PART *Three*

Conceptual and Scientific Frameworks Applied to Population-Centered Nursing

9 **Population-Based Public Health Nursing Practice: The Intervention Wheel, 187**

The Intervention Wheel Origins and Evolution, 189
Assumptions Underlying the Intervention Wheel, 191
Assumption 1: Defining Public Health Nursing Practice, 191
Assumption 2: Public Health Nursing Practice Focuses on Populations, 191
Assumption 3: Public Health Nursing Practice Considers the Determinants of Health, 191
Assumption 4: Public Health Nursing Practice is Guided by Priorities Identified Through an Assessment of Community Health, 192
Assumption 5: Public Health Nursing Practice Emphasizes Prevention, 192
Assumption 6: Public Health Nurses Intervene at All Levels of Practice, 192
Assumption 7: Public Health Nursing Practice Uses the Nursing Process at All Levels of Practice, 193
Assumption 8: Public Health Nursing Practice Uses a Common Set of Interventions Regardless of Practice Setting, 193
Assumption 9: Public Health Nursing Practice Contributes to the Achievement of the 10 Essential Services, 193
Assumption 10: Public Health Nursing Practice is Grounded in a Set of Values and Beliefs, 193
Using the Intervention Wheel in Public Health Nursing Practice, 193
Components of the Model, 197
Component 1: The Model Is Population Based, 197
Component 2: The Model Encompasses Three Levels of Practice, 198
Component 3: The Model Identifies and Defines 17 Public Health Interventions, 199
Adoption of the Intervention Wheel in Practice, Education, and Management, 206
Applying the Nursing Process in Public Health Nursing Practice, 206
Applying the Process to an Individual/Family Level, 208
Community Assessment, 208
Public Health Nursing Process: Assessment of a Family, 208
Public Health Nursing Process: Diagnosis, 208
Public Health Nursing Process: Planning (Including Selection of Interventions), 208
Public Health Nursing Process: Implementation, 209
Public Health Nursing Process: Evaluation, 209
Applying the Public Health Nursing Process to a Systems Level of Practice Scenario, 209
Public Health Nursing Process: Assessment, 209
Public Health Nursing Process: Diagnosis, 210
Public Health Nursing Process: Planning (Including Selection of Interventions), 210
Public Health Nursing Process: Implementation, 210
Public Health Nursing Process: Evaluation, 210
Applying the Public Health Nursing Process to a Community Level of Practice Scenario, 210
Community Assessment (Public Health Nursing Process: Assessment), 210
Community Diagnosis (Public Health Nursing Process: Diagnosis), 210
Community Coalition Plan (Public Health Nursing Process: Planning, Including Selection of Interventions), 211
Coalition Implementation (Public Health Nursing Process: Implementation), 211
Coalition Evaluation (Public Health Nursing Process: Evaluation), 211
