Preface	xix
How to Use This Text	xxiv
Acknowledgments	xxviii
About the Author	xxix

UNIT 1

LAYING THE FOUNDATION / 1

CHAPTER 1 CRITICAL THINKING AND THE NURSING PROCESS / 3

Critical Thinking and Clinical Reasoning	4
<i>Components of Critical Thinking</i>	5
<i>Universal Intellectual Standards for Critical Thinking</i>	5
Critical Thinking and the Nursing Process	6
Assessment	7
Nursing Diagnosis	8
Outcomes Identification	10
Planning	11
Implementation	12
Evaluation	13
Critical Pathways	13
Documenting the Nursing Process	14

CHAPTER 2 THE PATIENT INTERVIEW / 17

The Patient Interview	18
The Role of the Nurse	18

The Role of the Patient	19
Motivational Interviewing	19
Factors Influencing the Interview	19
Approach	19
Environment	20
Confidentiality	20
HIPAA	20
Note Taking	21
Time, Length, Duration	21
Biases and Preconceptions	21
Stages of the Interview Process	22
Stage I	22
Stage II	22
Stage III	22
Factors Affecting Communication	22
Listening	22
Nonverbal Cues	23
Distance	23
Personal Space	23
Effective Interviewing Techniques	24
Using Open-Ended Questions	24
Using Closed Questions	24
Facilitating	25
Using Silence	25
Grouping Communication Techniques	25
Nontherapeutic Interviewing Techniques	31
Requesting an Explanation	31
Probing	32
Offering False Reassurance	32
Giving Approval or Disapproval	33
Defending	33
Advising	34
Using Problematic Questioning Techniques	34
Interviewing the Patient with Special Needs	36
The Patient with Impaired Hearing	36
The Patient with Impaired Vision	37

The Patient with Impaired Speech or Aphasia	37
The Patient Who Is Non-English-Speaking	37
The Patient Who Has a Low Level of Understanding ...	38
The Patient Who Is Crying	38
The Patient Who Is Anxious and Angry	39
The Patient Who Is Hostile	39
The Patient Who Is Sexually Aggressive	39
The Patient Who Is Under the Influence of Alcohol or Drugs	39
The Patient Who Is Very Ill	40
The Older Adult	40

CHAPTER 3 THE COMPLETE HEALTH HISTORY INCLUDING DOCUMENTATION / 43

Types of Health History	44
Preparing for the Health History	45
Computerized Health History	45
Identifying Information	46
Today's Date	46
Biographical Data	46
The Complete Health History Assessment Tool	46
Source and Reliability of Information	46
Patient Profile	46
Reason for Seeking Health Care and Chief Complaint	46
Present Health and History of the Present Illness	47
Past Health History	49
Family Health History	55
Social History	56
Health Maintenance Activities	66
Review of Systems	69
The System-Specific Health History	71
Concluding the Health History	71
Assistive Devices	71
ENAP Format	71
Documentation	71
Complete Health History: Well Patient	73
Complete Health History: Ill Patient	77

UNIT 2

SPECIAL ASSESSMENTS / 87

CHAPTER 4 DEVELOPMENTAL ASSESSMENT / 89

Developmental Theories	90
Ages and Stages Developmental Theories	90
Developmental Stages, Tasks, and Life Events	98
Developmental Tasks of Infants (Birth to 1 Year)	99
Developmental Tasks of Toddlers (1 to 3 Years)	101
Developmental Tasks of Preschoolers (3 to 6 Years)	102
Developmental Tasks of School-Age Children (6 to 12 Years)	103

Developmental Tasks of Adolescents (12 to 18 Years)	104
Developmental Tasks of Young Adults (18 to 30 Years)	105
Developmental Tasks of Early Middle Adulthood (30 to 50 Years)	106
Developmental Tasks of Late Middle Adulthood (50 to 70 Years)	107
Developmental Tasks of Late Adulthood (70 Years to Death)	108
Stages of Family Development	109
Developmental Assessment Tools	109
Case Study: The Suicidal Adolescent	112

CHAPTER 5 CULTURAL ASSESSMENT / 121

Culturally Competent Nursing Care	122
Basic Concepts Associated with Culturally Competent Assessments	123
Culture	123
Subculture	124
Racial Groups	124
Ethnic Groups	124
Minority Groups	125
Values, Norms, and Value Orientations	125
Beliefs	127
Customs and Rituals	131
Case Study: An Asian Indian American with Cardiovascular Disease	145

CHAPTER 6 SPIRITUAL ASSESSMENT / 155

Spirituality and Religion	158
Spiritual Theory	159
Parish Nursing	161
Role of the Nurse in Spiritual Care	162
Spiritual Assessment	162
Nursing Diagnosis	185
Nursing Interventions	186
Nursing Interventions to Avoid	188
Evaluation	189
Case Study: Religious Beliefs Can Lead to Medical Conflict	190

CHAPTER 7 NUTRITIONAL ASSESSMENT / 195

Dietary Guidelines	196
Nutrients	200
Carbohydrates	200
Proteins	201
Fats	201
Vitamins	201
Minerals	204
Water	204
Nutrition Through the Life Cycle	207

Children	207
Adolescents	211
Young and Middle-Aged Adults	212
Pregnant and Lactating Women	214
Older Adults	215
Cultural Differences	216
Health History	216
Equipment	219
Nutritional Assessment	219
The Nutritional History	219
Physical Assessment	219
Anthropometric Measurements	219
Laboratory Data	228
Diagnostic Data	233
Case Study: The Patient with Metabolic Syndrome	233

UNIT 3

PHYSICAL EXAMINATION / 243

CHAPTER 8 PHYSICAL ASSESSMENT TECHNIQUES / 245

Aspects of Physical Assessment	246
Role of the Nurse	246
Standard Precautions and Transmission-Based Precautions	246
Hand Washing	247
Legal Issues	249
Assessment Techniques	249
Inspection	249
Palpation	250
Percussion	251
Auscultation	254
Equipment	256

CHAPTER 9 GENERAL SURVEY, VITAL SIGNS, AND PAIN / 261

Equipment	262
General Survey	262
Physical Presence	262
Psychological Presence	264
Distress	266
Vital Signs	266
Respiration	267
Pulse	268
Temperature	271
Blood Pressure	275
Pain	281
Nociceptive Pain	281
Neuropathic Pain	281
Types of Pain	281
Variables Affecting Pain	282

Effects of Pain on the Body	283
Assessing Pain	283

CHAPTER 10 SKIN, HAIR, AND NAILS / 289

Anatomy and Physiology	290
Skin	290
Hair	293
Nails	293
Function of Skin	294
Function of Hair	294
Function of Nails	294
Health History	295
Equipment	300
Assessment of the Skin, Hair, and Nails	301
Inspection of the Skin	301
Palpation of the Skin	323
Inspection of the Hair	326
Palpation of the Hair	328
Inspection of the Nails	329
Palpation of the Nails	332
Case Study: The Patient with Herpes Zoster	333

CHAPTER 11 HEAD, NECK, AND REGIONAL LYMPHATICS / 341

Anatomy and Physiology	342
Skull	342
Face	342
Neck	343
Thyroid	343
Lymphatics	343
Blood Supply	344
Health History	344
Equipment	348
Assessment of the Head and Neck	348
Inspection of the Shape of the Head	348
Palpation of the Head	349
Inspection and Palpation of the Scalp	349
Inspection of the Face	350
Palpation and Auscultation of the Mandible	352
Inspection and Palpation of the Neck	353
Inspection of the Thyroid Gland	354
Palpation of the Thyroid Gland	355
Auscultation of the Thyroid Gland	358
Inspection of the Lymph Nodes	358
Palpation of the Lymph Nodes	358
Case Study: The Patient with Thyrotoxicosis	360

CHAPTER 12 EYES / 367

Anatomy and Physiology	368
External Structures	368
Internal Structures	369
Visual Pathway	370
Health History	371
Equipment	374
Assessment of the Eye	374

Visual Acuity	374
Visual Fields	376
External Eye and Lacrimal Apparatus	377
Extraocular Muscle Function	381
Anterior Segment Structures	385
Posterior Segment Structures	391

Case Study: The Patient with Bacterial Conjunctivitis	397
--	-----

CHAPTER 13 EARS, NOSE, MOUTH, AND THROAT / 403

Anatomy and Physiology	404
Ear	404
Nose	405
Sinuses	406
Mouth and Throat	406

Health History	410
-----------------------------	-----

Equipment	414
------------------------	-----

Assessment of the Ear	414
Auditory Screening	415
External Ear	416
Otoscopic Assessment	418

Assessment of the Nose	423
External Inspection	423
Patency	423
Internal Inspection	423

Assessment of the Sinuses	425
Inspection	425
Palpation and Percussion	425

Assessment of the Mouth and Throat	427
Assessment of the Mouth	427
Inspection of the Throat	435

Case Study: The Patient with Acute Rhinosinusitis	436
--	-----

CHAPTER 14 BREASTS AND REGIONAL NODES / 443

Anatomy and Physiology	444
Breasts	444
Regional Nodes	447
Breast Development	447

Health History	447
-----------------------------	-----

Equipment	451
------------------------	-----

Assessment of the Female Breasts and	
---	--

Regional Nodes	451
Inspection	451
Palpation	456

Inspection and Palpation of the Male Breasts	463
---	-----

Diagnostic Techniques	463
------------------------------------	-----

Case Study: The Patient with Erythematous Changes to the Right Breast	465
--	-----

CHAPTER 15 THORAX AND LUNGS / 471

Anatomy	472
Thorax	472

Sternum	473
Ribs	473
Intercostal Spaces	473
Lungs	473
Pleura	477
Mediastinum	477
Bronchi	477
Alveoli	478
Diaphragm	478
External Intercostal Muscles	478
Accessory Muscles	478

Physiology	478
Ventilation	478
External Respiration	479
Internal Respiration	479
Control of Breathing	479

Health History	479
-----------------------------	-----

Equipment	484
------------------------	-----

Assessment of the Thorax and Lungs	484
Inspection	484
Palpation	494
Percussion	500
Auscultation	503

Case Study: The Patient with Asthma	512
--	-----

CHAPTER 16 HEART AND PERIPHERAL VASCULATURE / 519

Anatomy and Physiology	520
Heart	520
Coronary Circulation	522
Cardiac Cycle	523
Conduction System of the Heart	525
Peripheral Vasculature	526
Epitrochlear Nodes	527

Health History	530
-----------------------------	-----

Equipment	543
------------------------	-----

Assessment of the Precordium	543
Inspection	544
Palpation	545
Auscultation	548

Assessment of the Peripheral Vasculature	555
Inspection of the Jugular Venous Pressure	555
Inspection of the Hepatojugular Reflux	558
Palpation and Auscultation of Arterial Pulses	558
Inspection and Palpation of Peripheral Perfusion	560
Palpation of the Epitrochlear Node	566

Case Study: The Patient with Hypertension	566
--	-----

CHAPTER 17 ABDOMEN / 575

Anatomy and Physiology	576
Abdominal Cavity	576
Abdominal Viscera (Organs)	580

Health History	589
-----------------------------	-----

Equipment	589
------------------------	-----

Assessment of the Abdomen	589
Inspection	590
Auscultation	594

Percussion	597
Palpation	601
Case Study: The Patient with Diverticulitis	611

CHAPTER 18 MUSCULOSKELETAL SYSTEM / 619

Anatomy and Physiology	620
Bones	620
Muscles	620
Tendons	621
Cartilage	621
Ligaments	621
Bursae	621
Joints	622
Health History	624
Equipment	630
Assessment of the Musculoskeletal System	630
General Assessment	631
Inspection	634
Palpation	638
Range of Motion (ROM)	641
Muscle Strength	641
Examination of Joints	642
Case Study: The Patient with Musculoskeletal Trauma	677

CHAPTER 19 MENTAL STATUS AND NEUROLOGICAL TECHNIQUES / 685

Anatomy and Physiology	686
Macrostructure	686
Meninges	686
Central Nervous System	686
Blood Supply	690
Peripheral Nervous System	691
Reflexes	693
Health History	694
Equipment	699
Assessment of the Neurological System	699
Mental Status	699
Sensory Assessment	713
Cranial Nerves	720
Motor System	727
Cerebellar Function (Coordination, Station, and Gait)	728
Reflexes	730
Case Study: The Patient with a Potential Stroke	736

CHAPTER 20 FEMALE GENITALIA / 745

Anatomy and Physiology	746
External Female Genitalia	746
Internal Female Genitalia	747
The Female Reproductive Cycle	750
Health History	752

Equipment	756
Assessment of the Female Genitalia	757
Inspection of the External Genitalia	759
Palpation of the External Genitalia	764
Speculum Examination of the Internal Genitalia	766
Collecting Specimens for Cytological Smears and Cultures	768
Inspection of the Vaginal Wall	774
Bimanual Examination	774
Rectovaginal Examination	777
Case Study: The Patient with Uterine Fibroids	780

CHAPTER 21 MALE GENITALIA / 787

Anatomy and Physiology	788
Essential Organs	788
Accessory Organs	788
Ducts	788
Supporting Structures	790
Sexual Development	790
Spermatogenesis	790
Male Sexual Function	792
Health History	792
Equipment	796
Assessment of the Male Genitalia	796
Inspection	796
Palpation	803
Auscultation	809
Case Study: The Patient with Epididymitis Caused by <i>Chlamydia Trachomatis</i>	811

CHAPTER 22 ANUS, RECTUM, AND PROSTATE / 817

Anatomy and Physiology	818
Rectum	818
Anus	818
Prostate	819
Health History	820
Equipment	824
Assessment of the Anus, Rectum, and Prostate	824
Inspection	825
Palpation	829
Case Study: The HIV-Positive Patient with Rectal Bleeding	833

UNIT 4

SPECIAL POPULATIONS / 841

CHAPTER 23 THE PREGNANT PATIENT / 843

Anatomy and Physiology	844
Skin and Hair	844

Head and Neck	844
Eyes, Ears, Nose, Mouth, and Throat	845
Breasts	845
Thorax and Lungs	845
Heart and Peripheral Vasculature	845
Abdomen	847
Urinary System	847
Musculoskeletal System	847
Neurological System	848
Female Genitalia	848
Anus and Rectum	850
Hematological System	850
Endocrine System	850
Health History	851
Equipment	857
Assessment of the Pregnant Patient	857
General Assessment, Vital Signs, and Weight	858
Skin and Hair	861
Head and Neck	861
Eyes, Ears, Nose, Mouth, and Throat	862
Breasts	862
Thorax and Lungs	862
Heart and Peripheral Vasculature	862
Abdomen	862
Urinary System	863
Musculoskeletal System	864
Neurological System	864
Female Genitalia	864
Uterine Size	866
Fetal Heart Rate	867
Leopold's Maneuver	869
Anus, Perineum, and Rectum	871
Hematological System	871
Endocrine System	871
Nutritional Assessment	871
Special Antepartum Tests and Evaluations	871
Psychosocial Assessment and Learning Needs	872
Subsequent or Return Prenatal Visits	875
Case Study: The Pregnant Patient	875

CHAPTER 24 THE PEDIATRIC PATIENT / 883

Physical Growth	884
Anatomy and Physiology	884
Structural and Physiological Variations	884
Growth and Development	892
Health History	893
Developmental Assessment	902
Equipment	902
Physical Examination	902
Vital Signs	902
Physical Growth	907
Skin	911
Hair	913

Head	913
Eyes	916
Ears	920
Nose	921
Mouth and Throat	922
Neck	923
Breasts	924
Thorax and Lungs	925
Heart and Peripheral Vasculature	926
Abdomen	930
Musculoskeletal System	932
Neurological System	935
Female Genitalia	939
Male Genitalia	940
Anus	942

Case Study: The Patient with Accidental Ingestion of Kerosene	943
--	-----

CHAPTER 25 THE ELDERLY PATIENT / 951

Epidemiology	952
Issues in Presentation	952
Anatomy and Physiology	953
Structural and Physiological Variations	953
Interview of the Older Adult	960
Special Assessments	962
Developmental Assessment	962
Cultural Assessment	963
Spiritual Assessment	963
Nutritional Assessment	963
Pain Assessment	964
Equipment	964
Physical Assessment	964
Functional Testing	965
Cognition	965
Vital Signs	967
Height and Weight	968
Skin	968
Hair	969
Nails	970
Head and Neck	970
Eyes	970
Ears	971
Nose	972
Mouth and Throat	972
Breasts	973
Thorax and Lungs	973
Heart and Peripheral Vasculature	973
Abdomen	973
Musculoskeletal System	973
Mental Status and Neurological Techniques	974
Female Genitalia	975
Male Genitalia	976
Anus, Rectum, and Prostate	976
Case Study: The Older Adult with Leg Pain and Cognitive Impairment	977

UNIT 5

PUTTING IT ALL TOGETHER / 991

CHAPTER 26 THE COMPLETE HEALTH HISTORY AND PHYSICAL EXAMINATION / 993

Legal Considerations	995
Ethical Considerations	995
Health History	996
Physical Examination	997
General Survey	997
Neurological System	997
Measurements	997
Skin	998
Head and Face	998
Eyes	999
Ears	999
Nose and Sinuses	999
Mouth and Throat	999
Neck	999
Upper Extremities	1000
Back, Posterior and Lateral Thoraxes	1000
Anterior Thorax	1000
Heart	1001
Female Breasts	1001
Male Breasts	1001
Jugular Veins	1001
Female and Male Breasts	1001

Heart	1001
Abdomen	1002
Inguinal Area	1002
Lower Extremities	1002
Neurological System	1002
Musculoskeletal System	1003
Neurological System	1003
Female Genitalia, Anus, and Rectum	1003
Male Genitalia	1004
Male Anus, Rectum, and Prostate	1004
Laboratory and Diagnostic Data	1005
Problem List	1005
Preparticipation Athletic Evaluation	1005
Healthy People 2010	1006
Role of Technology	1006
Conclusion	1007
Case Study: The Patient with Multisystem Problems	1007

Appendix A: NANDA International Nursing Diagnoses 2009–2011	1019
Appendix B: Functional Assessments	1021
Appendix C: ISMP List of Error-Prone Abbreviations, Symbols, and Dose Designations	1023
Glossary	1027
Index	1047
Assessment in Brief Cards	Back of Book
Abbreviations and Symbols	Inside Back Cover
