Preface xv

UNIT I  **The Landscape of Mental Health, Mental Illness, and Mental Health Care** 1

1 Psychiatric and Mental Health Nursing: From Past to Present 3

Geertje Boschma and Marlee Groening

- Early Forms of Institutional Care 3
- A Revolutionary Idea: Humane Treatment 4
- The 19th and Early 20th Centuries: An Era of Asylum Building 5
- Modern Thinking 9
- The Late 20th and Early 21st Century 12

2 Mental Health and Mental Illness 19

Marion Healey-Ogden

- Universality of Mental Health 20
- Mental Illness 23
- Evidence-Based Care 26

3 The Context of Mental Health Care: Cultural, Socioeconomic, and Legal 29

Arlene Kent-Wilkinson

- Cultural Context of Mental Health Care 29

Socioeconomic Context of Mental Health Care 35

Legal Context of Mental Health Care 37

Research and the Context of Mental Health Care 40

4 The Continuum of Psychiatric and Mental Health Care 45

Cheryl Pollard

- Primary Health Care Approach 46
- Defining the Continuum of Care 46
- Comprehensive Mental Health System: Core Programs and Services 47

5 Mental Health in the Workplace 56

Wendy Austin and Marion Healey-Ogden

- Work 57
- Healthy Workplaces 58
- Nurses and Workplace Mental Health 61
- Workplace Violence 64

UNIT II  **Foundations of Psychiatric and Mental Health Nursing** 69

6 Contemporary Psychiatric and Mental Health Nursing Practice 71

Olive Yonge and Wendy Austin

- The Bio/Psycho/Social/Spiritual Model of PMH Nursing 71
- Standards of Professional Practice 73
- Tools of PMH Nursing Practice 74

Interdisciplinary Approach and the Nurse's Role 76
 Challenges of PMH Nursing 79
 PMH Nursing Organizations 80
 PMH Nursing in a Global Community 80

7 Ethical Psychiatric and Mental Health Nursing Practice 83

Wendy Austin

What is Ethics? 83
 Approaches to Ethics 85
 Moral Dilemmas and Moral Distress 90
 Some Ethical Issues in PMH Settings 92

8 Theoretic Basis of Psychiatric and Mental Health Nursing 101

Ginette Pagé

Nursing Theories 101
 Biologic Theories 106
 Psychological Theories 108
 Social Theories 115
 Spiritual Theories 117

9 Communication and the Therapeutic Relationship 121

Cheryl Forchuk

Self-Awareness 121

The Bio/Psycho/Social/Spiritual Self 122
 Understanding Personal Feelings and Beliefs and Changing Behaviour 122

Communication 122

Using Verbal Communication 123
 Using Nonverbal Communication 127
 Recognizing Empathic Linkages 128
 Selecting Communication Techniques 128
 Applying Communication Concepts 128
 Analyzing Interactions 132

The Nurse-Client Relationship 134

Orientation Phase 134
 Working Phase 135
 Resolution Phase 135
 Nontherapeutic Relationships 137

10 Biological Foundations of Psychiatric and Mental Health Nursing Practice 139

Anne Marie Creamer

Foundational Concepts 140

The Biologic Basis of Behaviour 140

Current Approaches and Technologic Advances 142

Neuroimaging 143

Neuroanatomy of the Central Nervous System 145

Cerebrum 146
 Other Central Nervous System Structures 151

Neurophysiology of the Central Nervous System 153

Neurons and Nerve Impulses 153
 Synaptic Transmission 155
 Receptor Activity 158
 Receptor Subtypes 158
 Neurotransmitters 158

New Fields of Study 163

Psychoendocrinology 163
 Psychoimmunology 164
 Chronobiology 164

Diagnostic Approaches 165

Laboratory Tests and Neurophysiologic Procedures 166

Integration of the Biologic, Psychological, Social, and Spiritual Domains 167

Interventions in Psychiatric and Mental Health Nursing Practice 171

11 The Assessment Process 173

Geri Lasiuk

Assessment as a Process 173
 Bio/Psycho/Social/Spiritual Psychiatric and Mental Health Nursing Assessment 177

12 Diagnosis and Outcomes Development 191

Christine Davis

Evolution of Nursing Diagnosis and Individual Outcomes 191
 Current Trends in Canada 192
 Deriving a Nursing Diagnosis 192
 Developing Individual Outcomes 193
 Evaluation 195

13 Psychiatric and Mental Health Nursing Interventions 198

Nicole Snow

Nursing Interventions and PMH Nursing 200

Interventions for the Biologic Domain 200

Promotion of Self-Care Activities 200
 Activity and Exercise Interventions 200
 Sleep Interventions 201
 Nutrition Interventions 202
 Relaxation Interventions 202
 Hydration Interventions 203
 Thermoregulation Interventions 203
 Pain Management 203
 Medication Management 203

Interventions for the Psychological Domain 204

Counselling Interventions 204
 Conflict Resolution 204
 Recovery Orientation 205

Reminiscence 205
 Behaviour Therapy 205
 Cognitive Interventions 206
 Psychoeducation 206
 Health Teaching 207

Interventions for the Social Domain 207

Milieu Therapy 207
 Promotion of Client Safety on Psychiatric Units 208
 Home Visits 210
 Community Action 211

Interventions for the Spiritual Domain 211

14 Psychopharmacology and Other Biologic Treatments 214

Kathleen Hegadoren

Pharmacodynamics 215
 Pharmacokinetics: How Drugs Move through the Body 221
 Phases of Drug Treatment 227
 Antipsychotic Medications 229
 Mood Stabilizers (Antimania Medications) 238
 Antidepressant Medications 242
 Antianxiety and Sedative-Hypnotic Medications 247
 Stimulants 250
 New Medications 252
 Other Biologic Treatments 252
 Psychosocial Issues in Biologic Treatments 256

15 Cognitive-Behavioural Therapy 261

Wendy Austin

The Cognitive Model 262
 Levels of Cognition 263
 Principles of Cognitive-Behavioural Therapy 265
 Treatment Strategies 267
 Conclusion 272

16 Interventions With Groups 275

Carol Ewashen

Group: Definitions and Concepts 275
 Group Leadership 281
 Types of Groups 285
 Common Nursing Intervention Groups 286

17 Family Assessment and Interventions 291

Peggy Simpson

Family Mental Health 292
 Effects of Mental Illness on Family Functioning 292
 Influence of Cultural Beliefs and Values on Family Functioning 292

Comprehensive Family Assessment 293

Relationship Building 294
 Genograms 294

Family Biologic Domain 295
 Family Psychological Domain 295
 Family Social Domain 300
 Family Spiritual Domain 303

Family Nursing Diagnoses 303

Family Interventions 303

Counselling 304
 Promoting Self-Care Activities 304
 Supporting Family Functioning and Cohesiveness 304
 Providing Education and Health Teaching 304
 Using Genograms 305
 Using Family Therapy 305

Care of Persons With Psychiatric Disorders 309

18 Schizophrenia 311

Jane Hamilton Wilson

Clinical Course 312
 Overview of Schizophrenia 312
 Diagnostic Criteria 315
 Schizophrenia In Special Populations 316

Epidemiology 317
 Risk Factors 317
 Age of Onset 317
 Gender Differences 317
 Ethnic and Cultural Differences 318
 Familial Differences 318
 Comorbidity 318

Etiology 319
 Biologic Theories 319
 Psychological Theories 324
 Social Theories 324

Interdisciplinary Treatment 325

Priority Care Issues 325

Family Response to Disorder 326
 Nursing Management: Human Response to Disorder 326
 Evaluation and Treatment Outcomes 356
 Continuum of Care 356

19 Schizoaffective, Delusional, and Other Psychotic Disorders 362

Diana Clarke

Schizoaffective Disorder 363
 Clinical Course 363
 Diagnostic Criteria 363
 Epidemiology and Risk Factors 364
 Etiology 365
 Interdisciplinary Treatment 366
 Priority Care Issues 366
 Nursing Management: Human Response to Schizoaffective Disorder 366

- Evaluation and Treatment Outcomes 373
- Continuum of Care 373
- Delusional Disorder 374**
 - Clinical Course 374
 - Diagnostic Criteria 375
 - Subtypes 376
 - Epidemiology and Risk Factors 377
 - Comorbidity 378
 - Etiology 378
 - Interdisciplinary Treatment 378
 - Priority Care Issues 379
 - Nursing Management: Human Response to Delusional Disorder 379
 - Evaluation and Treatment Outcomes 382
 - Continuum of Care 382
- Other Psychotic Disorders 383**
 - Schizophreniform Disorder 383
 - Brief Psychotic Disorder 383
 - Shared Psychotic Disorder 384
 - Psychotic Disorders Attributable to Substance 384
- 20 Mood Disorders 388**
 - Yvonne M. Hayne*
 - Depressive Disorders 389**
 - Clinical Course 389
 - Depressive Disorders in Special Populations 390
 - Epidemiology 391
 - Etiology 392
 - Interdisciplinary Treatment of Disorder 393
 - Priority Care Issues 393
 - Family Response to Disorder 393
 - Nursing Management: Human Response to Depressive Disorder 393
 - Evaluation and Treatment Outcomes 405
 - Continuum of Care 405
 - Bipolar Disorders (Manic-Depressive Disorders) 406**
 - Diagnostic Criteria 406
 - Clinical Course 409
 - Epidemiology 409
 - Comorbidity 409
 - Etiology 409
 - Interdisciplinary Treatment of Disorder 411
 - Priority Care Issues 411
 - Family Response to Disorder 411
 - Nursing Management: Human Response to Bipolar Disorder 411
 - Evaluation and Treatment Outcomes 419
 - Continuum of Care 419
- 21 Anxiety Disorders 431**
 - Kathleen Hegadoren*
 - Normal Versus Abnormal Anxiety Response 432
 - Overview of Anxiety Disorders 432
 - Etiology of Anxiety Disorders 439
 - Priority Care Issues 442
 - Nursing Management: Human Response to Panic Disorder 442
 - Evaluation and Treatment Outcomes 453
 - Continuum of Care 453
 - Assessment and Treatment Issues Specific to Obsessive-Compulsive Disorder 454
 - Assessment and Treatment Issues Specific to Generalized Anxiety Disorder 458
 - Specific Assessment and Treatment Issues Related to Acute Stress Disorder and Posttraumatic Stress Disorder 459
- 22 Somatoform and Related Disorders 463**
 - L. Elizabeth Hood*
 - Somatization 464**
 - Cultural Differences in Somatization 464
 - Gender and Somatization 464
 - Somatization Disorder 464**
 - Clinical Course 464
 - Diagnostic Criteria 465
 - Somatization Disorder in Special Populations 465
 - Epidemiology 466
 - Etiology 466
 - Risk Factors 467
 - Interdisciplinary Treatment 468
 - Nursing Management: Human Response to Disorder 468
 - Evaluation and Treatment Outcomes 477
 - Continuum of Care 477
 - Mental Health Promotion 480
 - Other Somatoform Disorders 480**
 - Undifferentiated Somatoform Disorder 480
 - Conversion Disorder 480
 - Pain Disorder 480
 - Hypochondriasis 480
 - Body Dysmorphic Disorder 481
 - Factitious Disorders 482**
 - Factitious Disorder 482
 - Nursing Management: Human Response to Disorder 483
 - Factitious Disorder, Not Otherwise Specified 484
- 23 Eating Disorders 488**
 - Kathryn Weaver*
 - Anorexia Nervosa 489**
 - Clinical Course 489
 - Diagnostic Criteria 490
 - Epidemiology 493
 - Etiology 494
 - Risk Factors 498
 - Interdisciplinary Treatment 500
 - Pharmacologic Interventions 501
 - Priority Care Issues 502
 - Nursing Management: Human Response to Anorexia Nervosa Disorder 502
 - Evaluation and Treatment Outcomes 512
 - Continuum of Care 513
 - Bulimia Nervosa 513**
 - Clinical Course 514

Diagnostic Criteria 514
 Bulimia Nervosa in Special Populations 515
 Epidemiology 515
 Etiology 516
 Risk Factors 517
 Interdisciplinary Treatment 517
 Priority Care Issues 517
 Nursing Management: Human Response to Bulimia Nervosa Disorder 517
 Evaluation and Treatment Outcomes 520
 Continuum of Care 521

Binge Eating Disorder 521
 Clinical Course 521
 Diagnostic Criteria 521
 Binge Eating Disorder in Special Populations 522
 Epidemiology 522
 Etiology 523
 Risk Factors 524
 Interdisciplinary Treatment 524
 Priority Care Issues 524
 Nursing Management: Human Response to Binge Eating Disorder 524
 Evaluation and Treatment Outcomes 526
 Continuum of Care 526
 Prevention of Eating Disorders 527

24 Substance-Related Disorders 534

Diane Kunyk and Charl Els

Diagnostic Criteria 535
 Epidemiology 537
 Etiological Theories 539
 Classes of Substances 542
 Interdisciplinary Treatment Recommendations for Patients with SRD 555
 Integrating Pharmacotherapy and Psychosocial Interventions 560
 Implementing Nursing Interventions 564
 Special Populations 564
 The Nurse as Health Advocate 569

25 Personality and Impulse-Control Disorders 576

Stephen VanSlyke

Personality Disorders 577
 Personality Disorder Versus Personality Traits 578
 Common Features and Diagnostic Criteria 578
 Severity of Disorder 579

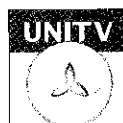

Cluster A Disorders: Odd-Eccentric 579
 Paranoid Personality Disorder: Suspicious Pattern 579
 Schizoid Personality Disorder: Asocial Pattern 580
 Schizotypal Personality Disorder: Eccentric Pattern 582
 Continuum of Care 583

Cluster B Disorders: Dramatic-Emotional 583
 Borderline Personality Disorder: Unstable Pattern 583

Borderline Personality Disorder in Special Populations 586
 Nursing Management: Human Response to BPD 591
 Evaluation and Outcomes 604
 Continuum of Care 604
 Antisocial Personality Disorder: Aggrandizing Pattern 607
 Nursing Management: Human Response to Antisocial Personality Disorder 611
 Evaluation and Outcomes 613
 Continuum of Care 613
 Histrionic Personality Disorder: Gregarious Pattern 614
 Narcissistic Personality Disorder: Egotistic Pattern 615
 Continuum of Care 616

Cluster C Disorders: Anxious-Fearful 616
 Avoidant Personality Disorder: Withdrawn Pattern 616
 Dependent Personality Disorder: Submissive Pattern 618
 Obsessive-Compulsive Personality Disorder: Conforming Pattern 618
 Continuum of Care 619

Impulse-Control Disorders 619
 Intermittent Explosive Disorder 620
 Kleptomania 621
 Pyromania 621
 Pathologic Gambling 621
 Trichotillomania 622
 Continuum of Care 622

Children and Adolescents 629

26 Mental Health Promotion With Children and Adolescents 631

Wendy Austin

Childhood and Adolescent Mental Health 631
 Common Childhood Stressors 632
 Protective Factors Against Childhood Pathology 638
 Risk Factors for Childhood Psychopathology 638
 Mental Illness Among Children and Adolescents 644
 Intervention Approaches 644
 New Directions in Community-Based Mental Health Promotion 647

27 Mental Health Assessment of Children and Adolescents 651

Wendy Austin

Data Collection in the Clinical Interview 653
 Bio/Psycho/Social/Spiritual Psychiatric Nursing Assessment of Children and Adolescents 662

28 Psychiatric Disorders Diagnosed in Children and Adolescents 678

Julia Gajewski-Noe!

Developmental Disorders of Childhood 679

- Pervasive Developmental Disorders 681
- Nursing Management: Human Response to Pervasive Developmental Disorder 684
- Evaluation and Treatment Outcomes 686
- Specific Developmental Disorders 687
- Continuum of Care 688

Disruptive Behaviour Disorders 688

- Attention Deficit Hyperactivity Disorder 688
- Nursing Management: Human Response to Attention Deficit Hyperactivity Disorder 691
- Evaluation and Treatment Outcomes 695
- Continuum of Care 695
- Oppositional Defiant Disorder and Conduct Disorder 695
- Nursing Management: Human Response to Oppositional Defiant Disorder 698
- Evaluation and Treatment Outcomes 700
- Continuum of Care 701

Disorders of Mood and Anxiety 701

- Anxiety Disorders 701
- Separation Anxiety Disorder 701
- Obsessive-Compulsive Disorder 703
- Posttraumatic Stress Disorder 705
- Mood Disorders: Major Depressive Disorder 705

Tic Disorders and Tourette Disorder 706

Childhood Schizophrenia 709

Elimination Disorders 710

- Enuresis 710
- Encopresis 711

31 Delirium, Dementias, and Other Related Disorders 750

Mary Haase

Delirium 751

- Clinical Course of Disorder 751
- Diagnostic Criteria 752
- Delirium in Special Populations 752
- Epidemiology and Risk Factors 752
- Etiology 753
- Interdisciplinary Treatment and Priority Care Issues 754
- Nursing Management: Human Response to Delirium 755
- Evaluation and Treatment Outcomes 759
- Continuum of Care 759

Dementia 759

Alzheimer's Disease 759

- Clinical Course of Disorder 759
- Diagnostic Criteria 760
- Epidemiology and Risk Factors 760
- Etiology 762
- Interdisciplinary Treatment 764
- Priority Care Issues 764
- Family Response to Disorder 764
- Nursing Management: Human Response to Alzheimer's Disease 764
- Evaluation and Treatment Outcomes 780
- Continuum of Care 781

Other Dementias 781

- Vascular Dementia 781
- Dementia with Lewy Bodies (DLB) 783
- Frontotemporal Dementia 783
- Dementia Caused by other General Medical Conditions 783

UNIT VI Older Adults 719

29 Mental Health Promotion With the Older Adult 721

Sharon L. Moore

- Mental Health of the Older Adult 722
- Risk Factors for Geriatric Psychopathology 727
- Mental Illness Prevention and Mental Health Promotion 729

30 Mental Health Assessment of the Older Adult 735

Annette M. Lane

- Techniques of Data Collection 736
- Bio/Psycho/Social/Spiritual Geriatric Mental Health Nursing Assessment 736

UNIT VII Care of Special Populations . . 791

32 Issues in Dual Diagnosis 793

Brad F. Hagen

- Relationship of Substance Use to Mental Illness 794
- Manifestations of Dual Disorders 794
- Epidemiology 796
- Psychodynamic Model of Dual Disorders 796
- Barriers to Treatment 797
- Disorder-Specific Assessment and Interventions 799
- Psychotic Illnesses and Substance Use 799
- Anxiety Disorders and Substance Use 800
- Mood Disorders and Substance Use 801
- Organic Mental Disorders and Substance Use 802
- Cognitive Impairment in Early Stages of Recovery from Substance Use 802
- Personality Disorders and Substance Use 802

- General Treatment Elements 803
 Continuum of Care and Discharge Planning 806
 Planning for Nursing Care 808

33 Psychosocial Aspects of Medically Compromised Persons 811

Michel A. Tarko

- Psychological Illness Related to Specific Physiologic Disorders** 812
Psychological Impact of Pain 812
 Biologic Basis of the Pain Response 813
 Psychological Aspects of the Pain Response 815
 Assessment of the Client with Chronic Pain 816
 Sensory and Pharmacologic Modulation of Pain 817
Psychopathologic Complications of AIDS 819
 Biologic Basis of Neurologic Manifestations of HIV 820
 Psychological Aspects of AIDS 820
 Assessment of the Client with AIDS 821
 Bio/Psycho/Social/Spiritual Interventions 821
Psychological Illness Related to Trauma 822
 Biologic Basis of the Trauma Response 822
 Psychological Aspects of the Trauma Response 822
 Assessment of the Traumatized Client 823
 Bio/Psycho/Social/Spiritual Interventions 823
Psychological Illness Related to CNS Disorders 823
 Biologic Basis of Neurologic Impairment 823
 Psychological Aspects of Neurologic Impairment 826
 Assessment of the Client with Neurologic Problems 827
 Bio/Psycho/Social/Spiritual Interventions 827
Psychological Illness Related to Acute and Chronic Medical Illness 827
 Biologic Aspects of Mental Illness Related to Medical Disease 828
 Psychological Aspects of Medical Illness 829
 Assessment of the Client with Medical Illness 830
 Clinical Features of Special Significance 831
 Bio/Psycho/Social/Spiritual Interventions 831
Intervening in Mental and Medical Illnesses 831

34 Forensic Psychiatric and Mental Health Nursing 835

Cindy Peternelj-Taylor

- Criminalization of the Mentally Ill 836
 The Paradox of Custody and Caring 836
 Forensic Nursing: A Model for Care 836
 Societal Norms 846

Care Challenges in Psychiatric and Mental Health Nursing ... 851

35 Stress, Crisis, and Disaster Management 853

Gerri Lasiuk

- Stress 853
 Evaluation and Treatment Outcomes 871
 Crisis 871
 Disaster: Natural and Human-Caused 875

36 Management of Aggression and Violence 883

Yvonne Savard

- Anger** 884
 Experience of Anger 884
 Expression of Anger 884
Aggression and Violence 885
Models of Anger, Aggression, and Violence 886
 Biologic Theories 886
 Neurochemical Model and Low Serotonin Syndrome 887
 Psychological Theories 888
 Sociocultural Theories 889
 Interactional Theory 889
 Nursing Management: Human Response to Anger and Aggression 889
 Interactional Processes 901
 Responding to Assault 902
 Evaluation and Treatment Outcomes 903
 Continuum of Care 903

37 Caring for Abused Persons 908

Elizabeth A. McCay

- Types of Abuse 909
 Theories of Abuse 914
 Survivors of Abuse: Human Responses to Trauma 921
 Nursing Management: Human Response to Abuse 927
 Evaluation and Treatment Outcomes 938

38 Care for Self-Harm and Suicidal Behaviour: Children, Adolescents, and Adults 945

B. Lee Murray

- Epidemiology of Suicidal Behaviour 946
 Etiology of Suicidal Behaviour 951
 Effects of Suicide 955
 Legal Considerations in Caring for Suicidal People 956
 Nursing Assessment and Interventions 957

Appendix A

DSM-IV-TR Classification: Axes I and II Categories
and Codes 971

Appendix B

Brief Psychiatric Rating Scale 980

Appendix C

Simpson-Angus Rating Scale 981

Appendix D

Abnormal Involuntary Movement Scale (AIMS) 983

Appendix E

Simplified Diagnoses for Tardive Dyskinesia
(SD-TD) 985

Appendix F

Hamilton Rating Scale for Depression 987

Appendix G

Clinical Institute Withdrawal Assessment of Alcohol
Scale, Revised (CIWA-Ar) 988

Appendix H 990

Glossary 992

Index 1007
