CONTENTS

Foreword by Lih-Sheng (Tom) Tzeng	vii
Preface	ix
1 Introduction	1
2 Basics of Microcellular Injection Molding	12
3 Morphology of Microcellular Materials	62
4 Materials for Microcellular Injection Molding	98
5 Design of Microcellular Injection Molding	165
6 Process for Microcellular Injection Molding	227
7 Equipment and Machines for Microcellular Injection Molding	314
8 Special Processes	399
9 Modeling of Microcellular Injection Molding	458
10 Postprocessing and Property Test of Microcellular Injection Molding	506

11 Markets and Applications of Microcellular Injection Molding	525
12 Cost Savings for Microcellular Injection Molding	552
<i>Nomenclature</i>	578
<i>Appendix A (Chapter 7)</i>	585
<i>Appendix B (Chapter 7)</i>	587
<i>Appendix C (Chapter 5)</i>	589
<i>Appendix D (Chapter 5)</i>	591
<i>Appendix E (Chapter 5)</i>	593
<i>Appendix F (Chapter 6)</i>	595
<i>Appendix G (Chapter 9)</i>	597
<i>Appendix H (Glossary)</i>	600
