1 Introduction to theory of mind	1
Introduction	1
Children’s understanding of mental states	3
Development of the research field	4
Plan of the book	4
2 Understanding belief	7
Introduction	7
False belief prediction	9
Wellman, Cross and Watson’s (2001) meta-analysis	13
False belief explanation	18
Manipulating behaviour	20
Implicit understanding of belief	26
Infants’ understanding of false belief?	29
Summary: The truth about false belief	33
3 Theories of theory of mind	35
Theoretical perspectives	35
What mental states are	36
Theory Theory	37

Simulation Theory	44
Modular theories of mind	49
Summary	54
4 Associated developments 1: Beyond belief	55
Introduction	55
Desire	56
Appearance and reality	59
Knowledge	64
Higher order theory of mind tasks	68
Belief-based emotions	70
Summary	71
5 Associated developments 2: Understanding nonmental representation	73
Introduction	73
Children's understanding of pictorial representation	74
Linguistic representation	81
Ambiguous figures	85
Summary and conclusions	87
6 Precursors 1: Pretence	91
Introduction	91
Description of pretend play	92
Is early pretence genuine?	93
What do children understand about pretence?	94
Pretence and social understanding	100
Do children understand it's just pretend?	103
Summary	104
7 Precursors 2: Understanding visual attention	105
Introduction: Theory of mind in chimpanzees	105
Gaze direction — an easier form of mental state understanding?	106
The unique morphology of the human eye	106
The perception of direct gaze	109
The perception of gaze direction	110
Gaze judgement	120
Summary and discussion	127

8 Developmental interactions 1:	
Executive functioning and theory of mind	129
Introduction	129
Theories	132
Evidence	138
Summary	149
9 Developmental interactions 2:	
Language and theory of mind	151
Introduction	151
Children's use of mental state terms	153
The effect of language on theory of mind development	155
Summary	174
10 Autism	177
Introduction	177
Characterization	178
Diagnosis	180
Prevalence: Is there an autism epidemic?	182
Causes	184
Genetic origins	186
Environmental causes	186
The theory of mind hypothesis	186
Executive function impairments	196
Weak central coherence	198
Savant ability	200
How does it all fit together?	201
Conclusion	202
11 Coda	205
<i>Notes</i>	209
<i>Glossary</i>	213
