Contents

Preface	v
---------------	---

1. Introduction to medical microbiology	1
---	---

1. BACTERIA

2. Bacteria – structure, taxonomy, nutrition, growth and genetics	13
3. Laboratory diagnosis of bacterial diseases	27
4. Gram-positive bacteria including mycobacteria	37
5. Gram-negative bacteria	66
6. Antibacterial therapy	104

2. BACTERIAL DISEASES

7. Bacterial diseases of the respiratory tract	129
8. Bacterial diseases acquired through the gastrointestinal tract	153
9. Enteric fever	178
10. Urinary tract infections	182
11. Bacterial meningitis	190
12. Skin, soft tissue and wound infections, abscesses, sepsis	200
13. Infective endocarditis	220
14. Sexually transmitted diseases	227
15. Mycobacterial diseases including tuberculosis and leprosy	241
16. Bone and joint infections: osteomyelitis and arthritis	251
17. Non-arthropod-borne bacterial zoonoses	257
18. Arthropod-borne bacterial diseases	272

3. VIRUSES

19. Viruses – general properties, taxonomy, replication and genetics	283
20. Laboratory diagnosis of viral diseases	306
21. Antiviral therapy	315

4. VIRAL DISEASES

22. Viral diseases of the respiratory tract.....	329
23. Viral gastroenteritis.....	341
24. Viral hepatitis.....	348
25. Viral neurological diseases.....	360
26. Enteroviral diseases.....	365
27. Viral exanthemata and other 'childhood diseases'.....	371
28. Herpesvirus diseases.....	380
29. Papilloma- and polyomavirus infections and disease.....	395
30. Retroviral diseases.....	400
31. Non-arthropod-borne viral zoonoses and poxvirus diseases.....	410
32. Arthropod-borne viral diseases.....	423

5. PRION DISEASES

33. Prion diseases – transmissible spongiform encephalopathies.....	433
---	-----

6. MEDICAL MYCOLOGY

34. Diseases due to fungi.....	441
--------------------------------	-----

7. MEDICAL PARASITOLOGY

35. Diseases due to parasites.....	463
------------------------------------	-----

8. PREVENTION OF MICROBIAL DISEASE

36. Sterilization and disinfection.....	489
37. Healthcare-associated infection.....	494
38. Immunization.....	501

9. INFECTIONS IN SPECIALIZED SETTINGS

39. Infections of the eye.....	521
40. Pyrexia of unknown origin.....	529
41. Infection in the immunocompromised.....	534
42. Infection and pregnancy.....	540
Recommended reading.....	558
Index.....	559
