## UNIT I

### *Understanding the Aging Experience*

---

- 1** The Aging Population 3
  - The Aged Through History 4
  - Growth of The Older Population 5
  - Race and Gender Differences 6
  - Income and Employment 7
  - Education 8
  - Health Status 8
  - Use of Resources 10
  - Impact of the Baby Boomers 10
- 2** Theories of Aging 13
  - Biological Theories 14
  - Psychosocial Theories 17
  - Nursing Implications 19
- 3** Diversity 23
  - Black Americans 24
  - Native Americans 25
  - Jewish Americans 26
  - Asian Americans 27
  - Hispanic Americans 29
  - Elderly Prisoners 30
  - Nursing Considerations 30

- 4** Life Transitions and Story 35
  - Role Changes 36
  - Ageism 37
  - Grandparenting 37
  - Widowhood 39
  - Retirement 40
  - Awareness of Mortality 41
  - Increasing Health Risks 43
  - Reduced Income 43
  - Shrinking Social World 44
  - Life Story 45
- 5** Common Aging Changes 51
  - Changes to the Body 52
  - Changes to the Mind 64
  - Nursing Implications 66

---

## UNIT II

### *Foundations Of Gerontological Nursing*

---

- 6** The Specialty of Gerontological Nursing 73
  - Development of Gerontological Nursing 74
  - Gerontological Nursing Roles 76

- Advanced Practice Nursing 77
- Standards 78
- Evidence-Based Practice 78
- Principles Guiding Gerontological Nursing Practice 78
- Holistic Gerontological Care 81

## 7 Holistic Model for Gerontological Care 85

- Health Promotion-Related Needs 86
- Health Challenges-Related Needs 88
- Requisites to Meet Needs 88
- Gerontological Nursing Interventions 90
- Examples of Application 90

## 8 Legal Aspects of Gerontological Nursing 103

- Laws Governing Gerontological Nursing Practice 104
- Legal Risks Facing Nurses 104
- Legal Safeguards 112

## 9 Ethics of Caring 115

- Changes Increasing Ethical Dilemmas for Nurses 115
- Philosophies Guiding Ethical Thinking 116
- Ethics in Nursing 117
- Ethical Dilemmas Facing Nurses 119
- Measures to Help Nurses Make Ethical Decisions 119

## 10 Gerontological Nursing Practice Settings 123

- Role of Gerontological Nurses in Diverse Care Settings 124
- Practice Settings for Gerontological Nurses 124
- Preventive and Ancillary Services 125
- Supportive Services 129
- Partial and Intermittent Care Services 131

- Complete and Continuous Care Services 132
- Nonconventional Services 132
- Matching Services to Needs 133

## 11 Self-Care for the Gerontological Nurse 139

- Gerontological Nurses Create Foundations for Healing 139
- Characteristics of Nurse Healers 140
- Self-Care and Nurturing 141
- Self-Care Is a Dynamic Process 145

---

### UNIT III

## *Fostering Connection and Gratification*

---

## 12 Connecting With Self 149

- Self-Reflection 150
- Strengthening Inner Resources 152
- Sexuality 153
- Menopause as a Journey to Inner Connection 155

## 13 Connecting With Others 161

- Communication 162
- Social Interaction and Nursing Intervention 163
- Sex and the Elderly 164
- Sexual Intercourse 165
- Sexual Dysfunction 166
- Facilitating Connections 171

## 14 Spirituality 175

- Spiritual Needs 176
- Assessing Spiritual Needs 177
- Supporting Spiritual Needs 177

**UNIT IV***Facilitating  
Physiological Balance***15** Respiration and Circulation 187

Tissue Health 187

Effective Breathing 189

**16** Nutrition and Hydration 193

Nutritional Needs of Elders 193

Special Needs of Women 197

Hydration 197

Oral Health 197

Nutritional Supplements 199

Threats to Good Nutrition 200

**17** Elimination 207

Bladder Elimination 207

Bowel Elimination 209

Excretion Through the Skin 210

Elimination of Toxins via Fasting 211

**18** Movement 215

Physical Activity 215

Special Adjustments for the Elderly 218

Mind-Body Connection 223

Hazards of Inactivity 223

Self-Fulfilling Prophecy 223

**19** Rest 229

Sleep 229

Sleep Disturbances 232

Activity and Rest 234

Pain Control 234

Stress Management 235

**20** Comfort 239

Comfort 239

Pain—A Complex Phenomenon 240

Types of Pain 240

Pain Management 240

An Integrative Approach to Pain

Management 243

Medication 245

Comforting 245

**21** Immunity 249

The Immune System in Late Life 249

Promoting Immunologic Health 250

**22** Risk Reduction 255

Aging and Risks to Safety 256

Impact of Environment 257

Impact of Aging on Environmental

Safety and Function 259

Lighting 259

Temperature 260

Colors 261

Scents 261

Floor Coverings 262

Furniture 262

Sensory Stimulation 263

Noise Control 263

Bathroom Hazards 263

Psychosocial Considerations 264

Reducing Risks 265

Early Detection 268

Risks Associated With Functional

Impairment 268

Falls 269

Restraints 269

Safety Aids 272

**UNIT V***Selected Health Conditions***23** Infections 279

Common Infections 279

**24** Cardiovascular Conditions 289

Facilitating Cardiovascular Health 290

- Cardiovascular Conditions 292  
 General Nursing Considerations 306  
 Complementary Therapies 309
- 25 Respiratory Conditions 313**  
 Effects of Aging on Respiratory Health 313  
 Facilitating Respiratory Health 314  
 Selected Disorders 316  
 Nursing Considerations 318
- 26 Gastrointestinal Conditions 325**  
 Scope and Impact of Gastrointestinal Problems in Late Life 325  
 Facilitating Gastrointestinal Health 326  
 Selected Disorders 326
- 27 Musculoskeletal Conditions 339**  
 Facilitating Musculoskeletal Function 340  
 Selected Disorders 340  
 Nursing Considerations 350
- 28 Genitourinary Conditions 357**  
 Facilitating Genitourinary Health 358  
 Selected Disorders 358  
 Additional Nursing Considerations 369
- 29 Neurologic Conditions 373**  
 Facilitating Neurologic Health 373  
 Selected Disorders 375  
 Nursing Interventions Related to Neurologic Problems 379
- 30 Sensory Deficits 385**  
 Importance of Good Sensory Function 385  
 Facilitating Optimal Sensory Function 386  
 Visual Deficits and Related Nursing Interventions 389  
 Hearing Deficits and Related Nursing Interventions 396  
 Other Sensory Deficits and Related Nursing Interventions 398
- 31 Dermatologic Conditions 403**  
 Facilitating Good Skin Status 403  
 Selected Conditions 406  
 Nursing Considerations 409
- 32 Metabolic and Endocrine Conditions 413**  
 Diabetes 413  
 Hypothyroidism 420  
 Hyperthyroidism 421  
 Hyperlipidemia 421
- 33 Cancer 425**  
 Aging and Cancer 427  
 Cancer Risk Factors 427  
 Prevention 430  
 Screening 430  
 Treatment 430  
 Nursing Considerations 433
- 34 Conditions Affecting Mood and Cognition 437**  
 Aging and Mental Health 438  
 Promoting Mental Health 438  
 Selected Conditions 442  
 Nursing Considerations 458
- 
- UNIT VI**  
*Gerontological  
 Care Issues*
- 
- 35 Safe Medication Use 467**  
 Drugs Consumed by the Older Population 467  
 Response of Older Adults to Drugs 468  
 Pharmacokinetics 468  
 Pharmacodynamics 472  
 Promoting the Safe Use of Drugs 473  
 Alternatives to Drugs 475

- 36 Living in Harmony With Chronic Conditions 479**  
 Chronic Conditions and the Elderly 480  
 Healing Versus Curing 480  
 Chronic Care Goals 482  
 Assessing Chronic Care Needs 483  
 Maximizing Function 484  
 Following the Course of Chronic Care 488
- 37 Rehabilitative Care 493**  
 Living With Disability 494  
 Rehabilitative Nursing 495  
 Assessing Functional Capacity 496  
 Proper Positioning 497  
 Range-of-Motion Exercises 498  
 Mobility Aids 502  
 Bowel and Bladder Training 503  
 Maintaining and Promoting Mental Function 506  
 Resources for Rehabilitative Needs 508
- 38 Acute Care 513**  
 Risks Associated With Hospitalization 513  
 Surgical Care 515  
 Emergencies 519  
 Infection Control 519  
 Discharge Planning 524
- 39 Nursing in Long-Term Care Facilities 527**  
 Development of Long-Term Institutional Care 528  
 Facility Residents 531  
 Facility Standards 533  
 Nursing Responsibilities 533  
 A New Model of Long-Term Care 535
- 40 Family Caregiving 541**  
 Various Family Compositions 542  
 Family Roles 542  
 Family Dynamics 543  
 Scope of Family Caregiving 544  
 Protecting the Health of Patient and Caregiver 544  
 Family Dysfunction 547  
 Rewards of Caregiving 548
- 41 End of Life Care 553**  
 Definitions of Death 554  
 Family Experience With Mortality in the Past 554  
 Family Experience With Mortality in the Present 556  
 Supporting the Dying Individual 557  
 Supporting Family and Friends 564  
 Supporting Nursing Staff 566
- 42 Challenges of the Future 569**  
 The Past, Present, and Future Status of Gerontological Nursing 569  
 Challenges 570
- Index 575**
