UNIT I FOUNDATIONS OF CRITICAL CARE NURSING

- Chapter 1** Critical Care Nursing Practice, 1
Linda Urden
Overview, 1
History of Critical Care, 1
Contemporary Critical Care, 2
Critical Care Nursing Roles, 2
Critical Care Professional Organizations, 2
Critical Care Nursing Standards, 3
Evidence-Based Nursing Practice, 3
Holistic Critical Care Nursing, 3
Nursing's Unique Role in Health Care, 5
Interdisciplinary Planning for Care, 7
Quality, Safety, and Regulatory Issues in Critical Care, 8
Healthy Work Environment, 8
- Chapter 2** Ethical Issues, 13
Linda Urden
Differences Between Morals and Ethics, 13
Ethical Principles, 13
Scarce Resources in Critical Care, 17
Withholding and Withdrawing Treatment, 17
Medical Futility, 17
Ethics as a Foundation for Nursing Practice, 18
Ethical Decision Making in Critical Care, 18
Strategies for Promotion of Ethical Decision Making, 20
- Chapter 3** Legal Issues, 23
Linda Urden
Overview, 23
Negligence, 23
Negligence Per Se, 31
Malpractice, 32
Wrongful Death, 32
Defamation, 33
Assault and Battery, 33
Loss of Consortium, 33
Emotional Distress, 33
Other Issues Giving Rise to Civil Litigation, 33
Right to Accept or Refuse Medical Treatment, 36
Withholding and Withdrawing Treatment, 36
Advance Directives, 36
Orders Not to Resuscitate, 37
- Chapter 4** Genetics in Critical Care, 39
Mary E. Lough

- Genetics and Genomics, 39
Genetic and Genomic Structure and Function, 39
Genetic Inheritance, 45
How Information about Genetics is Obtained, 49
Genetics in Critical Care, 51
Genetics and the Health Professions, 53

- Chapter 5** Patient and Family Education, 58
Linda Urden
Challenges of Patient and Family Education, 58
Education, 58
Step 1: Assessment, 59
Step 2: Education Plan Development, 63
Step 3: Implementation, 66
Step 4: Evaluation, 70
Step 5: Documentation, 70
Factors That Affect the Teaching-Learning Process, 71
Informational Needs of Families in Critical Care, 72
Preparation of the Patient and Family for Transfer from Critical Care, 72
- Chapter 6** Psychosocial Alterations, 75
Linda Urden
Psychosocial Alterations, Coping Mechanisms, and Management, 75
Holistic Nursing Practice, 75
Effects of Stress on Mind-Body Interactions, 75
Anxiety as a Response to Stress, 77
Anxiety and Pain, 78
Self-Concept, 78
Powerlessness, 79
Hopelessness, 80
Spiritual Distress, 81
The Mental Status Examination, 81
Major Depressive Episode, 82
Suicide, 83
Coping, 83
Enhancing the Coping Process, 85
Care of Specific Populations, 87
- Chapter 7** Sleep Alterations and Management, 92
Sheila Cox Sullivan
Normal Human Sleep, 92
Chronobiology, 95
Pharmacology, 96
Abnormal Sleep, 97

- Chapter 8** Nutrition Alterations and Management, 108
Colleen O'Leary-Kelley
 Nutrient Metabolism, 108
 Implications of Undernutrition for the Sick or Stressed Patient, 110
 Assessing Nutritional Status, 110
 Nutrition and Cardiovascular Alterations, 115
 Nutrition and Neurologic Alterations, 117
 Nutrition and Renal Alterations, 118
 Nutrition and Gastrointestinal Alterations, 120
 Nutrition and Endocrine Alterations, 122
 Administering Nutrition Support, 123
 Evaluating Response to Nutrition Support, 131

- Chapter 9** Pain and Pain Management, 135
Céline Gélinas
 Importance of Pain Assessment, 135
 Definition and Description of Pain, 135
 Pain Assessment, 140
 Pain Management, 146

- Chapter 10** Sedation, Agitation, Delirium: Assessment and Management, 160
Mary E. Lough
 Sedation, 160
 Pharmacologic Management of Sedation, 162
 Preventing Sedative Dependence and Withdrawal, 166
 Delirium, 167
 Collaborative Management, 171

- Chapter 11** End-of-Life Issues, 175
Karin T. Kirchhoff
 End-of-Life Experience in Critical Care, 175
 Ethical and Legal Issues, 176
 Comfort Care, 177
 Communication and Decision Making, 178
 Withdrawal or Withholding of Treatment, 179
 Palliative Care, 180
 Withdrawal of Mechanical Ventilation, 181
 Professional Issues, 182
 Organ Donation, 182
 Family Care, 183
 Collaborative Care, 184

UNIT II SPECIAL POPULATIONS

- Chapter 12** The Pediatric Patient in the Adult Critical Care Unit, 189
Cynthia A. Lewis
 Respiratory System, 189
 Cardiovascular System, 199
 Nervous System, 206
 Gastrointestinal System, Fluids, and Nutrition, 210

- Pain Management, 213
 Psychosocial Issues of the Child and Family, 215

- Chapter 13** High-Risk and Critical Care in Obstetric Issues, 219
Elizabeth Remsburg-Bell, Julene B. Kruthof and Debra L. Ryan
 Risks to Fetal Development, 219
 Physiologic Alterations in Pregnancy, 219
 Physiologic Changes During Labor and Delivery, 223
 Cardiac Disease, 223
 Hypertensive Disease, 227
 Obstetric Disseminated Intravascular Coagulation, 229
 Pulmonary Dysfunction, 229
 Trauma, 232
 Neurologic Dysfunction, 236

- Chapter 14** Gerontologic Alterations and Management, 240
Karen L. Rice and Fiona Winterbottom
 Cardiovascular System, 240
 Pulmonary System, 243
 Renal System, 246
 Gastrointestinal System, 246
 Central Nervous System, 247
 Immune System, 249
 Changes in Pharmacokinetics and Pharmacodynamics, 250
 Physical Examination and Diagnostic Procedures, 251

- Chapter 15** Perianesthesia Management, 260
Deborah Barnes
 Selection of Anesthesia, 260
 General Anesthesia, 260
 Anesthetic Agents, 262
 Perianesthesia Assessment and Care, 266
 Management of Postanesthesia Problems and Emergencies, 274

UNIT III CARDIOVASCULAR ALTERATIONS

- Chapter 16** Cardiovascular Anatomy and Physiology, 285
Mary E. Lough
 Anatomy, 285
 Physiology, 296
- Chapter 17** Cardiovascular Clinical Assessment, 307
Mary E. Lough
 History, 307
 Physical Examination, 307
- Chapter 18** Cardiovascular Diagnostic Procedures, 323
Mary E. Lough

Cardiovascular Assessment and Monitoring, 323
 Laboratory Assessment, 399
 Diagnostic Procedures, 407

Chapter 19 Cardiovascular Disorders, 426
Elizabeth Scruth and Annette Haynes

Coronary Artery Disease, 426
 Myocardial Infarction, 439
 Sudden Cardiac Death, 455
 Heart Failure, 456
 Cardiomyopathy, 465
 Pulmonary Hypertension, 467
 Endocarditis, 473
 Valvular Heart Disease, 476
 Atherosclerotic Diseases of the Aorta, 480
 Peripheral Arterial Disease, 484
 Carotid Artery Disease, 485
 Venous Thromboembolism, 488
 Hypertensive Emergency, 491

Chapter 20 Cardiovascular Therapeutic Management, 498
Joni L. Dirks

Pacemakers, 498
 Implantable Cardioverter Defibrillators, 508
 Fibrinolytic Therapy, 510
 Catheter Interventions for Coronary Artery Disease, 515
 Cardiac Surgery, 524
 Mechanical Circulatory Assist Devices, 534
 Vascular Surgery, 539
 Effects of Cardiovascular Drugs, 541

UNIT IV PULMONARY ALTERATIONS

Chapter 21 Pulmonary Anatomy and Physiology, 554
Kathleen M. Stacy

Thorax, 554
 Conducting Airways, 556
 Respiratory Airways, 558
 Pulmonary Blood and Lymph Supply, 561
 Ventilation, 563
 Respiration, 567
 Ventilation/Perfusion Relationships, 567
 Gas Transport, 569

Chapter 22 Pulmonary Clinical Assessment, 573
Kathleen M. Stacy

History, 573
 Physical Examination, 573
 Assessment Findings of Common Disorders, 581

Chapter 23 Pulmonary Diagnostic Procedures, 590
Jeanne Maiden

Laboratory Studies, 590
 Diagnostic Procedures, 595
 Bedside Monitoring, 598

Chapter 24 Pulmonary Disorders, 602
Kathleen M. Stacy

Acute Respiratory Failure, 602
 Acute Lung Injury, 609
 Pneumonia, 613
 Aspiration Pneumonitis, 617
 Pulmonary Embolism, 619
 Status Asthmaticus, 623
 Air Leak Disorders, 625
 Thoracic Surgery, 628
 Long-Term Mechanical Ventilator Dependence, 631

Chapter 25 Pulmonary Therapeutic Management, 641
Kathleen M. Stacy

Oxygen Therapy, 641
 Artificial Airways, 644
 Invasive Mechanical Ventilation, 653
 Noninvasive Positive-Pressure Ventilation, 663
 Positioning Therapy, 664
 Pharmacology, 665

UNIT V NEUROLOGIC ALTERATIONS

Chapter 26 Neurologic Anatomy and Physiology, 672
JJ Baumann

Divisions of the Nervous System, 672
 Microstructure of the Nervous System, 672
 Central Nervous System, 676

Chapter 27 Neurologic Clinical Assessment and Diagnostic Procedures, 700
JJ Baumann

Clinical Assessment, 700
 Diagnostic Procedures, 710
 Laboratory Studies: Lumbar Puncture, 716
 Bedside Monitoring, 718

Chapter 28 Neurologic Disorders and Therapeutic Management, 724
JJ Baumann

Coma, 724
 Stroke, 727
 Guillain-Barré Syndrome, 743
 Craniotomy, 745
 Intracranial Hypertension, 753
 Pharmacologic Agents, 760

UNIT VI RENAL ALTERATIONS

Chapter 29 Renal Anatomy and Physiology, 764
Mary Schira

Macroscopic Anatomy, 764

Vascular Anatomy, 764
 Microscopic Structure and Function, 764
 Nervous System Innervation, 767
 Urine Formation, 767
 Functions of the Kidneys, 769
 Fluid Balance, 770
 Electrolyte Balance, 773

- Chapter 30** Renal Clinical Assessment and Diagnostic Procedures, 777
Mary Schira
 History, 777
 Physical Examination, 777
 Additional Assessments, 781
 Laboratory Assessment, 783
 Imaging Studies, 787
 Kidney Biopsy, 788
- Chapter 31** Renal Disorders and Therapeutic Management, 790
Mary E. Lough
 Acute Kidney Injury, 790
 Acute Tubular Necrosis, 792
 Assessment and Diagnosis, 794
 At-Risk Disease States and Acute Kidney Injury, 796
 Renal Replacement Therapy:
 Dialysis, 805

UNIT VII GASTROINTESTINAL ALTERATIONS

- Chapter 32** Gastrointestinal Anatomy and Physiology, 821
Kathleen M. Stacy
 Mouth, 821
 Esophagus, 821
 Stomach, 822
 Small Intestine, 824
 Large Intestine, 826
 Accessory Organs, 827
- Chapter 33** Gastrointestinal Clinical Assessment and Diagnostic Procedures, 832
Kathleen M. Stacy
 Clinical Assessment, 832
 History, 832
 Physical Examination, 832
 Laboratory Studies, 836
 Diagnostic Procedures, 836
- Chapter 34** Gastrointestinal Disorders and Therapeutic Management, 845
Sheryl E. Leary
 Acute Gastrointestinal Hemorrhage, 845
 Acute Pancreatitis, 850
 Fulminant Hepatic Failure, 854
 Gastrointestinal Surgery, 857
 Therapeutic Management, 860

UNIT VIII ENDOCRINE ALTERATIONS

- Chapter 35** Endocrine Anatomy and Physiology, 871
Mary E. Lough and Annemarie A. Donjacour
 Pancreas, 871
 Pituitary Gland and Hypothalamus, 875
 Thyroid Gland, 877
 Adrenal Gland, 878
- Chapter 36** Endocrine Clinical Assessment and Diagnostic Procedures, 882
Mary E. Lough
 History, 882
 Pancreas, 882
 Pituitary Gland, 884
 Thyroid Gland, 886
 Adrenal Gland, 888
- Chapter 37** Endocrine Disorders and Therapeutic Management, 892
Mary E. Lough
 Neuroendocrinology of Stress and Critical Illness, 892
 Diabetes Mellitus, 900
 Diabetic Ketoacidosis, 906
 Hyperglycemic Hyperosmolar State, 914
 Diabetes Insipidus, 920
 Syndrome of Inappropriate Secretion of Antidiuretic Hormone, 925
 Thyroid Storm, 928
 Myxedema Coma, 932

UNIT IX MULTISYSTEM ALTERATIONS

- Chapter 38** Trauma, 938
Kara A. Snyder
 Mechanisms of Injury, 938
 Phases of Trauma Care, 939
 Specific Trauma Injuries, 944
 Complications of Trauma, 970
 Special Considerations, 973
- Chapter 39** Shock, 977
Beverly Carlson
 Shock Syndrome, 977
 Hypovolemic Shock, 981
 Cardiogenic Shock, 983
 Anaphylactic Shock, 986
 Neurogenic Shock, 989
 Severe Sepsis and Septic Shock, 991
- Chapter 40** Systemic Inflammatory Response Syndrome and Multiple Organ Dysfunction Syndrome, 1002
Lorraine Fitzsimmons and Christopher Walker
 The Inflammatory Response, 1002

- Multiple Organ Dysfunction Syndrome, 1004
Collaborative Management of High-Risk Patients, 1012
- Chapter 41** Burns, 1017
Jennifer Seigel, Anne Bisch and Carrie M. Wilson
Anatomy and Functions of the Skin, 1017
Pathophysiology and Etiology of Burn Injury, 1017
Classification of Burn Injury, 1018
Initial Emergency Burn Management, 1022
Special Management Considerations, 1025
Burn Nursing Diagnoses and Management, 1028
Stressors of Burn Nursing, 1040
- Chapter 42** Organ Donation and Transplantation, 1043
Christine T. Hartley, Diana Clark, Monica Johnson-Tomanka, Mary Jo Burton, Karen Garnett Payne, and Jamie D. Blazek
Organ Donation, 1043
Immunology of Transplant Rejection, 1056
Heart Transplantation, 1063
Heart-Lung Transplantation, 1066
- Single-Lung and Double-Lung Transplantation, 1070
Liver Transplantation, 1072
Kidney Transplantation, 1080
Pancreas Transplantation, 1083
- Chapter 43** Hematologic Disorders and Oncologic Emergencies, 1091
Barbara Mayer
Overview of Coagulation and Fibrinolysis, 1091
Disseminated Intravascular Coagulation, 1092
Thrombocytopenia, 1096
Heparin-Induced Thrombocytopenia, 1098
Assessment and Diagnosis, 1099
Tumor Lysis Syndrome, 1101
Hospital-Acquired Anemia, 1103
- Appendix A** Nursing Management Plans of Care, 1109
Kathleen M. Stacy
- Appendix B** Physiologic Formulas for Critical Care, 1163
