Peripheral Nerve Blocks | A Color Atlas

Jacques E. Chelly

Contents

CONTRIBUTING AUTHORS	xiii
PREFACE	xix
ACKNOWLEDGMENTS	xxi
SECTION I GENERAL CONCEPTS	1
1. Step-by-Step Approach to the Performance of Peripheral Nerve Blocks <i>Jacques E. Chelly</i>	3
2. Nerve Stimulators and Insulated Needles <i>Admir Hadzic and Jerry Vloka</i>	7
3. Local Anesthetic Solutions <i>Andrea Casati</i>	12
A. Local Anesthetics	12
B. Drugs Added to Local Anesthetics	16
4. Nerve Mapping in Adults <i>William F. Urmey, Carlos A. Bollini, and Fernando Cacheiro</i>	20
SECTION II SINGLE-INJECTION PERIPHERAL BLOCKS	33
A. UPPER EXTREMITY	35
5. Indications for Upper Extremity Blocks <i>Jacques E. Chelly</i>	35
6. Anatomy of the Brachial Plexus <i>Laura Clark</i>	44
7. Brachial Plexus Blocks	58
A. Interscalene Block <i>Anthony R. Brown</i>	58

B. Supraclavicular Block	63
<i>Carlo D. Franco</i>	
C. Infraclavicular Block	66
1. Classic Approach	66
2. Coracoid Approach	69
<i>Brian M. Ilfeld</i>	
8. Terminal Nerve Blocks	72
A. Axillary Block	72
<i>Ralf E. Gebhard</i>	
B. High Humeral Block	75
<i>Louis-Jean Dupre</i>	
C. Blocks at the Elbow	79
<i>Jacques E. Chelly</i>	
D. Blocks at the Wrist	83
<i>Jacques E. Chelly</i>	
E. Digital Sheath Block	87
<i>Marcos Masson</i>	
9. Upper Extremity Multiple Stimulation Techniques	89
<i>Andrea Casati</i>	
B. LOWER EXTREMITY	94
10. General Considerations for Lower Extremity Blocks	94
<i>Jacques E. Chelly</i>	
11. Anatomy of the Lumbar and Sacral Plexus	98
<i>Laura Clark</i>	
A. Lumbar Plexus	98
B. Sacral Plexus	103
C. Topographic Anatomy	107
12. Sciatic Nerve Blocks	112
A. Parasacral Approach	112
<i>Carl Rest</i>	
B. Posterior Approach	115
<i>Daneshvari R. Solariki</i>	
C. 10-cm Midgluteal Approach	117
<i>Carlo D. Franco</i>	
D. Gluteal Approach	120
<i>Anna Uskova</i>	
E. Anterior Approach	123
<i>Jacques E. Chelly</i>	
F. Posterior Popliteal Approach	127
<i>Jennifer R. Greger</i>	
G. Lateral Popliteal Approach	130
<i>Ralf Gebhard</i>	
13. Lumbar Plexus Blocks	133
A. Lumbar Plexus/Psoas Compartment Block	133
<i>Rita Merman</i>	
B. Femoral Nerve Block	139
<i>Carl Rest</i>	

C. Fascia Iliaca Block <i>Louis-Jean Dupre</i>	144
D. Obturator Nerve Block <i>Didier Sciard</i>	147
14. Lower Extremity Multiple-Stimulation Techniques <i>Andrea Casati</i>	149
A. Multiple-Stimulation Technique to Block the Femoral Nerve	150
B. Multiple-Stimulation Technique to Block the Sciatic Nerve	152
15. Ankle Block <i>Thomas O. Clanton and David P. Loncarich</i>	157
C. MISCELLANEOUS BLOCKS	162
16. Cervical Blocks <i>Laurence Marr</i>	162
A. Cervical Plexus Block: Revisited One-Puncture Technique <i>Marco Barone and Pierre Diemunsch</i>	167
17. Peribulbar Block <i>Didier Sciard</i>	169
18. Retrobulbar Block <i>Richard S. Ruiz</i>	173
19. Airway Blocks <i>Carin A. Hagberg</i>	177
A. Glossopharyngeal Nerve Block (Anterior Approach)	179
B. Superior Laryngeal Nerve Block	181
C. Recurrent Laryngeal Nerve Block	183
20. Intercostal Block <i>Barry F. Bass</i>	185
21. Bier Block <i>Sukhijinder Dhothar</i>	188
22. Single Thoracic Paravertebral Block	190
A. Thoracic Paravertebral Block <i>Anna Uskova and Rita Merman</i>	190
B. Thoracic/Lumbar Paravertebral Nerve Stimulator Guided Block	193
23. Head Blocks <i>A.A.J. Maillard</i>	195
A. Blocks of the Scalp and Face	196
B. Blocks of the Facial Nerve	198
C. Blocks of the Trigeminal Nerve and Associated Dermatomes for V1, V2, and V3	200
D. Midface Blocks	202
E. Mandibular Nerve Blocks (V3)	204
SECTION III CONTINUOUS NERVE BLOCKS	
24. General Considerations for Continuous Nerve Blocks <i>Jacques E. Chelly</i>	209
25. Local Anesthetic Solutions for Continuous Infusion <i>Andrea Casati</i>	212

26. Continuous Brachial Plexus Nerve Block	217
A. Continuous Interscalene Block	217
<i>Stephen M. Klein, Charles Pham Dang, Terese T. Horlocker, and Andre P. Boezaart</i>	
B. Continuous Infraclavicular Block	228
<i>Alain Borgeat</i>	
27. Continuous Axillary Block	234
<i>Ralf Gebhard</i>	
28. Continuous Lumbar Plexus Blocks	237
A. Continuous Lumbar Plexus Block	237
<i>Jacques E. Chelly</i>	
B. Continuous Femoral Nerve Block	240
<i>Guido Fanelli</i>	
C. Continuous Fascia Iliaca Block	242
<i>Louis-Jean Dupre</i>	
29. Continuous Sciatic Blocks	245
A. Parasacral Approach	245
<i>Elizabeth Gaertner</i>	
B. Gluteal Approaches	248
<i>Rama Joshi</i>	
C. Lateral Approach	250
<i>Jacques E. Chelly</i>	
D. Posterior Popliteal Approach	253
<i>Francois Singelyn</i>	
30. Continuous Interpleural Block	256
<i>Bruce Ben-David</i>	
31. Continuous Thoracic Paravertebral Block	259
A. Classic Approach	259
<i>Bruce Ben-David</i>	
B. Intercostal Approach	265
<i>David Burns</i>	
SECTION IV ULTRASOUND	269
32. Principles of Sonography	271
<i>Paul Bigeleisen</i>	
33. Ultrasound Guided Interscalene Block	277
<i>Paul Bigeleisen and Steve Orebaugh</i>	
34. Ultrasound Guided Supraclavicular Block	280
<i>Paul Bigeleisen and Steve Orebaugh</i>	
35. Ultrasound Guided Infraclavicular Block	282
<i>Paul Bigeleisen and Steve Orebaugh</i>	
36. Ultrasound Guided Axillary Block	285
<i>Paul Bigeleisen and Steve Orebaugh</i>	
37. Ultrasound Guided Lumbar Plexus Blocks	288
<i>Jens Kessler and Andrew Gray</i>	
38. Ultrasound Guided Obturator Nerve Block	291
<i>Andrew Gray and Julie Soong</i>	

39. Ultrasound Guided Femoral Nerve Block <i>Anahi Perlas</i>	294
40. Ultrasound Guided Sciatic Nerve Block <i>Richard Brull and Vincent Chan</i>	297
41. Ultrasound Guided Sciatic Block in the Popliteal Fossa <i>Colin McCartney and Nick Lo</i>	301
42. Ultrasound Guided Posterior Tibial Nerve Block <i>Luiz Guilherme L. Soares and Colin McCartney</i>	305
43. Pediatric Ultrasound <i>Giovanni Cucchiaro</i>	308
SECTION V PEDIATRIC PERIPHERAL BLOCKS	315
44. General Considerations for Pediatric Peripheral Blocks <i>Giorgio Ivani and Valeria Mossetti</i>	317
45. Indications, Side Effects, and Complications of Peripheral Blocks Performed in Children <i>Giorgio Ivani and Valeria Mossetti</i>	319
46. Technical Considerations for Pediatric Regional Anesthesia <i>Giorgio Ivani and Valeria Mossetti</i>	321
A. Nerve Mapping in Children	321
B. Local Anesthetics	324
47. Brachial Plexus Blocks	327
A. Parascalene Block <i>Giorgio Ivani and Valeria Mossetti</i>	327
B. Axillary Block <i>Giorgio Ivani and Valeria Mossetti</i>	330
C. Use of Paravertebral Blockade in Children <i>Per-Arne Lonnqvist</i>	332
48. Sciatic Nerve Blocks <i>Giorgio Ivani and Valeria Mossetti</i>	339
A. Posterior Approach	339
B. Gluteal Approach	341
C. Lateral Approach	343
D. Posterior Popliteal Approach (Common Peroneal and Tibial Nerve Blocks)	345
E. Lateral Popliteal Approach (Common Peroneal and Tibial Nerve Blocks)	346
49. Lumbar Plexus Blocks <i>Giorgio Ivani and Valeria Mossetti</i>	348
A. Posterior Approach	348
B. Femoral Block	350
C. Fascia Iliaca Compartment Block	352
D. Saphenous Nerve Block	354
50. Ankle Block <i>Giorgio Ivani and Valeria Mossetti</i>	355
51. Penile Block <i>Giorgio Ivani and Valeria Mossetti</i>	357

52.	Ilioinguinal/Iliohypogastric Block	359
	<i>Giorgio Ivani and Valeria Mossetti</i>	
53.	Paraumbilical Block	361
	<i>Giorgio Ivani and Valeria Mossetti</i>	
54.	Pudendal Nerve Blocks	363
	<i>Giorgio Ivani and Valeria Mossetti</i>	
55.	Peripheral Nerve Blockade of the Head and Neck	364
	<i>Kristine Henderson</i>	
SECTION VI CONTINUOUS NERVE BLOCKS IN INFANTS AND CHILDREN		369
56.	Pharmacology of Local Anesthetics for Continuous Nerve Blocks in Children	371
	<i>Giorgio Ivani, Pasquale De Negri, and Valeria Mossetti</i>	
57.	Continuous Brachial Plexus Blocks	375
	<i>Maria Matuszczak and Didier Sciard</i>	
	A. Interscalene Approach	375
	B. Infraclavicular Approach	378
58.	Continuous Terminal Nerve Blocks	381
	<i>Maria Matuszczak</i>	
	A. Continuous Axillary Blocks	381
59.	Continuous Lumbar Plexus Blocks	384
	<i>Maria Matuszczak and Didier Sciard</i>	
	A. Psoas Compartment Approach	384
	B. Continuous Femoral Nerve Block	387
	C. Continuous Fascia Iliaca Compartment Block	390
60.	Continuous Sciatic Nerve Blocks	392
	<i>Maria Matuszczak and Didier Sciard</i>	
	A. Parasacral Approach	392
	B. Anterior Approach	394
	C. Subgluteal Approach	396
	D. High Lateral Approach	399
	E. Lateral Popliteal Approach	402
	F. Posterior Popliteal Approach	404
SECTION VII PAIN BLOCKS		407
61.	Drugs and Agents Used in Neurolysis and Fluoroscopy	409
	<i>Victor Andrei Georgescu</i>	
62.	Cryoneurolysis of Peripheral Nerves	416
	<i>Nashaat N. Rizk and Harinarayan Balasubramanian</i>	
63.	Sympathetic Blocks	418
	A. Stellate Ganglion Block	418
	<i>Nashaat N. Rizk and Cheryl D. Bernstein</i>	
	B. Celiac Plexus Block (Anterocrural)	421
	<i>Nashaat N. Rizk</i>	

C. Lumbar Sympathetic Block	424
<i>Nashaat N. Rizk and Shashank Saxena</i>	
D. Hypogastric Plexus Block	427
<i>Nashaat N. Rizk</i>	
E. Ganglion Impar Block	429
<i>Nashaat N. Rizk and Meera Appaswarny</i>	
64. Facet Blocks	431
<i>Nashaat N. Rizk and Meera Appaswarny</i>	
A. Cervical Facet Block	431
B. Lumbar Facet Medial Branch Block	434
65. Occipital Blocks	436
A. C2 Selective Nerve Block	436
<i>Nashaat N. Rizk</i>	
B. Greater and Lesser Occipital Nerve Block	438
<i>Nashaat N. Rizk and Cheryl D. Bernstein</i>	
66. Sphenopalatine Block	440
<i>Miles Day and Rinoo Vasant Shah</i>	
67. Trigeminal Ganglion Block	442
<i>Miles Day and Rinoo Vasant Shah</i>	
68. Trigger Point Injection	445
<i>Nashaat N. Rizk and Albert J. Carvelli</i>	
69. Myoneural Injections	447
<i>Nashaat N. Rizk and Albert J. Carvelli</i>	
70. Sacroiliac Joint Injection	450
<i>Nashaat N. Rizk and Albert J. Carvelli</i>	
71. Lateral Femoral Cutaneous Nerve Block	452
<i>Nashaat N. Rizk and Harinarayan Balasubramanian</i>	
72. Ilioinguinal and Iliohypogastric Nerve Blocks	454
<i>Nashaat N. Rizk and Harinarayan Balasubramanian</i>
