

# Nickel in Relation to Plants

Editors

Barket Ali • S. Hayat • A. Ahmad

Narosa

# CONTENTS

<i>Preface</i>	<i>vii</i>
<i>Contributors</i>	<i>ix</i>
1. Nickel in Soil Environment <i>Tapan Adhikari</i>	1
2. Transport and Distribution of Nickel in Higher Plants <i>I. V. Seregin, A. D. Kozhevnikova</i>	11
3. Nickel in Russian Temperate Zone Weeds and Crops: Accumulation and Effects <i>Dmitry I. Bashmakov, Alexander S. Lukatkin and Barket Ali</i>	33
4. Nickel: Essentiality, Toxicity and Tolerance in Plants <i>Barket Ali, S. Hayat, Q. Fariduddin and A. Ahmad</i>	69
5. Nickel Toxicity in Plants: Oxidative Stress <i>Ewa Gajewska</i>	89
6. Antioxidant Stress Responses of Plants to Nickel <i>Priscila L. Gratão, Carolina C. Monteiro, Ricardo Antunes Azevedo</i>	117
7. Response of Boreal Forest Ecosystems to Extreme Air Pollution from Nickel-Processing Industry <i>Galina Koptsik, Toril Eldhuset, Sergey Koptsik and Dan Aamlid</i>	141
8. Nickel Toxicity in Cyanobacteria and its Amelioration <i>Meenakshi Banerjee and Shivani Gole</i>	173
