing the Community: Sources of Data, 78
 - Census Data, 78
 - Vital Statistics, 78
 - Other Sources of Health Data, 81
- Needs Assessment, 81
- Diagnosing Health Problems, 83
- Summary, 87

6 Community Health Planning, Implementation, and Evaluation, 89

Deborah Godfrey Brown and Patricia M. Burbank

Overview of Health Planning, 90

Health Planning Model, 92

Assessment, 92

Planning, 94

Intervention, 94

Evaluation, 94

Health Planning Projects, 95

Successful Projects, 95

Unsuccessful Projects, 95

Discussion, 96

Health Planning Federal Legislation, 97

Early History, 97

Hill-Burton Act, 97

Regional Medical Programs, 98

Comprehensive Health Planning, 98

Certificate of Need, 98

National Health Planning and Resources Development Act, 98

Changing Focus of Health Planning, 99

Nursing Implications, 102

Summary, 102

7 Community Health Education, 104

Cathy D. Meade

Connecting With Everyday Realities, 105

Health Education in the Community, 105

Learning Theories, Principles, and Health Education Models, 106

Learning Theories, 106

Knowles' Assumptions About Adult Learners, 108

Health Education Models, 108

Models of Individual Behavior, 108

Model of Health Education Empowerment, 110

Community Empowerment, 112

The Nurse's Role in Health Education, 114

Enhancing Communication, 114

Framework for Developing Health Communications, 115

Stage I: Planning and Strategy Development, 116

Stage II: Developing and Pretesting Concepts, Messages, and Materials, 117

Stage III: Implementing the Program, 119

Stage IV: Assessing Effectiveness and Making Refinements, 120

Health Education Resources, 121

Literacy and Health, 122

Assess Materials: Become a Wise Consumer and User, 126

Assessing the Relevancy of Health Materials, 126

Summary, 130

8 Case Management, 140

Jean Cozad Lyon

Overview of Nursing Case Management, 136

Origins of Case Management, 136

Public Health, 136

Case Management in Mental Health, 137

Case Management and the Elderly, 137

Disease-Specific Case Management, 137

Purpose of Case Management, 137

Utilization Review and Managed Care, 137

Trends That Influence Case Management, 137

Case Manager Education Preparation, 138

Nurse Case Managers, 138

Case Manager Services, 139

Case Manager Roles and Characteristics, 139

Case Identification, 139

The Referral Process, 140

Case Management Models, 140

Hospital-Based Case Management, 140

Case Management Models Across the Health Care Continuum, 141

Community Case Management Models, 141

Application of Case Management in Community Health, 141

Public Health Clinic Settings, 141

Occupational Health Settings, 141

High-Risk Clinic Settings, 142

Research Case Management, 142

Summary, 142

Unit 3

Factors That Influence the Health of the Community

9 The Health Care System, 149

Anita W. Finkelman

Major Legislative Actions and the Health Care System, 149

Federal Legislation, 149

State Legislative Role, 151

Legislation Influencing Managed Care, 152

Components of the Health Care System, 152

Private Health Care Subsystem, 152

Public Health Subsystem, 153

Federal Level Subsystem, 154

State Level Subsystem, 154

Local Health Department Subsystems, 155

Health Care Providers, 156

Critical Issues in Health Care Delivery, 158

Managed Care, 158

Quality Care, 158

Fraud and Abuse, 162

Information Technology, 163

Consumerism, Advocacy, and Client Rights, 163

Coordination and Access to Health Care, 163

Disparity in Health Care Delivery, 164

Health Care Reform: The Clinton Health Reform Initiative, 164

Future of Public Health and the Health Care System, 164

Summary, 165

10 Economics of Health Care, 167

Carrie Morgan

- Factors Influencing Health Care Costs, 168
 - Historical Perspective, 168
 - Use of Health Care, 168
 - Lack of Preventive Care, 170
 - Lifestyle and Health Behaviors, 170
 - Societal Beliefs, 172
 - Technological Advances, 172
 - Aging of Society, 172
 - Pharmaceuticals, 173
 - Shift to For-Profit, 173
- Public Financing of Health Care, 174
 - Medicare, 174
 - Medicaid, 174
 - Effect of Medicare and Medicaid on Health Care Economics, 175
- Philanthropic Financing of Health Care, 176
- Health Insurance Plans, 176
 - Historical Perspective, 176
 - Types of Health Care Plans, 176
 - Reimbursement Mechanisms of Insurance Plans, 177
 - Covered Services, 178
 - National Health Insurance, 178
- Access to Health Care, 178
 - Universal Coverage, 179
- Cost Containment, 179
 - Historical Perspective of Cost Containment, 179
 - Current Trends in Cost Containment, 180
- Caring for the Uninsured, 181
 - Historical Perspective, 181
 - Societal Perceptions, 181
 - Ethical Dilemmas, 182
- Trends in Health Financing, 182
 - Cost Sharing, 182
 - Health Care Alliances, 182
 - Self-Insurance, 182
 - Flexible Spending Accounts, 182
 - Health Promotion and Disease Prevention, 182
- Roles of the Community Health Nurse in the Economics of Health Care, 183
 - Researcher, 183
 - Educator, 183
 - Provider of Care, 183
 - Advocate, 183
- Summary, 183

11 Policy, Politics, Legislation, and Community Health Nursing, 185

Denise Snow, MaryAnne Laffin

- Nurses Who Made a Difference, 186
- Introduction to the Health Policy and the Political Process, 186
 - Definitions, 187
- Historical Foundations of Health Legislation and Policy, 187
- Structure of the Government of the United States, 190
 - Balance of Powers, 190

- The Legislative Process, 190
 - How a Bill Becomes a Law, 190
- Overview of Health Policy, 192
 - Government Authority for the Protection of the Public's Health, 192
 - Health Policy and the Private Sector, 192
 - Public Policy: Blueprint for Governance, 193
 - Policy Formulation: The Ideal, 193
 - Policy Formulation: The Real World, 193
 - Steps in Policy Formation, 194
 - Policy Analysis, 194
- A Major Paradigm Shift, 194
 - Shift in Centers for Disease Control and Prevention Policy, 194
 - Nursing's Involvement in Private Health Policy, 194
 - Restructuring of the Health Care Industry, 195
 - The Effective Use of Nurses, 196
- Nurses' Roles in Political Activities, 196
 - Nurses as Change Agents, 197
 - Nurses as Lobbyists, 197
- Professional Associations and Lobbying, 200
 - Nurses and Political Action Committees, 201
 - Nurses and Coalitions, 201
 - Nurses in Public Office, 201
 - Nurses and Health Policy Development, 202
 - Nurses and Campaigning, 202
 - Nurses and Voting Strength, 203
- Internet and Political Process, 203
- Summary, 203

12 Cultural Diversity and Community Health Nursing, 205

Margaret M. Andrews

- Cultural Diversity, 206
- Transcultural Perspectives on Community Health Nursing, 206
- Population Trends, 206
- Cultural Perspectives and *Healthy People 2010*, 207
 - Addressing Racial and Ethnic Disparities in Health Care, 207
- Transcultural Nursing, 209
- Overview of Culture, 210
 - Culture and the Formation of Values, 211
 - Culture and the Family, 213
- Culture and Socioeconomic Factors, 214
 - Distribution of Resources, 215
 - Education, 215
- Culture and Nutrition, 215
 - Nutrition Assessment of Culturally Diverse Groups, 216
 - Dietary Practices of Selected Cultural Groups, 216
 - Religion and Diet, 216
- Culture and Religion, 216
 - Religion and Spirituality, 217
 - Childhood and Spirituality, 218
- Culture and Aging, 218
- Cross-Cultural Communication, 218
 - Nurse-Client Relationship, 218
 - Space, Distance, and Intimacy, 219

- Overcoming Communication Barriers, 219
- Nonverbal Communication, 219
- Language, 220
- Touch, 220
- Gender, 221
- Health-Related Beliefs and Practices, 221
- Health and Culture, 221
- Cross-Cultural Perspectives on Causes of Illness, 222
- Folk Healers, 223
- Cultural Expressions of Illness, 223
- Cultural Expression of Pain, 223
- Culture-Bound Syndromes, 224
- Management of Health Problems: A Cultural Perspective, 224
- Cultural Negotiation, 224
- Management of Health Problems in Culturally Diverse Populations, 225
- Providing Health Information and Education, 225
- Delivering and Financing Health Services, 226
- Developing Health Professionals From Minority Groups, 227
- Enhancing Cooperative Efforts With the Nonfederal Sector, 227
- Promoting a Research Agenda on Minority Health Issues, 227
- Role of the Community Health Nurse in Improving Health for Culturally Diverse People, 227
- Culturological Assessment, 228
- Cultural Self-Assessment, 230
- Knowledge About Local Cultures, 230
- Recognition of Political Issues of Culturally Diverse Groups, 231
- Providing Culturally Competent Care, 231
- Recognition of Culturally Based Health Practices, 231
- Resources for Minority Health, 231
- Office of Minority Health, 232
- Indian Health Service, 232
- Summary, 232

13 Environmental Health, 236

Joanne M. Hall, Carolyn H. Robinson, Tonya J. Broyes

- A Critical Theory Approach to Environmental Health, 238
- Adults, 238
- Children (Parents or Guardian), 238
- Areas of Environmental Health, 239
- Living Patterns, 241
- Work Risks, 242
- Atmospheric Quality, 242
- Water Quality, 244
- Housing, 244
- Food Quality, 245
- Waste Control, 246
- Radiation Risks, 247
- Effects of Environmental Hazards, 248
- Efforts to Control Environmental Health Problems, 248
- Global Environmental Health, 249
- Emerging Illnesses Related to the Environment, 249
- Other Emerging Threats, 250
- Nursing Actions, 250

- Approaching Environmental Health at the Aggregate Level, 251
- Critical Community Health Nursing Practice, 251
- Taking a Stand: Advocating for Change, 251
- Asking Critical Questions, 252
- Facilitating Community Involvement, 252
- Forming Coalitions, 253
- Using Collective Strategies, 254
- Summary, 254

Unit 4 Aggregates in the Community

14 Child and Adolescent Health, 263

Susan Rumsey Givens, Mary Brecht Carpenter

- Issues of Pregnancy and Infancy, 263
- Infant Mortality, 264
- Preterm Birth and Low Birth Weight, 265
- Prenatal Care, 266
- Prenatal Substance Use, 266
- Childhood Health Issues, 267
- Accidental Injuries, 267
- Overweight, 272
- Immunization, 273
- Lead Poisoning, 273
- Child Abuse and Neglect, 274
- Children With Special Health Care Needs, 274
- Adolescent Health Issues, 275
- Adolescent Pregnancy and Childbearing, 275
- Violence, 276
- Sexually Transmitted Diseases, 276
- Substance Abuse, 276
- Factors Affecting Child and Adolescent Health, 276
- Poverty, 277
- Racial Disparities, 277
- Single Parenting, 278
- Parent's Educational Status, 278
- Health Care Use, 278
- Health Insurance Coverage, 278
- Strategies to Improve Child and Adolescent Health, 279
- Monitoring and Tracking, 279
- Healthy People 2010: Child and Adolescent Health*, 280
- Health Promotion and Disease Prevention, 281
- Public Health Programs Targeted to Children and Adolescents, 281
- Health Care Coverage Programs, 281
- Direct Health Care Delivery Programs, 282
- Sharing Responsibility for Improving Child and Adolescent Health, 283
- Parent's Role, 283
- Community's Role, 283
- Employer's Role, 284
- Government's Role, 284
- Community Health Nurse's Role, 285
- Legal and Ethical Issues in Child and Adolescent Health, 285
- Ethical Issues, 285

15 Women's Health, 292

Lisa Jensen

- Major Indicators of Health, 293
 - Life Expectancy, 293
 - Mortality Rate, 294
 - Morbidity Rate, 297
- Social Factors Affecting Women's Health, 297
 - Health Care Access, 297
 - Education and Work, 298
 - Employment and Wages, 298
 - Working Women and Home Life, 298
 - Family Configuration and Marital Relationship Status, 299
- Health Promotion Strategies for Women, 299
 - Acute Illness, 300
 - Chronic Illness, 301
 - Reproductive Health, 304
 - Other Issues in Women's Health, 306
- Major Legislation Affecting Women's Health, 307
 - Public Health Service Act, 307
 - Civil Rights Act, 307
 - Social Security Act, 307
 - Occupational Safety and Health Act, 307
 - Family and Medical Leave Act, 308
- Health and Social Services to Promote the Health of Women, 308
 - Women's Health Services, 308
 - Other Community Voluntary Services, 309
- Levels of Prevention and Women's Health, 309
 - Primary Prevention, 309
 - Secondary Prevention, 309
 - Tertiary Prevention, 309
- Roles of the Community Health Nurse, 312
 - Direct Care, 312
 - Educator, 312
 - Counselor, 312
- Research in Women's Health, 312
- Summary, 312

16 Men's Health, 316

Carrie Morgan

- Men's Health Status, 316
 - Longevity and Mortality in Men, 316
 - Morbidity, 318
- Use of Medical Care, 318
 - Use of Ambulatory Care, 318
 - Use of Hospital Care, 318
 - Use of Preventive Care, 318
 - Use of Other Health Services, 318
- Theories That Explain Men's Health, 318
 - Biological Factors, 319
 - Socialization, 319
 - Orientation Toward Illness and Prevention, 320
 - Reporting Health Behavior, 320
 - Discussion of the Theories of Men's Health, 320

- Factors That Impede Men's Health, 322
 - Medical Care Patterns, 322
 - Access to Care, 322
 - Lack of Health Promotion, 323
- Men's Health Care Needs, 324
- Primary Preventive Measures, 325
 - Health Education, 325
 - Interest Groups in Men and Men's Health, 325
 - Men's Increasing Interest in Physical Fitness and Lifestyle, 325
 - Policy Related to Men's Health, 325
- Secondary Preventive Measures, 325
 - Health Services for Men, 325
 - Screening Services for Men, 326
- Tertiary Preventive Measures, 326
 - Sex-Role and Lifestyle Rehabilitation, 326
 - New Concepts of Community Care, 326

17 Senior Health, 332

Mary Ellen Trail Ross, Edith Summerlin

- Concept of Aging, 333
- Theories of Aging, 333
- Demographic Characteristics, 334
 - Population, 334
 - Racial and Ethnic Composition, 334
 - Geographic Location, 334
 - Gender, 334
 - Marital Status, 334
 - Education, 334
 - Living Arrangements, 334
 - Sources of Income, 334
 - Poverty and Health Education, 335
- Psychosocial Issues, 336
- Physiological Changes, 337
- Wellness and Health Promotion, 337
 - Healthy People 2010*, 337
 - Recommended Health Care Screenings and Examinations, 337
 - Physical Activity and Fitness, 337
 - Nutrition, 340
- Common Health Concerns, 341
 - Chronic Illness, 341
 - Medication Use by Elders, 343
 - Additional Health Concerns, 343
 - Vision Impairment, 343
 - Hearing Loss, 345
 - Dental Concerns, 345
 - Incontinence, 345
- Elder Safety and Security Needs, 346
 - Falls, 346
 - Driver Safety, 347
 - Residential Fire-Related Injuries, 347
 - Cold and Heat Stress, 348
 - Elder Abuse, 348
 - Crime, 349

Psychosocial Disorders, 350

Anxiety Disorders, 350

Depression, 350

Substance Abuse, 351

Suicide, 352

Alzheimer's Disease, 352

End-of-Life Issues, 353

Advance Directives, 353

The Nurse's Role and End-of-Life Issues, 353

Summary, 357

18 Family Health, 359

Beverly Cook Siegrist

Understanding Family Nursing, 360

The Changing Family, 361

Definitions of Family, 361

Characteristics of Changing Family, 362

Approaches to Meeting Health Needs of Families, 362

Moving From Individual to Family, 363

Moving From Family to Community, 365

Approaches to Family Health, 367

Family Theory, 367

Systems Theory, 368

Structural-Functional Conceptual Framework, 369

Developmental Theory, 370

Assessment Tools, 371

Genogram, 371

Family Health Tree, 373

Ecomap, 373

Family Health Assessment, 373

Social and Structural Constraints, 374

Extending Family Health Interventions to Larger Aggregates and Social Action, 376

Institutional Context of Family Therapies, 376

Models of Social Class and Health Services, 377

Models of Care for Communities of Families, 378

Application of the Nursing Process, 380

Home Visit, 380

Summary, 380

Unit 5 Vulnerable Populations

19 Populations Affected by Disabilities, 388

Linda L. Treloar, Barbara M. Artinian

Self-Assessment: Responses to Disability, 389

Definitions and Models for Disability, 389

National Agenda for Prevention of Disabilities Model, 389

Quality of Life Issues in Disability, 391

Characteristics of Disability, 391

Measurement of Disability, 392

Prevalence of Disability, 392

Health Status of the Elderly, 394

Health Status and Causes of Disability, 395

Costs Associated With Disability, 396

Economic Well-Being and Employment, 396

Long-Term Care and Personal Assistance Support, 397

Health Insurance and Public Health Programs, 397

Healthy People 2010 and the Health Needs of People With Disabilities, 398

A Historical Context for Disability, 400

Early Attitudes Toward People With Disabilities, 400

Attitudes Toward People With Disabilities in the Eighteenth and Nineteenth Centuries, 400

Disability in the Twentieth Century, 400

Contemporary Conceptualizations of People With Disabilities, 400

Disability and Public Policy, 401

Legislation Affecting People With Disabilities, 402

Reconceptualizing Health Care for People With Disabilities, 404

The Personal Experience of Disability, 405

Family and Caregiver Responses to a Disabled Member, 406

The Intersystem Model, 407

Strategies for the Community Health Nurse in Caring for People With Disabilities, 408

Ethical Issues for People Affected by Disabilities, 410

Nursing Education and Practice When the Nurse Is Disabled, 411

Summary, 416

20 Homeless Populations, 420

Nellie S. Droes, Diane C. Hatton

Definitions, Prevalence, and Demographic Characteristics of Homelessness, 421

Definitions of Homelessness, 421

Prevalence of Homelessness, 421

Demographic Characteristics, 422

Factors That Contribute to Homelessness, 423

Shortage of Affordable Housing, 423

Income Insufficiency, 423

Inadequacy and Scarcity of Supportive Services, 424

Health Status of the Homeless, 424

Homeless Men, 424

Homeless Women, 425

Homeless Children, 425

Homeless Adolescents and Youth, 426

Homeless Families, 427

Homeless People With Mental Health and Substance Abuse Problems, 428

Access to Health Care for the Homeless, 428

Conceptual Approaches to Health of the Homeless, 429

Research and the Homeless, 430

Summary, 432

21 Rural and Migrant Health, 437

Kathleen Chafey, Wade G. Hill, Glenna R. Burg

Rural United States, 438

Defining Rural Populations, 439

Describing Rural Health and Populations, 440

- Rural *Healthy People 2010*, 440
 - Minority Health and *Healthy People 2010*, 440
 - Rural Health Disparities: Context and Composition, 441
 - Context: Health Disparities Related to Place, 442
 - Composition: Health Disparities Related to Persons, 444
- Specific Rural Aggregates, 450
 - Agricultural Workers, 450
 - Migrant and Seasonal Farmworkers, 451
- Application of Relevant Theories and “Thinking Upstream”
 - Concepts to Rural Health, 453
 - Attack Community-Based Problems at Their Roots, 453
 - Emphasize “Doing” Aspects of Health, 453
 - Maximize the Use of Informal Networks, 453
- Rural Health Care Delivery System, 454
 - Health Care Provider Shortages, 454
 - Communitywide Health Care Systems, 455
 - Managed Care in the Rural Environment, 455
- Community-Based Care, 456
 - Home Care and Hospice, 456
 - Faith Communities and Parish Nursing, 456
 - Informal Care Systems, 456
 - Rural Public Health Departments, 457
 - Rural Mental Health Care, 457
 - Emergency Services, 458
- Legislation and Programs Affecting Public Health in Rural Areas, 458
 - Programs That Augment Health Care Facilities and Services, 458
- Rural Community Health Nursing, 459
 - Characteristics of Rural Nursing, 459
- Rural Health Research, 460
 - Capacity of Rural Public Health to Manage Improvements in Health, 460
 - Information Technology in Rural Communities, 460
 - Performance Standards in Rural Public Health, 460
 - Leadership and Workforce Capacity for Rural Public Health, 463
 - Interaction and Integration of Community Health Systems Managed Care, and Public Health, 464
- Summary, 464

22 Populations affected by Mental Illness, 468

Melanie McEwen, Jane Mahoney

- Overview and History of Community Mental Health, 469
 - Age of Confinement, 469
 - Mental Health Reform, 470
 - Medicalization of Mental Illness, 470
 - Community Mental Health and Deinstitutionalism, 470
 - Decade of the Brain, 471
- Healthy People 2010* and Mental Health, 471
- Factors Influencing Mental Health, 471
 - Biological Factors, 471
 - Social Factors, 472
 - Political Factors, 473

- Mental Disorders Encountered in Community Settings, 473
 - Overview of Selected Mental Disorders, 473
- Identification and Management of Mental Disorders, 480
 - Identification of Mental Disorders, 480
 - Management of Mental Disorders, 481
- Community-Based Mental Health Care, 485
- Role of the Community Mental Health Nurse, 487
- Summary, 489

Unit 6 Population Health Problems

23 Communicable Disease, 494

Deanna E. Grimes

- Communicable Disease and *Healthy People 2010*, 496
- Principles of Infection and Infectious Disease Occurrence, 496
 - Multicausation, 496
 - Spectrum of Infection, 497
 - Stages of Infection, 497
 - Spectrum of Disease Occurrence, 497
- Chain of Transmission, 499
 - Infectious Agents, 499
 - Reservoirs, 499
 - Portals of Exit and Entry, 500
 - Modes of Transmission, 500
 - Host Susceptibility, 500
- Breaking the Chain of Transmission, 500
 - Controlling the Agent, 501
 - Eradicating the Nonhuman Reservoir, 501
 - Controlling the Human Reservoir, 501
 - Controlling the Portals of Exit and Entry, 501
 - Improving Host Resistance and Immunity, 501
- Public Health Control of Infectious Diseases, 502
 - Terminology: Control Elimination, and Eradication, 502
 - Defining and Reporting Communicable Diseases, 503
- Vaccines and Infectious Disease Prevention, 503
 - Vaccines: Word of Caution, 503
 - Types of Immunizations, 504
 - Vaccine Storage, Transport, and Handling, 504
 - Vaccine Administration, 505
 - Vaccine Spacing, 505
 - Vaccine Hypersensitivity and Contraindications, 505
 - Vaccine Documentation, 506
 - Vaccine Safety and Reporting Adverse Events and Vaccine-Related Injuries, 506
- Vaccine Needs for Special Groups, 506
 - Healthy Infants, Children, and Adolescents, 506
 - Adults and the Elderly, 508

Immunosuppressed, 508
Pregnancy, 508
Vaccines for International Travel, 508
