

EDITION 5

COMMUNITY/PUBLIC HEALTH NURSING

Promoting the Health of Populations

Mary A. Nies
Melanie McEwen

CONTENTS

UNIT 1 INTRODUCTION TO COMMUNITY HEALTH NURSING

- 1 Health: A Community View, 1
Melanie McEwen, Mary A. Nies
 - Definitions of Health and Community, 3
 - Health, 3
 - Community, 3
 - Determinants of Health and Disease, 4
 - Indicators of Health and Illness, 4
 - Definition and Focus of Public Health and Community Health, 5
 - Preventive Approach to Health, 6
 - Health Promotion and Levels of Prevention, 6
 - Prevention Versus Cure, 8
 - Healthy People 2020, 8
 - Definition and Focus of Public Health Nursing, Community Health Nursing, and Community-Based Nursing, 9
 - Public and Community Health Nursing, 10
 - Community-Based Nursing, 10
 - Community and Public Health Nursing Practice, 10
 - Population-Focused Practice and Community/Public Health Nursing Interventions, 10
 - Community Health Interventions, 13
 - The Public Health Intervention Wheel, 13
 - Community Health Nursing, Managed Care, and Health Reform, 14
 - Summary, 16
 - Learning Activities, 16
- 2 Historical Factors: Community Health Nursing in Context, 18
Tom H. Cook
 - Evolution of Health in Western Populations, 19
 - Aggregate Impact on Health, 19
 - Evolution of Early Public Health Efforts, 20
 - Advent of Modern Health Care, 23
 - Evolution of Modern Nursing, 23
 - Establishment of Modern Medical Care and Public Health Practice, 26
 - Community Caregiver, 28
 - Establishment of Public Health Nursing, 28

- Consequences for the Health of Aggregates, 31
 - Twenty-First Century, 31
- Social Changes and Community Health Nursing, 32
- Challenges for Community and Public Health Nursing, 33
- Summary, 34
- Learning Activities, 36
- 3 Thinking Upstream: Nursing Theories and Population-Focused Nursing Practice, 37
Diane C. Martins
 - Thinking Upstream: Examining the Root Causes of Poor Health, 38
 - Historical Perspectives on Nursing Theory, 38
 - How Theory Provides Direction to Nursing, 39
 - Microscopic Versus Macroscopic Approaches to the Conceptualization of Community Health Problems, 39
 - Assessing a Theory's Scope in Relation to Community Health Nursing, 40
 - Review of theoretical Approaches, 40
 - The Individual Is the Focus of Change, 41
 - The Upstream View: Society Is the Focus of Change, 43
 - Healthy People 2020, 46
 - Summary, 48
 - Learning Activities, 48
- 4 Health Promotion and Risk Reduction, 50
Bridgette Crotwell Pullis, Mary A. Nies
 - Health Promotion and Community Health Nursing, 50
 - Healthy People 2020, 51
 - Determinants of Health, 51
 - Theories in Health Promotion, 54
 - Pender's Health Promotion Model, 54
 - The Health Belief Model, 54
 - The Transtheoretical Model, 55
 - Theory of Reasoned Action, 56
 - Risk and Health, 57
 - The Relationship of Risk to Health and Health Promotion Activities, 58
 - Tobacco and Health Risk, 59
 - Alcohol Consumption and Health, 61
 - Diet and Health, 62
 - Physical Activity and Health, 63
 - Sleep, 64
 - Summary, 65
 - Learning Activities, 65

UNIT 2 THE ART AND SCIENCE OF COMMUNITY HEALTH NURSING

5 Epidemiology, 67

Holly B. Cassells

Use of Epidemiology in Disease Control
and Prevention, 68

Calculation of Rates, 70

*Morbidity: Incidence and Prevalence
Rates, 72*

Other Rates, 73

Concept of Risk, 75

Use of Epidemiology in Disease
Prevention, 77

Primary Prevention, 77

Secondary and Tertiary Prevention, 77

Establishing Causality, 77

Screening, 78

Surveillance, 80

Use of Epidemiology in Health Services, 81

Epidemiological Methods, 82

Descriptive Epidemiology, 82

Analytic Epidemiology, 82

Summary, 87

Learning Activities, 89

6 Community Assessment, 91

Holly B. Cassells

The Nature of Community, 92

Aggregate of People, 92

Location in Space and Time, 92

Social System, 93

Healthy Communities, 93

Assessing the Community: Sources of
Data, 94

Census Data, 94

Vital Statistics, 98

Other Sources of Health Data, 98

Needs Assessment, 98

Diagnosing Health Problems, 101

Summary, 104

Learning Activities, 104

7 Community Health Planning, Implementation, and Evaluation, 105

Diane C. Martins, Patricia M. Burbank

Overview of Health Planning, 106

Health Planning Model, 107

Assessment, 109

Planning, 110

Intervention, 111

Evaluation, 111

Health Planning Projects, 112

Successful Projects, 112

Unsuccessful Projects, 112

Discussion, 113

Health Planning Federal Legislation, 114

Hill-Burton Act, 114

Regional Medical Programs, 114

Comprehensive Health Planning, 114

Certificate of Need, 115

*National Health Planning and Resources
Development Act, 115*

Changing Focus of Health Planning, 116

Nursing Implications, 118

Summary, 119

Learning Activities, 119

8 Community Health Education, 120

Cathy D. Meade

Connecting with Everyday Realities, 121

Health Education in the Community, 121

Learning Theories, Principles, and Health

Education Models, 122

Learning Theories, 122

*Knowles' Assumptions About Adult
Learners, 124*

Health Education Models, 124

Models of Individual Behavior, 124

Model of Health Education

Empowerment, 127

Community Empowerment, 128

The Nurse's Role in Health Education, 130

Enhancing Communication, 130

Framework for Developing Health

Communications, 132

Stage I: Planning and Strategy

Development, 132

Stage II: Developing and Pretesting Concepts,

Messages, and Materials, 133

Stage III: Implementing the Program, 136

Stage IV: Assessing Effectiveness and

Making Refinements, 136

Health Education Resources, 138

Literacy and Health, 138

*Assess Materials: Become a Wise Consumer
and User, 143*

*Assessing the Relevancy of Health
Materials, 143*

Summary, 147

Learning Activities, 147

9 Case Management, 152

Jean Cozad Lyon, Karyn Leavitt Grow

Overview of Case Management, 153

Care Management, 153

Origins of Case Management, 154

Public Health, 154

Case Management in Mental Health, 154
Case Management and the Elderly, 154
Disease-Specific Case Management, 154
 Purpose of Case Management, 154
 Utilization Review and Managed Care, 155
 Trends That Influence Case Management, 155
 Case Manager Education Preparation, 155
 Nurse Case Managers, 155
 Case Manager Services, 156
 Case Manager Roles and Characteristics, 156
 Case Identification, 157
 The Referral Process, 157
 Case Management Models, 157
 Hospital-Based Case Management, 157
 Case Management Models Across the Health Care Continuum, 158
 Community Case Management Models, 158
 Application of Case Management in Community Health, 159
 Public Health Clinic Settings, 159
 Occupational Health Settings, 159
 High-Risk Clinic Settings, 159
 Research in Case Management, 160
 International Case Management, 160
 Summary, 160
 Learning Activities, 161

UNIT 3 FACTORS THAT INFLUENCE THE HEALTH OF THE COMMUNITY

10 Health Care System, 163

Anita W. Finkelman

Major Legislative Actions and the Health Care System, 164
 Federal Legislation, 164
 State Legislative Role, 167
 Legislation Influencing Managed Care, 167
 Components of the Health Care System, 168
 Private Health Care Subsystem, 168
 Public Health Subsystem, 169
 Federal Level Subsystem, 169
 State Level Subsystem, 170
 Local Health Department Subsystems, 170
 Health Care Providers, 171
 Critical Issues in Health Care Delivery, 173
 Managed Care, 173
 Quality Care, 174

Fraud and Abuse, 176
Information Technology, 177
Consumerism, Advocacy, and Client Rights, 177
Coordination and Access to Health Care, 177
Disparity in Health Care Delivery, 177
Health Care Reform, 178
 Future of Public Health and the Health Care System, 178
 Summary, 178
 Learning Activities, 178

11 Economics of Health Care, 180

Carrie Morgan, Melanie McEwen

Factors Influencing Health Care Costs, 181
 Historical Perspective, 181
 Use of Health Care, 183
 Lack of Preventive Care, 183
 Lifestyle and Health Behaviors, 183
 Societal Beliefs, 185
 Technological Advances, 185
 Aging of Society, 185
 Pharmaceuticals, 185
 Shift to For-Profit, 186
 Public Financing of Health Care, 186
 Medicare, 187
 Medicaid, 188
 Governmental Grants, 188
 Philanthropic Financing of Health care, 189
 Health Insurance Plans, 189
 Historical Perspective, 189
 Types of Health Care Plans, 189
 Reimbursement Mechanisms of Insurance Plans, 190
 Covered Services, 191
 Cost Containment, 191
 Historical Perspective of Cost Containment, 191
 Current Trends in Cost Containment, 192
 Trends in Health Financing, 193
 Cost Sharing, 193
 Health Care Alliances, 193
 Self-Insurance, 193
 Flexible Spending Accounts, 193
 Health Promotion and Disease Prevention, 193
 Health Care Financing Reform, 194
 Access to Health Care, 194
 Historical Perspective, 194
 Societal Perceptions, 194
 Health Care Reform—2010, 195
 Roles of the Community Health Nurse in the Economics of Health Care, 195

- Researcher, 195
 - Educator, 195
 - Provider of Care, 196
 - Advocate, 196
 - Summary, 196
 - Learning Activities, 196
