learning solutions

Contents

Unit One

Foundations of Community-Based Nursing Practice, 1

1 Opportunities in Community-Based Nursing Practice, 3

Community-Based Health Care and Nursing Practice, 5

Community-Based Nursing and Community Health Nursing, 6

Education Focus, 6
Differentiated Practice Issues, 6

Employment Opportunities in Community Settings, 7

Current Trends in Nursing Employment, 7
Employment Opportunities, 8

Characteristics of Community-Based Nursing, 8

National Health Goals, 8

2 Roles and Interventions in Community-Based Nursing Practice, 13

Nursing Roles in Community Settings, 14

Direct Care Provider, 14
Educator, 15
Counselor, 15
Advocate, 16
Manager, 16

Other Roles in Community-Based Nursing, 17
Comparison of Nursing Roles in Hospitals and Community Settings, 18

Nursing Interventions in Community Settings, 18

“Universal” Nursing Interventions, 20
Nursing Interventions in Acute Care, 20
Nursing Interventions Frequently Used in Community Practice, 20

3 Client Education and Health Teaching, 27

Introduction to Health Education, 28

Theoretical Foundations for Health Education, 29

The Health Belief Model, 29
The Transtheoretical Model, 31

Moving Toward Change, 32

Motivation, 33

Principles of Teaching and Learning, 33

Applying Learner Assessment, 37

Writing Goals and Objectives for Client Education, 38

Teaching Clients with Low Literacy Skills, 40

Strategies for Teaching Clients with Low Literacy Skills, 42

4 Case Management, 44

Background of Case Management, 45

Overview of Case Management, 46

What Case Management Is *Not*, 46
What Case Management *Is*, 46
Goals of Case Management, 46
Appropriate Use of Case Management, 47

Nursing Case Management, 47

Components of Nursing Case Management, 47
Knowledge Domains for Case Managers, 48
Nursing Case Management Roles, 48
Skills Needed by Nurse Case Managers, 49
Activities of Nursing Case Managers, 50

Settings for Nursing Case Management, 51

Setting for Internal Case Management, 51
Settings for External Case Management, 51
Tools and Strategies Used by Case Managers, 53

Unit **TWO**

Factors that Influence Health and Health Care, 59

5 Overview of the Health Care Delivery System, 61

Structure of the Health Care Delivery System, 62

Public Sector, 63
Private Sector, 64

Health Care Provider Organizations, 64

Ambulatory Health Care, 65
Hospitals, 65
Long-Term Care Facilities, 66

Health Care Professionals, 67

Physicians, Physician Assistants, and Dentists, 68
Nurses, 69
Therapists, 70
Other Health Care Providers, 71

Health Care Financing, 72

The High Cost of Health Care, 72
Public Financing, 73
Private Financing, 75

Caring for the Uninsured, 78

6 Epidemiology, 83

Models of Disease Causation, 85

The Epidemiological Triangle, 85
The Web of Causation, 87
The Iceberg Model, 87
Natural History of Disease, 88
Levels of Prevention, 88

Epidemiological Tools, 89

Rates—Description, Calculation, and Interpretation, 89
Collection of Data: The Census, Vital Statistics, and Health Statistics, 91

Descriptive and Analytical Epidemiology, 93

Descriptive Epidemiology, 94
Analytical Epidemiology, 94

7 Environmental Health Issues, 100

Housing and Living Patterns, 101

Indoor Air Quality, 102
Lead Exposure, 106

Work Risks, 106

Atmospheric Quality, 108

Ozone, 108

Water Quality, 112

Microbial Contamination, 112
Chemical and Metal Contaminants, 113
Community and Nursing Interventions, 114

Food Quality, 114

Microbiological Contamination, 114
Intentional Food Additives, 115
Unintentional (Incidental) Food Additives, 115
Other Issues in Food Quality, 115
Waste Control, 115
Solid Waste Management, 118
Toxic and Hazardous Waste Control, 118
Landfills, 118
Incineration, 119

Radiation Risks, 120

Radon Gas, 120
Ultraviolet Radiation and Skin Cancer, 120

Environmental Health and Nursing Practice, 121

8 Cultural Influences on Health, 126

Transcultural Nursing, 127

Culture and Related Concepts, 129

Race, 129
Ethnic Group, 131
Culture, 131

Characteristics of Culture, 131

Cultural Assessment, 133

Cultural Values, 133

Socioeconomic Status, 133

Language and Communication, *135*

- Language, *135*
- Communication Patterns, *135*

Diet and Nutrition, *136*

Religion, *137*

Cultural Variations in Health and Illness, *137*

- African-Americans, *137*
- American Indians, Including Aleuts and Inuits, *142*
- Asians and Pacific Islanders, *143*
- Whites (Americans of European Descent), *144*
- Hispanic, or Latino, Americans (All Races), *144*

Principles for Nursing Practice in Community Settings, *145*

9 Natural and Manmade Disasters, *148*

- Types of Disasters, *149*
- Emergencies, *150*
- Impact of a Disaster, *151*

 - Impact of a Disaster on Individuals, *151*
 - Impact of a Disaster on the Community, *152*

- Disaster Management, *153*

 - Disaster Services Provided by Governmental Agencies, *153*
 - Disaster Services Provided by the American Red Cross, *155*

- Disaster Planning, *155*

 - Preparation for Internal Emergencies, *156*

- Role of the Nurse During Disasters, *157*

 - Triage, *157*
 - Emergency Care/First Aid, *158*
 - Shelter Assistance, *158*

- The Nurse and Disaster Preparedness, *159*
- Emergency and Disaster Management, *160*

 - Prevention/Mitigation, *160*
 - Preparation and Planning, *160*
 - Response, *160*
 - Recovery, *161*

Unit Three

Settings for Community-Based Care, *163*

10 Nursing Care in Ambulatory Settings, *165*

Nursing Practice in Selected Settings, *167*

- Health Care Provider Office or Clinic, *168*
- Schools, *168*
- Occupational Health, *172*
- Rural Health, *174*
- Parish Nursing, *176*
- Correctional Institutions, *178*

Nursing Practice with Selected Populations, *180*

- Public Health Departments, *180*
- Ambulatory Oncology Care, *180*
- Ambulatory Surgery, *181*

Nursing Care in Other Ambulatory Settings, *185*

11 Home Health Care Nursing, *189*

History of Home Health Care Delivery and Financing, *190*

Definitions Related to Home Health Care, *191*

Home Health Care Reimbursement and Documentation, *192*

Home Health Care Documentation, *193*

Elements of Home Care Nursing Practice, *194*

- Discharge Planning, *194*
- Case Management, *195*
- Coordination of Community Resources, *196*
- Interdisciplinary Collaboration, *196*

The Process of Home Health Nursing, *196*

- Planning for the Home Health Nursing Visit, *197*
- The Home Visit Activities, *199*
- Postvisit Activities, *204*

Specialized Home Health Care, *204*

- Infusion Therapy, *204*
- Wound Management, *206*

Care of Ventilator-Dependent Clients, 207
Perinatal Home Care, 207
Psychiatric Home Care, 209
Hospice Care: Home Care of the Terminally Ill, 209

Unit Four

Community-Based Nursing Care Across the Life Span, 217

12 Health Promotion and Illness Prevention for Infants, Children, and Adolescents, 219

The Health of Infants, Children, and Adolescents, 220

Causes of Mortality, 220
Causes of Morbidity, 221
Other Indicators of Health, 221

Special Health Programs and Services for Children, 222

Medicaid and the Early and Periodic Screening, Diagnosis, and Treatment Program, 222
State Children's Health Insurance Program, 223
Women, Infants, and Children Program, 223
Head Start, 223
Education for All Handicapped Children Act, 224

Primary Health Care Recommendations: U.S. Preventive Services Task Force, 224

Screening Recommendations and Guidelines, 224
Health Promotion, 230

Nursing Care for Common Health Problems, 242

13 Health Promotion and Illness Prevention for Adults, 255

Causes of Death, 257

Health Promotion and Illness Prevention, 257

Assessment of Health Risks and Health Habits, 258

Physical Activity and Fitness, 258

Nutrition and Weight Control, 261

Lowering Fat and Cholesterol Intake, 262

Tobacco Use, 263

Health Task Force Recommendations—Illness Prevention, 263

Primary and Secondary Prevention of Selected Conditions, 263

Heart Disease and Stroke, 263
Cancer, 264
Diabetes, 268

14 Issues in Women's Health Care, 278

Family Planning, 279

Contraception, 281

Prenatal Care, 281

Risk Identification and Case Management, 285
Nutrition Counseling, 286

Elimination of Unhealthy Habits, 288

Stress Reduction, 288
Social Support Services, 289
Health Education, 289
Prenatal Screening, 289

Infertility, 289

Teenage Pregnancy, 293

Consequences, 293
Contributing Factors, 293
Counseling Teenagers on Issues of Sexuality, 294
Prenatal Care for Pregnant Teens, 295
Postdelivery Needs, 295

Women's Health Care, 295

Screening Recommendations for Breast Cancer, 295
Screening Recommendations for Cancers of the Female Reproductive Tract, 296
Prevention of Osteoporosis, 297

Intimate Partner Violence, 298

15 Health Promotion and Illness Prevention for Elders, 303

Assessment of Older Adults, 307

- General Assessment, 307
- Common Health Problems, 307
- Nutrition, 307
- Hearing Deficits, 317
- Vision Deficits, 317
- Cognitive Impairment, 318
- Depression, 319
- Incontinence, 320

Health Promotion and Illness Prevention, 321

Immunization Recommendations, 321

Safety Concerns for Older Adults, 321

- Falls, 321
- Compliance with Medication, 323
- Elder Abuse, 324

Care Assistance for Older Adults, 326

16 Health Promotion and Illness Prevention for Families, 330

The Concept of Family, 332

- Definitions of Family, 332
- Types of Families, 333
- Purposes of Families, 335
- Roles in the Family, 335

Developmental Stages of Families, 336

- Establishment Stage (Beginning Family), 336
- Early Childbearing Stage, 336
- Families with Preschool-Age Children, 337
- Families with School-Age Children, 337
- Families with Adolescents, 337
- Launching Families, 337
- Middle-Age Families, 337
- Aging Families, 337

Family Health, 337

- Health People 2010* and Family Health, 337
- Characteristics of Healthy Families, 337
- Characteristics of Unhealthy Families, 339
- Family Crisis, 339

Nursing Care of Families, 341

- Family Nursing, 342
- Family Nursing Interventions, 342

Family Assessment, 342

- Family Health Assessment Tools, 344
- Genogram, 345
- Family Health Tree, 345
- Ecomap, 345
- Application of the Nursing Process to Caring for Families, 345
- Assessment, 345
- Analysis and Diagnosis, 347
- Intervention, 348
- Evaluation, 348

Unit Five

Nursing Care of Clients with Special Needs in Community Settings, 351

17 Vulnerable Groups, 353

Vulnerable Groups, 354

Persons in Severe Poverty, 356

- Definition of Poverty, 356
- Homelessness, 357
- Migrant Workers, 360

Persons with Disabilities, 362

- Definitions Related to Disability, 363
- Characteristics of Disabled Persons, 364
- Conditions Related to Disability, 364
- Major Legislation Related to Disabilities, 364

18 Mental Health Issues, 368

Mental Health and Mental Illness, 372

Depression, 372

- Risk Factors and Symptoms, 373
- Depression in Children and Adolescents, 373
- Treatment, 374

Anxiety Disorders, 374

- Generalized Anxiety Disorder, 375
- Panic Disorder, 375
- Phobias, 376

Obsessive-Compulsive Disorder, 376	Reporting Adverse Vaccine Events, 405
Posttraumatic Stress Disorder, 377	Adult Immunization, 405
Eating Disorders, 377	Sexually Transmitted Diseases, 405
Bulimia Nervosa, 377	Primary Prevention of Sexually Transmitted Diseases, 406
Anorexia Nervosa, 378	Secondary Prevention of Sexually Transmitted Diseases, 406
Treatment, 378	
Attention Deficit Hyperactivity Disorder, 378	
Substance Abuse, 379	Trends in Incidence and Prevalence of Selected Communicable Diseases, 406
Alcohol Abuse, 379	Acquired Immunodeficiency Syndrome and Human Immunodeficiency Virus, 406
Illicit Drug Use, 380	Tuberculosis, 407
Risk Factors for Substance Abuse, 380	Emerging Infections, 407
Signs and Symptoms of Substance Abuse, 381	International Travel, 409
Treatment for Substance Abuse, 381	Use of Communicable Diseases as Weapons, 410
Suicide, 384	
Identification of Mental Disorders, 384	
Treatment of Mental Disorders, 388	
Psychotherapeutic Medications, 388	<hr/>
Psychotherapy, 392	Appendix A: Giger and Davidhizar's Transcultural Assessment Model, 414
Behavioral Therapy, 392	
19 Communicable Disease: Prevention and Intervention, 396	Appendix B: Healthstyle: A Self-Test, 417
Communicable Disease Transmission, 398	
Reportable Communicable Diseases, 400	Appendix C: Healthy Heart I.Q., 421
Reportable Diseases, 400	
Who Is Responsible for Reporting, 400	Appendix D: Comprehensive Older Person's Evaluation (COPE), 424
What Information Is Required, 401	
How, When, and to Whom to Report, 401	Appendix E: Family Health Assessment, 428
Steps Taken to Control Spread, 401	
Identifying Communicable Diseases, 401	<hr/>
Vaccine-Preventable Diseases, 401	Glossary, 432
Immunity, 403	
Immunization Schedule, 403	
Contraindications, 404	
Parental Education and Consent, 404	
Documentation, 405
