First Aid Manual

Step by step guide for everyone

CONTENTS

INTRODUCTION 10

1 FIRST-AID ESSENTIALS 11

Being a first aider	12
Looking after yourself	14
Regulations and legislation	17
Action at an emergency	18
Telephoning for help	20
Multiple casualties	21
Traffic incidents	22
Fires	24
Electrical injuries	26
Water rescue	28
Assessing a casualty	29
Primary survey	29
Secondary survey	30
Symptoms and signs	32
Examining a casualty	34
Treatment and aftercare	36
Passing on information	37
Using observation charts	38

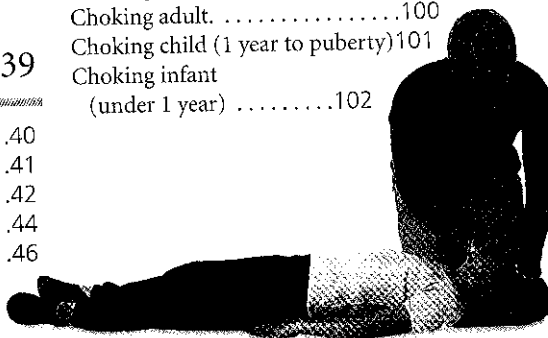

2 TECHNIQUES AND EQUIPMENT 39

Removing clothing	40
Removing headgear	41
Monitoring vital signs	42
First-aid materials	44
Dressings	46
Sterile dressings	47
Non-sterile dressings	48
Adhesive dressings	49

Cold compresses	49
Principles of bandaging	50
Roller bandages	52
Elbow and knee bandages	54
Hand and foot bandages	55
Tubular bandages	56
Triangular bandages	57
Reef knots	58
Scalp bandage	59
Arm sling	60
Elevation sling	61
Improvised	62
Casualty handling	63
Assisting a walking casualty	65
Controlling a fall	66
Moving from chair to floor	67
Moving a collapsed casualty	68
Moving equipment	69
Stretchers and boards	70

3 LIFE-SAVING PROCEDURES 71

Breathing and circulation	72
Life-saving priorities	73
Adult resuscitation chart	75
Unconscious adult	76
Child resuscitation chart	86
Unconscious child (1 year to puberty)	87
Infant resuscitation chart	94
Unconscious infant (under 1 year)	95
Choking summary charts	99
Choking adult	100
Choking child (1 year to puberty)	101
Choking infant (under 1 year)	102

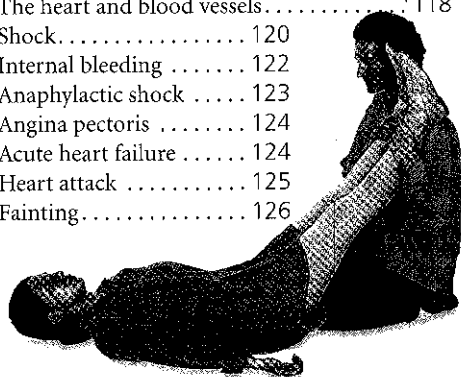

4 RESPIRATORY PROBLEMS 103

The respiratory system	104
Hypoxia	106
Airway obstruction	107
Hanging and strangulation	108
Drowning	109
Inhalation of fumes	110
Penetrating chest wound	112
Hyperventilation	114
Asthma	115
Croup	116

5 HEART AND CIRCULATORY PROBLEMS 117

The heart and blood vessels	118
Shock	120
Internal bleeding	122
Anaphylactic shock	123
Angina pectoris	124
Acute heart failure	124
Heart attack	125
Fainting	126

Bleeding from the ear	138
Nosebleed	139
Bleeding from the mouth	140
Knocked-out tooth	140
Wound to the palm	141
Wound at a joint crease	141
Abdominal wound	142
Vaginal bleeding	143
Bleeding varicose vein	144

7 BONE, JOINT, AND MUSCLE INJURIES 145

The skeleton	146
Bones, muscles, and joints	148
Fractures	150
Dislocated joint	153
Strains and sprains	154
Major facial fracture	156
Cheekbone and nose fractures	157
Lower jaw injury	157
Fractured collar bone	158
Shoulder injury	159
Upper arm injury	160
Elbow injury	161
Forearm and wrist injuries	162
Hand and finger injuries	163
Injury to the ribcage	164
Spinal injury	165
Back	168
Fractured pelvis	169
Hip and thigh injuries	170
Knee injury	172
Lower leg injury	173
Ankle injury	174
Foot and toe injuries	174

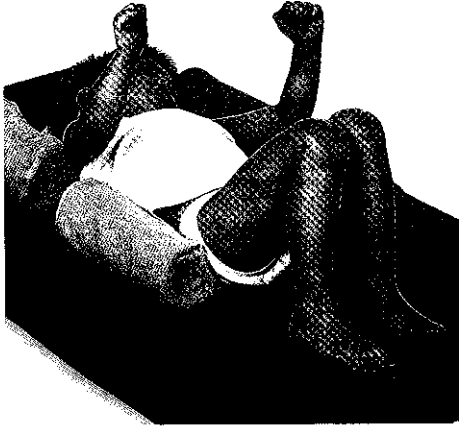

6 WOUNDS AND BLEEDING 127

Bleeding and types of wound	128
Severe bleeding	130
Impalement	132
Amputation	132
Crush injury	133
Cuts and grazes	134
Foreign object in a cut	135
Bruising	136
Infected wound	136
Scalp and head wounds	137
Eye wound	138

8 NERVOUS SYSTEM PROBLEMS

175

The nervous system	176
Impaired consciousness.....	178
Head injury	179
Concussion.....	180
Cerebral compression.....	181
Skull fracture.....	182
Stroke.....	183
Seizures in adults.....	184
Absence seizures.....	185
Seizures in children.....	186
Meningitis	187
Headache.....	188
Migraine.....	188

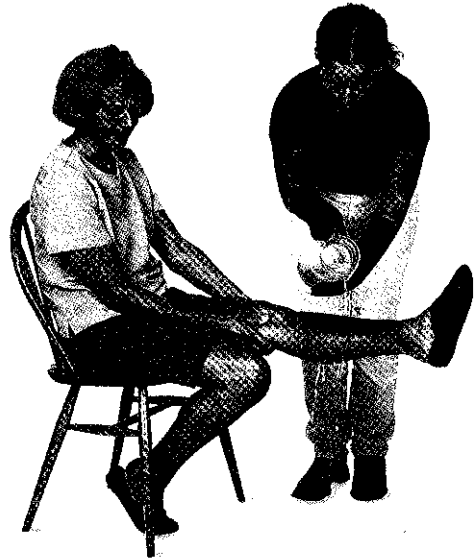

9 ENVIRONMENTAL INJURIES

189

The skin.....	190
Assessing a burn.....	192
Severe burns and scalds.....	194
Minor burns and scalds.....	196
Burns to the airway.....	197
Electrical burn.....	198
Chemical burn	199
Chemical burn to the eye.....	200
Flash burn to the eye.....	210
CS spray injury.....	201
Sunburn.....	202

Prickly heat.....	202
Heat exhaustion	203
Heatstroke	204
Frostbite.....	205
Hypothermia.....	206

10 FOREIGN OBJECTS

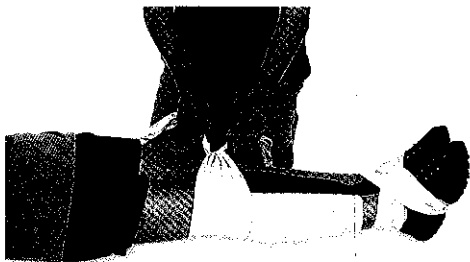

209

The sensory organs	210
Splinter	212
Embedded fish-hook	213
Foreign object in the eye	214
Foreign object in the ear	215
Foreign object in the nose	215
Inhaled foreign object	216
Swallowed foreign object	216

11 POISONING, BITES, AND STINGS 217

How poisons affect the body	218
Swallowed poisons	220
Chemicals on the skin	221
Inhaled gases	221
Poisons in the eye	221
Drug poisoning	222
Alcohol poisoning	223
Food poisoning	224
Poisonous plants and fungi	225
Insect sting	226
Other bites and stings	227
Tick bite	227
Snake bite	228
Stings from sea creatures	229
Marine puncture wound	229
Animal bite	230

12 CHILDBIRTH AND MEDICAL PROBLEMS 231

Childbirth	232
Childbirth: first stage	233
Childbirth: second stage	234
Childbirth: third stage	236
Miscarriage	237
Allergy	238
Hiccups	238
Fever	239
Vertigo	239
Diabetes mellitus	240
Hyperglycaemia	240
Hypoglycaemia	241
Panic attack	242
Disturbed behaviour	242

Earache	243
Toothache	244
Sore throat	244
Abdominal pain	245
Hernia	246
Vomiting and diarrhoea	247
Stitch	247
Cramp	248
Overseas travel health	249

13 EMERGENCY FIRST AID 252

Action in an emergency	252
Unconscious adult	254
Unconscious child (1 year to puberty)	258
Unconscious infant (under 1 year)	262
Choking adult	264
Choking child (1 year to puberty)	265
Choking infant (under 1 year)	266
Asthma attack	267
Shock	268
Anaphylactic shock	269
Severe bleeding	270
Heart attack	271
Head injury	272
Spinal injury	273
Seizures in adults	274
Seizures in children	275
Broken bones	276
Burns	277
Eye injury	278
Swallowed poisons	279
Observation charts	280
