

# Starting Out with Java™

FROM CONTROL STRUCTURES THROUGH OBJECTS

Fourth Edition

Tony Gaddis

PEARSON

# Contents

## **Preface    15**

## **Chapter 1   Introduction to Computers and Java    25**

|     |                                                   |    |
|-----|---------------------------------------------------|----|
| 1.1 | Introduction . . . . .                            | 25 |
| 1.2 | Why Program? . . . . .                            | 25 |
| 1.3 | Computer Systems: Hardware and Software . . . . . | 26 |
| 1.4 | Programming Languages . . . . .                   | 30 |
| 1.5 | What Is a Program Made of? . . . . .              | 33 |
| 1.6 | The Programming Process . . . . .                 | 40 |
| 1.7 | Object-Oriented Programming . . . . .             | 43 |
|     | <i>Review Questions and Exercises</i> . . . . .   | 45 |
|     | <i>Programming Challenge</i> . . . . .            | 49 |

## **Chapter 2   Java Fundamentals    51**

|      |                                                                                     |     |
|------|-------------------------------------------------------------------------------------|-----|
| 2.1  | The Parts of a Java Program . . . . .                                               | 51  |
| 2.2  | The <code>print</code> and <code>println</code> Methods, and the Java API . . . . . | 57  |
| 2.3  | Variables and Literals . . . . .                                                    | 63  |
| 2.4  | Primitive Data Types . . . . .                                                      | 68  |
| 2.5  | Arithmetic Operators . . . . .                                                      | 78  |
| 2.6  | Combined Assignment Operators . . . . .                                             | 87  |
| 2.7  | Conversion between Primitive Data Types . . . . .                                   | 88  |
| 2.8  | Creating Named Constants with <code>final</code> . . . . .                          | 92  |
| 2.9  | The <code>String</code> Class . . . . .                                             | 94  |
| 2.10 | Scope . . . . .                                                                     | 99  |
| 2.11 | Comments . . . . .                                                                  | 101 |
| 2.12 | Programming Style . . . . .                                                         | 106 |
| 2.13 | Reading Keyboard Input . . . . .                                                    | 108 |
| 2.14 | Dialog Boxes . . . . .                                                              | 116 |
| 2.15 | Common Errors to Avoid . . . . .                                                    | 123 |
|      | <i>Review Questions and Exercises</i> . . . . .                                     | 124 |
|      | <i>Programming Challenges</i> . . . . .                                             | 129 |

## Chapter 3 **Decision Structures** 133

|      |                                                                  |     |
|------|------------------------------------------------------------------|-----|
| 3.1  | The <code>if</code> Statement .....                              | 133 |
| 3.2  | The <code>if-else</code> Statement.....                          | 143 |
| 3.3  | Nested <code>if</code> Statements.....                           | 146 |
| 3.4  | The <code>if-else-if</code> Statement.....                       | 153 |
| 3.5  | Logical Operators.....                                           | 159 |
| 3.6  | Comparing String Objects .....                                   | 167 |
| 3.7  | More about Variable Declaration and Scope .....                  | 173 |
| 3.8  | The Conditional Operator (Optional).....                         | 174 |
| 3.9  | The <code>switch</code> Statement .....                          | 176 |
| 3.10 | Creating Objects with the <code>DecimalFormat</code> Class ..... | 183 |
| 3.11 | The <code>printf</code> Method.....                              | 188 |
| 3.12 | Common Errors to Avoid .....                                     | 192 |
|      | <i>Review Questions and Exercises</i> .....                      | 193 |
|      | <i>Programming Challenges</i> .....                              | 198 |

## Chapter 4 **Loops and Files** 203

|      |                                                                             |     |
|------|-----------------------------------------------------------------------------|-----|
| 4.1  | The Increment and Decrement Operators .....                                 | 203 |
| 4.2  | The <code>while</code> Loop.....                                            | 207 |
| 4.3  | Using the <code>while</code> Loop for Input Validation.....                 | 214 |
| 4.4  | The <code>do-while</code> Loop.....                                         | 218 |
| 4.5  | The <code>for</code> Loop.....                                              | 221 |
| 4.6  | Running Totals and Sentinel Values .....                                    | 230 |
| 4.7  | Nested Loops.....                                                           | 235 |
| 4.8  | The <code>break</code> and <code>continue</code> Statements (Optional)..... | 236 |
| 4.9  | Deciding Which Loop to Use .....                                            | 237 |
| 4.10 | Introduction to File Input and Output .....                                 | 237 |
| 4.11 | The Random Class.....                                                       | 257 |
| 4.12 | Common Errors to Avoid .....                                                | 259 |
|      | <i>Review Questions and Exercises</i> .....                                 | 260 |
|      | <i>Programming Challenges</i> .....                                         | 266 |

## Chapter 5 **Methods** 271

|     |                                             |     |
|-----|---------------------------------------------|-----|
| 5.1 | Introduction to Methods .....               | 271 |
| 5.2 | Passing Arguments to a Method .....         | 281 |
| 5.3 | <i>More about Local Variables</i> .....     | 293 |
| 5.4 | Returning a Value from a Method .....       | 295 |
| 5.5 | Problem Solving with Methods .....          | 304 |
| 5.6 | Common Errors to Avoid .....                | 308 |
|     | <i>Review Questions and Exercises</i> ..... | 309 |
|     | <i>Programming Challenges</i> .....         | 313 |

## Chapter 6 **A First Look at Classes** 321

|     |                                                                                             |     |
|-----|---------------------------------------------------------------------------------------------|-----|
| 6.1 | Classes and Objects . . . . .                                                               | 321 |
| 6.2 | Instance Fields and Methods . . . . .                                                       | 344 |
| 6.3 | Constructors . . . . .                                                                      | 349 |
| 6.4 | Overloading Methods and Constructors. . . . .                                               | 358 |
| 6.5 | Scope of Instance Fields. . . . .                                                           | 366 |
| 6.6 | Packages and <code>import</code> Statements. . . . .                                        | 367 |
| 6.7 | Focus on Object-Oriented Design: Finding the Classes<br>and Their Responsibilities. . . . . | 369 |
| 6.8 | Common Errors to Avoid . . . . .                                                            | 376 |
|     | <i>Review Questions and Exercises</i> . . . . .                                             | 376 |
|     | <i>Programming Challenges</i> . . . . .                                                     | 381 |

## Chapter 7 **A First Look at GUI Applications** 387

|      |                                                                                |     |
|------|--------------------------------------------------------------------------------|-----|
| 7.1  | Introduction. . . . .                                                          | 387 |
| 7.2  | Creating Windows . . . . .                                                     | 390 |
| 7.3  | Equipping GUI Classes with a <code>main</code> Method . . . . .                | 418 |
| 7.4  | Layout Managers . . . . .                                                      | 420 |
| 7.5  | Radio Buttons and Check Boxes. . . . .                                         | 436 |
| 7.6  | Borders . . . . .                                                              | 447 |
| 7.7  | Focus on Problem Solving: Extending Classes from <code>JPanel</code> . . . . . | 450 |
| 7.8  | Splash Screens . . . . .                                                       | 462 |
| 7.9  | Using Console Output to Debug a GUI Application . . . . .                      | 463 |
| 7.10 | Common Errors to Avoid . . . . .                                               | 468 |
|      | <i>Review Questions and Exercises</i> . . . . .                                | 468 |
|      | <i>Programming Challenges</i> . . . . .                                        | 472 |

## Chapter 8 **Arrays and the `ArrayList` Class** 475

|      |                                                                     |     |
|------|---------------------------------------------------------------------|-----|
| 8.1  | Introduction to Arrays . . . . .                                    | 475 |
| 8.2  | Processing Array Elements . . . . .                                 | 485 |
| 8.3  | Passing Arrays As Arguments to Methods. . . . .                     | 494 |
| 8.4  | Some Useful Array Algorithms and Operations. . . . .                | 498 |
| 8.5  | Returning Arrays from Methods. . . . .                              | 511 |
| 8.6  | <code>String</code> Arrays. . . . .                                 | 513 |
| 8.7  | Arrays of Objects . . . . .                                         | 516 |
| 8.8  | The Sequential Search Algorithm . . . . .                           | 519 |
| 8.9  | Two-Dimensional Arrays. . . . .                                     | 522 |
| 8.10 | Arrays with Three or More Dimensions . . . . .                      | 534 |
| 8.11 | The Selection Sort and the Binary Search Algorithms. . . . .        | 535 |
| 8.12 | Command-Line Arguments and Variable-Length Argument Lists . . . . . | 540 |

|      |                                             |     |
|------|---------------------------------------------|-----|
| 8.13 | The ArrayList Class .....                   | 544 |
| 8.14 | Common Errors to Avoid .....                | 552 |
|      | <i>Review Questions and Exercises</i> ..... | 553 |
|      | <i>Programming Challenges</i> .....         | 558 |

## Chapter 9 **A Second Look at Classes and Objects** 563

|      |                                                            |     |
|------|------------------------------------------------------------|-----|
| 9.1  | Static Class Members .....                                 | 563 |
| 9.2  | Passing Objects As Arguments to Methods .....              | 570 |
| 9.3  | Returning Objects from Methods .....                       | 573 |
| 9.4  | The toString Method .....                                  | 575 |
| 9.5  | Writing an equals Method .....                             | 579 |
| 9.6  | Methods That Copy Objects .....                            | 582 |
| 9.7  | Aggregation .....                                          | 585 |
| 9.8  | The this Reference Variable .....                          | 598 |
| 9.9  | Enumerated Types .....                                     | 601 |
| 9.10 | Garbage Collection .....                                   | 610 |
| 9.11 | Focus on Object-Oriented Design: Class Collaboration ..... | 612 |
| 9.12 | Common Errors to Avoid .....                               | 616 |
|      | <i>Review Questions and Exercises</i> .....                | 617 |
|      | <i>Programming Challenges</i> .....                        | 621 |

## Chapter 10 **Text Processing and More about Wrapper Classes** 627

|      |                                                                 |     |
|------|-----------------------------------------------------------------|-----|
| 10.1 | Introduction to Wrapper Classes .....                           | 627 |
| 10.2 | Character Testing and Conversion with the Character Class ..... | 628 |
| 10.3 | More String Methods .....                                       | 636 |
| 10.4 | The StringBuilder Class .....                                   | 650 |
| 10.5 | Tokenizing Strings .....                                        | 658 |
| 10.6 | Wrapper Classes for the Numeric Data Types .....                | 666 |
| 10.7 | Focus on Problem Solving: The TestScoreReader Class .....       | 669 |
| 10.8 | Common Errors to Avoid .....                                    | 673 |
|      | <i>Review Questions and Exercises</i> .....                     | 673 |
|      | <i>Programming Challenges</i> .....                             | 677 |

## Chapter 11 **Inheritance** 683

|      |                                             |     |
|------|---------------------------------------------|-----|
| 11.1 | What Is Inheritance? .....                  | 683 |
| 11.2 | Calling the Superclass Constructor .....    | 696 |
| 11.3 | Overriding Superclass Methods .....         | 704 |
| 11.4 | Protected Members .....                     | 713 |
| 11.5 | Chains of Inheritance .....                 | 719 |
| 11.6 | The Object Class .....                      | 725 |
| 11.7 | Polymorphism .....                          | 727 |
| 11.8 | Abstract Classes and Abstract Methods ..... | 732 |

|                                        |     |
|----------------------------------------|-----|
| 11.9 Interfaces . . . . .              | 739 |
| 11.10 Common Errors to Avoid . . . . . | 751 |
| <i>Review Questions and Exercises</i>  | 752 |
| <i>Programming Challenges</i>          | 757 |

## Chapter 12 **Exceptions and Advanced File I/O** 763

|                                                                                                |     |
|------------------------------------------------------------------------------------------------|-----|
| 12.1 Handling Exceptions . . . . .                                                             | 763 |
| 12.2 Throwing Exceptions . . . . .                                                             | 785 |
| 12.3 Advanced Topics: Binary Files, Random Access Files,<br>and Object Serialization . . . . . | 791 |
| 12.4 Common Errors to Avoid . . . . .                                                          | 808 |
| <i>Review Questions and Exercises</i>                                                          | 808 |
| <i>Programming Challenges</i>                                                                  | 814 |

## Chapter 13 **Advanced GUI Applications** 817

|                                                                         |     |
|-------------------------------------------------------------------------|-----|
| 13.1 The Swing and AWT Class Hierarchy . . . . .                        | 817 |
| 13.2 Read-Only Text Fields . . . . .                                    | 818 |
| 13.3 Lists . . . . .                                                    | 820 |
| 13.4 Combo Boxes . . . . .                                              | 836 |
| 13.5 Displaying Images in Labels and Buttons . . . . .                  | 842 |
| 13.6 Mnemonics and Tool Tips . . . . .                                  | 848 |
| 13.7 File Choosers and Color Choosers . . . . .                         | 850 |
| 13.8 Menus . . . . .                                                    | 854 |
| 13.9 <i>More about Text Components: Text Areas and Fonts.</i> . . . . . | 863 |
| 13.10 Sliders . . . . .                                                 | 867 |
| 13.11 Look and Feel . . . . .                                           | 872 |
| 13.12 Common Errors to Avoid . . . . .                                  | 874 |
| <i>Review Questions and Exercises</i>                                   | 875 |
| <i>Programming Challenges</i>                                           | 880 |

## Chapter 14 **Applets and More** 885

|                                             |     |
|---------------------------------------------|-----|
| 14.1 Introduction to Applets . . . . .      | 885 |
| 14.2 A Brief Introduction to HTML . . . . . | 887 |
| 14.3 Creating Applets with Swing . . . . .  | 896 |
| 14.4 Using AWT for Portability . . . . .    | 905 |
| 14.5 Drawing Shapes . . . . .               | 910 |
| 14.6 Handling Mouse Events . . . . .        | 931 |
| 14.7 Timer Objects . . . . .                | 941 |
| 14.8 Playing Audio . . . . .                | 945 |
| 14.9 Common Errors to Avoid . . . . .       | 950 |
| <i>Review Questions and Exercises</i>       | 950 |
| <i>Programming Challenges</i>               | 956 |

## Chapter 15 **Recursion** 959

|      |                                            |     |
|------|--------------------------------------------|-----|
| 15.1 | Introduction to Recursion . . . . .        | 959 |
| 15.2 | Solving Problems with Recursion . . . . .  | 962 |
| 15.3 | Examples of Recursive Methods . . . . .    | 967 |
| 15.4 | A Recursive Binary Search Method . . . . . | 973 |
| 15.5 | The Towers of Hanoi . . . . .              | 976 |
| 15.6 | Common Errors to Avoid . . . . .           | 981 |
|      | <i>Review Questions and Exercises</i>      | 981 |
|      | <i>Programming Challenges</i>              | 984 |

## **Index** 987

### **Student CD-ROM:**

|              |                                              |
|--------------|----------------------------------------------|
| Appendix A   | Getting Started with Alice                   |
| Appendix B   | The ASCII/Unicode Characters                 |
| Appendix C   | Operator Precedence and Associativity        |
| Appendix D   | Java Key Words                               |
| Appendix E   | Installing the JDK and JDK Documentation     |
| Appendix F   | Using the <i>javadoc</i> Utility             |
| Appendix G   | More about the Math Class                    |
| Appendix H   | Packages                                     |
| Appendix I   | Working with Records and Random Access Files |
| Appendix J   | More about JOptionPane Dialog Boxes          |
| Appendix K   | Answers to Checkpoints                       |
| Appendix L   | Answers to Odd-Numbered Review Questions     |
| Case Study 1 | Calculating Sales Commission                 |
| Case Study 2 | The <i>Amortization</i> Class                |
| Case Study 3 | The <i>PinTester</i> Class                   |
| Case Study 4 | Parallel Arrays                              |
| Case Study 5 | The <i>FeetInches</i> Class                  |
| Case Study 6 | The <i>SerialNumber</i> Class                |
| Case Study 7 | A Simple Text Editor Application             |
