

HYDROTHERAPY *for* Health and Wellness

THEORY, PROGRAMS & TREATMENTS

RICHARD EIDSON

Contents

xv	About the Author
xvii	Acknowledgments
xix	Introduction

CHAPTER 1

1 PRINCIPLES OF THE NATURAL BEHAVIOR OF WATER

3	The Unit of Water: The H ₂ O Molecule
5	Behavior of Water at the Molecular Level
8	Behaviors of Water
8	Heat Capacity
14	Solvent
15	Acidity, Alkalinity, and the pH Scale
17	Suspension
19	Movement
25	Buoyancy

CHAPTER 2

- 32** **HYDROSPHERE: ONE DYNAMIC WATER SYSTEM**
- 32 The Hydrosphere
- 39 Expression of Water in the Natural Environment: Beauty, Balance, and Healing
- 41 The Hydrosphere as a Source of Knowledge of Hydrotherapy
- 43 Harming the Hydrosphere
- 44 Hydrotherapy for the Hydrosphere
- 46 The Hydrosphere: Nature's Drinking Fountain
- 50 Research Project: Source and Quality of Local Municipal Drinking Water

CHAPTER 3

- 53** **DYNAMIC FLUID ANATOMY AND PHYSIOLOGY AND HYDROTHERAPY**
- 55 Eleven Systems of the Human Body
- 55 Integumentary System: Skin
- 59 Musculoskeletal System
- 61 Cardiovascular and Lymphatic Vascular System
- 64 Immune System
- 66 Digestive System
- 66 Respiratory System
- 69 Urinary System
- 69 Endocrine System
- 71 Nervous System
- 73 Reproductive System

- 74 | A Dynamic Fluid, Cellular, Structural Paradigm
- 75 | Cells of the Body
- 81 | Dynamic Fluid Matrix
- 82 | Structural Matrix of the Body

CHAPTER 4

- 87** | **THE BALANCED HYDRATION PROGRAM:
A KEY TO HEALTH AND WELLNESS**
- 88 | Why Is Hydration Important?
- 88 | Review of Key Elements of Anatomy
and Physiology
- 89 | Dynamic Fluid Elements of the Human Body
- 91 | Principles of Hydration
- 91 | Natural Water Loss from the Human Body
- 92 | Amount of Daily Water Loss
- 93 | How the Body Loses Water
- 96 | Total Water Intake from Drinking Water, Beverages,
and Food
- 97 | Water Loss and Gain: Every 20 Days
- 97 | Dehydration
- 97 | Levels and Risks
- 98 | Measure of Dehydration
- 99 | Areas of the Body Affected by Dehydration
- 99 | Water Intoxication and Hyperhydration: How Much
Is Too Much?
- 100** | **Balanced Hydration and the Timing of Water Intake**
- 101 | Timing of Water Consumption: Learned Behavior
and Thirst
- 103** | **Sources of Total Water Intake: "You Are What
You Drink"**

104	Sources of Drinking Water Intake
106	Sources of Water Intake from Beverages
108	Drinking Water Versus Beverages for Hydration
109	Current Hydration Programs and Formulas
109	Formula 1: Drinking Eight 8-Ounce Glasses of Water a Day
110	Formula 2: Half the Body Weight Equals the Recommended Ounces of Daily Water Intake
111	The Institute of Medicine's Formula for Adequate Daily Water Intake
115	The Balanced Hydration Program: Hydration for Your Clients
115	Step 1: Interview
119	Step 2: Evaluation
122	Step 3: Recommendations
128	Step 4: Follow-Up

CHAPTER 5

133 UNDERSTANDING THE KEY ELEMENTS OF HYDROTHERAPY TREATMENTS

135	Key Elements of Hydrotherapy Treatments
136	Client
141	Therapist
141	Water
142	Hydrotherapy Equipment
144	Products
148	Hydrotherapy Facility
149	Steps of the Treatment
150	Program Options

150	Combinations of Hydrotherapy with Other Treatments
154	Extended Treatment Program: Series of Treatments
154	Holistic Health and Wellness Programs
154	Home Program
155	Different Types of Hydrotherapy Treatments
157	Special Hydrotherapy Programs
157	WATSU
158	Aquatic Integration
158	Kneipp Holistic Health Program
160	Aquatic Therapy Pools
160	Ayurveda
160	Colon Therapy

CHAPTER 6

164 HYGIENE AND SAFETY

164	Maintaining a Germ-Free Environment
165	Disease-Causing Microorganisms
165	Bacteria
166	Viruses
167	Fungi
168	Hydrotherapy Treatment Room Hygiene
168	Steps of Hydrotherapy Room Hygiene
172	Safety in the Hydrotherapy Room
172	Client Showers Before the Hydrotherapy Treatment
173	Protection from Slippery Surfaces
174	Scald Protection
174	Pressure Balancing
174	Steam Safety

CHAPTER 7

178	HYDROTHERAPY TREATMENTS
179	Client Evaluation
179	Client Feedback on Health and Wellness Goals
182	Client Feedback on Previous Experience with Hydrotherapy
183	Basic Treatment Format
183	Description and Benefits
183	Equipment
183	Products
183	Steps of the Treatment
184	Additional Suggestions
184	Hydrotherapy Treatments: General Principles and Specific Treatments
186	Common Elements of Steam Therapy
186	Dynamic Water Principles
186	Steam Temperature: Hotter Is Not Necessarily Better
187	Length of Treatment
188	Anatomy and Physiology During Treatment
189	Immediate and Long-Term Benefits
190	Equipment: Different Types and Special Features
191	Products
191	Contraindications
192	Safety Considerations
193	Special Considerations
194	Additional Suggestions
195	Steam Therapy Treatments
195	Relaxation Steam Therapy
197	Exfoliation Treatment

199	Steam Therapy for Massage Preparation
201	Steam Therapy for Detoxification
203	Steam Therapy for Full-Body Skin Care
205	Enhancement Steam Therapy Treatments
207	Inhalation Steam Therapy
210	Common Elements of Hydrotub Treatments
210	Dynamic Water Principles
211	Water Temperature
213	Length of the Treatment
214	Anatomy and Physiology During a Hydrotub Treatment
216	Equipment
217	Products
217	Contraindications
218	Safety Considerations
218	Steps of the Treatment
219	Additional Suggestions
221	Hydrotub Treatments
221	Relaxation Hydrotherapy
223	Detoxification
225	Full-Body Skin Care
227	Preparation for Massage Treatments
229	Hydrotub Massage and Bodywork
232	Flotation Hydrotherapy
235	Breathing Therapy During a Hydrotub Session
237	Crystal Energy Hydrotub Therapy
239	Color Light Therapy in Hydrotub Treatments
241	Lymphatic Hydromassage Therapy
243	Reflexology Hydromassage
245	Hydrotub Hydromassage Shiatsu
248	Cellulite Hydromassage
250	Cellular/Vascular Hydromassage

253	Common Elements of Hydrotherapy Shower Treatments
253	Dynamic Water Principles
253	Temperature
254	Anatomy and Physiology
254	Immediate and Long-Term Benefits
255	Equipment
256	Products
256	Contraindications
256	Safety Considerations
256	Special Considerations
258	Shower Hydrotherapy Treatments
258	Vichy Shower
262	Swiss Shower
265	Handheld Shower
267	Handheld Shower for Hair and Scalp Hydromassage
270	Hydromassage Table
271	Benefits
271	Equipment
272	Manual Hydromassage Table Techniques
272	Techniques with the Client in the Supine Position (face up)
275	Techniques with Client in the Prone Position (face down)
277	Relaxation "Wave" Therapy Treatment
277	Myofascial Therapy
278	Massage on the Hydromassage Table
280	Common Elements of Hydrotherapy Misting
280	Misting Water Principles
280	Anatomy and Physiology During Misting

280	Equipment
281	Products
281	Misting Treatments
284	Cryotherapy
284	Dynamic Water Principles
284	Anatomy and Physiology of Cryotherapy
285	Equipment
285	Steps of the Treatment
285	Safety Considerations
286	Additional Suggestions
288	Hot and Cold Compresses
288	Dynamic Water Principles
288	Anatomy and Physiology
288	Equipment
288	Products
289	Treatment Suggestions
292	Special Dry Hydromassage
292	Dynamic Water Principles
292	Anatomy and Physiology
293	Equipment
293	Treatment Suggestions

CHAPTER 8

296 HISTORY OF HYDROTHERAPY—ANCIENT TO PRESENT

298	Ayurveda and Hydrotherapy
298	Steam Therapy
299	Inhalation Therapy

299	Home Treatment for Mothers After Childbirth
299	Usnodaka
299	Japanese Hydrotherapy
301	Greek Hydrotherapy
301	The Asclepieion Tradition
304	Roman Hydrotherapy Traditions
306	Germany
307	Roman Tradition in Germany
308	France
310	Other European Countries
310	Middle East, South America, and Native Americans
311	United States
314	Modern Challenges to Health and Wellness

CHAPTER 9

317 THE FUTURE OF HYDROTHERAPY

317	Greater Scientific Understanding of Water
319	Greater Understanding of the Behavior of Water in the Human Body
320	Greater Use of Natural Products in Hydrotherapy
320	The Future of Hydrotherapy Equipment
321	Improved Control of Water Temperature
321	Improved Control of Water Pressure
321	Improved Comfort
321	Multipurpose
322	Wisdom from the Past
322	Sharing Knowledge and Experience
322	Greater Understanding of Clients' Health and Wellness Goals

323 Greater Understanding of the Hydrosphere

324 The Nature Paradigm and Hydrotherapy

CHAPTER 10

330 UNIQUE USES OF WATER FOR HEALTH AND WELLNESS

331 Water in Natural Settings

331 Healing Baths

331 Sacred Baths for Spiritual and Emotional Cleansing, Balancing, and Awakening

332 Natural Hot Springs, Lakes, the Ocean, and Other Natural Settings

333 Water in Natural Settings for Contemplation, Meditation, and Creative Insights

334 Communal Uses of Water in Natural Settings

335 Recreational Use of Water in Natural Settings

335 Natural Water for Health and Longevity

335 Water Enhanced by Man-made Technologies and Intention

336 Crystals and Other Gemstones

336 Color Light Therapy

337 Natural Sounds, Music, and Water

338 Communal Steam Treatments for Spiritual Cleansing

338 Blessing Water: Hydrotherapy by Intention

338 Water Responding to Thoughts, Intentions, and the Environment

339 Feng Shui, Sthapatya Veda, and the Power of Flowing Water

341 Special Technologies to Make Drinking Water "Healthier"

341 Hydrotherapy and the Treatment of Major Medical Conditions

CHAPTER 11

- 346** **MARKETING HYDROTHERAPY PROGRAMS**
- 346** Marketing Hydrotherapy Treatments and Programs
- 347** Promotional Materials and Hydrotherapy Programs
- 348** Spa Menu and Brochure
- 348** Special Printed Descriptions
- 349** DVD Presentation
- 349** Web Site
- 349** Spa Magazines in the Reception Area
- 350** Client Interview: Key to Success
- 350** Combination Treatment Packages and a Series
 of Treatments
- 351** Spa Team
- 351** Hydrotherapy Spa Themes
- 352** Client Retention
- 357** **APPENDIX A**
- 359** **APPENDIX B**
- 361** **APPENDIX C**
- 362** **GLOSSARY**
- 366** **INDEX**
