

Lynda Juall Carpenito-Moyet

Understanding the Nursing Process

**Concept Mapping and
Care Planning for Students**

Contents

Section One: NURSING PROCESS AND CONCEPT MAPPING

Chapter 1 - The Nursing Process and Concept Mapping	3
Chapter 2 - Nursing Process: Focus on Assessment	13
Chapter 3 - Nursing Process: Focus on Diagnosis	38
Chapter 4 - Nursing Process: Focus on Planning Care	58
Chapter 5 - Nursing Process: Focus on Evaluation	76
Chapter 6 - Putting It All Together in 11 Steps	84

Section Two: NURSING DIAGNOSES

Activity Intolerance	96
Anxiety	104
Body Temperature, Risk for Imbalanced	113
Cardiac Output, Decreased	118
Comfort, Impaired	119
Communication, Impaired	128
Communication, Impaired Verbal	136
Confusion	138
Confusion, Acute	139
Confusion, Chronic	151
Constipation	157
Coping, Family: Compromised	166
Dentition, Altered	167
Diarrhea	168
Disuse Syndrome	174
Family Processes, Interrupted	186
Fatigue	196
Fear	205
Fluid Volume, Deficient	211
Fluid Volume, Excess	218

Health Maintenance, Ineffective 224

Health-Seeking Behaviors 243

Imbalanced Fluid Volume, Risk for 252

Incontinence, Bowel 253

Incontinence, Functional 257

Incontinence, Reflex 260

Incontinence, Stress 261

Incontinence, Total 264

Incontinence, Urge 268

Infection, Risk for 270

Infection Transmission, Risk for 280

Injury, Risk for 284

 Aspiration, Risk for 295

 Falls, Risk for 301

Knowledge, Deficient 301

Therapeutic Regimen Management, Ineffective 302

Nausea 310

Noncompliance 313

Nutrition, Imbalanced: Less Than Body Requirements 320

Nutrition, Imbalanced: More Than Body Requirements 329

Nutrition, Imbalanced: Potential For More Than Body Requirements 331

Pain, Acute 331

Pain, Chronic 340

Peripheral Neurovascular Dysfunction, Risk for 344

Physical Mobility, Impaired 350

 Bed Mobility, Impaired 361

 Walking, Impaired 362

 Wheelchair Mobility, Impaired 363

 Wheelchair Transfer Ability, Impaired 364

Protection, Ineffective 366

 Tissue Integrity, Impaired 368

 Skin Integrity, Risk for Impaired 376

 Skin Integrity, Impaired 380

 Oral Mucous Membrane, Impaired 384

 Oral Mucous Membrane, Risk for Impaired 390

Respiratory Function, Risk for Ineffective	394
Ineffective Airway Clearance	402
Ineffective Breathing Patterns	405
Impaired Gas Exchange	407
Impaired Spontaneous Ventilation	409
Self-Care Deficit Syndrome	410
Feeding Self-Care Deficit	417
Bathing/Hygiene Self-Care Deficit	420
Dressing/Grooming Self-Care Deficit	424
Toileting Self-Care Deficit	427
Instrumental Self-Care Deficit	430
Sleep Deprivation	434
Sleep Pattern, Disturbed	434
Spiritual Distress	442
Swallowing, Impaired	459
Tissue Perfusion, Ineffective (Specify: Renal, Cerebral, Cardiopulmonary, Gastrointestinal)	465
Tissue Perfusion, Ineffective Peripheral	466
Urinary Elimination, Impaired	475
Urinary Retention	484

Section Three: COLLABORATIVE PROBLEMS

Cardiac/Vascular System	488
Cardiovascular Dysfunction	488
Deep Vein Thrombosis	492
Hypovolemia	496
Neurovascular Compromise	499
Respiratory System	504
Respiratory Hypoxemia	505
Metabolic and Immune System	511
Hypo-/Hyperglycemia	513
Hypoglycemia	514
Hyperglycemia	517
Renal/Urinary Systems	518
Acute Urinary Retention	519

Renal Insufficiency	521
Renal Calculi	524
Neurologic System	527
Increased Intracranial Pressure	528
Seizures	532
Gastrointestinal/Hepatic System	535
Paralytic Ileus	536
GI Bleeding	538
Hepatic Dysfunction	541
Musculoskeletal System	546
Joint Dislocation	547
Appendices	551
Bibliography	615
Index	625
