Contents

PART 1 Community-Focused Nursing. . . . 2

UNIT 1 The Context 3

CHAPTER 1 Opening the Door to Health Care in the Community 4

Karen Saucier Lundy, Sharyn Janes, and Sherry Hartman

A Closer Look at Health. 9

Historical Insights. 10

Nursing in the Twenty-First Century. 11

Educating Nurses for Community

Health Nursing Practice. 12

Community-Based, Population-Focused, Community-Health Nursing: What's in a Name? 12

Communities and Populations 14

Acute Care Versus Community Health

Nursing 15

Reform and the Reinvention of Systems of Care. 16

Nursing's Agenda for Health Care

Reform 16

Managed Care and the Future of

Nursing 16

Back to the Future: From Hospital to Community, from Cure to Prevention 17

Home Health Care 18

Cure and Prevention: Can We Really Do

It All? 18

Benefits Versus Costs 19

HEALTHY PEOPLE 2010: Goals for the Nation . 20

Influences on a Community's Health:

Culture, Environment, and Ethics . . 20

Epidemiology: The Science of Public Health . 24

Measuring a Community's Health: How Do We Know When We Get There? 25

Conclusion 27

Appendix: Standards of Care 29

Standard I. Assessment. 29

Standard II. Diagnosis 29

Standard III. Outcomes Identification . 29

Standard IV. Planning. 29

Standard V. Assurance: Action

Component of the Nursing Process

for Public Health Nursing. 29

Standard VI. Evaluation 29

CHAPTER 2 Community and Population Health: Assessment and Intervention 30

Karen Saucier Lundy and Judith A. Barton

Communities and Populations 33

The Health of Communities and

Populations. 34

Differences and Similarities Among

Communities and Populations. 36

Community Assessment Frameworks. 37

Community Empowerment. 37

Community Assessment Frameworks/

Models. 38

Using the Nursing Process for the Community. 41

Conducting a Community Assessment 41

Community Diagnosis 46

Planning and Prioritization Phase . . . 47

Implementation Phase 47

Evaluation Phase. 52

Conclusion 52

Appendix: The Lundy-Barton General Systems Model for Community and Population

Assessment and Intervention 56

Database (Assessment Phase: Nursing

Process). 56

Community Profile. 56

Comparison of the Profile 57

Review of Systems. 58

Problem List (Nursing Diagnosis:

Nursing Process) 59

Problem Assessment and Plan

Formulation (Planning: Nursing

Process) 59

Progress Notes (Evaluation: Nursing

Diagnosis). 59

CHAPTER 3 History of Community Health and Public Health Nursing. 62

Karen Saucier Lundy and Kaye W. Bender

Classical Era. 64

The Greeks and Health 65

Roman Era 66

Middle Ages. 66

Black Death 67

The "Witch Craze" of the Early Middle

Ages 68

The Renaissance 68

The Advancement of Science and Health of the

Public. 69

The Emergence of Home Visiting. 69

The Reformation 69

The Dark Period of Nursing 70

Early Organized Health Care in the Americas: A

Brave New World 71

The Chadwick Report and the Shattuck

Report 71

The Industrial Revolution	71
John Snow and the Science of Epidemiology ..	72
And Then There Was Nightingale	72
The Crimean Experience: “I Can Stand Out the War with Any Man”	74
Florence Nightingale and Sanitation ..	75
Returning Home a Heroine: The Political Reformer	77
Nightingale and Military Reforms	77
The Nightingale School of Nursing at St. Thomas: The Birth of Professional Nursing	77
Taking Health Care to the Community: Nightingale and Wellness	78
Nightingale’s Legacy	79
Early Nursing Education and Organization in the United States	80
The Evolution of Nursing in the United States: The First Century of Professional Nursing	81
The Emergence of Community and Public Health Nursing	83
Lillian Wald, Public Health Nursing, and Community Activism	83
Dorothea Linde Dix	85
Clara Barton	86
Birth of the Midwife in the United States	87
The Nursing Profession Responds to the Great Depression and World War II ..	88
Early Education and Standardization of Practice of Public Health Nursing ...	88
Challenges of the 1930s	89
Progressive Initiatives After the War Years	89
Social and Political Influence of the 1960s and 1970s	91
Public Health Nursing Services in the 1980s and 1990s	93
Science and Health Care, 1945–1960: Decades of Change	95
Years of Revolution, Protest, and the New Order, 1961–2000	96
The New Century: An Era of Managed Care ...	96

CHAPTER 4

Epidemiology of Health and Illness	100
<i>Gail A. Harkness and Demetrius J. Porche</i>	
Epidemiology Defined	102
Scope of Epidemiology	103
The Epidemiological, Research, and Nursing Processes	104
Natural History of Disease	104

Descriptive Epidemiology	105
Use of Rates	106
Sources of Data	110
Person, Place, and Time	111
Person	111
Place	111
Time	112
Analytic Epidemiology	114
Conclusion	118

CHAPTER 5

Health Care Systems in Transition ..	120
<i>Bonita R. Reinert</i>	
The Evolving U.S. Healthcare Delivery System	122
Private Health Care Delivery	123
Public Health Care	124
Military Health Care	125
Health Care Reform	125
The Current U.S. Health Care Delivery System	126
Levels of Care	126
Health Care Providers	127
Health Care Settings	128
Issues Affecting the Delivery of Health Care Services	130
Deregulation	130
Emphasis on Secondary and Tertiary Health Care Services	130
Increasing Consumerism	130
Technological Advances	130
Increasing Longevity of Americans ..	131
Defensive Health Care and Government Regulation	131
Managed Care	131
The Concept of Managed Care	132
Managed Care Organizations	132
Patient Care Outcomes	133
Health Politics and Policy	136
Government Policy	136
Public Opinion and Special-Interest Groups	136
Nursing and Health Care Policy	137
New Nursing Opportunities	137
Advanced Practice Nurses	137
Entrepreneurs	137
Data Management	138
Research	138
Conclusion	138

CHAPTER 6

Managed Care	140
<i>Ann H. Cary</i>	
What Is Managed Care?	142
Principles of Managed Care	142
Managed Care Models	143

Indemnity Plans	143
Point-of-Service Plans	143
Health Maintenance Organizations ..	144
Preferred Provider Organizations	145
Community Nursing Organizations	145
Management Mechanisms	146
Credentialing: Regulation and Accreditation ..	146
Ethical Issues	148
Nurses' Roles in Managed Care	149
Managed Care and Healthy Communities:	
Nursing's Approach.	151
Managed Care Nursing as a Specialty with	
Membership and Certification Benefits	152
Conclusion	152

UNIT 2 Influences on a Community's Health 155

CHAPTER 7 Economics of Health Care156 *Sherry Hartman*

An Economic Approach to Health Care	159
Competition in the Market	159
Competition Versus Regulation.....	159
Market Failure in Health Care.....	160
Rising Costs and Today's Healthcare System .	162
From Private Pay to Government	
Involvement	162
Increased Costs: The Economic	
Indicators	163
Decreased Access: The Economic	
Barriers	164
Influences on Costs and Access	167
Paying for Health Care	168
Out-of-Pocket Payments and Charity.	168
Health Insurance.....	169
Publicly Funded Insurance and Direct	
Care Programs	170
Cost Containment, Cost Analysis, and Quality	174
Public Health, Managed Care, and the	
Economics of Prevention	176
Opportunities for Collaboration.....	177
Counterforces to Collaboration	178
Economics of Alternative Therapies ..	179
Significance of Economics for Community	
Health Nursing Practice	180
Economics and Nightingale's Legacy	181

CHAPTER 8 Politics and the Law.....186 *Sharyn Janes, Heather Rakauskas Sherry, and Karen Saucier Lundy*

Government Authority	188
Protection of the Public's Health.....	188
Power, Authority, and the Health	

of the Public	188
Evolution of the Government's	
Role in Health Care	190
Government	191
Federal Government.....	191
State Government	196
Local Government	197
Different Types of Law	197
How an Idea Becomes a Law	198
Regulation and Licensing of Nursing	
Practice	203
The Regulatory Process	203
Licensure	204
Nursing Practice and the Law	204
Nursing Practice in Correctional	
Settings	205
Forensic Nursing: An Emerging Nursing	
Role	205
Conclusion	205

CHAPTER 9 Health Policy.....208 *Nancy Milio and Sharyn Janes*

Health Policy and Public Policy.....	210
Goals and Policies.....	210
Purpose of Public Policy	211
Choosing Policies	211
History of Health Policy in the	
United States.....	212
Present Need for Public Health Policy	213
Public Health and Public Policy.....	214
Policy Development.....	215
Policy Environment	215
Public Health Advocacy and Action ..	217
Policy Shape and Setting	217
Policy Goals, Tools, and Resources ...	217
The Players as Stakeholders	218
Player Connections.....	219
Information for Action.....	219
Policy Development Strategies	219
Bargaining.....	219
Information Through the Mass	
Media.....	220
Health Information	220
Mass Media and the Case of Health Care	
Reform: A Cautionary Tale	221
Implementation.....	222
Evaluation	222
Nurses in Communities, Public Health	
Policy, and Primary Prevention.....	223
Advocacy Tools of the Future	224
Conclusion	224

CHAPTER 10	Transcultural Nursing Care in the Community228 <i>Madeleine Leininger</i>	and Public Roles 278
	Community-Based Transcultural Nursing . . . 230	Nursing and the Environment 279
	Scope of Transcultural Nursing Cultures . . . 234	Roles of the Community Health Nurse 281
	Transcultural Nursing Principles 234	Identifying Risks 281
	Transcultural Concepts 235	Assessing Exposures 282
	Leininger's Theory of Culture Care	Communicating Risks 282
	Diversity and Universality 238	Assessing and Referring Patients 285
	Development of the Theory 238	Upstream Thinking: Making Connections
	Goal of the Theory 239	Between Environmental and Human Health . 286
	Assumptions of Theory 239	Ethical Principles Addressing Environmental
	The Sunrise Model: A Visual Guide	Health Nursing 286
	for the Theory 240	Conclusion 288
	Application of the Theory and	Appendix: Environmental Agents and Their
	Model 241	Adverse Health Effects 293
	Conclusion 245	
CHAPTER 11	Ethics and Health248 <i>Pat Kurtz and Ronald L. Burr</i>	<hr/> UNIT 3
	Virtue or Character Ethics 251	Care of Communities and
	Principle-Based Ethics: Developing Moral	Populations 301
	Rules 252	
	Utilitarian Theories: Doing the Most	CHAPTER 13
	Good for the Most People 252	Health Promotion and Wellness302
	Deontological Theories: Balancing	<i>Joan H. Baldwin and Cynthia O'Neill Morgan</i>
	Rights and Obligations 253	Basic Concepts of Health and Health
	Communitarian Ethic 256	Promotion 304
	Justice in Health Care 258	Selected Definitions of Health
	Values and Health Policy 259	Promotion and Wellness 305
	Ethics of Care 261	Community Health Promotion and
	Ethical Problems Faced by Community	Wellness 306
	Health Nurses: The Research 262	Factors Influencing Health Promotion and
	Ethical Decision Making 263	Wellness 307
	Service Learning: Discovering the Self and	Changes in Societal Expectations . . . 307
	Developing Community Values 264	Shifting Sands of the Healthcare Delivery
	Conclusion 265	System 308
CHAPTER 12	Environmental Health270 <i>Carol J. Nyman, Patricia Butterfield, and Jean Shreffler-Grant</i>	U.S. Government Initiatives 309
	Trends in Exposure and Disease 272	Public-Private Partnerships 309
	A World View 272	Growing Consumerism and
	The Environment and Health 273	Emphasis on Self-Care 310
	Environmental Health Policy:	Models of Health Promotion and Wellness . . 311
	Historical Perspectives 274	Holistic Wellness: Self-Inventory of
	Recent Environmental Health Issues . 275	Personal Wellness Using the Medicine
	Historical Perspectives on	Wheel 312
	Environment and Health 276	The 4+ Model of Wellness 314
	Origins of Environmental Health	How to Use the 4+ Model of Wellness
	Policy 276	with Individuals, Families,
	Environmental Policy: Governmental	Populations, and Communities . . . 317
		Conclusion 321
		<hr/> CHAPTER 14
		Nursing Informatics in Community
		Health Nursing Practice324
		<i>Russell C. McGuire and Sandra L. Walker</i>
		The Science of Nursing Informatics 326
		Community Health Nursing and Nursing
		Informatics 328
		Benefits of Nursing Informatics for

Community Health Nursing	328
Nursing Classification Systems	328
Patient Information Management	330
Efficiency and Time Benefits	330
Computer Applications in Community Health Nursing	330
Electronic Mail	330
Databases	330
Electronic Spreadsheets	331
Internet Applications in Community-Based Nursing Practice	332
Healthcare Delivery System Management Software	332
Networked Patient Care	333
Communication Technology and Community Health Nursing	335
Telehealth Care Benefits	335
Community Health Nursing Benefits of Telehealth Care	336
The Future of Informatics and Telehealth	336
Conclusion	338

CHAPTER 15

Health Education in the Community	340
<i>Lucy Bradley-Springer</i>	
Theoretical Bases	342
Concepts	342
Learning Theory	343
Behavior Change Theory	344
The Health Education Process	346
Assessment	348
Planning	350
Implementation	352
Evaluation	352
Health Education in Communities	353
Individuals, Families, and Groups	353
Community	355
Beyond Community	358
Ethical Issues in Health Education	359
Conclusion	360

CHAPTER 16

Complementary and Holistic Health	364
<i>Margaret A. Burkhardt</i>	
Holistic Framework	367
Historical Influences	367
Complementary Modalities: What Are They?	369
Alternative Medical Systems	370
Mind-Body Interventions	370
Biologically Based Therapies	370
Manipulative and Body-Based Methods	371

Energy Therapies	371
Complementary Health and Community Nursing Practice	372
The Right to Choose	372
Nursing Assessment	372
Potential Barriers to Use of Complementary Therapies	373
Integrating Complementary Therapies into Community Nursing Care	374
Spirituality	375
Music Therapy	375
Imagery	376
Herbal Therapies	377
Touch Therapy	378
Conclusion	379

CHAPTER 17

Global Health	382
<i>Sharyn Janes</i>	
Globalization and International Health	384
Role of International Agencies	384
United Nations	384
United Nations Children's Fund	386
World Health Organization	387
World Bank	388
Carter Center	390
Bill and Melinda Gates Foundation	390
Global Health Issues	391
Disease Burden	391
Violence and War	393
Poverty	394
Women's Rights	394
Global Initiatives	395
Declaration of Alma Ata	395
Millennium Developmental Goals	396
Global Nursing	396
Nursing Shortages	396
International Council of Nurses	396
Nursing and Human Rights	396
Appendix	399
Canada	399
Cuba	400
Jordan	401

CHAPTER 18

Groups in the Community	402
<i>Margaret J. Hickman, Marilyn Givens King, and Karen Saucier Lundy</i>	
Characteristics of Effective Groups	406
Collective Identity	406
Shared Purpose	406
Communication	406
Group Norms	406
Participation	406

Shared Leadership.....	407
Cohesion	407
Shared Decision Making	407
Conflict Management.....	408
Problem Solving	408
Stages of Group Development	408
Group Formation	408
Group Maintenance: Cohesion, Norms, and Conflict Resolution.....	409
Group Dissolution	410
Group Stages and Formation.....	410
Group Functions	410
Group Tasks.....	410
Roles of Group Members.....	410
Groups as Change Agents	411
Concepts Related to Change	412
Types of Groups	413
Working with Groups	415
Group Leadership.....	415
Ethical Considerations.....	416
Evaluating Groups	416
Conclusion	417

UNIT 4 Common Community Health Problems..... 421

CHAPTER 19 Communicable Disease	422
<i>Sharyn Janes and Gale A. Spencer</i>	
The Problem of Communicable Disease	424
Transmission of Infectious Agents	426
Chain of Infection	426
Routes of Infection.....	427
Susceptibility Versus Immunity.....	428
Communicable Disease Prevention	429
Primary Prevention	429
Secondary Prevention.....	430
Tertiary Prevention.....	431
Control of Diseases	431
Vaccine-Preventable Diseases	431
Routine Vaccines Indicated for Adults	435
Emerging and Reemerging Infectious Diseases	436
Health Care–Associated Infections...	437
Food-Borne Diseases	438
Vector-Borne Diseases	440
Zoonoses	442
Parasitic Diseases	444
Bioterrorism	445
HIV/AIDS	445
Tuberculosis	446
The HIV/TB Connection.....	447

Global Disease Eradication Efforts	447
Conclusion	447

CHAPTER 20 Sexually Transmitted Diseases and HIV/AIDS452

<i>Sharyn Janes, Janet St. Lawrence, and Julia B. St. Lawrence</i>	
Scope of the Problem	454
Common STDs	454
Syphilis.....	454
Chlamydia	455
Gonorrhea	455
Herpes Simplex Virus.....	456
Human Papillomavirus	456
Health Consequences of STDs	457
Cancers	457
Reproductive Health Problems	457
Health Consequences for Pregnant Women and Infants	458
Health Consequences for Men.....	458
HIV/AIDS	458
Scope of the Problem	459
Populations at Risk for HIV/AIDS ...	463
Nursing Care of Families with HIV ..	469
STDs and the U.S. Healthcare System	470
Problems of Access	470
Health Services	470
Screening and Prevention	472
The Role of Community Health Nurses	472
Conclusion	475

CHAPTER 21 Substance Abuse as a Community Health Problem478

<i>Jean Haspeslagh and Judith A. Barton</i>	
The Nature of Substance Abuse as a Community Health Problem	480
Definitions of Substance Abuse.....	480
Scope of Substance Abuse	481
Impact of Substance Abuse on Society.....	483
Impact of Substance Abuse on the Individual	483
Risk Factors for Substance Abuse	484
Society's Influence	484
The Family's Influence	486
The Workplace's Influence.....	486
Personal Factors	487
Nursing Assessment	488
Nurses' Attitude Self-Assessment ...	488
Drug History.....	488
Recognizing the Signs of Substance Abuse.....	488

	Interventions	489	Issues Community Health Nurses Encounter	562
	Society's Response	489	Supporting Community-Based	
	Interventions with Special		Caregivers	562
	Populations	493	The Advanced Practice Nurse with a	
	Conclusion	502	Community Health Focus	563

	Advocate	559	Disasters	596
	Professional Caregiver	560	General Functions of the Community	
	Role Models	560	Health Nurse	597
	Interdisciplinary Roles and		Specific Nursing Approaches	597
	Responsibilities	560	Shelter Management and Care	598
	Financing Costs of Chronic Illness	560	Disaster Recovery	599
	Self-Determination: The Patient as Partner	561	Effects on Survivors	601
	Sensitivity in Community-Based Caring	561	Special Survivor Populations: Elders and	
	Gender-Specific Considerations	561	Children	604

	Collective Trauma: The Loss of Community	604
	Nurses' Reactions to Disasters	605
	Prevention Strategies for Nurses	608
	Conclusion	609
UNIT 5	Vulnerable Populations.	613
CHAPTER 25	Vulnerability: An Overview.	614
	<i>Angeline Bushy</i>	
	Basic Concepts Related to Risk and Vulnerability.	616
	Risk.	616
	Vulnerability	616
	Persons with Special Needs	616
	Vulnerable Populations	616
	Web of Causation: The Interrelationship of Risk and Vulnerability.	617
	Poverty: Impact on Risk and Vulnerability.	618
	Historical Perspectives	619
	Cultural Perspectives	619
	Policy Perspectives	620
	Health-Related Perspectives.	620
	Community Perspectives	621
	Vulnerable Populations with Special Needs	621
	Children and Adolescents	622
	Elders	623
	Underrepresented Ethnic Groups	623
	Women.	624
	Disenfranchised Populations.	625
	Uninsured and Underinsured Populations.	625
	Nursing Considerations	626
	Limited Access to Care	626
	Ethical and Legal Considerations	626
	Patients' Strengths and Resources	627
	Nursing Roles	627
	Advocate and Activist.	628
	Case Manager	628
	Educator and Counselor	628
	Collaborator and Partner.	629
	Researcher	630
	Conclusion	630
CHAPTER 26	Urban and Homeless Populations	632
	<i>Janie B. Butts and Karen Saucier Lundy</i>	
	Urban Populations.	634
	Health and Social Problems.	634
	Programs for Healthier Urban People	635
	Urban Sprawl and Health.	636
	The Homeless Population	636

Scope of the Problem	637
Definitions of Homeless People	638
Historical Perspective.	639
The Health Problems of Homeless People	643
Nursing Care of Urban and Homeless People.	647
Be Committed.	648
Use Leadership Skills	648
Use Available Resources	649
Be an Advocate	649
Foster Communication and Trust.	650
Assess the Problem	650
Plan and Give Care	652
Conclusion	652
CHAPTER 27	Rural Populations
	<i>Gale A. Spencer and Lindsay Lake Morgan</i>
	Definitions of Rural
	Rural Population Characteristics
	Perspectives and Stereotypes.
	Issues, Concepts, and Populations
	Lifestyle: Adolescents
	Isolation: Rural Elders
	Culture: Migrant Farm Workers
	Housing: Homeless People.
	Confidentiality: Persons with HIV/ AIDS
	Access to Health Care: Agricultural Workers.
	Conclusion
CHAPTER 28	Adolescent Pregnancy.
	<i>Loretta Sweet Jemmott, Michelle Cousins Mott, Susan Oliver Dodds, Karen Saucier Lundy, and Lynn Reynolds Stabler</i>
	Sexual Behavior and Pregnancy Rates
	Teen Birth Rates: How Does the United States Compare?
	Teen Sexual Activity in the United States
	Factors Contributing to Adolescent Pregnancy
	Developmental Stage
	Social and Environmental Factors.
	Impact of Adolescent Pregnancy.
	Psychosocial and Health Outcomes of the Mother
	Impact on the Family
	Impact on the Adolescent Father.
	Psychosocial and Health Outcomes of the Newborn
	Role of the Nurse

Primary Prevention	688
Adolescent Pregnancy Prevention	
Community-Based Programs	690
Program Evaluation	692
Secondary and Tertiary Prevention...	692
Conclusion	698

CHAPTER 29 Disabilities and Health.....702

Valerie M. Rachal and Linda G. McDowell

Definitions	704
Incidence of Disabilities	704
Historical Context of Disability Services and Disability Legislation	706
Current Situation for People with Disabilities	707
Situation for Adults	707
Situation for Children	708
Legislation Protecting the Rights of People with Disabilities	708
Appropriate Language for Communicating About Persons with Disabilities	711
Community Living Needs of People Who Have Disabilities	713
Homes of Their Own	715
An Accessible Community	716
Meaningful Work	716
Relationships	717
Recreation	717
Services for Individuals with Disabilities	718
Case Management	718
Educational Programming	719
Transition from Education to Work and Living in the Community	720
Rehabilitation	720
Medical Technology	720
Nonmedical Assistive Technology	721
Assistance Animals	722
Ethical Issues Related to Disabilities	723
HEALTHY PEOPLE 2010: Objectives Related to Disabilities	724
Roles of the Community Health Nurse	724
Conclusion	727

PART 2 Community-Based Nursing Care 732

UNIT 6 Care of Families..... 733

CHAPTER 30 Foundations of Family Care734

Ruth A. O'Brien and Karen Saucier Lundy

Definition of Family	736
Health Responsibilities of the Family	737

Development of Members' Sense of Personal Identity and Self-Worth ...	737
Emotional Support and Guidance During Life-Cycle Transitions	738
Socialization of Family Members to Value and Maintain Health	739
Education About When and How to Use the Healthcare System	739
Care Provision and Management for Chronically Ill, Disabled, and Aging Family Members	740
Theoretical Approaches to the Family	740
Human Ecology Theory	740
Family Systems Theory	741
Family Development Theory	742
Family-Oriented Versus Family-Focused Nursing Role	742
A Conceptual Framework for Family Assessment	743
Energy	744
Consciousness	745
Role Structure	745
Decision-Making Processes	746
Communication Patterns	747
Values	749
Family Boundaries	750
A Self-Efficacy Model for Nurse-Family Intervention	752
Identification of Family Health Concerns and Needs	752
Mutual Setting of Goals	752
Delineation of Alternatives	752
Implementation of the Plan	753
Evaluation	753
Conclusion	755

CHAPTER 31

Caring for the Family in Health and Illness758

Linda Beth Tiedje and Karen Saucier Lundy

Thinking Differently About Family Health ...	760
Thinking Upstream	760
Thinking of a Bottom-Down Health System	761
The Human Ecology Model: Thinking in Layers	762
Community-Based Services for Promoting Family Health	763
Preventive Support Services for All Families	763
Targeted Programs for More Vulnerable Families	764

Families in Crisis	766
Characteristics of Successful Interventions:	
Creating Healthy Families and	
Communities	766
Relationship-Focused Care	766
Intensity and Timing of	
Interventions	766
Nursing Skills and Strategies	767
Issues in Family Nursing Today	769
Values: A Challenge for the Future	770
Conclusion	774

UNIT 7 Care of Individuals 777

CHAPTER 32 Women's Health	778
<i>Karen Saucier Lundy, Norma G. Cuellar,</i>	
<i>and Venus Callahan</i>	
Profile of Women's Health	780
Education	781
Employment	781
Poverty	782
Marital Status/Family Configuration	783
Reproductive Health and Risks	785
Patterns of Health and Illness	786
Health Issues, Health Promotion, and Health	
Prevention Across the Life Span	789
Adolescence (12 to 18 Years Old)	789
Young Adulthood (19 to 35 Years Old)	792
Perimenopausal/Menopausal (36 to 55	
Years Old)	793
Mature (55 and Older)	796
Specific Disease Conditions of Women	
Throughout the Life Span	797
Cancer	797
Osteoporosis	797
Diversity and Women's Health	799
Cultural Influences	799
Sexual Orientation	800
Women and Aging	800
Global Issues and Women's Health	802
Special Issues Affecting Women's Health	803
Violence	803
Homelessness	806
Incarceration	806
Poverty	807
Workplace Health	807
Toward the Future	808
Women's Ways of Knowing	808
Feminism	809
Empowerment	809
Health Care Policy	810
Conclusion	812

CHAPTER 33 Men's Health	814
<i>Sharyn Janes, A. Serdar Atay, Joseph E.</i>	
<i>Farmer, and Karen Saucier Lundy</i>	
Men's Health	816
Genetic Factors	816
Sociocultural and Ethnic Factors	816
Environmental Factors	818
Behavioral Factors	818
Healthy People 2010	820
Healthcare System Utilization	821
Ambulatory Care	822
Hospital Care	822
Preventive Care	823
Specific Male Health Issues	823
Prostate Cancer	823
Testicular Cancer	824
Erectile Dysfunction (Impotence)	825
Cardiovascular Disease	828
Selected At-Risk Populations	829
Men with HIV/AIDS	829
Homosexual Men and Families	830
Community Health Nursing Roles	832
Patient Advocate	832
Educator	832
Facilitator	833
Men's Health Research Issues	833
Conclusion	833

CHAPTER 34 Children's Health	836
<i>Carole Hanks, Harriet J. Kitzman, and H.</i>	
<i>Lorrie Yoos</i>	
Improving Children's Health: Working with	
Families	838
Preventing Mother and Infant	
Deaths	839
Immunizing Children	840
Preventing Childhood Injuries	840
Promoting Children's Mental Health	840
Selected Nursing Interventions	841
Transition from Hospital to Home	841
Weaving Spirituality into Nursing	
Interventions	841
School-Based Programs	842
Home-Based Programs	843
Improving Children's Health: Systems	
of Care	844
Ecology of Children's Health: Contexts	
for Growth and Development	848
Poverty	848
Neighborhood Contexts	851
Parents' Work Context	852

	Childcare Context.....	852
	Public Policy Context.....	852
	Conclusion	852
CHAPTER 35	Elder Health.....	856
	<i>Virginia Lee Cora</i>	
	Aging	858
	Aging Terminology.....	858
	Gerontological Nursing	859
	Aging and Health	859
	Nursing of Elders	860
	Elders in the Community.....	860
	Elders in the Family	862
	Elders as Individuals.....	865
	Preventive Health Care	869
	Sensory Integrity.....	869
	Nutrition and Sleep	871
	Elimination	874
	Mobility and Communication.....	876
	Cognition and Affect	878
	Employment and Retirement	881
	Thermal Regulation and Skin Integrity.....	883
	Comfort and Spirituality	885
	Special Elder Health Issues	886
	Immunizations	886
	Medications.....	886
	Chemical Addictions	887
	Ethical Dilemmas	887
	Conclusion	890
	Appendix A: Selected Theories of Aging	892
	Biological Theories.....	892
	Sociological Theories	892
	Psychological Theories.....	892
	Appendix B: Activities of Daily Living	892
	Appendix C: Tinetti Fall Assessment Scale ...	893
	Appendix D: Mini-Mental State Exam	894
	Appendix E: Geriatric Depression Scale	895
	Appendix F: Home Safety Checklist	896
	Home Interior.....	896
	Communication	896
	Kitchen.....	896
	Bathroom.....	896
	Medications.....	896
	Outside	896
CHAPTER 36	Psychiatric Care and Mental Health in the Community	898
	<i>Sarah Steen Lauterbach and Janna Lesser</i>	
	The Unique Role and Perspective of Psychiatric–Mental Health Nursing in Caring for the Public’s Health	901

Definitions of Mental Health	902
History of Mental Health in the Community ..	903
Early Humanitarian Reform in Mental Health	904
Community Mental Health Reform in the 1960s	904
Historical Context for Professional Nursing ..	907
History and Spirit of Psychiatric–Mental Health Nursing in the Community	907
State of the Science of Psychiatric–Mental Health Nursing	909
Levels of Psychiatric–Mental Health Nursing Practice.....	911
Individuals and Population Groups Needing Psychiatric–Mental Health Services	913
Current Assessment of the Public’s Mental Health Status	915
Ethics of Psychiatric–Mental Health Services	919
Psychiatric–Mental Health Nursing’s Roles and Phenomena of Concern	919
Guiding Philosophical and Theoretical Frameworks for Mental Health Nursing	920
Models for Psychiatric–Mental Health Nursing Practice	921
Public Health Model.....	922
Primary Care Model.....	923
Primary Mental Health Care Model ..	923
Using Reflection in Nursing Education and Practice	924
Using a Phenomenological Perspective: Understanding the Public’s Mental Health Lived Experience, One Person at a Time.....	926
The Future of Psychiatric–Mental Health Nursing Practice	927
Conclusion	928

PART 3 Diversity in Community Health Nursing Roles 932

UNIT 8 Community Health Nurse Roles ... 933

CHAPTER 37	Public Health Nursing: Pioneers of Healthcare Reform	934
	<i>Kaye W. Bender and Marla E. Salmon</i>	
	History of Public Health Nursing	936
	Early Healthcare Reform	936
	The Later Years	938

	Public Health Nursing Philosophy	939		Home Care Bill of Rights	988
	Institute of Medicine Study	939		Advance Medical Directives	988
	Conceptual Basis for Public Health Nursing Practice	940		Information and Technology in Home Health .	990
	Definition and Development of Public Health Nursing	944		Communication and Data Management	990
	Essential Public Health Services	944		Delivery of Care	990
	Activities for Essential Services	944		Hospice Care in the Home	991
	Challenges and Issues for Public Health Nursing in the New Millennium	944		Quality Assurance and Hospice	991
	Impact of the Nursing Shortage on Public Health Nursing	944		Hospice Care for Children	993
	Further Development of Public Health Nursing Models and Competencies .	945		Holistic Care	993
	National Public Health Performance Standards	946		The Future of Health Care in the Home	994
	Other Challenges for Public Health Nursing	946		Conclusion	995
	Conclusion	948			
CHAPTER 38	The Home Visit	952	CHAPTER 40	School Health Nursing	1000
	<i>Karen Saucier Lundy</i>			<i>Frances Martin</i>	
	The Home Visiting Process	954		History of School Health Nursing	1005
	Advantages of Home Visits	955		Origins	1005
	Effectiveness of Home Visits	959		Evolution of School Nursing	1007
	Challenges of Home Visits	961		Federal Mandates in School Health .	1007
	Distractions in the Home Environment	965		The Education System and the School Nurse	1008
	Conclusion	966		Education and Credentials of the School Nurse	1010
				Continuing Professional Education of the School Nurse	1010
CHAPTER 39	Home Health and Hospice Nursing .	968		Role Definition of the School Nurse	1010
	<i>Karen Saucier Lundy, Karen B. Utterback, Debra K. Lance, and Ilene Purvis Bloxson</i>			Provider of Health Care	1010
	Home Health Nursing	970		Communicator	1011
	Standards of Home Health Nursing .	973		Planner and Coordinator of Student Health Care	1012
	The Medicare Era	974		Teacher	1012
	Types of Home Health Agencies	976		Investigator	1012
	Home Health Care Documentation .	977		Role within the Profession	1013
	Financing and Payment Systems for Home Health Services	979		Healthy People 2010	1013
	Medicare	979		At-Risk Populations	1015
	Medicaid	980		Nurse as Team Member	1015
	Private Insurance	980		School Health Nursing Practice	1015
	Payment by Individual	981		Health-Related Services	1016
	Quality Assurance and Public Accountability .	981		Case Finding	1016
	Regulation and Licensure	981		Practice Issues in School Health . . .	1017
	Quality Assurance in Home Health .	981		Legal Issues in School Nursing	1019
	Accreditation	983		Documentation	1020
	Managed Care and Home Health . . .	984		Delegation	1021
	Interdisciplinary Team Approach in Home Health	985		Supervision and Accountability . . .	1021
	Role of Family Caregivers in Home Health . .	986		Funding Issues in School Health . . .	1021
	Legal and Ethical Issues in Home Health . . .	987		Violence and Terrorism in U.S. Schools	1022
				Community Issues in School Health	1023
				School-Health Linkages	1023
				Collaboration	1023
				Resources	1025
				Innovations	1025

School-Based Clinics and Primary Health Care	1025
Increased Role of the Media in School Health	1025
Technology	1026
Conclusion	1026

CHAPTER 41 Occupational Health Nursing 1030

Bonnie Rogers

History of Occupational Health Nursing	1032
Definition	1034
Work and Workplace Hazards	1034
Allergic and Irritant Dermatitis	1036
Asthma and Chronic Obstructive Pulmonary Disease	1036
Fertility and Pregnancy Abnormalities	1037
Hearing Loss	1038
Infectious Diseases	1038
Low Back Disorders	1039
Musculoskeletal Disorders of the Upper Extremities	1040
Traumatic Injuries	1041
Work/Workplace Change	1041
Occupational Health Nursing Practice	1042
Scope of Practice	1044
Occupational Health Nursing Roles	1050
Governmental Influence	1052
Professionalism in Occupational Health Nursing	1054
Education and Certification	1054
Nurse-Managed Models in Occupational Health	1054
Future Expansions	1056
Environmental Health	1056
Migrant Health	1056
Health Promotion in the Workplace	1057
Conclusion	1058

CHAPTER 42 Advanced Nursing Practice in the Community 1060

Karen Saucier Lundy and Mary H. Huch

Advanced Practice Defined	1062
Historical Development of Advanced Practice Roles	1064
Certified Registered Nurse Anesthetists	1064
Certified Nurse Midwives	1064
Clinical Nurse Specialists	1064
Nurse Practitioners	1065
Education Issues and Scope of Practice	1066
Certified Registered Nurse	

Anesthetists	1066
Certified Nurse Midwives	1066
Clinical Nurse Specialists	1066
Nurse Practitioners	1067
Healthy People 2010	1068
Credentials	1068
Reimbursement	1069
Medicare	1069
Medicaid	1069
Private Insurance	1069
Role Differentiation	1070
Practice Arenas	1070
Acute Care Settings	1070
Clinics	1071
Long-Term Care Facilities	1071
Educational Institutions	1072
Innovations in Healthcare Delivery in the Community	1073
Nursing Centers	1073
Case Management	1073
Holistic Practice	1074
Conclusion	1074

CHAPTER 43

Health Ministries: Health and Faith Communities 1078

Emily Chandler, Ruth D. Berry, and Karen Saucier Lundy

Development of Health Ministries	1080
History of Ministering: Hospitals, Hospitality, and Religious Communities	1080
Nightingale's Legacy: Relationship of Nursing to Early Models	1082
Philosophical Underpinnings	1083
Health Ministry in Action	1084
The Faith Community	1084
Models of Health Ministry	1085
Structure of Health Ministries	1085
Relationship Between Community Health Nursing and Faith Communities	1088
Parish Nursing	1088
Activities of Parish Nurses	1090
Missionary Nursing	1093
Roles and Practice of Missionary Nurses	1093
Conclusion	1098
Appendix: Parish Nurse Services	1100
Health Questionnaire	1100
Index	1103
