Advancements in  
**Insect  
Biodiversity**

# CONTENTS

## *Preface*

<b><i>Editorial:</i></b> Biodiversity: Let us Discuss it as the Science of Biological Diversity .....	1
1. Insect Biodiversity in Madhya Pradesh and Chhattisgarh.....	37
<b><i>Kailash Chandra</i></b>	
2. The Diversity of Bees (Hymenoptera, Apoidea) in India .....	53
<b><i>Rajiv K. Gupta</i></b>	
3. A Taxonomic Overview of the Carpenter Bees of the Indian Region [Hymenoptera, Apoidea, Apidae, Xylocopinae, Xylocopini, <i>Xylocopa</i> Latreille] .....	79
<b><i>Rajiv K. Gupta and Douglas Yanega</i></b>	
4. Insect Biodiversity of Ultraoligotrophic Lakes of Ladakh Himalaya, India .....	101
<b><i>Girish Maheshwari and Geeta Maheshwari</i></b>	
5. Bioindicator Species of Chironomidae (Diptera) of High Altitude Lakes of Himalaya, India .....	109
<b><i>Girish Maheshwari and Geeta Maheshwari</i></b>	
6. On Oriental Species of the Genus <i>Perilampus</i> Latreille (Hymenoptera: Perilampidae) .....	123
<b><i>T. C. Narendran</i></b>	
7. Diversity of Indian Beetle Fauna (Coleoptera): State of our Knowledge and an Estimation .....	145
<b><i>T. K. Pal</i></b>	
8. Aquatic Dipteran Diversity in India.....	169
<b><i>P. Parui, D. Banerjee and Bulganin Mitra</i></b>	
9. Odonata Diversity in the Great Indian Desert .....	183
<b><i>M. Prasad</i></b>	
10. Odonata (Insecta) of Kerala: A Systematic Database .....	195
<b><i>C. Radhakrishnan and K. G. Emiliyamma</i></b>	
11. An Updated Checklist of Termites (Isoptera) of Rajasthan .....	225
<b><i>Narendra S. Rathore and Asit K. Bhattacharyya</i></b>	

12. Biodiversity Conservation Planning Using Remote Sensing and GIS..... 237  
*Shirish A. Ravan*
13. Dung Beetles (Coleoptera: Scarabaeidae: Coprinae) of India with Special Reference to Arunachal Pradesh, Uttar Pradesh, Gujarat and Rajasthan ..... 249  
*Ram Sewak*
14. Ants of Arid Zone of Rajasthan..... 289  
*Neena Tak*
15. A Synoptic List of Gerromorpha (Hemiptera: Insecta) Known from Kerala, India..... 299  
*G. Thirumalai, C. Radhakrishnan and R. Suresh Kumar*
16. Cutaneous Leishmaniasis in the Thar Desert: A Critical Appraisal of the Fast Emerging "Sand Disfiguring Disease"..... 313  
*B. K. Tyagi*
