Palm Regions in Southern Asia 11

Layout of the Book 17

Classification of Southern Asian Palms 20

Morphology of Palms 20

Key to the Genera of Palms in Southern Asia 25

THE PALMS OF SOUTHERN ASIA 29

1. *Areca* 29
2. *Arenga* 31
3. *Bentinckia* 36
4. *Borassodendron* 37
5. *Borassus* 37
6. *Calamus* 38
7. *Caryota* 92
8. *Ceratolobus* 96
9. *Chuniophoenix* 97
10. *Clinostigma* 98
11. *Cocos* 98
12. *Corypha* 99
13. *Cyrtostachys* 101
14. *Daemonorops* 101
15. *Eleiodoxa* 109
16. *Eugeissona* 110
17. *Guihaia* 111
18. *Hyphaene* 112
19. *Iguanura* 112
20. *Johannesteijsmannia* 115
21. *Kerriodoxa* 115
22. *Korthalsia* 116
23. *Licuala* 119
24. *Livistona* 131
25. *Loxococcus* 133
26. *Maxburretia* 134
27. *Myrialepis* 135
28. *Nannorrhops* 135
29. *Nenga* 136
30. *Nypa* 137
31. *Oncosperma* 138
32. *Orania* 139
33. *Phoenix* 140
34. *Pholidocarpus* 143
35. *Pinanga* 144
36. *Plectocomia* 155
37. *Plectocomiopsis* 158
38. *Rhapis* 159
39. *Rhopaloblaste* 163
40. *Salacca* 163
41. *Satakentia* 165
42. *Trachycarpus* 166
43. *Wallichia* 169
