# Multiple Intelligences in EFL

Exercises for secondary and adult students

"Drawing on their own experiences and on tips from many educators, the authors have assembled a wide ranging set of exercises which should stimulate and help students who are learning English. Their collection represents one of the most original applications of Multiple Intelligence Theory that I've seen." **Howard Gardner** Author of *Frames of Mind* and *Intelligence Reframed*

# Contents

	<b>Introduction</b>	7
<b>CHAPTER 1: GENERAL MI EXERCISES</b>	1 Introducing a person through Multiple Intelligences	27
