# Veterinary Reproduction and Obstetrics

NINTH EDITION

SAUNDERS  
ELSEVIER

# Contents

Contributors .....	vii
Preface .....	ix

## Part One: Normal cyclical ovarian activity and its control

1. Endogenous and exogenous control of ovarian cyclicity .....	3
<i>David Noakes</i>	

## Part Two: Pregnancy and parturition

2. Development of the conceptus .....	61
<i>David Noakes</i>	
3. Pregnancy and its diagnosis .....	76
<i>Marcel Taverner and David Noakes</i>	
4. Abnormal development of the conceptus and its consequences .....	123
<i>Susan Long</i>	
5. Prolapse of the cervix and vagina .....	146
<i>David Noakes</i>	
6. Parturition and the care of parturient animals, including the newborn .....	154
<i>Marcel Taverner and David Noakes</i>	
7. The puerperium .....	194
<i>David Noakes</i>	

## Part Three: Dystocia and other disorders associated with parturition

8. General considerations .....	209
<i>David Noakes</i>	
9. The approach to an obstetric case .....	223
<i>David Noakes</i>	
10. Maternal dystocia: causes and treatment .....	232
<i>David Noakes</i>	
11. Fetal dystocia: aetiology, incidence and prevention .....	247
<i>David Noakes</i>	
12. Manipulative delivery per vaginam in farm animals and horses .....	266
<i>David Noakes</i>	
13. Vaginal manipulations and delivery in the bitch and queen cat .....	275
<i>David Noakes</i>	
14. Dystocia due to fetomaternal disproportion: treatment .....	280
<i>David Noakes</i>	
15. Dystocia due to postural defects: treatment .....	286
<i>David Noakes</i>	
16. Dystocia due to faulty position and presentation, twins and fetal monsters .....	297
<i>David Noakes</i>	

17. Injuries and diseases incidental to parturition. . . . . 306  
*David Noakes*
18. Postparturient prolapse of the uterus . . 319  
*David Noakes*
19. Fetotomy . . . . . 326  
*Jos Vermunt*

**Part Four: Operative interventions**

20. The caesarean operation and the surgical preparation of teaser males . . . 347  
*Jos Vermunt and David Noakes*
21. Genital surgery in the bitch and queen . . . . . 376  
*Gary England*

**Part Five: Subfertility and infertility**

22. Infertility and subfertility in the cow: structural and functional abnormalities, management deficiencies and non-specific infections . . . . . 393  
*Tim Parkinson*
23. Specific infectious diseases causing infertility and subfertility in cattle. . . . 476  
*Tim Parkinson*
24. Veterinary control of herd fertility. . . . 517  
*Tim Parkinson and David Barrett*
25. Infertility and subfertility in the ewe and doe (female goat) . . . . . 559  
*Keith Smith*
26. Infertility and subfertility in the mare. . 582  
*Dale Paccamonti and Jonathan Pycock*
27. Infertility and subfertility in the gilt and sow . . . . . 632  
*Olli Peltoniemi and Bas Kemp*
28. Infertility and subfertility in the bitch and queen . . . . . 646  
*Gary England*

**Part Six: The male animal**

29. Normal reproduction in male animals . . . . . 681  
*Tim Parkinson*
30. Fertility, subfertility and infertility in male animals . . . . . 705  
*Tim Parkinson*
31. Artificial insemination . . . . . 765  
*Tim Parkinson*

**Part Seven: Exotic species**

32. Reproduction in Camelidae . . . . . 809  
*Marzook Al-EknaH*
33. Reproduction in the buffalo . . . . . 824  
*Nazir Ahmad and David Noakes*
34. Normal reproduction, reproductive disease and infertility in pet small mammals . . . . . 836  
*Sharon Redrobe*

**Part Eight: Assisted reproduction**

35. Assisted reproductive technologies . . . 855  
*Ingrid Brück Bøgh and Torben Greve*

**Appendix**

- Hormones, related substances and vaccines used in reproduction. . . . . 895  
*David Noakes*

- Index . . . . . 905
