Bedside Ultrasonography in Clinical Medicine

Alexander Levitov / Apostolos Dallas / Anthony Slonim

Contents

<i>Contributor List</i>	<i>ix</i>
<i>Preface</i>	<i>xi</i>
<i>Acknowledgments</i>	<i>xiii</i>

SECTION I: Basic Principles of Ultrasound Use

1. Bedside Diagnostic Ultrasound: Potentials and Pitfalls.....	2
<i>Joseph S. Farmer, BS and Anthony D. Slonim, MD, DrPH</i>	
2. Ultrasound Physics	10
<i>Alexander B. Levitov, MD, FCCM, RDCS and Christopher R. Fuller, PhD</i>	
3. Ultrasound Basics	18
<i>Alexander B. Levitov, MD, FCCM, RDCS</i>	

SECTION II: Ultrasound Use for Evaluation of Organs of the Head and Neck

4. Ultrasound of the Head and Neck.....	36
<i>Christian H. Butcher, MD, FCCP</i>	
5. Ocular Ultrasound	52
<i>Nicholas A. Perchiniak, MD and David P. Bahner, MD, RDMS</i>	

SECTION III: Ultrasound Use for Evaluation of Organs of the Chest

6. Breast Ultrasound	60
<i>Roxanne Davenport, MD</i>	
7. Upper Airway and Lung Ultrasound	69
<i>Sameh Aziz, MD, FCCP, FACP</i>	
8. Cardiac Ultrasound	77
<i>Rodney W. Savage, MD, FACP, FACC, FSCAI and Marguerite Underwood, RN, RDCSC</i>	
9. Stress Echocardiography	101
<i>Michael Wiid, MD, FACP; Marguerite Underwood, RN, RDCS; Sharan Ramaswamy, PhD; and Krish Ramachandran, MD</i>	

SECTION IV: Ultrasound Use for Evaluation of Organs of the Abdomen and Pelvis

10. Abdominal Ultrasound.....	112
<i>Jonathan M. Dort, MD, FACS; Gary C. Clagett, BS, RT, RVT, RDMS; William R. Fry, MD, FACS, RVT, RDMS; and Alexander B. Levitov, MD, FCCM, RDCS</i>	
11. Pelvic Ultrasound	127
<i>Creagh T. Boulger, MD, RDMS and David P. Bahner, MD, RDMS</i>	

12. Ultrasound in Pregnancy for the Nonobstetrician.....	145
<i>Patrice M. Weiss, MD, FACOG; Amanda B. Murchison, MD, FACOG; Ross Hanchett, MD; and Eduardo Lara-Torre, MD, FACOG</i>	
13. Renal and Genitourinary Ultrasound.....	152
<i>Yefim R. Sheynkin, MD, FACS</i>	

SECTION V: Ultrasound Use for the Evaluation of Organs of the Limbs and Musculoskeletal System

14. Ultrasound Evaluation of the Musculoskeletal System.....	170
<i>Apostolos P. Dallas, MD, FACP</i>	
 15. Vascular System Ultrasound.....	197
<i>James E. Foster, II, MD, FACS, RPVI</i>	
16. Nerve Ultrasound for Pain Control: Regional Anesthesia.....	207
<i>Santhanam Suresh, MD, FAAP</i>	

SECTION VI: Ultrasound Use for the Evaluation of Clinical Procedures and Special Populations

17. Focused Ultrasound in Cardiopulmonary Resuscitation and Advanced Cardiac Life Support.....	218
<i>Shahana Uddin, MB, BS, FCARCS(I), EDICM; Susanna Price, MB, BS, BSc, MRCP, EDICM, FESC, PhD; Holger Steiger, MD; Gabriele Via, MD; and Raoul Breitzkreutz, MD, EDIC</i>	
18. Ultrasound Guidance for Common Procedures	230
<i>Christian H. Butcher, MD, FCCP and Sameh Aziz, MD, FCCP, FACP</i>	
19. Ultrasound Use in Pediatrics	247
<i>William T. Tsai, MD and Anthony D. Slonim, MD, DrPH</i>	

SECTION VII: Bedside Ultrasonography in Clinical Medicine: Preparing for and Achieving the Future State

20. Education and Training in Portable Bedside Ultrasound: The Life Cycle of the Clinician.....	256
Part 1: Portable Ultrasound Integration into the Medical School Curriculum <i>Richard C. Vari, PhD; Tarin A. Schmidt-Dalton, MD; Timothy A. Johnson, PhD</i>	
Part 2: Graduate Medical Education and Beyond <i>Apostolos P. Dallas, MD, FACP; Alexander B. Levitov, MD, FCCM, RDCS; and Anthony D. Slonim, MD, DrPH</i>	
21. The Future of Bedside Ultrasound.....	268
<i>Ashot E. Sargsyan, MD</i>	

Appendix A: Glossary of Terms.....	282
Appendix B: Algorithms.....	289
Appendix C: Table of Ultrasound Current Procedural Terminology (CPT) Codes for Examinations and Procedures.....	306
Index.....	307

Color insert is located between pages 178 and 179
